NOTES TO FINANCIAL STATEMENTS
(Unaudited)

NOTE 1 - ORGANIZATION AND DESCRIPTION OF BUSINESS

The accompanying financial statements have been prepared in accordance with the rules and regulations of the New Jersey Division of Gaming Enforcement (“DGE”) and include the accounts of Resorts Digital Gaming, LLC (the “Company”), a New Jersey limited liability company that was formed on June 27, 2014. The Company is owned 100% by DGMB Casino Holding, LLC (“Holding”), a Delaware limited liability company, through a 99.5% direct ownership and a 0.5 % indirect ownership through DGMB Casino SPE Corp. (“SPE”), a Delaware corporation, which is the managing member of the Company. MGA Gaming NJ, LLC (MGA), a New Jersey limited liability company, is a non-managing member of Holding and 10% owner.

The Company holds a casino license issued on August 12, 2015, by the State of New Jersey Casino Control Commission (“Commission”) and, as an Internet Gaming Affiliate of DGMB Casino, LLC (“Resorts”), has been authorized by the DGE to operate real money online gaming in New Jersey under the Internet Gaming Permit (NJIGP-18-008) issued to Resorts. Resorts operates Resorts Casino Hotel located in Atlantic City, NJ. The Company operates both the ResortsCasino.com and MoheganSunCasino.com online casino websites. In 2018, legalized sports betting was approved in New Jersey. In April 2014, Resorts entered into an agreement with TSG Interactive US Services Limited d/b/a PokerStars (“PokerStars”). The Company licensed PokerStars to operate an online casino website, which includes poker, utilizing the Company’s Internet Gaming Permit. PokerStars launched its gaming operations in March of 2016. In January of 2021, PokerStars, using the FoxBet brand, launched sportsbook operations in New Jersey.

On May 21, 2018, the Company entered into an online gaming agreement with Crown NJ Gaming, Inc., d/b/a DraftKings (“DraftKings”) whereby the Company licensed DraftKings to operate (i) an online casino website utilizing the Company’s Internet Gaming Permit and (ii) an online sports betting website utilizing the Company’s Sports Wagering License. DraftKings began operations in August of 2018. On December 6, 2022, an amendment was executed to allow DraftKings to offer poker on its online casino website.

In addition, on September 1, 2020, the Company entered into an online gaming agreement with Penn Interactive Ventures, LLC, d/b/a Penn (“Penn”) whereby the Company licensed Penn to operate an online casino website (with the exception of poker) utilizing the Company’s Internet Gaming Permit. Penn launched its Barstool branded online casino website in August of 2021.

Under these agreements, the Company is paid a fixed percentage of the operator’s net gaming revenue, as defined, with some contractual annual minimums and maximums. Revenue generated from these activities are recognized in Casino Revenues in the accompanying financials. All expenses associated with the third-party operations under the Company’s license are recognized under selling, general, and administrative within the accompanying financials. Other expenses reimbursed from third party partners to the Company are recognized in Other Revenues.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States (“GAAP”) requires that the Company make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and assumptions.

Cash and Concentrations of Credit Risk - Cash includes cash on account and cash on hand. The Company maintains its cash in bank deposit accounts which exceed federally insured limits. Accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per depositor, per insured bank, for each account ownership category. At December 31, 2022, and December 31, 2021, the Company had approximately \$85.0 million and \$88.7 million, respectively, in excess of FDIC-insured limits.

RESORTS DIGITAL GAMING, LLC
NOTES TO FINANCIAL STATEMENTS
(Unaudited)

Pursuant to NJAC 13:69O-1.3(k), a unique New Jersey bank account is maintained to segregate internet gaming patron's funds on deposit, pending withdrawals, and active bets. The balance in this account at December 31, 2022 and 2021 was \$76.0 million and \$81.9 million, respectively. Unrestricted cash balance at December 31, 2022 and 2021 was \$9.6 million and \$7.4 million, respectively.

Receivables - Receivables consist of amounts due from patrons and third-party processors and online gaming platforms. As of December 31, 2022 and 2021, there was \$11.5 million and \$11.6 million, respectively, due from gaming platform providers. Accounts receivables are non-interest bearing and are initially recorded at cost.

Allowance for Doubtful Accounts - The Company reserves an estimated amount for receivables that may not be collected. The methodology for estimating the allowance includes using specific reserves and applying various percentages to aged receivables. Historical collection rates are considered, as are customer relationships, in determining specific allowances. As with many estimates, management must make judgments about potential actions by third parties in establishing and evaluating the allowance for doubtful accounts.

Deferred Revenue - Deferred revenue consists of amounts advanced from a third party and will be recognized in future periods as a component of gaming revenue.

