CAESARS INTERACTIVE ENTERTAINMENT NEW JERSEY, LLC
NOTES TO FINANCIAL STATEMENTS
(Unaudited)

In these notes, the words “CIENJ,” “Company,” “we,” “our,” and “us” refer to Caesars Interactive Entertainment New Jersey, LLC, unless otherwise stated or the context requires otherwise. In addition, “Caesars Entertainment,” “CEI,” and “Caesars” refer to Caesars Entertainment Inc., and its consolidated subsidiaries.

Note 1 — Organization and Basis of Presentation

Organization and Description of Business

The Company was formed on March 22, 2013 as a New Jersey limited liability company. On April 22, 2021, Caesars Entertainment completed the acquisition of William Hill PLC (the “William Hill Acquisition”), see below for further discussion of the William Hill Acquisition. Prior to the William Hill Acquisition, the sole member of the Company was Caesars Interactive Entertainment, LLC (“CIE”), and was a wholly-owned subsidiary of Caesars Growth Partners, LLC (“CGP”), which was a wholly owned subsidiary of Caesars. Upon the completion of the William Hill Acquisition, CIE was merged into William Hill US Holdco, Inc. (“Member”) and CIENJ became a wholly-owned subsidiary of William Hill US Holdco, Inc.

The Company is licensed by the New Jersey Division of Gaming Enforcement (“DGE”) to operate interactive real money online gaming in New Jersey and is subject to the rules and regulations established by the DGE.

CIENJ was primarily organized to operate real money online gaming within the State of New Jersey. As of June 30, 2022, the Company offered real money online wagering to patrons in the State of New Jersey through CaesarsCasino.com, HarrahsCasino.com, and WSOP.com (the “Owned Platforms”). Additionally, the Company has entered into third party agreements which provide use of the Company’s gaming license and certain services (refer to Note 8 for the Company’s revenue recognition accounting policy). Through the Owned Platforms, as well as agreements with third parties, online sports betting is also offered.

William Hill Acquisition

On April 22, 2021, CEI completed the acquisition of William Hill PLC in an all-cash transaction. Following the William Hill Acquisition, CEI operates and conducts sports wagering across 25 jurisdictions in North America, 18 of which are mobile for sports betting, and operates regulated online real money gaming businesses in six jurisdictions in North America. CEI’s recently launched Caesars Sportsbook app operates on the Liberty technology platform, which was acquired in the William Hill Acquisition along with other technology platforms that CEI intends to migrate to the Liberty technology platform in the future, subject to approvals. Additionally, CEI continues to leverage the World Series of Poker (“WSOP”) brand, and license the WSOP trademarks for a variety of products and services.

Basis of Presentation and Use of Estimates

The Company’s financial statements are prepared in accordance with accounting principles generally accepted in the United States (“GAAP”). GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and notes thereto. Management believes the accounting estimates are appropriate and reasonably determined. Due to the inherent uncertainties in making these estimates, actual amounts could differ.

The accompanying financial statements also include allocations of certain CEI general corporate expenses. These allocations of general corporate expenses may not reflect the expense the Company would have incurred if CIENJ were a stand-alone company nor are they necessarily indicative of CIENJ’s future costs. Management believes the assumptions and methodologies used in the allocation of general corporate expenses from CEI are reasonable. Given the nature of these costs, it is not practicable for the Company to estimate what these costs would have been on a stand-alone basis.

The presentation of financial information herein as of January 1, 2022, incorporates operations under the online gaming license formerly held by Tropicana Atlantic City Corp. and as such is not fully comparable to periods prior to the incorporation thereof.

Transactions between CEI or its subsidiaries and the Company have been identified in the financial statements as transactions between related parties (see Note 3).

NOTES TO FINANCIAL STATEMENTS (Continued)
(Unaudited)

Developments Related to COVID-19

The resurgence of the Omicron variant of COVID-19 continued to impact the beginning of the year, however, due to the nature of the Company's business, financial condition and results of operations were not materially affected.

Subsequent Events

The Company completed its subsequent events review through August 12, 2022, the date on which the financial statements were available to be issued, and noted no items requiring disclosure.

