NOTE 1 – ORGANIZATION AND NATURE OF BUSINESS

Organization

Boardwalk 1000, LLC (the “Company”), a New Jersey limited liability company, is a wholly owned subsidiary of Hard Rock Tristate AC, LLC (“Tristate”). The Company was formed on February 24, 2017. The Company owns and operates the Hard Rock Hotel & Casino Atlantic City (the “Hard Rock Hotel & Casino”) in Atlantic City, New Jersey. The Company’s Operating Agreement was entered into by the Company and Tristate and became effective on February 24, 2017. The Operating Agreement was amended and restated effective November 10, 2017. The Company’s wholly-owned subsidiary, Boardwalk Air I, LLC, a Delaware limited liability company, was formed on August 16, 2023.

Under the Amended and Restated Operating Agreement, the business and affairs of the Company are member-managed. Tristate is the sole member and has exclusive and complete authority and discretion to manage the operations and affairs of the Company. The Company shall not conduct any other business, except as permitted under the Amended and Restated Operating Agreement.

Nature of Business

The Hard Rock Hotel & Casino features: two hotel towers with a total of 1,973 rooms combined, including high end suites; 2,419 slot machines; 131 table games; a sportsbook; a variety of fine dining and casual restaurants; a 5,500-seat arena; a spa; a gas station, including a convenience store and car wash; and other amenities.

The Company is authorized by the New Jersey Division of Gaming Enforcement (“DGE”) to offer 24-hour internet gaming, including a variety of slot game options and sports betting (“online gaming”). See Note 3.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES AND BASIS OF PRESENTATION

Basis of Presentation

The accompanying consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“US GAAP”).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Company’s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from these estimates.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiary, Boardwalk Air I, LLC. All intercompany transactions have been eliminated in consolidation.

Cash and Cash Equivalents

Cash equivalents are highly liquid investments with original maturities of three months or less from the date of purchase and are stated at the lower of cost or market value. The Company’s policy is to place investments with financial institutions evaluated as being creditworthy, or in short-term money market funds that are exposed to minimal interest rate and credit risk. As of March 31, 2024, the Company maintained balances in certain of its deposit accounts in excess of federally insured limits. The Company does not expect to incur any losses resulting from cash held in financial institutions in excess of insured limits. The Company manages this risk through predominantly holding its cash with a large, financially stable, global bank.

BOARDWALK 1000, LLC AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)
(Unaudited)
(In thousands)

Cash and cash equivalents consist of the following:

	March 31,	
	2024	2023
Unrestricted cash	\$ 68,544	\$ 87,222
Restricted cash	24,629	18,088
	<u>\$ 93,173</u>	<u>\$ 105,310</u>

Restricted cash at March 31, 2024 was \$24,629, which included \$18,217 of restricted cash related to the balances of patrons' internet gaming accounts, \$4,004 related to cash collateral for letters of credit related to the Company's workers compensation insurance, and \$2,408 of cash related to third party internet gaming operations. Restricted cash at March 31, 2023 was \$18,088, which included \$12,699 of restricted cash related to the balances of patrons' internet gaming accounts, \$3,842 related to cash collateral for letters of credit related to the Company's workers compensation insurance, and \$1,547 of cash related to third party internet gaming operations. Pursuant to New Jersey Administrative Code 13:69O1.3(j), the Company maintains separate New Jersey bank accounts to primarily ensure the security of funds held in patrons' internet gaming accounts. Restricted cash balances are deposited with a large, financially stable, global bank.

Accounts Receivable, Net, and Credit Risk

Accounts receivable, net consist primarily of casino, hotel and other receivables, net of an estimated loss reserve. Casino receivables are the primary financial instruments that could potentially subject the Company to concentrations of credit risk. Credit is issued by the Company to the customer (as credit markers) in exchange for gaming chips at the casino as permitted by DGE regulations. The Company issues credit to approved casino customers following background checks and investigations of creditworthiness. At March 31, 2024 and 2023, approximately 71% and 69% of the Company's gross accounts receivable related to casino receivables for each period, respectively.

