Marina District Development Company, LLC

(A Wholly-Owned Subsidiary of Marina District Development Holding Co., LLC)

Notes to Financial Statements
(Unaudited)

NOTE 1. BUSINESS

Organization

Marina District Development Company, LLC (“MDDC” or the “Company”), is a New Jersey limited liability company and Marina District Development Holding Company (“MDDHC”) is the sole member of MDDC. MDDHC is a wholly owned subsidiary of MGM Resorts International (“MGM”).

MDDC was incorporated in July 1998 and has been operating since July 3, 2003. The Company developed, owns and operates Borgata Hotel Casino and Spa, including The Water Club at Borgata (collectively, “Borgata”). Borgata is located on a 45.6-acre site at Renaissance Pointe in Atlantic City, New Jersey. Borgata is an upscale destination resort and gaming entertainment property.

Financial Impact of COVID-19

In March 2020, The Company temporarily closed to the public pursuant to state and local government requirements as a result of the unprecedented public health crisis from the novel coronavirus (“COVID-19”) pandemic. The property re-opened on July 23, 2020, without certain amenities and subject to certain occupancy limitations. The Company implemented certain measures to mitigate the spread of COVID-19, including limits on the number of gaming tables allowed to operate and on the number of seats at each table game, as well as slot machine spacing, temperature checks, mask protection, limitations on restaurant capacity, as well as other measures to enforce social distancing.

Beginning in the latter part of the first quarter of 2021 and continuing into the second quarter of 2021, New Jersey eased and removed prior operating restrictions, including capacity and occupancy limits as well as social distancing policies. However, certain operations and amenities are limited or constrained due to available staffing and/or mid-week visitation levels.

In light of the unpredictable nature of the pandemic, including the emergence and spread of COVID-19 variants, The Company may be subject to temporary, complete or partial shutdowns in the future. At this time, we cannot predict whether the State of New Jersey or the federal government will adopt similar or more restrictive measures in the future than in the past, including stay-at-home orders or the temporary closure of all or a portion of our properties, and are unable to predict the length of time it will take for our properties to fully return to normal operations

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“US GAAP”). These condensed financial statements should be read in conjunction with the notes accompanying the quarterly report for the quarter ended December 31, 2020, filed on March 31, 2021.

Management's Use of Estimates

US GAAP requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand and cash in the bank.

Cash and cash equivalents at June 30, 2021 and 2020 included \$21,615,000 and \$11,588,000 of patrons' internet gaming account balances that are maintained in separate New Jersey bank accounts.

Investment in Unconsolidated Affiliate

The Company holds an investment in MGM Growth Properties Operating Partnership LP (the "Operating Partnership"), an unconsolidated affiliate accounted for under the equity method (see Note 4). The Operating Partnership is controlled by MGM Growth Properties LLC ("MGP"), a publicly traded real estate investment trust (REIT). Under the equity method, carrying value is adjusted for the Company's share of the investee earnings and losses, as well as capital contributions to and distributions from the Operating Partnership. The Company classifies its share of income and losses as well as gains and impairments related to its investments in unconsolidated affiliates in income from unconsolidated affiliate. Distributions in excess of equity method earnings are recognized as a return of investment and recorded as investing cash inflows in the statements of cash flows.

The Company evaluates its investment in unconsolidated affiliate for impairment whenever events or changes in circumstances indicate that the carrying value of its investment may have experienced an "other-than-temporary" decline in value. If such conditions exist, the Company compares the estimated fair value of the investment to its carrying value to determine if an impairment is indicated and determines whether the impairment is "other-than-temporary" based on its assessment of all relevant factors, including consideration of the Company's intent and ability to retain its investment. No such conditions existed as of March 31, 2020. The Company estimates fair value using a discounted cash flow analysis based on estimated future results of the investee and market indicators of terminal year capitalization rates, and a market approach that utilizes business enterprise value multiples based on a range of multiples from the Company's peer group.

Revenue Recognition

The Company's revenue from contracts with customers consists of casino wager transactions, hotel room sales, food and beverage transactions, and other transactions. The transaction price for a casino wager is the difference between gaming wins and losses ("net win"). In certain circumstances, the Company offers discounts on markers, which is estimated based upon historical business practice, and recorded as a reduction of casino revenue. The Company accounts for casino revenue on a portfolio basis given the similar characteristics of wagers by recognizing net win per gaming day versus on an individual wager basis.

For casino wager transactions that include other goods and services provided by the Company to gaming patrons on a discretionary basis to incentivize gaming, the Company allocates revenue from the casino wager transaction to the good or service delivered based upon stand-alone selling price ("SSP"). Discretionary goods and services provided by the Company and supplied by third parties are recognized as an operating expense.

For casino wager transactions that include incentives earned by customers under MGM Resorts' loyalty program, the Company allocates a portion of net win based upon the SSP of such incentive (less estimated breakage). This allocation is deferred and recognized as revenue when the customer redeems the incentive. When redeemed, revenue is recognized in the department that provides the goods or service. After allocating revenue to other goods and services provided as part of casino wager transactions, the Company records the residual amount to casino revenue.

The transaction price of rooms, food and beverage, and retail contracts is the net amount collected from the customer for such goods and services. The transaction price for such contracts is recorded as revenue when the good or service is transferred to the customer over their stay at the hotel or when the delivery is made for the food and beverage and other contracts. Sales and usage-based taxes are excluded from revenues. For some arrangements, the Company acts as an agent in that it arranges for another party to transfer goods and services, which primarily include the Company's arrangement with BetMGM, LLC ("BetMGM") for sports betting and iGaming.

The Company also has other contracts that include multiple goods and services, such as packages that bundle food, or beverage offerings with hotel stays. For such arrangements, the Company allocates revenue to each good or service based on its relative SSP. The Company primarily determines the SSP of rooms and food and beverage based on the amount that the Company charges when sold separately in similar circumstances to similar customers.

Member Equity

MGM Resorts uses a centralized treasury function in which MGM Resorts controls all bank cash transactions and maintains cash accounts on behalf of the Company. This arrangement results in deemed contributions and distributions between the Company and MGM Resorts, which includes activity from the Company’s investment in Operating Partnership, since MGM Resorts makes all bank cash payments on behalf of the Company and sweeps all bank cash balances from the Company.

Subsequent Events

Management has evaluated subsequent events through August 16, 2021, the date these financial statements were available to be issued and has not identified any such events, except as otherwise disclosed.

NOTE 3. RECEIVABLES AND PATRONS’ CHECKS

Receivables and patrons’ checks consist of the following:

	June 30,	
	2021	2020
Casino receivables (net a provision for losses – 2021 \$24,190,000 and 2020 \$28,506,000)	\$ 26,147,000	\$ 11,046,000

Receivables and patrons’ checks, net	\$ 54,017,000	\$ 18,825,000

NOTE 4. INVESTMENT IN UNCONSOLIDATED AFFILIATE

In March 2021, the Company exercised its right to require MGP to redeem all of the Operating Partnership units that the Company held in accordance with the terms of the Operating Partnership’s partnership agreement. The redemption transaction resulted in the Company no longer having an investment in the Operating Partnership. The Company’s ownership percentage in the Operating Partnership was 8.2% as of March 31, 2020.