Revenue Recognition - The company accounts for revenue recognition in accordance with the provisions of FASB Accounting Standards Codification Topic 606, *Revenue from Contracts with Customers* ("Topic 606"), which provides a comprehensive revenue recognition model for all contracts with customers. The model requires revenue recognition to depict the transfer of promised goods or services to customers at an amount that reflects the consideration expected to be received in exchange for those goods or services.

The Company's revenue contracts with customers consist of gaming wagers, including sports wagering, and other transactions. The transaction price for a gaming wager contract is the difference between gaming wins and losses, not the total amount wagered. Gaming wager contracts involve two performance obligations for those customers earning points under the Company's players' club and a single performance obligation for customers who do not participate in the program. The Company applies a practical expedient by accounting for its gaming contracts on a portfolio basis because such wagers have similar characteristics, and the Company reasonably expects the effects on the financial statements of applying the revenue recognition guidance to the portfolio to not differ materially from that which would result if applying the guidance to an individual wagering contract. For purposes of allocating the transaction price in a wagering contract between the wagering performance obligation and the obligation associated with loyalty points earned, the Company allocates an amount to the loyalty credit obligation based on the stand-alone selling price of the points earned. An amount is allocated to the gaming wager performance obligation using the residual approach because the stand-alone price for wagers is highly variable and no set established price exists for such wagers. The allocated revenue for gaming wagers is recognized when the wagers occur because all such wagers settle immediately.

Right-of-Use Assets and Lease Liabilities - Effective January 1, 2022, the Company adopted the new lease accounting guidance in Accounting Standards Update No. 2016-02, Leases (Topic 842). The Company elected to apply the guidance as of January 1, 2022, the beginning of the adoption period. The comparative financial information and disclosures presented are in accordance with the legacy standard, ASC 840. The standard requires the recognition of right-of-use assets and lease liabilities for lease contracts with terms greater than 12 months. Operating lease costs are recognized in the statements of incomes as a single lease cost and finance lease costs are recognized in two components, interest expense and amortization expense. The Company has elected the package of practical expedients permitted in ASC Topic 842. Accordingly, the Company accounted for its existing leases as either finance or operating lease under the new guidance, without reassessing (a) whether the contract contains a lease under ASC Topic 842, (b) whether classification of the operating lease would be different in accordance with ASC Topic 842, or (c) whether the unamortized initial direct costs before transition adjustments would have met the definition of initial direct costs in ASC Topic 842 at lease commencement.

As a result of the adoption of the new lease accounting guidance, the Company recognized on January 1, 2022, the beginning of the adoption period, an operating lease liability of \$0.1 million, and an operating right-of-use asset of

RESORTS DIGITAL GAMING, LLC
NOTES TO FINANCIAL STATEMENTS
(Unaudited)

\$0.1 million. The adoption of the standard did not materially impact the Company's statements of operations or cash flows. See Note 9 for further disclosure of the Company's lease contracts.

Loyalty Program – The Company provides customers with a loyalty program. Members of the loyalty program earn points based on gaming activity, and such points are redeemable for cash and free play based on the terms of the program. In addition, on a discretionary basis, the Company may award points to customers that can be redeemed for free play. The liability for these points is included in accrued expenses and other current liabilities on the accompanying balance sheets and totaled approximately \$133,000 and \$161,000 at December 31, 2022 and 2021, respectively.

Advertising- Advertising costs are expenses as incurred. Advertising expenses were approximately \$9.8 and \$10.0 million for the years ended December 31, 2022 and 2021, respectively. Advertising expenses are included in selling, general, and administrative expenses on the accompanying statements of operations.

Entities Under Common Control - Management has elected an accounting policy alternative such that, when certain conditions exist, management does not apply variable interest entity guidance for assessing whether it should consolidate legal entities under common control. The Company has adopted this standard as management believes the presentation of the Company-only financial information is more relevant to the users of the financial statements.

Gaming Tax - The Company remits monthly to the State of New Jersey a tax equal to 15% of gross internet gaming revenue and a tax equal to 13% of gross internet sports wagering revenue, as defined. Gaming tax expense was \$1.5 million and \$1.8 million for the three months ended December 31, 2022 and 2021, respectively, and \$6.6 million and \$7.7 million for the twelve months ended December 31, 2022 and 2021, respectively. Gaming tax is included in casino expenses in the accompanying statements of income.

Income Taxes - The Company is treated as a partnership for federal income tax purposes; therefore, federal income taxes are the responsibility of Holding and SPE. In New Jersey, casino partnerships are subject to state income taxes under the Casino Control Act; therefore, the Company is required to record a provision for New Jersey state income taxes (Note 7).