Accounts receivable are typically noninterest bearing and are initially recorded at cost. Accounts are written off when management deems the account to be uncollectible. An estimated loss reserve is maintained to reduce the Company's receivables to their expected realization. The loss reserve is estimated based on specific review of customer accounts, as well as historical collection experience and current economic and business conditions. Recoveries of accounts previously written off are recorded when received. Management believes that as of March 31, 2024, no significant concentrations of credit risk existed for which a loss reserve had not already been recorded.

Activity for the estimated loss reserve is as follows:

	March 31,	
	2024	2023
Balance at beginning of period	\$ 17,259	\$ 14,471
Provision for credit losses	1,276	581
Write-offs	(299)	(122)
Balance at end of period	<u>\$ 18,236</u>	<u>\$ 14,930</u>

Inventories

Inventories consist primarily of food and beverage and retail items and are stated at the lower of cost or net realizable value. Cost is determined using the average cost method. Provisions are made, as necessary, to reduce excess or obsolete inventories to their net realizable value.

Property and Equipment

Property and equipment are stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets or, for leasehold improvements, over the shorter of the asset's useful life or term of the lease.

BOARDWALK 1000, LLC AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)
(Unaudited)
(In thousands)

The estimated useful lives of the Company's major components of property and equipment are:

Building and improvements	10 through 30 years
Furniture and equipment	3 through 10 years

Costs of major improvements are capitalized, while costs of normal repairs and maintenance are charged to expense as incurred.

The Company evaluates the carrying value of long-lived assets whenever events or changes in circumstances indicate that the carrying value of such assets may not be recoverable. For an asset that is to be disposed of, the Company recognizes the asset at the lower of carrying value or fair market value, less costs of disposal, as estimated based on comparable asset sales, solicited offers, or a discounted cash flow model. For a long-lived asset to be held and used, the Company reviews the asset for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. The estimated undiscounted future cash flows of the asset are then compared to the carrying value of the asset. The asset is not impaired if the undiscounted future cash flows exceed its carrying value. If the carrying value exceeds the undiscounted future cash flows, then an impairment charge is recorded, typically measured using a discounted cash flow model, which is based on the estimated future results of the relevant reporting unit discounted using the Company's weighted-average cost of capital and market indicators of terminal year free cash flow multiples. If an asset is under development, future cash flows include remaining construction costs. There were no impairment losses recognized in the consolidated statements of income during the three months ended March 31, 2024 and 2023.

Revenue Recognition

The Company's revenue from contracts with customers consists of casino wagers, hotel room sales, food and beverage transactions, entertainment shows, and retail transactions.

The transaction price for a casino wager is the difference between gaming wins and losses ("net win"). In certain circumstances, the Company offers discounts on markers, which are estimated based upon industry practice, and recorded as a reduction of casino revenue. The Company accounts for casino revenue on a portfolio basis given the similar characteristics of wagers by recognizing net win per gaming day versus on an individual wager basis.

For casino wager contracts that include complimentary goods and services provided by the Company to gaming patrons on a discretionary basis to incentivize gaming, the Company allocates revenue to the good or service delivered based upon stand-alone selling price ("SSP"). Discretionary complimentary items provided by the Company and supplied by third parties are recognized as an operating expense. The Company accounts for complimentary items on a portfolio basis given the similar characteristics of the incentives by recognizing redemption per gaming day.

For casino wager contracts that include incentives earned by customers under the Company's loyalty program, the Company allocates a portion of net win based upon the SSP of such incentive (less estimated breakage). This allocation is deferred and recognized as revenue when the customer redeems the incentive. When redeemed, revenue is recognized in the department that provides the goods or services. Redemption of loyalty incentives at third party outlets are deducted from the loyalty liability and amounts owed are paid to the third party, with any discount received recorded as other revenue. After allocating revenue to other goods and services provided as part of casino wager contracts, the Company records the residual amount to casino revenue.

