## **1. NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Golden Nugget Atlantic City, LLC (“GNAC”, the “Company”, “we”, “our” or “us”) is the subsidiary of GNAC Holdings, LLC, a Delaware LLC. GNAC is the holder of the gaming license issued by the state of New Jersey and operates the Golden Nugget Atlantic City Hotel and Casino in Atlantic City, New Jersey. GNAC Holdings, LLC is wholly owned by Golden Nugget, LLC, a Nevada LLC (“GNI” or “Parent”), which is a national, diversified, restaurant, hospitality, entertainment and gaming company principally engaged in the ownership and operation of full service restaurants and Golden Nugget gaming facilities. GNI is an indirect subsidiary of Fertitta Entertainment, Inc. (“FEI”) which is wholly owned by Tilman J. Fertitta. Unless otherwise stated, all dollars are in thousands.

In April 2020, we contributed our online casino gaming business from GNAC to Golden Nugget Online Gaming, Inc., a wholly owned unrestricted subsidiary, which was then conveyed to a subsidiary of FEI. Since our online casino gaming business and GNAC were under the same common control prior to the conveyance, all periods presented have been restated as if the conveyance occurred as of the earliest period presented and all disclosures are prepared accordingly.

### ***Basis of Presentation***

The accompanying consolidated financial statements include the consolidated accounts of GNAC. All intercompany accounts and transactions have been eliminated in consolidation. The consolidated financial statements included herein have been prepared without audit and pursuant to the rules and regulations of the New Jersey Division of Gaming Enforcement. In the opinion of management, all adjustments, consisting of normal recurring items and estimates necessary for a fair presentation of the results for interim periods have been made.

### ***Use of Estimates***

The preparation of financial statements in conformity with Accounting Principles Generally Accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### ***Revenue Recognition***

We recognize revenue when control over the goods and services we provide has transferred to the customer, which is generally when the services are performed and we have no substantive performance obligations remaining. Sales taxes collected from customers and remitted to governmental authorities are presented on a net basis, or excluded from revenues, in our consolidated statements of operations.

Casino revenue is the aggregate net difference between gaming wins and losses, less sales incentives and other adjustments. Liabilities are recognized for funds deposited by customers before gaming play occurs and for chips in the customer’s possession. Jackpots, other than the incremental amount of progressive jackpots, are recognized at the time they are won by customers. We accrue the incremental amount of progressive jackpots as the progressive machine is played, and the progressive jackpot amount increases, with a corresponding reduction to casino revenues.

Hotel, food and beverage, and other revenues are recognized as goods and services are transferred to the customer. Room revenue is generally recognized over time, consistent with the customer’s reservation period. Advance deposits for future hotel occupancy, convention space or food and beverage services are recorded as a liability until the goods and services are provided to the customer. Food and beverage and other revenues are recognized at the point in time the services are performed or events are held.

The relative standalone selling price of accommodations, food and beverage, and other services furnished to hotel-casino guests without charge is recognized as a reduction to revenues for the department which issued the complimentary offering and as an increase to revenues for the department redeemed. Complimentary offerings periodically offered by third parties at the discretion and under our control are recorded as an expense when incurred.

Our gaming revenues included complimentary offerings and loyalty point redemptions as follows (in thousands):

	Three Months Ended December 31,		Twelve Months Ended December 31,	
	2021	2020	2021	2020
Rooms	\$ 1,673	\$ 221	\$ 8,304	\$ 2,852
Food and beverage	3,462	2,142	14,287	7,177
Other	175	39	757	327
	<u>\$ 5,310</u>	<u>\$ 2,402</u>	<u>\$ 23,348</u>	<u>\$ 10,356</u>

### ***Slot Player Club Liability***

We have established promotional slot and player clubs to encourage repeat business from frequent and active slot machine customers and table games patrons. Members earn points based on gaming activity and such points can be redeemed for complimentary amenities, including meals in our non casino restaurants. The incentives earned by customers under these programs are based on their past play and represent separate performance obligations. Player club points generally expire within twelve months.

For transactions where players club points are earned we allocate a portion of the transaction price to the points that are earned based upon the relative standalone selling prices of the goods and services involved. We have determined the standalone selling price of player's club points by computing the redemption value of points expected to be redeemed. We have applied the practical expedient under the portfolio approach to each of our player's club transactions because of the similarity of gaming transactions. When the activity underlying the earning of the points has a wide range of selling prices and is highly variable, we use the residual approach in the allocation by computing the value of the player's club points and allocating the residual amount to the remaining revenue generating activity. This allocation results in a portion of the transaction price being deferred and presented as contract liabilities in our accompanying Balance Sheets.

