PREMIER ENTERTAINMENT AC, LLC (Bally's Atlantic City)
NOTES TO FINANCIAL STATEMENTS
(Unaudited)
(All dollar amounts in thousands)

NOTE 1 – ORGANIZATION

The accompanying financial statements include the accounts of Premier Entertainment AC, LLC (the "Company") which operates Bally's Atlantic City ("the Property"), a casino hotel in Atlantic City, New Jersey. Twin River Management Group, Inc. ("TRMG") is a wholly owned subsidiary of Bally's Corporation ("Bally's"), formerly known as Twin River Worldwide Holdings, Inc., and is the parent company of Premier Entertainment AC, LLC. The Company was granted an interim casino license by the NJ Casino Control Commission on November 4, 2020, and plenary license approval was received on August 17, 2021.

On November 18, 2020 (the "Acquisition Date"), Bally's completed its acquisition of Bally's Atlantic City from Caesars Entertainment, Inc. ("Caesars") and Vici Properties, Inc. ("Vici"). Bally's acquired certain assets of Bally's Atlantic City and the property on which it operates, along with the licenses to build and operate a retail sports book and launch online sports and internet gaming.

On October 1, 2021, Bally's acquired Gamesys Group Plc. ("Gamesys"), a leading UK-based global online gaming operator. See Note 4 – Sports Wagering and Internet Gaming for additional information.

NOTE 2 – BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Company's financial statements are prepared in accordance with accounting principles generally accepted in the United States ("GAAP"), which require the use of estimates and assumptions that affect the reported amounts of assets, liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reporting periods. Management believes the accounting estimates are appropriate and reasonably stated; however, due to the inherent uncertainties in making these estimates, actual amounts could differ.

Cash and Cash Equivalents

Cash equivalents are highly liquid investments with original maturities of three months or less from the date of purchase and are stated at the lower of cost or market value. Restricted cash of \$1,008 on March 31, 2023 and \$229 on March 31, 2022 represents iGaming player deposits.

Receivables

Receivables consist primarily of casino, hotel and other receivables, net of allowance for doubtful accounts. Receivables are typically noninterest bearing and are initially recorded at cost. An allowance for doubtful accounts is maintained to reduce the Company's receivables to their carrying value, which approximates fair value. The allowance is estimated based on historical collection experience, current economic and business conditions forecasts that affect the collectability, review of individual customer accounts, and any other known information. Accounts

PREMIER ENTERTAINMENT AC, LLC (Bally's Atlantic City)
NOTES TO FINANCIAL STATEMENTS
(Unaudited)
(All dollar amounts in thousands)

are written off when management deems the account to be uncollectible. Recoveries of accounts previously written off are recorded when received.

Inventories

Inventories, which consist primarily of food, beverage, promotional items and operating supplies, are stated at the lower of average cost or market value.

Property and Equipment

As of March 31, 2023, property and equipment was recorded at fair value as of the Acquisition Date, with subsequent acquisitions of property and equipment recorded at cost.

Property and equipment are depreciated over the estimated useful lives of the assets using the straight-line method over the shorter of the estimated useful life of the asset or the related lease. Estimated useful lives are 3 to 40 years for buildings and improvements and 3 to 10 years for furniture, fixtures and equipment.

Expenditures for renewals and betterments that extend the life or value of an asset are capitalized, expenditures for repairs and maintenance are charged to expense as incurred. The costs and related accumulated depreciation applicable to assets sold or disposed are removed from the balance sheet accounts and the resulting gains or losses are reflected in the statements of income.

Revenue Recognition

The Company accounts for revenue earned from contracts with customers under ASU No. 2014-09, *Revenue from Contracts with Customers* ("ASC 606"). The Company's generates revenue from gaming services, hotel room sales, food and beverage, and other transactions.

Gaming services contracts have two performance obligations for those customers earning incentives under the Company's player loyalty programs and a single performance obligation for customers who do not participate in the programs. The Company applies a practical expedient by accounting for its gaming contracts on a portfolio basis as such wagers have similar characteristics and the Company reasonably expects the effects on the consolidated financial statements of applying the revenue recognition guidance to the portfolio to not differ materially from that which would result if applying the guidance to an individual wagering contract. For purposes of allocating the transaction price in a wagering contract between the wagering performance obligation and the obligation associated with incentives earned under loyalty programs, the Company allocates an amount to the loyalty program contract liability based on the stand-alone selling price of the incentive earned for a hotel room stay, food and beverage or other amenity. The estimated standalone selling price of hotel rooms is determined based on observable prices. The standalone selling price of food and beverage, and other miscellaneous goods and services is determined based upon the actual retail prices charged to customers for those items. The performance obligations for the incentives earned under the loyalty programs are deferred and recognized as revenue when the customer redeems the incentive. The allocated revenue for gaming wagers is recognized when the wagers occur as all such wagers settle immediately.

PREMIER ENTERTAINMENT AC, LLC (Bally's Atlantic City)
NOTES TO FINANCIAL STATEMENTS
(Unaudited)
(All dollar amounts in thousands)

Hotel revenue is recognized at the time of occupancy, which is when the customer obtains control through occupancy of the room. Advance deposits for hotel rooms are recorded as liabilities until revenue recognition criteria are met.

Food and beverage revenue are recognized at the time the goods are sold from Company-operated outlets.

All other revenues are recognized at the time the goods are sold or the service is provided.

Leases

The Company determines if a contract is or contains a lease at the contract inception date or the date on which a modification of an existing contract occurs. A contract is or contains a lease if the contract conveys the right to control the use of an identified asset for a period in exchange for consideration. Control over the use of the identified asset means the lessee has both (i) the right to obtain substantially all of the economic benefits from the use of the identified asset throughout the period of use and (ii) the right to direct the use of the identified asset.

