GOLDEN NUGGET ATLANTIC CITY, LLC

Casino Licensee

1. NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Golden Nugget Atlantic City, LLC (“GNAC”, the “Company”, “we”, “our” or “us”) is the subsidiary of GNAC Holdings, LLC, a Delaware LLC. GNAC is the holder of the gaming license issued by the state of New Jersey and operates the Golden Nugget Atlantic City Hotel and Casino in Atlantic City, New Jersey. GNAC Holdings, LLC is wholly owned by Fertitta Entertainment, LLC, a Nevada LLC (“FEL” or “Parent”), which is a national, diversified, restaurant, hospitality, entertainment and gaming company principally engaged in the ownership and operation of full service restaurants and Golden Nugget gaming facilities. FEL is an indirect subsidiary of Fertitta Entertainment, Inc. (“FEI”) which is wholly owned by Tilman J. Fertitta. Unless otherwise stated, all dollars are in thousands.

Basis of Presentation

The accompanying consolidated financial statements include the consolidated accounts of GNAC. All intercompany accounts and transactions have been eliminated in consolidation. The consolidated financial statements included herein have been prepared without audit and pursuant to the rules and regulations of the New Jersey Division of Gaming Enforcement. In the opinion of management, all adjustments, consisting of normal recurring items and estimates necessary for a fair presentation of the results for interim periods have been made.

Use of Estimates

The preparation of financial statements in conformity with Accounting Principles Generally Accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

We recognize revenue when control over the goods and services we provide has transferred to the customer, which is generally when the services are performed and we have no substantive performance obligations remaining. Sales taxes collected from customers and remitted to governmental authorities are presented on a net basis, or excluded from revenues, in our consolidated statements of operations.

Casino revenue is the aggregate net difference between gaming wins and losses, less sales incentives and other adjustments. Liabilities are recognized for funds deposited by customers before gaming play occurs and for chips in the customer’s possession. Jackpots, other than the incremental amount of progressive jackpots, are recognized at the time they are won by customers. We accrue the incremental amount of progressive jackpots as the progressive machine is played, and the progressive jackpot amount increases, with a corresponding reduction to casino revenues.

Hotel, food and beverage, and other revenues are recognized as goods and services are transferred to the customer. Room revenue is generally recognized over time, consistent with the customer’s reservation period. Advance deposits for future hotel occupancy, convention space or food and beverage services are recorded as a liability until the goods and services are provided to the customer. Food and beverage and other revenues are recognized at the point in time the services are performed or events are held.

The relative standalone selling price of accommodations, food and beverage, and other services furnished to hotel-casino guests without charge is recognized as a reduction to revenues for the department, which issued the complimentary offering, and as an increase to revenues for the department redeemed. Complimentary offerings periodically offered by third parties at the discretion and under our control are recorded as an expense when incurred.

Our gaming revenues included complimentary offerings and loyalty point redemptions for the three months ended June 30 as follows (in thousands):

	Three Months Ended June 30,	
	2022	2021
oms	\$ 1,489	\$ 723
Food and beverage	3,022	3,183
Other	198	597
	\$ 4,709	\$ 4,503

On May 5, 2022, Golden Nugget Online Gaming Inc. and DraftKings Holdings Inc. (“DraftKings”) completed a merger transaction (the “DraftKings Merger”). DraftKings agreed to pay royalties to Fertitta Entertainment based upon gaming and sports betting revenues as defined and DraftKings obtained the right to use the Golden Nugget brand for online gaming and sports betting operators.

In connection with the DraftKings Merger, we and DraftKings negotiated an arrangement to comply with state betting requirements in New Jersey which allows GNAC to resume direct control and obtain the economic benefit of “skins” associated with the GNAC’s land-based casino operating license. “Skins” allow market access opportunities for online betting operators within a jurisdiction. Historically GNOG conducted the “skins” business through their affiliation with GNAC. As consideration for the economic benefit of the “skins” business activity, we agreed to issue \$46 million of commercial credits which DraftKings could use to offset amounts otherwise due and payable by DraftKings. These commercial credits are recorded in Accrued Liabilities and Other Liabilities. Revenues from market access agreements, royalties and permit fees associated with the “skins” is included in Gaming Other Revenues.

