**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**  
**(All dollar amounts in thousands)**

**NOTE 1 – ORGANIZATION**

On July 20, 2020, Eldorado Resorts, Inc. (“Eldorado”) completed the merger in which a wholly-owned subsidiary of Eldorado merged with and into Caesars Entertainment Corporation (“Former Caesars”) with Former Caesars surviving as a wholly-owned subsidiary of Eldorado (the “Merger”) pursuant to the Agreement and Plan of Merger dated as of June 24, 2019 (as amended by Amendment No. 1 to Agreement and Plan of Merger, dated as of August 15, 2019, the “Merger Agreement”). In connection with the Merger, Caesars Entertainment Corporation changed its name to “Caesars Holdings, Inc.” and Eldorado Resorts, Inc. converted into a Delaware corporation and changed its name to “Caesars Entertainment, Inc.”

Caesars Atlantic City Hotel & Casino is a casino hotel resort located in Atlantic City, New Jersey, owned and operated by Boardwalk Regency Corporation (“Caesars Atlantic City”), an indirect wholly owned subsidiary of CEOC LLC. Caesars Atlantic City is licensed by the DGE and is subject to its rules and regulations. The license has no expiration date.

The Company took over operations of the Pier on January 28, 2020. The Pier LLC is a subsidiary to Caesars Atlantic City and the results are not included in the Company’s financials. Effective August 1, 2023, Caesars signed an agreement with ACX1 Studios who took over the operations of the Pier.

Caesars Atlantic City and No Fishing LLC (Spiegelworld) entered into an agreement, effective August 29, 2022 for Spiegelworld to design, develop, construct and operate a live entertainment show and restaurant on the property belonging to Caesars. The agreement provides evidence to their understandings and agreements concerning their relative rights, obligations and responsibilities with respect to the production, presentation and exploitation of the Show and the development and operation of the Restaurant. The Show (Hook) and Restaurant (Superfrico) opened June 30, 2023. As of June 30, 2024, operating losses of \$2,630 is included in General, Administrative and Other on the Statements of Income.

**VICI Regional Lease Agreement/Exercise of Call Right Option**

VICI exercised its call right option to purchase Harrah’s Atlantic City, including the Waterfront Conference Center, Harrah’s New Orleans and Harrah’s Laughlin. As a result of this transaction, the Company reentered into a new agreement with VICI, now referred to as the Regional Lease. The Regional Lease payments are allocated to the properties based upon EBITDA contribution. See note 8 for a revised lease payment schedule.

**Internet Gaming Permit/Sports Wagering License**

Casino licensee, Boardwalk Regency, LLC (referred to as “Caesars” or “casino licensee”) holds a Sports Wagering License. The Internet Gaming Permit associated with Caesars is held by Caesars Interactive Entertainment New Jersey, LLC, (CIENJ), the holder of a casino license and the internet gaming affiliate of Caesars. Internet gaming and online sports wagering operations are conducted through CIENJ. There is no impact on the casino licensee financial statements.

**Internet Gaming Skins**

Four Internet Gaming skins operate under the Internet gaming permit held by CIENJ, as the internet gaming affiliate of Caesars. Please refer to the chart below for Skin name, whether the skin is owned by Caesars or a third-party and the applicable commencement dates of each operation. Casino licensee does not report revenues or expenses and therefore there is no impact to the financial statements.

**Boardwalk Regency LLC (Caesars Atlantic City)**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**  
**(All dollar amounts in thousands)**

### **Sports Wagering Skins**

There are no active online Sports Wagering skins operating under Caesars' Sports Wagering License through its internet gaming affiliate, CIENJ. Casino licensee does not report revenues or expenses and therefore there is no impact to the financial statements.

### **Retail Sports Wagering Lounge**

Caesars does not operate the Retail Sports Wagering Book. The Book is operated by William Hill New Jersey, Inc. (WHNJ), an affiliate of CIENJ and Caesars. Casino licensee does not record revenue and expense, however casino licensee does participate in a profit/loss share agreement with William Hill.

## **NOTE 2 – BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Presentation** - The Company's financial statements are prepared in accordance with accounting principles generally accepted in the United States ("GAAP"), which require the use of estimates and assumptions that affect the reported amounts of assets, liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reporting periods. Management believes the accounting estimates are appropriate and reasonably stated; however, due to the inherent uncertainties in making these estimates, actual amounts could differ.

**Principles of Consolidation** - The accompanying consolidated financial statement schedules include the account balances of the Company and its wholly owned subsidiaries. As a result, all material intercompany transactions and balances have been eliminated in consolidation.