Upon adoption of Accounting Standard Codification ("ASC") 842, *Leases*, ("ASC 842") the Company elected to account for lease and non-lease components as a single component for all classes of underlying assets. Additionally, the Company elected to not recognize short-term leases (defined as leases that are less than 12 months and do not contain purchase options) within the balance sheets.

The Company recognizes a lease liability for the present value of lease payments at the lease commencement date using its incremental borrowing rate commensurate with the lease term based on information available at the commencement date, unless the rate implicit in the lease is readily determinable.

Certain of the Company's leases may include renewal options and escalation clauses; renewal options are included in the calculation of the lease liabilities and right of use assets when the Company determines it is reasonably certain to exercise the options. Variable expenses generally represent the Company's share of the landlord's operating expenses and consumer price index ("CPI") increases. The Company does not have any leases which met the criteria for recognition on the balance sheet or any leases classified as financing leases. Rent expense associated with the Company's long and short-term leases and their associated variable expenses are reported in total costs and expenses within the statements of income.

Intangible Assets Other Than Goodwill

Intangible assets other than goodwill consist of rated player relationships and hotel and conference pre-bookings which were obtained through the acquisition.

Long-lived Assets

The Company reviews its long-lived assets for indicators of impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If

PREMIER ENTERTAINMENT AC, LLC (Bally's Atlantic City)
NOTES TO FINANCIAL STATEMENTS
(Unaudited)
(All dollar amounts in thousands)

an asset is still under development, the analysis includes the remaining construction costs. Cash flows expected to be generated by the related assets are estimated over the assets' useful lives based on updated projections. If the evaluation indicates that the carrying amount of an asset may not be recoverable, the potential impairment is measured based on a fair value discounted cash flow model.

Self-Insurance Reserves

The Company is self-insured for employee medical insurance coverage, general liability and workers' compensation up to certain stop loss amounts. Self-insurance liabilities are estimated based on the Company's claims experience using actuarial methods to estimate the future cost of claims and related expenses that have been reported but not settled, and that have been incurred but not yet reported. The Company's self-insurance liabilities for general liability and workers' compensation insurance are included in other accrued expenses in the accompanying balance sheets and were \$153 and \$767 as of March 31, 2023 and 2022. As of January 1, 2023, all self-insurance liabilities, with the exception of one general liability policy, reside on corporate books. In 2022, liabilities for medical self-insurance resided on corporate books.

Player Loyalty Program

The Company offers a loyalty program whereby participating customers can accumulate points for wagering that can be redeemed for credits for free play on slot machines, as well as discounted goods and services such as rooms, food and beverages and retail merchandise. Points earned, less estimated breakage, are recorded as a reduction of casino revenues at the standalone selling price of the points when earned based upon the retail value of the benefits, historical redemption rates and estimated breakage and recognized as departmental revenue based on where such points are redeemed upon fulfillment of the performance obligation. The loyalty program liability represents a deferral of revenue until redemption occurs, which is typically less than one year.

Complimentaries

As part of our normal business operation, the Company offers discretionary complimentaries to customers outside of the player loyalty program. The retail value of complimentary hotel rooms, food and beverage and other services provided to customers is recognized as a reduction to the revenues for the department which issued the complimentary and a credit to the revenue for the department redeemed. Complimentaries provided by third parties at the discretion and under the control of the Company are recorded as an expense when incurred.

Gaming Tax

The Company remits weekly to the NJ Division of Taxation a tax equal to eight percent of land based gross gaming revenue, as defined. In addition, the Company remits monthly to the NJ Division of Taxation a tax equal to eight and a half percent of retail sports book gross gaming revenue, thirteen percent of online sports gross gaming revenue and fifteen percent of online casino gross gaming revenue, as defined. Gaming taxes expensed to the Company's financial statements and paid to the NJ Division of Taxation for the three months ended March 31, 2023 and 2022, were \$4,396 and \$2,865, respectively. These expenses are included in casino expenses in the accompanying statements of income.

Advertising costs are expensed as incurred. Advertising expenses are included in general, administrative and other expenses in the statements of income. For the three months ended March 31, 2023 and 2022, Advertising expenses were \$189 and \$346, respectively.

Income Taxes

The Company files as part of a Federal consolidated tax return. The Company's income tax provision is prepared in accordance with ASC 740, *Income Taxes*. Under the asset and liability method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. A valuation allowance is required when it is "more likely than not" that all or a portion of the deferred taxes will not be realized. The financial statements reflect expected future tax consequences of uncertain tax positions presuming the taxing authorities' full knowledge of the position and all the relevant facts.

Recently Issued Accounting Pronouncements

In October 2021, the FASB issued ASU No. 2021-08, *Business Combinations (Topic 805) - Accounting for Contract Assets and Contract Liabilities from Contracts with Customers*. The amendments in this update address diversity in practice and inconsistency related to recognition of an acquired contract liability and the effect of payment terms on subsequent revenue recognition for the acquirer. This update is effective for fiscal years beginning after December 15, 2022 and interim periods within those fiscal years, with early adoption permitted. The Company's adoption of this ASU in the first quarter of 2023 did not have a material impact on its financial statements.

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments - Credit Losses*, which requires a financial asset measured at amortized cost basis to be presented at the net amount expected to be collected. In accordance with the effective date philosophy issued in ASU No. 2019-10 in November 2019, the Company will be required to apply the provisions of ASU No. 2016-13 effective for the fiscal year beginning after December 15, 2022 with early application permitted. ASU No. 2016-13 is effective for the Company beginning January 1, 2022 and did not have a material impact on the financial statements.