Slot Player Club Liability

We have established promotional slot and player clubs to encourage repeat business from frequent and active slot machine customers and table games patrons. Members earn points based on gaming activity and such points can be redeemed for complimentary amenities, including meals in our non casino restaurants. The incentives earned by customers under these programs are based on their past play and represent separate performance obligations. Player club points generally expire within twelve months.

For transactions where players club points are earned we allocate a portion of the transaction price to the points that are earned based upon the relative standalone selling prices of the goods and services involved. We have determined the standalone selling price of player’s club points by computing the redemption value of points expected to be redeemed. We have applied the practical expedient under the portfolio approach to each of our player’s club transactions because of the similarity of gaming transactions. When the activity underlying the earning of the points has a wide range of selling prices and is highly variable, we use the residual approach in the allocation by computing the value of the player’s club points and allocating the residual amount to the remaining revenue generating activity. This allocation results in a portion of the transaction price being deferred and presented as contract liabilities in our accompanying Balance Sheets.

Our loyalty programs include various tiers that offer different benefits, and members are able to earn credits towards tier status, which generally enables them to receive discounts similar to those provided as the complimentary offerings described above. We have determined that any such discounts received as a result of tier status do not represent material rights, and therefore, we do not account for them as distinct performance obligations.

Cash, Cash Equivalents and Restricted Cash

Cash and cash equivalents include cash on account and cash on hand. We consider short-term, highly liquid investments that have an original maturity of three months or less to be cash equivalents. Amounts held in financial institutions are in excess of FDIC insurance limits. We have not experienced any losses in such account and believe we are not exposed to any significant risks on our cash in bank accounts.

Restricted cash represents required amounts on hand that generally represent the amount of players' funds on deposit in their wagering accounts.

Customer Deposits

Customer deposits are primarily liabilities that relate to amounts due to players and online betting operators and are required to be maintained to comply with regulatory requirements. The amounts due to players consist of customer deposits, plus bonuses converted to cash, plus winning wagers, less losing wagers, and less player withdrawals. We separately track amounts due to players and per certain regulatory requirements must maintain a balance equal to or greater than amounts due as restricted cash.

Accounts Receivable

Accounts receivable is comprised primarily of casino and hotel receivables, net of an allowance for doubtful accounts. The allowance is estimated based on specific review of customer accounts as well as historical collection experience and current economic and business conditions. Receivables are written off when management deems the account to be uncollectible.

Financial Instruments

GAAP establishes a hierarchy for fair value measurements, such that Level 1 measurements include unadjusted quoted market prices for identical assets or liabilities in an active market, Level 2 measurements include quoted market prices for identical assets or liabilities in an active market which have been adjusted for items such as effects of restrictions for transferability and those that are not quoted but are observable through corroboration with observable market data, including quoted market prices for similar assets, and Level 3 measurements include those that are unobservable and of a highly subjective measure.

Inventories

Inventories consist primarily of food and beverages used in our restaurant outlets and retail goods are recorded at the lower of cost or market value.

Property and Equipment

Property and equipment are recorded at cost. Depreciation expense is computed utilizing the straight-line method over the estimated useful lives of the depreciable assets, as follows: buildings and improvements 10 to 40 years; furniture, fixtures and equipment 5 to 15 years; and automobiles and limousines 4 to 5 years.

Costs of major improvements are capitalized; costs of normal repairs and maintenance are charged to expense as incurred. Gains or losses on dispositions of property and equipment are recognized in the consolidated statements of operations when incurred.

Insurance Liability

We maintain large deductible insurance policies related to property, general liability, workers' compensation coverage, and certain employee medical claims. Predetermined loss limits have been arranged with insurance

companies to limit our per occurrence cash outlay. Accrued liabilities include the estimated costs to settle unpaid claims and estimated incurred but not reported claims using actuarial methodologies.