Note 2 — Summary of Significant Accounting Policies

Additional significant accounting policy disclosures are provided within the applicable notes to the financial statements.

Cash and Cash Equivalents

Cash equivalents are highly liquid investments with maturities of less than three months from the date of purchase and are stated at the lower of cost or market value.

Advertising and Promotions

CIENJ expenses advertising production costs the first time the advertising takes place.

Fair Value

The fair value of cash and cash equivalents, other current assets, payables, and other current liabilities approximates carrying value due to the short-term nature of these financial instruments.

Gaming Taxes

The Company remits a tax equal to 15% of internet gross gaming revenue, as defined, to the State of New Jersey on a monthly basis. The Company's gaming tax expense was \$4.897 thousand and \$4,009 thousand for the three months ended June 30, 2022 and 2021, respectively, and \$10,827 thousand and \$7,769 thousand for the six months ended June 30, 2022 and 2021 respectively. Gaming taxes are included in Casino expense in the accompanying Statements of Income.

Income Taxes

The Company is a disregarded entity for federal and state income tax purposes. The accompanying financial statements do not include a provision for income taxes since any income or loss allocated to the Member is reportable for income tax purposes by the Member. The Company's income tax return and the amount of allocable income are subject to examination by federal and state taxing authorities. If an examination results in a change to the Company's income, the Member's tax may also change.

Casino Reinvestment Development Authority ("CRDA") Investment Obligations

The New Jersey Casino Control Act provides, among other things, for an investment equal to 2.5% of gross internet gaming revenues in lieu of an investment alternative tax ("IAT") equal to 5% of gross internet gaming revenues.

The Company may satisfy this investment obligation by investing in qualified eligible direct investments, by making qualified contributions, or by depositing funds with the CRDA. Funds deposited with the CRDA may be used to purchase bonds designated by the CRDA or, under certain circumstances, may be donated to the CRDA in exchange for credits against future CRDA investment obligations. The Company has elected to make the 2.5% investment with the CRDA as described above. The funds on deposit are held in an interest-bearing account by the CRDA. The Company records impairment charges to operations to reflect the estimated net realizable value of its CRDA investment.

Pursuant to a provision contained within legislation enacted to address Atlantic City's fiscal matters (the "PILOT Legislation"), any CRDA funds not utilized or pledged for direct investments, the purchases of CRDA bonds or otherwise contractually obligated, as well as all funds received from the payment of the IAT going forward are allocated to the City of Atlantic City. The PILOT Legislation directs that these funds be used for the purposes of paying debt service on bonds issued by the City of Atlantic City prior to and after the date of the PILOT Legislation. These provisions expire as of December 31, 2026.

Note 3 — Related Party Transactions

Allocated General Corporate Expenses

Prior to the William Hill Acquisition, CIE was a party to a shared services agreement with CEOC LLC pursuant to which CEOC LLC provided certain services to CIE. Following the William Hill Acquisition, the agreement remains in place. The agreement, among other things:

- contemplates that CEOC LLC will provide certain services related to accounting, risk management, tax, finance, recordkeeping, financial statement preparation and audit support, legal, treasury functions, regulatory compliance, information systems, office space, and corporate and other centralized services;
- allows the parties to modify the terms and conditions of CEOC LLC’s performance of any of the services and to request additional services from time to time; and
- provides for payment of a service fee to CEOC LLC in exchange for the provision of services in an amount equal to the fully allocated cost of such services plus a margin of 10%.

The Statements of Income reflect an allocation of both expenses incurred in connection with this shared services agreement and directly billed expenses incurred through CEI or its subsidiaries. General corporate expenses have been allocated based on a percentage of revenue, or on another basis (such as headcount), depending upon the nature of the general corporate expense being allocated, including at times a 10% surcharge. General corporate expenses subject to allocation include executive management, tax, insurance, accounting, legal, treasury and information technology expenses. CIENJ recorded allocated general corporate expenses and directly billed expenses totaling \$51 thousand for both of the three months ended June 30, 2022 and 2021 and \$105 thousand and \$114 thousand for the six months ended June 30, 2022 and 2021, respectively. These expenses are included in Charges from affiliates other than interest in the Statements of Income.