Our loyalty programs include various tiers that offer different benefits, and members are able to earn credits towards tier status, which generally enables them to receive discounts similar to those provided as the complimentary offerings described above. We have determined that any such discounts received as a result of tier status do not represent material rights, and therefore, we do not account for them as distinct performance obligations.

### ***Accounts Receivable***

Accounts receivable is comprised primarily of casino and hotel receivables, net of an allowance for doubtful accounts. The allowance is estimated based on specific review of customer accounts as well as historical collection experience and current economic and business conditions. Receivables are written off when management deems the account to be uncollectible.

### ***Financial Instruments***

GAAP establishes a hierarchy for fair value measurements, such that Level 1 measurements include unadjusted quoted market prices for identical assets or liabilities in an active market, Level 2 measurements include quoted market prices for identical assets or liabilities in an active market which have been adjusted for items such as effects of restrictions for transferability and those that are not quoted but are observable through corroboration with observable market data, including quoted market prices for similar assets, and Level 3 measurements include those that are unobservable and of a highly subjective measure.

### ***Inventories***

Inventories consist primarily of food and beverages used in our restaurant outlets and retail goods are recorded at the lower of cost or market value.

### ***Property and Equipment***

Property and equipment are recorded at cost. Depreciation expense is computed utilizing the straight-line method over the estimated useful lives of the depreciable assets, as follows: buildings and improvements 10 to 40 years; furniture, fixtures and equipment 5 to 15 years; and automobiles and limousines 4 to 5 years.

Costs of major improvements are capitalized; costs of normal repairs and maintenance are charged to expense as incurred. Gains or losses on dispositions of property and equipment are recognized in the consolidated statements of operations when incurred.

### ***Insurance Liability***

We maintain large deductible insurance policies related to property, general liability, workers' compensation coverage, and certain employee medical claims. Predetermined loss limits have been arranged with insurance companies to limit our per occurrence cash outlay. Accrued liabilities include the estimated costs to settle unpaid claims and estimated incurred but not reported claims using actuarial methodologies.

### ***Advertising Costs***

Advertising costs are expensed as incurred during such year. Advertising costs, included in casino, food and beverage, and general and administrative expense, were \$1.1 million and \$0.1 million for the three months ended December 31, 2021 and 2020, respectively, and \$0.3 million and \$0.5 million for the twelve months ended December 31, 2021 and 2020, respectively.

### ***Adopted Accounting Pronouncements***

In February 2016 (as amended through December 2018), the Financial Accounting Standards Board ("FASB") issued ASU No. 2016-02 codified as Accounting Standards Codification 842, Leases, ("ASC 842") which addresses the recognition and measurement of leases. Under the new guidance, for all leases, at the commencement date, lessees were required to recognize a lease liability, which is a lessee's obligation to make lease payments arising from a lease. The liability is measured on a discounted basis. Lessees also recognized a right-of-use ("ROU") asset, which is an asset that represents the lessee's right to control the use of a specified asset for the lease term. Under the new guidance, lessor accounting is largely unchanged. The effective date was for annual and interim periods beginning after December 15, 2018. ASC 842 required a transition adoption election using either 1) a modified retrospective approach with periods prior to the adoption date being recast or 2) a prospective approach with a cumulative-effect adjustment recognized to the opening balance of retained earnings on the adoption date with prior periods continuing to be reported under prior lease accounting guidance.

We adopted ASU 2016-02, "Leases (Topic 842)" as of January 1, 2019 using the modified retrospective transition approach. In connection with the adoption of ASC 842, we elected the package of practical expedients permitted under transition under which we will not need to reassess for our leases subject to: (1) whether our contracts in transition meet the definition of a lease, (2) the classification of such leases, and (3) initial direct costs for such leases. We made an accounting policy election with respect to the short-term lease recognition exemption that would eliminate the requirements to recognize leases with a term of 12-months or less on the balance sheet for all classes of underlying assets, as well as elected to not separate lease and non-lease components for our leases where we are a lessee for all classes of underlying assets. We did not elect the use of the hindsight practical expedient.

We elected to apply the transition provisions as of the adoption date, with no cumulative-effect adjustment being recognized to retained earnings in the period of adoption.

## **10. EMPLOYEE BENEFIT PLAN**

Certain of our employees are covered by union-sponsored, collective bargained, multi-employer health and welfare and defined benefit pension plans. We recorded plan related expenses of \$1.6 million and \$1.2 million for the three months ended December 31, 2021 and 2020, respectively, and \$5.9 million and \$4.8 million for the twelve months ended December 31, 2021 and 2020, respectively.