Advertising Costs

Advertising costs are expensed as incurred during such year. Advertising costs, included in casino, food, beverage, and general and administrative expense, were \$0.1 million, and \$0.1 million for the three months ended June 30, 2022 and 2021, respectively, and \$0.2 million and \$0.2 million for the six months ended June 30, 2022 and 2021, respectively.

Leases

We lease real estate and certain equipment. We evaluate our leases at the commencement of the lease to determine the classification as an operating or finance lease. The lease term commences on the date when we have the right to control the use of the leased property, which is typically, before lease payments are due under the terms of the lease. Some of our leases have renewal periods exercisable at our option. At lease commencement, we include option periods that we are reasonably certain to exercise, as failure to renew the lease would impose an economic penalty either from the loss of our investment in leasehold improvements or future cash flows from operating the casino.

Our leases generally require payment of property taxes, insurance and maintenance costs in addition to the lease payments. We account for fixed lease and non-lease components of a lease as a single lease component. Operating lease liabilities are recognized based on the present value of minimum lease payments over the remaining expected lease term using our incremental borrowing rate. The right-of-use lease assets are measured based on the operating lease liabilities adjusted for lease incentives, initial indirect costs, favorable or unfavorable lease purchase price adjustments, and impairments.

We recognize lease expense related to operating leases on a straight-line basis. Leases with an initial term of 12 months or less are not recorded on the balance sheet, and are recognized on a straight-line basis over the lease term. Contingent rentals represent payment of variable lease obligations based on a percentage of revenues, as defined by the terms of the applicable lease agreement and are accrued at the point in time we determine that it is probable that such sales levels will be achieved.

3. CASH & CASH EQUIVALENTS

Cash as of June 30 consisted of the following (in thousands):

	<u>2022</u>	<u>2021</u>
Unrestricted cash	\$ 25,636	\$ 12,281

Gaming	\$ 448	\$ 426
Total other current liabilities	<u>\$ 448</u>	<u>\$ 426</u>

9. LONG TERM DEBT

In April 2019 we entered into an equipment loan for the purchase of gaming hardware and software. The loan bears an interest rate of 5.0% and matured in March 2021. In July 2019 we entered into an additional equipment loan with CalFirst for the purchase of gaming hardware and software. The loan bears an interest rate of 5.76% and matured July 2021.

Total debt as of June 30 is comprised of the following (in thousands):

	2022	2021
Equipment loan	<u>\$ -</u>	<u>\$ 107</u>
Total debt	-	107
Less current portion	-	(107)
Long term debt	<u>\$ -</u>	<u>\$ -</u>

10. LEASES

The components of total lease cost for the three months ended June 30, 2022 and 2021 were as follows (in thousands):

	2022	2021
Operating lease cost	\$ 852	\$ 50
Variable lease cost	301	478
Total lease costs	<u>\$ 1,153</u>	<u>\$ 528</u>

Cash activities associated with leases for the three months ended June 30 were as follows (in thousands):

	2022	2021
Cash flows from operating activities:		
Payments for operating leases	\$ 790	\$ 583

11. EMPLOYEE BENEFIT PLAN

Certain of our employees are covered by union-sponsored, collective bargained, multi-employer health and welfare and defined benefit pension plans. We recorded plan related expenses of \$2.0 million and \$1.5 million for the three months ended June 30, 2022 and 2021, respectively, and \$3.6 million and \$2.7 million for the six months ended June 30, 2022 and 2021, respectively.

We sponsor a qualified defined contribution retirement plan (401(k) Plan) covering our eligible, non-union employees. The 401(K) plan allows eligible employees to contribute, subject to Internal Revenue Service limitations on total annual contributions, up to 75% of their base compensation as defined in the 401(k) Plan, to various investment funds. We may match at our discretion, within prescribed limits, a portion of eligible employees' contributions. Matching contributions for the three months ended June 30, 2022 and 2021 were immaterial. Employee contributions vest immediately while our contributions vest 20% annually beginning in the participant's second year of eligibility.