Datacenter License Agreement

In 2013, CIENJ entered into a datacenter license agreement with Boardwalk Regency Corporation; d/b/a Caesars Atlantic City Hotel and Casino (“Caesars AC”), a subsidiary of CEOC LLC and an affiliate of CIENJ, to lease a portion of Caesars AC’s property for the purpose of housing CIENJ’s interactive gaming datacenter (the “Datacenter Agreement”).

Distributions to Member

Prior to the William Hill Acquisition, CIE paid certain costs on behalf of CIENJ, which were settled in the normal course of business. There was no formal agreement between CIE and CIENJ and no interest was imputed due to the related party nature of the arrangement. On a monthly basis, excess cash was swept from CIENJ to CIE in settlement of the costs paid by CIE on behalf of CIENJ. Cash distributions that exceed the costs paid by CIE were considered to be distributions to our Member. Following the William Hill Acquisition, the arrangement described above will remain in place and all cash distributions that exceed costs paid by William Hill US Holdco, Inc. will be considered distributions to our Member.

Note 5 — Property and Equipment, net

Additions to leasehold improvements and equipment are stated at cost. The Company capitalizes the costs of improvements that extend the life of the asset, while costs of repairs and maintenance are charged to expense as incurred. Gains or losses on the disposition of leasehold improvements and equipment are included in the determination of net income.

Depreciation on computer equipment, furniture and fixtures and leasehold improvements is provided using the straight-line method over the shorter of the estimated useful life of the asset or the related lease, as follows:

Furniture, fixtures and equipment	2.5 to 12 years
Leasehold improvements	3 to 30 years

Management reviews the carrying value of leasehold improvements and equipment for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from their use and eventual disposition. In cases where undiscounted, expected future cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the estimated fair value of the asset. The factors considered by management in performing this assessment include current operating results, trends and prospects, and the effect of obsolescence, demand, competition, a change in physical condition, and legal and other economic factors.

Property and equipment, net consisted of the following:

Note 7 — Litigation, Contractual Commitments, and Contingent Liabilities

The Company is party to other ordinary and routine litigation incidental to our business. We do not expect the outcome of any such litigation to have a material effect on our financial position, results of operations, or cash flows, as we do not believe it is reasonably possible that we will incur material losses as a result of such litigation.

Note 8 — Revenue Recognition

Accounting Policies

We analyze our revenues based upon the type of services we provide. We recognize revenue for services when the services are performed and when we have no substantive performance obligation remaining. Sales and other taxes collected from customers on behalf of governmental authorities are accounted for on a net basis and are not included in net revenues or costs and expenses.

Casino Revenue

Online real money gaming revenues are measured by the aggregate net difference between gaming wins and losses and are recorded as Casino revenue in the accompanying Statements of Income, with liabilities recognized for funds deposited by customers before gaming play occurs. Cash discounts and other cash incentives are recorded as a reduction to Casino revenue.

The Company has entered into online platform and service agreements with third-party service providers to develop and maintain the Company's online gaming platforms or for use of a third party's online gaming platform and other interactive gaming services. Under these agreements, CIENJ pays third party service provider a fixed percentage of its Net Casino Revenues, as defined in each respective agreement ("Net Casino Revenues"). The Company is the primary obligor in these arrangements, and as such, CIENJ recognizes revenue on a gross basis with a corresponding expense for the third-party service provider's share of Net Casino Revenues.

The Company recognized revenue share expense associated with its platform and service agreements of \$3,500 thousand and \$2,688 thousand for the three months ended June 30, 2022 and 2021, respectively, and \$7,687 thousand and \$5,036 thousand for the six months ended June 30, 2022 and 2021, respectively. This expense is included in Casino expense in the accompanying Statements of Income.