The transaction price of hotel rooms, food and beverage, and retail contracts is the net amount collected from the customer for such goods and services. The transaction price for such contracts is recorded as revenue as the good or service is transferred to the customer over their stay at the hotel or when the delivery is made for the food and beverage or retail product.

Sales- and usage-based taxes are excluded from revenues. For some arrangements, the Company acts as an agent in that it arranges for another party to transfer goods and services, which primarily include certain of the Company's entertainment shows as well as customer rooms arranged by online travel agents.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)
(Unaudited)

Contract and Contract-Related Liabilities

There may be a difference between the timing of cash receipts from the customer and the recognition of revenue, resulting in a contract or contract-related liability. The Company generally has three types of liabilities related to contracts with customers: (1) outstanding chip liability; which represents the amounts owed in exchange for gaming chips held by a customer, (2) loyalty program obligations, which represents the deferred allocation of revenue relating to loyalty program incentives earned, as discussed above; and (3) customer advances and other. Customer advances and other consist primarily of funds deposited by customers before gaming play occurs (“casino front money”) and advance payments on goods and services yet to be provided, such as advance ticket sales and deposits on rooms and convention space, or for unpaid wagers. These liabilities are generally expected to be recognized as revenue within one year of being purchased, earned, or deposited and are recorded within accrued expenses and other current liabilities on the Company’s consolidated balance sheets.

Deferred Revenue

Deferred revenue includes up-front advance payments related to agreements with online gaming providers. These payments are recorded as deferred revenue within other current liabilities and other liabilities and are recognized as other revenue when earned, which is expected to be on a straight-line basis over the terms of the related agreements.

Gaming Taxes

The Company is subject to an annual tax assessment based on 8% of its land-based gross gaming revenues and 15% of its online gross gaming revenues. In addition, online and land-based sports betting revenues are subject to a 13% and 8.5% tax rate, respectively. These gaming taxes, other than those reimbursed by the Company’s third-party branded online gaming website operators and retail sports wagering lounge operator, are recorded as a casino expense in the consolidated statements of income. The Company recorded gaming tax expense of \$8,357 and \$7,246 during the three months ended March 31, 2024 and 2023, respectively.

Casino Reinvestment Development Authority (“CRDA”) Obligations

Pursuant to the New Jersey Casino Control Act (“Casino Control Act”), as a casino licensee, the Company is assessed at an amount equal to 1.25% of its land-based gross gaming revenues. This assessment is made in lieu of an Investment Alternative Tax (“IAT”) equal to 2.5% of land-based gross gaming revenues. The Casino Control Act also provides for an assessment equal to 2.5% of the Company’s online gross gaming revenues, which is made in lieu of an IAT equal to 5% of online gross gaming revenues. The Company is required to make quarterly payments to the CRDA to satisfy its investment obligations. The Company is reimbursed by its third-party branded online gaming website operators and retail sports wagering lounge operator for the portion of the IATs related to online gaming and the retail sports lounge. Pursuant to a provision contained within legislation enacted to address Atlantic City’s fiscal matters commonly referred to as the payment in lieu of taxes (PILOT) law, these funds are to be used for the purposes of paying debt service on bonds issued by the City of Atlantic City prior to and after the date of the PILOT law. These provisions expire as of December 31, 2026. The Company recorded IAT expense of \$1,295 and \$1,092 during the three months ended March 31, 2024 and 2023, respectively.

Loss Contingencies

There are times when nonrecurring events may occur that require management to consider whether an accrual for a loss contingency is appropriate. Accruals for loss contingencies typically relate to certain legal proceedings, customer and other claims, and litigation. The Company determines whether an accrual for a loss contingency is appropriate by assessing whether a loss is deemed probable and can be reasonably estimated. The Company analyzes its legal proceedings and other claims based on available information to assess potential liability. The Company develops its views on estimated losses in consultation with outside counsel handling its defense in these matters, which involves an analysis of potential results assuming a combination of litigation and settlement strategies. See Note 12.