12. COMMITMENTS AND CONTINGENCIES

Casino Reinvestment Development Authority Obligation

As required by the provisions of the New Jersey Casino Control Act (the “Act”), we are assessed an amount equal to 1.25% of our land-based sports related gross gaming revenues in order to fund qualified investments. This assessment is made in lieu of an Investment Alternative Tax (the “IAT”) equal to 2.5% of land-based sports related gross gaming revenues. Once the funds are deposited with the New Jersey Casino Reinvestment Development Authority (“CRDA”), qualified investments may be satisfied by: (i) the purchase of bonds issued by the CRDA at a below market rate of interest; (ii) direct investment in projects; or (iii) a donation of funds to projects as determined by the CRDA. According to the Casino Control Act, funds on deposit with the CRDA are invested by the CRDA and the resulting income is shared two-thirds to the casino licensee and one-third to the CRDA. Further, the Casino Control Act requires that CRDA bonds be issued at statutory rates established at two-thirds of market value.

In May 2016, pursuant to a provision contained within legislation enacted to address Atlantic City’s fiscal matters commonly referred to as the PILOT (payment in lieu of taxes) law, any CRDA funds not utilized or pledged for direct investments, the purchases of CRDA bonds or otherwise contractually obligated, related to all funds received from the payment of the IAT going forward are allocated to the City of Atlantic City. The PILOT law directs that these funds be used for the purposes of paying debt service on bonds issued by the City of Atlantic City prior to and after the date of the PILOT law. The provisions expire as of December 31, 2026.

We are required to make quarterly deposits with the CRDA to satisfy our investment obligations and, as a result of the PILOT law, record a charge to expense for 100% of the obligation amount as of the date the obligation arises.

For the three months ended June 30, 2022 and 2021, we charged to general and administrative expense \$0.5 million and \$0.5 million, respectively, and for the six months ended June 30, 2022 and 2021, we charged \$0.9 million and \$0.8 million, respectively.

CRDA deposits and investments in CRDA bonds, net of allowances of \$19.7 million, reflected in other assets, net on the accompanying consolidating balance sheet as of June 30, 2022 and June 30, 2021 had no value.

Atlantic City PILOT Program

In June 2016, the State of New Jersey passed legislation known as the PILOT bill, which requires casino properties for the next 10 years, starting January 1, 2017, to make payments in lieu of property taxes based on a statutory formula. An additional part of that bill requires the casinos to make annual payments to the state starting retroactively in 2015 through 2022 based on a similar formula. In December 2021, the State of New Jersey passed legislation, which amended the original 2016 statutory PILOT formula for the years 2022 through 2026 as well as extended the additional annual payments from 2022 through 2026. For our contribution to the state, we incurred expenses of \$0.1 million and \$0.1 million for the three months ended June 30, 2022 and 2021, respectively, and for the six months ended June 30, 2022 and 2021, we charged \$0.2 million and \$0.2 million, respectively.

Lease Commitments

We have a non-cancelable operating lease that covers the land, building and marina adjacent to our property, which expires in 2025. Other lease commitments also include operating equipment used in daily operations. In addition to minimum lease commitments, the lease provides for contingent rentals based on a percentage of revenues in excess of specified amounts. See Note 10 for lease costs for the three months ended June 30, 2022 and 2021.

General Litigation

We are subject to legal proceedings and claims that arise in the ordinary course of business. We do not believe that the outcome of any of these matters will have a material adverse effect on our financial position, results of operations or cash flows.

13. TRANSACTIONS WITH AFFILIATES

Shared Services Agreement

We have entered into Shared Services Agreements (SSA's) with affiliates. Pursuant to the SSA's, the parties agree to cooperatively develop and implement joint programs for the procurement and implementation of certain products and services including insurance and risk management, legal, information technology, entertainment, general purchasing, financial planning and accounting, human resources and employee benefit administration, marketing, strategic and tactical business planning, retail and executive management. The SSA's provide for the reimbursement of expenses if either party incurs costs in excess of its proportional share.

14. SUBSEQUENT EVENTS

We have evaluated subsequent events through August 15, 2022, which is the date our consolidated financial statements were available to be issued.