We sponsor a qualified defined contribution retirement plan (401(k) Plan) covering our eligible, non-union employees. The 401(K) plan allows eligible employees to contribute, subject to Internal Revenue Service limitations on total annual contributions, up to 75% of their base compensation as defined in the 401(k) Plan, to various investment funds. We may match at our discretion, within prescribed limits, a portion of eligible employees' contributions. Matching contributions for the three months ended December 31, 2021 and 2020 were immaterial. Employee contributions vest immediately while our contributions vest 20% annually beginning in the participant's second year of eligibility.

## **11. COMMITMENTS AND CONTINGENCIES**

### ***Casino Reinvestment Development Authority Obligation***

As required by the provisions of the New Jersey Casino Control Act (the "Act"), we are assessed an amount equal to 1.25% of our land-based sports related gross gaming revenues in order to fund qualified investments. This assessment is made in lieu of an Investment Alternative Tax (the "IAT") equal to 2.5% of land-based sports related gross gaming revenues. Once the funds are deposited with the New Jersey Casino Reinvestment Development Authority ("CRDA"), qualified investments may be satisfied by: (i) the purchase of bonds issued by the CRDA at a below market rate of interest; (ii) direct investment in projects; or (iii) a donation of funds to projects as determined

by the CRDA. According to the Casino Control Act, funds on deposit with the CRDA are invested by the CRDA and the resulting income is shared two-thirds to the casino licensee and one-third to the CRDA. Further, the Casino Control Act requires that CRDA bonds be issued at statutory rates established at two-thirds of market value.

In May 2016, pursuant to a provision contained within legislation enacted to address Atlantic City's fiscal matters commonly referred to as the PILOT (payment in lieu of taxes) law, any CRDA funds not utilized or pledged for direct investments, the purchases of CRDA bonds or otherwise contractually obligated, related to all funds received from the payment of the IAT going forward are allocated to the City of Atlantic City. The PILOT law directs that these funds be used for the purposes of paying debt service on bonds issued by the City of Atlantic City prior to and after the date of the PILOT law. The provisions expire as of December 31, 2026.

We are required to make quarterly deposits with the CRDA to satisfy our investment obligations and, as a result of the PILOT law, record a charge to expense for 100% of the obligation amount as of the date the obligation arises.

For the three months ended December 31, 2021 and 2020, we charged to general and administrative expense \$0.5 million and \$0.5 million, respectively, and for the twelve months ended December 31, 2021 and 2020, we charged \$1.8 million and \$1.2 million, respectively.

CRDA deposits and investments in CRDA bonds, net of allowances of \$18.7 million, reflected in other assets, net on the accompanying consolidating balance sheet as of December 31, 2021 and December 31, 2020 had no value.

### ***Atlantic City PILOT Program***

In June 2016, the State of New Jersey passed legislation known as the PILOT bill which requires casino properties for the next 10 years, starting January 1, 2017, to make payments in lieu of property taxes based on a statutory formula. An additional part of that bill requires the casinos to make annual payments to the state starting retroactively in 2015 through 2022 based on a similar formula. For our contribution to the state, we incurred expenses of \$0.3 million and \$0.4 million for the three months ended December 31, 2021 and 2020, respectively.

### ***Lease Commitments***

We have a non-cancelable operating lease that covers the land, building and marina adjacent to our property, which expires in 2025. Other lease commitments also include operating equipment used in daily operations. In addition to minimum lease commitments, the lease provides for contingent rentals based on a percentage of revenues in excess of specified amounts. See Note 9 for lease costs for the three and twelve months ended December 31, 2021 and 2020.

### ***General Litigation***

We are subject to legal proceedings and claims that arise in the ordinary course of business. We do not believe that the outcome of any of these matters will have a material adverse effect on our financial position, results of operations or cash flows.

## **12. TRANSACTIONS WITH AFFILIATES**

### ***Shared Services Agreement***

We have entered into Shared Services Agreements (SSA's) with affiliates. Pursuant to the SSA's, the parties agree to cooperatively develop and implement joint programs for the procurement and implementation of certain products and services including insurance and risk management, legal, information technology, entertainment, general purchasing, financial planning and accounting, human resources and employee benefit administration, marketing, strategic and tactical business planning, retail and executive management. The SSA's provide for the reimbursement of expenses if either party incurs costs in excess of its proportional share.

### ***Tenant Agreement***

We have entered into certain lease agreements with affiliates wherein they operate restaurants in our casino property and we receive rental payments. Moreover, we routinely enter into certain transactions with affiliated companies. These transactions have been entered into between related parties and are not the result of arm's-length

negotiations. Accordingly, the terms of the transactions may have been more or less favorable to us than might have been obtained from unaffiliated third parties. Rental revenue from the affiliates totaled \$0.2 million for both the three months ended December 31, 2021 and 2020, respectively.

### **13. SUBSEQUENT EVENTS**

We have evaluated subsequent events through March 31, 2022, which is the date our consolidated financial statements were available to be issued.