**Inventories** - Inventories, which consist primarily of food, beverage, and operating supplies, are stated at the lower of average cost or market value.

**Cash and Cash Equivalents** - Cash equivalents are highly liquid investments with original maturities of three months or less from the date of purchase and are stated at the lower of cost or market value.

**Receivables** - The Company issues credit to approved casino customers following investigations of creditworthiness. Business or economic conditions or other significant events could affect the collectability of these receivables. Accounts receivable are typically non-interest bearing and are initially recorded at cost.

Marker play represents a portion of the Company's overall games volume. The Company maintains strict control over the issuance of markers and aggressively pursues collection from those customers who fail to pay their marker balances timely. These collection efforts include the mailing of statements and delinquency notices, personal contacts, the use of outside collection agencies and civil litigation.

**Boardwalk Regency LLC (Caesars Atlantic City)**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**  
**(All dollar amounts in thousands)**

Markers are generally legally enforceable instruments in the United States. Markers are not legally enforceable instruments in some foreign countries, but the United States' assets of foreign customers may be reached to satisfy judgments entered in the United States. The Company considers the likelihood and difficulty of enforceability, among other factors, when the Company issues credit to customers who are not residents of the United States.

Accounts are written off when management deems the account to be uncollectible. Recoveries of accounts previously written off are recorded when received. The Company reserves an estimated amount for gaming receivables that may not be collected to reduce the Company's receivables to their net carrying amount. Methodologies for estimating the allowance for doubtful accounts range from specific reserves to various percentages applied to aged receivables. Historical collection rates are considered, as are customer relationships, in determining specific reserves. As with many estimates, management must make judgments about potential actions by third parties in establishing and evaluating our reserves for allowance for doubtful accounts.

**Property and Equipment** - Property and equipment are stated at cost, except for assets acquired in our business combinations which were adjusted for fair value under ASC 805. Depreciation is computed using the straight-line method over the estimated useful life of the asset as noted in the table below, or the term of the lease, whichever is less. Costs of major improvements are capitalized, while costs of normal repairs and maintenance are charged to expense as incurred. Gains or losses on the disposal of property and equipment are included in operating income.

The Company evaluates its property and equipment and other long-lived assets for impairment based on its classification as held for sale or to be held and used. Several criteria must be met before an asset is classified as held for sale, including that management with the appropriate authority commits to a plan to sell the asset at a reasonable price in relation to its fair value and is actively seeking a buyer. For assets held for sale, the Company recognizes the asset at the lower of carrying value or fair market value less costs to sell, as estimated based on comparable asset sales, offers received, or a discounted cash flow model. For assets to be held and used, the Company reviews for impairment whenever indicators of impairment exist. The Company then compares the estimated future cash flows of the asset, on an undiscounted basis, to the carrying value of the asset. If the undiscounted cash flows exceed the carrying value, no impairment is indicated. If the undiscounted cash flows do not exceed the carrying value, then an impairment charge may be recorded for any difference between fair value and the carrying value. All recognized impairment losses, whether for assets held for sale or assets to be held and used, are recorded as operating expenses.

Our property and equipment is subject to various operating leases for which we are the lessor. We lease our property and equipment related to our hotel rooms, convention space and retail space through various short-term and long-term operating leases.

**Useful Lives**

Land improvements	12 to 40 years
Buildings and improvements	3 to 40 years
Leasehold improvements	3 to 30 years
Furniture, fixtures, and equipment	3 to 15 years

**Intangible Assets Other Than Goodwill** – Intangible assets other than goodwill represents the customer database. Due to the merger and the acquisition of Wild Wild West Casino, the customer database increased to \$27,700. As of June 30, 2024 and 2023, the gross carrying value is \$27,700 and the accumulated amortization is \$15,829 and \$11,871, respectively.

**Goodwill** – The purchase price of an acquisition is allocated to the underlying assets acquired and liabilities assumed based upon their estimated fair values at the date of acquisition. The Companies determine the estimated fair values after review and consideration of relevant information including discounted cash flows, quoted market prices, and estimates made by management. To the extent the purchase price exceeds the fair value of the net identifiable tangible and intangible assets acquired and liabilities assumed, such excess is recorded as goodwill. Caesars Atlantic City had recorded \$4,285 due to the acquisition of Wild Wild West Casino. The Company identified the estimated fair value below its carrying value and recorded an impairment of \$4,285 in December 31, 2023.