Deferred tax assets and liabilities represent the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of a change in existing tax rates is recognized as an increase or decrease to the tax provision in the period that includes the enactment date. The Company recognizes interest and penalties accrued related to unrecognized tax benefits in the provision for income taxes.

The Company records uncertain tax positions in accordance with ASC 740 - *Income Taxes* on the basis of a two-step process in which (1) determine whether it is more likely than not that the tax positions will be sustained on the basis of the technical merits of the position and (2) for those tax positions that meet the more-likely-than-not recognition threshold, recognize the largest amount of tax benefit that is more than 50 percent likely to be realized upon ultimate settlement with the related tax authority. Generally, the statute of limitations for examination of the Company's tax returns is open for years ended December 31, 2017 through the current year.

Use of Estimates – The preparation of the financial statements in conformity with GAAP requires that the Company makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and assumptions.

Reclassification - Certain reclassifications of amounts previously reported have been made to the accompanying financial statements to maintain consistency between periods presented. The reclassifications had no impact on the previously reported net income.

NOTE 4 – ENTITIES UNDER COMMON CONTROL

The Company and Resorts are under common control. Resorts provides the Company with administrative services such as payroll, accounting, risk management, legal, treasury, and information systems in return for a fee pursuant to the Shared Services Agreement. This fee was \$1.0 and \$0.9 million for the twelve months ended December 31, 2022 and 2021, respectively, and is included in general, administrative, and other in the accompanying statements of operations. The Company owed an affiliate, DGMB Casino, LLC, \$5.9 million and \$8.6 million as of December 31, 2022 and 2021, respectively, and is recorded in other current liabilities (note 6). In addition, as discussed in Note 7, the Company is a co-borrower on Resorts' debt.

During 2015, agreements between PokerStars, NYX Digital Gaming (USA), LLC and Resorts were assigned to the Company. Between 2013 and 2015, the Company received \$32.0 million in cash advances from Pokerstars, which will be earned and recognized as revenue based upon various events and conditions, through March 2026. In 2021, the agreement was amended, which among other things, gave PokerStars the option to extend the agreement for an additional two years. The company had approximately \$24.6 million and \$28.5 million recorded as deferred revenue as a result of these advances at December 31, 2022 and 2021, respectively.

NOTE 5 – CASINO REINVESTMENT DEVELOPMENT AUTHORITY

The New Jersey Casino Control Act provides, among other things, for an assessment of licensee equal to 2.5% of the Company's gross internet gaming revenues, and 1.25% of the Company's gross internet sports wagering revenue in lieu of an investment alternative tax equal to 5.0% of gross gaming revenues. The Company may satisfy this investment obligation by investing in qualified eligible direct investments, by making qualified contributions or by depositing funds with the Casino Reinvestments Development Authority ("CRDA"). Funds deposited with the CRDA may be used to purchase bonds designated by the CRDA or, under certain circumstances, direct investments in approved CRDA projects may be donated to the CRDA. CRDA bonds have terms up to 50 years and bear interest at below-market rate.

On May 27, 2016, the New Jersey legislature enacted Senate Bill S1715, subsequently amended by Senate Bill S4007 in December 2021, which implements a Payment in Lieu of Taxes Program (the "PILOT"). Commencing in 2017 and for a period of ten (10) years, each Atlantic City casino property owner would fulfill their financial obligations to all local governments serving Atlantic City thereby exempting casino gaming properties from ad valorem property taxation by the City of Atlantic City. The PILOT has an impact on, among other things, the disposition of future CRDA payments by reallocating the majority of casino investment alternative tax ("IAT") receipts collected by the CRDA to Atlantic City for the purpose of paying debt service on municipal bonds issued prior to the effective date of the bill until December 31, 2026. IAT revenues previously pledged for the payment of bonds issued by the CRDA, or

any bonds issued to refund those bonds, or otherwise contractually obligated by the CRDA prior to the effective date of the bill, are excluded from the reallocation.

To date no bonds have been purchased by the Company and the current CRDA funds on deposit are being used to fund the previously pledged grant to an affiliate or the PILOT program.

NOTE 6 – OTHER CURRENT LIABILITIES

Other current liabilities as of December 31, 2022 and 2021 consisted of the following (in thousands):

	<u>2022</u>	<u>2021</u>
Patron Deposits	\$ 75,468	\$ 81,351
Intercompany Payable	5,943	8,623
CRDA Obligations	3,614	2,879
Other	212	204
	<u>\$ 85,237</u>	<u>\$ 93,057</u>

NOTE 7 – INCOME TAXES

The Company is subject to the State of New Jersey Income Tax and, as noted above, is not subject to federal income taxes. The Company is required to file a New Jersey return with other affiliates that conduct business with the casino. We calculate the provision for income taxes by using a “separate return” method. Under this method, we are assumed to file a separate return with the tax authority, thereby reporting our taxable income or loss and paying the applicable tax to or receiving the appropriate refund without our affiliates. Our current provision reflects the amount of tax payable or refundable based on a hypothetical, current-year separate return. We provide deferred taxes on temporary differences and on any carryforwards that we could claim on our hypothetical separate return and assess the need for a valuation allowance based on our projected separate return results.