The Company has entered into agreements to provide interactive gaming services to third parties, whereby the Company receives a fixed percentage of Net Casino Revenues, as defined in each respective agreement, for providing such services. The Company is not the primary obligor in these arrangements, and as such, CIENJ records revenue on a net basis. As a result, revenue as reported in the accompanying Statements of Income only reflects CIENJ's share of casino revenues associated with each respective third-party agreement. The Company recognized revenue associated with these agreements of \$484 thousand and \$166 thousand for the three months ended June 30, 2022 and 2021, respectively, and \$1,041 thousand and \$349 thousand for the six months ended June 30, 2022 and 2021, respectively. Additionally, reimbursable expenses incurred on behalf of third parties in connection with these arrangements are recorded on a gross basis and associated revenues are included in Other revenue in the accompanying Statements of Income.

Caesars Rewards Loyalty Program

Through a cross-marketing agreement with CEOC, LLC, a majority-owned subsidiary of CEI and an affiliate of CIENJ, patrons of CaesarsCasino.com and HarrahsCasino.com have access to CEI’s customer loyalty program, Caesars Rewards. Caesars Rewards grants Reward Credits to Caesars Rewards Members based on on-property spending, including gaming, hotel, dining, and retail shopping at all Caesars-affiliated properties. Members may redeem Reward Credits for complimentary or discounted goods and services such as rooms, food and beverages, merchandise, entertainment, and travel accommodations. Members are able to accumulate Reward Credits over time that they may redeem at their discretion under the terms of the program. Additionally, patrons of CaesarsCasino.com and HarrahsCasino.com have the opportunity to redeem their online reward credits for cash that is deposited directly into the patron’s online wagering account. A member’s Reward Credit balance is forfeited if the member does not earn at least one Reward Credit during a continuous six-month period. Reward Credits earned by customers are recorded as a reduction to Casino revenue in the accompanying Statements of Income. Refer to Note 3 for further description of the cross-marketing agreement.

Patrons of the WSOP.com platform have access to the Company’s Poker Rewards loyalty program. Under this program, patrons have the opportunity to redeem their points for cash once a certain tier status is achieved in accordance with the terms of the program. Patrons of the Poker Rewards loyalty program also have the ability to earn status in the Caesars Rewards program through the Company’s tier matching program. As points earned under this program can be redeemed for cash, the Company accrues 100% of the cash converted point balance as such credits are earned as a reduction to Casino revenue in the accompanying Statements of Income. For the three months ended June 30, 2022 and 2021, the Company recorded \$3 thousand and \$14 thousand, respectively, and \$25 thousand and \$27 thousand for the six months ended June 30, 2022 and 2021, respectively, as a reduction to Casino revenue in association with the Company’s loyalty programs.

Because of the significance of the Caesars Rewards program and the ability for customers to accumulate Reward Credits based on their past play, we have determined that Reward Credits granted in conjunction with other earning activity represent a performance obligation. As a result, for transactions in which Reward Credits are earned, we allocate a portion of the transaction price to the Reward Credits that are earned based upon the relative standalone selling prices (“SSP”) of the goods and services involved.

We have determined the SSP of a Reward Credit by computing the redemption value of credits expected to be redeemed. Because Reward Credits are not otherwise independently sold, we analyzed all Reward Credit redemption activity over the preceding calendar year and determined the redemption value based on the fair market value of the goods and services for which the Reward Credits were redeemed.

As part of determining the SSP for Reward Credits, we also determined that there is generally an amount of Reward Credits that is not redeemed, which is considered “breakage.” We recognize the expected breakage proportionally with the pattern of revenue recognized related to the redemption of Reward Credits. We periodically reassess our customer behaviors and revise our expectations as deemed necessary on a prospective basis.

Receivables

Receivables primarily consist of amounts collectible from third party credit card processors and reimbursable expenses from internet service partners. Credit card processing receivables typically have a high turnover rate and are generally not subject to increased credit risk. Receivables are typically non-interest bearing and are initially recorded at cost. Management reserves for receivables at estimate of expected loss to be incurred. For the six months ended June 30, 2022 and 2021, the Company recorded \$41 thousand and \$36 thousand, respectively, of allowance for doubtful accounts.