Customer relationships are amortized using the straight-line method over the estimated useful life of the asset. The Companies perform their annual impairment tests as of October 1 of each fiscal year. When indicators are noted, the Companies then compare the estimated undiscounted future cash flows to the carrying value of the asset. If the undiscounted cash flows exceed the carrying value, no impairment is recorded. No impairment charges were recorded for the year ended June 30, 2024.

**Revenue Recognition (*Adoption of New Revenue Recognition Standard*)** - In May 2014, the FASB issued a new standard related to revenue recognition, Accounting Standards Update (“ASU”) 2014-09, Revenue from Contracts with Customers. We adopted the standard effective January 1, 2018, using the full retrospective method, which requires the Company to recast each prior reporting period presented consistent with the new standard.

Caesars Rewards, formerly known as Total Rewards, affects revenue from our four core businesses: casino entertainment, food and beverage, rooms and hotel, and other business operations. Previously, the Company accrued a liability based on the estimated cost of fulfilling the redemption of Reward Credits, after consideration of estimated forfeitures (referred to as “breakage”), based upon the cost of historical redemptions. Upon adoption of the new accounting standard, Reward Credits are no longer recorded at cost, and a deferred revenue model is used to account for the classification and timing of revenue recognized as well as the classification of related expenses when Reward Credits are redeemed. This results in a portion of casino revenues being recorded as deferred revenue as Reward Credits are earned. Revenue is recognized in a future period based on when and for what good or service the Reward Credits are redeemed (e.g., a hotel room).

Additionally, we previously recorded promotional allowances in a separate line item within net revenues. As part of adopting the new standard, promotional allowances are no longer presented separately. Alternatively, revenue is recognized based on relative standalone selling prices for transactions with more than one performance obligation. For example, when a casino customer is given a complimentary room, we are required to allocate a portion of the casino revenues earned from the customer to rooms revenues based on the standalone selling price of the room. As a result of this change, we are reporting substantially lower casino revenues; however, there are no material effect on total net revenues.

**Revenues** – We analyze our revenues based upon the type of services we provide and the geographic location of the related property. We recognize revenue when control over the goods and services we provide has transferred to the customer, which is generally when the services are performed and when we have no substantive performance obligation remaining. Sales and other taxes collected from customers on behalf of governmental authorities are accounted for on a net basis and are not included in net revenues or operating expenses.

*Casino Revenues*

The Company recognizes as casino revenue the net win from gaming activities, which is the difference between gaming wins and losses, not the total amount wagered. Gaming revenues are recognized net of certain cash and free play incentives as well as complimentary.

*Non Gaming Revenues*

Rooms revenue, food and beverage revenue, and entertainment and other revenue include: (i) the actual amounts paid for such services (less any amounts allocated to unperformed performance obligations, such as Reward Credits described below); (ii) the value of Reward Credits redeemed for such services; and (iii) the portion of the transaction price allocated to complimentary goods or services provided in conjunction with other revenue-generating activities. Rooms revenue is generally recognized over the course of the customer’s reservation period. Food and beverage and entertainment and other revenues are recognized when services are performed or events are held. Amounts paid in advance, such as advance deposits on rooms and advance ticket sales, are recorded as a liability until the goods or services are provided to the customer.

*Other Revenue*

Other revenue primarily includes revenue from third-party real estate leasing arrangements at our casino properties. Rental income is recognized ratably over the lease term with contingent rental income being recognized when the right to receive such rental income is

established according to the lease agreements.

**Caesars Rewards Loyalty Program** - Caesars' customer loyalty program, Caesars Rewards, grants Reward Credits to Caesars Rewards Members based on on-property spending, including gaming, hotel, dining, and retail shopping at all Caesars-affiliated properties. Members may redeem Reward Credits for complimentary or discounted goods and services such as rooms, food and beverages, merchandise, entertainment, and travel accommodations. Members are able to accumulate Reward Credits over time that they may redeem at their discretion under the terms of the program. A member's Reward Credit balance is forfeited if the member does not earn a Reward Credit for a continuous six-month period.