Components of income taxes for the years ended December 31, 2022 and 2021 were as follows (in thousands):

	<u>2022</u>	<u>2021</u>
Current	\$ 996	\$ 1,763
Deferred	-	-
Income tax provision	<u>\$ 996</u>	<u>\$ 1,763</u>

The Company’s deferred tax assets and liabilities as of December 31, 2022 and 2021 were as follows (in thousands):

	<u>2022</u>	<u>2021</u>
Total deferred tax assets	\$ 2,067	\$ 2,584
Total Deferred Tax Liabilities	-	-
Valuation allowance	(2,067)	(2,584)
Total deferred tax assets, net	<u>\$ -</u>	<u>\$ -</u>

The significant component of the deferred tax assets deferred revenue.

Net deferred tax assets have been reduced by a valuation allowance of \$2.1 million and \$2.6 million at December 31, 2022 and 2021, respectively. After consideration of all positive and negative evidence, including future reversals of existing taxable temporary differences, projected future taxable income, tax planning strategies and recent financial operations, the Company believes certain net deferred tax assets are not likely to be utilized. In the event the Company determines it would be able to realize these net deferred tax assets in the future in an amount different from their recorded amount, the Company would make an adjustment to the valuation allowance, which would be recorded through the provision for income taxes.

The Company has not identified any uncertain tax positions to recognize as a liability as of December 31, 2022 and 2021.

NOTE 8 – COMMITMENTS AND CONTINGENCIES

Litigation - The Company is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of management, these matters will not have a material effect on the Company's financial position or results of operations.

Commitments - The Company entered into an agreement with Fifth Third Bank, National Association to be a co-borrower of debt with Resorts on July 7, 2022. The Company has not recorded any debt relating to this agreement on the financial statements as Resorts has agreed to pay the debt and the Company does not expect to pay any portion of the debt.

NOTE 9 – LEASES

The Company has real estate operating leases that primarily consist of the lease of office space. These leases have contractual terms that range from 3 to 5 years, with certain leases including options for early termination. The Company does not anticipate exercising the early termination clause for any of its real estate leases. Certain leases contain renewal options for periods ranging from 1 year to 3 years. The Company has included lease payments as part of its right-of-use assets and lease liabilities for the extension periods to the extent that it is reasonably certain to exercise such options. The Company's real estate leases may include variable lease payments related to common area maintenance (CAM), insurance, and taxes, which are excluded from the measurement of the Company's right-of-use assets and lease liabilities.

For its real estate leases, the Company has elected the practical expedient to not separate a lease into lease and nonlease components. The Company's real estate leases do not contain residual value guarantees, options to purchase underlying assets, or material restrictive covenants.

For all its leases, the Company discounts its unpaid lease payments using the interest rate implicit in the lease or, if the rate cannot be readily determined, a risk-free rate. Generally, the Company cannot determine the interest rate implicit in the lease because it does not have access to the lessor's estimated residual value or the amount of the lessor's deferred initial direct costs. Therefore, the Company generally derives a discount rate at the lease commencement date by utilizing a risk-free rate.

The components of rent expense for the Company's leases recorded in the statements of income (loss) were as follows for the year ended December 31, 2022 (in thousands):

Operating Lease Cost	\$ <u>83</u>
----------------------	--------------

Total rent expense under noncancelable leases was approximately \$0.1 million for the year ended December 31, 2022.

NOTE 10 – CONTRACT – RELATED LIABILITIES

The Company generally has two types of liabilities related to contracts with customers: (1) loyalty credit obligations, which represents the deferred allocation of revenue relating to the loyalty points and comps earned, as discussed in Note 2 and (2) deferred revenue from an agreement with TSG to provide the operation of and marketing strategy for online gaming in New Jersey for peer-to-peer poker and casino games. As discussed in Note 4, between 2013 and 2015, the Company received cash advances which were recorded as deferred revenue and are being recognized as revenue pursuant to terms of the related contract.

The table summarizes the activity related to contract and customer-related liabilities (in thousands):

	Loyalty Credit Obligation		Deferred Revenue	
	2022	2021	2022	2021
Balance at January 1	\$ 161	\$ 173	\$ 28,478	\$ 29,214