Because of the significance of the Caesars Rewards program and the ability for customers to accumulate Reward Credits based on their past play, we have determined that Reward Credits granted in conjunction with other earning activity represent a performance obligation. As a result, for transactions in which Reward Credits are earned, we allocate a portion of the transaction price to the Reward Credits that are earned based upon the relative standalone selling prices ("SSP") of the goods and services involved. When the activity underlying the "earning" of the Reward Credits has a wide range of selling prices and is highly variable, such as in the case of gaming activities, we use the residual approach in this allocation by computing the value of the Reward Credits as described below and allocating the residual amount to the gaming activity. This allocation results in a significant portion of the transaction price being deferred and presented as a Contract Liability on our Corporate Balance Sheets. Any amounts allocated to the Contract Liabilities are recognized as revenue when the Reward Credits are redeemed in accordance with the specific recognition policy of the activity for which the credits are redeemed. This balance is further described below under Contract Liabilities.

Our Caesars Rewards loyalty program includes various tiers that offer different benefits, and members are able to earn credits towards tier status, which generally enables them to receive discounts similar to those provided as complimentary described below. We have determined that any such discounts received as a result of tier status do not represent material rights, and therefore, we do not account for them as distinct performance obligations.

We have determined the SSP of a Reward Credit by computing the redemption value of credits expected to be redeemed. Because Reward Credits are not otherwise independently sold, we analyzed all Reward Credit redemption activity over the preceding calendar year and determined the redemption value based on the fair market value of the goods and services for which the Reward Credits were redeemed. We have applied the practical expedient under the portfolio approach to our Reward Credit transactions because of the similarity of gaming and other transactions and the homogeneity of Reward Credits.

As part of determining the SSP for Reward Credits, we also determined that there is generally an amount of Reward Credits that are not redeemed, which is considered "breakage." We recognize the expected breakage proportionally with the pattern of revenue recognized related to the redemption of Reward Credits. We periodically reassess our customer behaviors and revise our expectations as deemed necessary on a prospective basis.

**Complimentaries** - As part of our normal business operations, we often provide lodging, transportation, food and beverage, entertainment and other goods and services to our customers at no additional charge. Such complimentaries are provided in conjunction with other revenue earning activities and are generally provided to encourage additional customer spending on those activities. Accordingly, we allocate a portion of the transaction price we receive from such customers to the complimentary goods and services. We perform this allocation based on the SSP of the underlying goods and services, which is determined based upon the weighted-average cash sales prices received for similar services at similar points during the year.

**Gaming Tax** — The Company remits weekly to the State of New Jersey a tax equal to 8% of the gross gaming revenue, as defined. Gaming taxes paid to the State of New Jersey for the six months ended June 30, 2024 and 2023, which are included in casino expenses in the accompanying consolidated statements of income, were \$8,275 and \$8,987, respectively. On December 21, 2021, the Governor of State of New Jersey signed into law an amendment to the Casino Control Act to temporarily allow for a one-year credit from March 2022 – February 2023 in the amount of \$1,289 against the 8% Gross Revenue Tax. This credit was taken in 2022 and 2023.

**Advertising Expenses** – Advertising costs are expensed as incurred. Advertising expenses are \$338 and \$272 for the six months ended June 30, 2024 and 2023 respectively. Advertising expenses are included in general, administrative and other expenses in the accompanying statements of income.

**City of Atlantic City Real Property Tax and Interim Payment in Lieu of Taxes (PILOT) Financial Management** – Beginning for calendar year 2017, each casino licensee entered into a 10-year financial agreement with the City of Atlantic City pursuant to the Casino Property Tax Stabilization Act (the "NJ PILOT Law") which provides for quarterly payments in lieu of real estate taxes. The Company is responsible for the payments based on its prorated share (based on an equal weighted formula that includes the gross gaming revenues ("GGR") of the casino, the total number of hotel guest rooms and the geographic footprint of the real property owned by each casino gaming property) and will be subject to lien provisions if the payments are not made. The Company expensed \$4,693 and \$5,714 for the six months ended June 30, 2024 and 2023 respectively. In addition, the AC industry is required to provide \$5,000 from 2019 thru 2023 to a Separate State Fund for Atlantic City fiscal relief. The Company expensed \$170 and \$212 for the six months ending June 30, 2024 and 2023, respectively.

On December 21, 2021, the Governor of New Jersey signed a bill which amended the NJ PILOT Law to exclude internet gaming revenues from the calculation of GGR and additionally set the 2022 PILOT payment at \$110,000. Also, the Separate State Fund Payment was extended through 2026.

A lawsuit was filed by Liberty & Prosperity 1776, Inc. against the State of New Jersey in Superior Court of New Jersey, Atlantic County Law Division challenging the constitutionality of the NJ PILOT Law and the 2021 amendments to the NJ PILOT Law. On August 29, 2022 the Court ruled that the NJ PILOT Law was constitutional but the 2021 amendment to the NJ PILOT Law was unconstitutional; thereby declaring the 2021 amendment null, void and of no effect. On October 14, 2022, in response to the State of New Jersey's motion for a stay of the Court's August 29, 2022 Order, the Court granted a stay for 90 days contingent on the Appellate Division or New Jersey Supreme Court ("Upper Court") making a determination on whether the matter should be heard on an emergent basis, with the State having the right to request an extension if the Upper Court has not yet made such a determination prior to the lapse of the 90 days. On February 3, 2023, a motion to extend the stay an additional 120 days was granted by the Court. Should the Upper Court agree to hear the case on an emergent basis, the stay will remain in place until a final decision on the merits and exhaustion of all appeals. In April 2023 the Superior Court of New Jersey Appellate Division granted the motion for an indefinite stay.

**Seasonal Factors** - The Company's operations are subject to seasonal factors and, therefore, the results of operations of the six months ended June 30, 2024 are not necessarily indicative of the results of operations for the full year.

**Omission of Disclosures** - In accordance with the Financial Reporting guidelines provided by the Division of Gaming Enforcement, the Company has elected not to include certain disclosures, which have not significantly changed since filing the most recent Annual Report. Accordingly, certain Income Tax disclosures have been omitted.

### **NOTE 3 - RELATED PARTY TRANSACTIONS**

The Company participates with CEOC and CEC's other subsidiaries in marketing, purchasing, insurance, employee benefit and other programs that are defined and negotiated by CEOC on a consolidated basis. The company believes that participating in these consolidated programs is beneficial in comparison to the terms for similar programs that it could negotiate on a stand-alone basis. The Company's property, assets and capital stock are pledged as collateral for certain of CEOC's outstanding debts.

**Cash Activity with CEOC and Affiliates** - The Company transfers cash in excess of its operating and regulatory needs to its parent on a daily basis. Cash transfers from its parent to the Company are also made based upon the needs of the Company to fund daily operations, including accounts payable and payroll, as well as capital expenditures. No interest is charged on transfers made to or from the companies.

**Administrative and Other Services** - Pursuant to a shared services agreement, Caesars Enterprise Services (“CES”) provides certain corporate and administrative services provided by corporate personnel. In addition, there are costs allocated to the property for workers compensation, general liability and property insurance. The Company was charged \$10,129 and \$9,804 for these services for the six months ended June 30, 2024 and 2023 respectively. The fee is included in charges from affiliates in the accompanying statements of income.

**Equitization of Intercompany Balances** - During June 2013, the Company elected to equitize certain intercompany balances with its parent and affiliates that were previously classified as a receivable/liability. The offset to this was Additional Paid in Capital and Retained Earnings. This is shown separately on the Statement of Changes in Stockholder’s Equity.

**NOTE 8 –LEASES**

**Lessee Arrangements**

**Operating Leases** - The Company leases both real estate and equipment used in their operations and classifies those leases as operating leases, for accounting purposes. Rent expense is associated with operating leases and is charged to expense in the year incurred. In addition to the minimum rental commitments, certain of our operating leases provide for contingent rentals based on a percentage of revenues in excess of specified amounts.

**VICI Leases**

We lease certain real property assets from VICI under the Regional Lease (as amended, the “Regional Lease”), which include certain real property assets of The Company. The lease agreement, inclusive of all amendments, include (i) a 15-year initial term with four five-year renewal options, (ii) annual fixed rent payments of \$53,599, subject to annual escalation provisions based on the Consumer Price Index (“CPI”) and a 2% floor commencing in lease year two of the initial term and (iii) a variable element based on net revenues of the underlying leased properties, commencing in lease year eight of the initial term.

The lease agreements were evaluated as sale-leasebacks of real estate. We determined that these transactions did not qualify for sale-leaseback accounting, and we have accounted for each of the transactions as a financing.

For these failed sale-leaseback transactions, the Company continues to reflect the real estate assets on the Balance Sheets in Property and equipment, net as if the Company was the legal owner, and continues to recognize depreciation expense over their estimated useful lives. We do not recognize lease expense related to the Lease Agreements, but we have recorded a liability for the failed sale-leaseback obligations and currently, the majority of the periodic lease payments are recognized as interest expense. In the initial periods, the majority of the cash payments are less than the interest expense recognized in the Statements of Operations, which causes the related sale-leaseback liability to increase during the initial periods of the lease term.

**Guarantee for Failed Sale-Leaseback**

Subject to certain exceptions, the payment of all monetary obligations under the VICI Lease is guaranteed by CEI.

**Lessor Arrangements**

**Lodging Arrangements** - Lodging arrangements are considered short-term and generally consist of lease and nonlease components. The lease component is the predominant component of the arrangement and consists of the fees charged for lodging. The nonlease components primarily consist of resort fees and other miscellaneous items. As the timing and pattern of transfer of both the lease and nonlease components are over the course of the lease term, we have elected to combine the revenue generated from lease and nonlease components into a single lease component based on the predominant component in the arrangement. During the six months ended June 30, 2024, we recognized approximately \$27,518 in lease revenue related to lodging arrangements, which is included in Rooms revenue in the Statement of Income.

**Real Estate Operating Leases** - We entered into long-term real estate leasing arrangements with third-party lessees. As of June 30, 2024, the remaining terms of these operating leases ranged from 1 to 3 years, some of which include options to extend the lease term for up to 5 years. In addition to minimum rental commitments, certain of our operating leases provide for contingent payments including contingent rentals based on a percentage of revenues in excess of specified amounts and reimbursements for common area maintenance and utilities charges. As the timing and pattern of transfer of both the lease and nonlease components are over the course of the lease term, we have elected to combine the revenue generated from lease and nonlease components into a single lease component based on the predominant component in the arrangement. In addition, to maintain the value of our leased assets, certain leases include specific maintenance requirements of the lessees or maintenance is performed by the Company on behalf of the lessees.

**NOTE 13 – CASINO REINVESTMENT DEVELOPMENT AUTHORITY INVESTMENT**

**CRDA Investment Obligation** - The New Jersey Casino Control Act provides, among other things, for an assessment of licenses equal to 1.25% of their gross gaming revenues in lieu of an investment alternative tax equal to 2.5% of gross gaming revenues. The Company previously satisfied this investment obligation by investing in qualified eligible direct investments, by making qualified contributions or by depositing funds with the CRDA. Funds deposited with the CRDA were used to purchase bonds designated by the CRDA or, under certain circumstances, used to donate to the CRDA in exchange for credits against future CRDA investment obligations. CRDA bonds have terms up to 50 years and bear interest at below-market rate. Effective May 27, 2016 the CRDA investment obligation of 1.25% of gross gaming revenues was redirected to the City of Atlantic City to be used for debt service. The CRDA investment obligation will be reduced by previously contractually obligated Credit Agreements committed by the Authority.

**Boardwalk Regency LLC (Caesars Atlantic City)**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**  
**(All dollar amounts in thousands)**

The Company records charges to operations to reflect the estimated net realizable value of its CRDA investment. Charges to operations were (\$19) and (\$96) for the six months ended June 30, 2024 and 2023, respectively, and is included in CRDA Income (Expense), in the consolidated statements of income.

The funds on deposits are held in an interest-bearing account by the CRDA. Initial obligation deposits are marked down by approximately 33% to represent their fair value and eventual expected conversion into bonds by the CRDA. Once CRDA Bonds are issued, we have concluded that the bonds are held-to-maturity since the Company has the ability and the intent to hold these bonds to maturity and, under the CRDA; they are not permitted to do otherwise. As such, the CRDA Bonds are measured at amortized cost. As there is no market for the CRDA Bonds, its fair value could only be determined based on unobservable inputs. Such inputs are limited to the historical carrying value of the CRDA Bonds that are reduced, consistent with industry practice, by 1/3 of their face value at the time of issuance to represent fair value. The Company accretes such discount over the remaining life of the bonds. Accretion for the six months ended June 30, 2024 and 2023 was (\$19) and (\$96), respectively, and is included in CRDA Expense in the consolidated statements of operations.

After the initial determination of fair value, the Company will analyze the recoverability of the CRDA Bonds on an annual basis and its effect on reported amount based upon the ability and likelihood of bonds to be repaid. When considering recoverability of the CRDA Bonds, the Company considers the relative credit-worthiness of each bondholder, historical collection experience and other information received from the CRDA. If indications exist that the amount expected to be recovered is less than its carrying value, the asset will be written down to its expected realizable amount. As a result of this analysis, the Company wrote off \$18 for the six months ended June 30, 2024.

**NOTE 14 – COMMITMENTS AND CONTINGENCIES**

**Litigation** – The Company is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of management, these matters will not have a material effect on the Company's financial position or results of operations.

**NOTE 15 – SUBSEQUENT EVENTS**

The Company completed our subsequent events review and noted no items requiring disclosure.