Income Taxes

The Company is a disregarded entity for federal and state income tax purposes. The accompanying consolidated financial statements do not include a provision for income tax since any income or loss is included in the financial results of the Company’s sole member, Tristate.

Advertising Expense

NOTE 12 - COMMITMENTS AND CONTINGENCIES

New Jersey PILOT Law

On May 27, 2016, New Jersey enacted the Casino Property Tax Stabilization Act (the "PILOT Law") which: (i) exempted Atlantic City casino gaming properties from ad valorem property taxation in exchange for an agreement to make annual payment in lieu of tax payments ("PILOT Payments") to the City of Atlantic City, (ii) made certain changes to the New Jersey Tourism District Law and (iii) redirected certain IAT payments to assist in the stabilization of the City of Atlantic City's finances. Under the PILOT Law, commencing in 2017 and for a period of ten (10) years, each Atlantic City casino gaming property (as defined in the PILOT Law) is required to pay its pro rated share of an aggregate amount of PILOT Payments based on an equal weighted formula that includes the following criteria: the gross gaming revenues ("GGR") of the casino, the total number of hotel guest rooms and the geographic footprint of the real property owned by each casino gaming property. Commencing in 2018 and for each year thereafter, the aggregate amount of PILOT Payments owed will be determined based on a sliding scale of Atlantic City casino industry GGR from the applicable prior year, subject to certain adjustments. The aggregate amount of PILOT Payments owed to the City of Atlantic City by Atlantic City casino gaming properties for calendar years 2024 and 2023 is \$114.4 million and \$112.2 million, respectively. The Company recognized \$3,226 and \$2,852 of expense during the three months ended March 31, 2024 and 2023, respectively, representing its proportionate share of the 2024 and 2023 PILOT Payments.

On December 21, 2021, the PILOT Law was amended (the "Amendment"). The Amendment made a number of changes to the calculation and distribution of PILOT Payments owed by casino properties for calendar years 2022 through 2026.

Two lawsuits were filed challenging the legality of the Amendment in New Jersey Superior Court, Atlantic County, Law Division (the "Court").

In the first lawsuit, Atlantic County and several municipalities (the "County") filed a lawsuit against the State of New Jersey alleging that the Amendment violated a consent order between the parties dated June 18, 2018. On February

BOARDWALK 1000, LLC AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)
(Unaudited)
(In thousands)

25, 2022, the Court awarded the County certain monetary damages. The State is appealing the award. This decision had no impact on the Company.

In the second lawsuit, a group of taxpayers challenged the original PILOT Law and the Amendment as an unconstitutional exercise of legislative power. On August 29, 2022, the Court upheld the original PILOT Law, but found the Amendment unconstitutional (the “August 2022 Order”). The State of New Jersey filed a Motion for a Stay of the Court’s August 2022 Order and on October 14, 2022, the Court granted such relief for a period of ninety days. The State of New Jersey has appealed the August 2022 Order.

The Company continues to monitor the status of the PILOT Law and the Amendment. If the State of New Jersey is unsuccessful in its appeal of the August 2022 Order, the Atlantic City casino industry will be adversely impacted.

Settlement Agreement

On January 17, 2020, the Company entered into a Settlement Agreement with two of its tenants (the “Tenants”) to terminate the lease agreements between the Company and each of the Tenants and to settle all pending disputes between the parties. The first installment of \$1,000 was paid on March 17, 2020, in accordance with the terms of the Settlement Agreement. The second through fifth \$1,000 installments were each paid in accordance with the Settlement Agreement. The remaining eight payments are due annually on January 1, 2025, through and including January 1, 2032. The present value of the Settlement Amount was estimated to be \$8,400 and was recorded during the year ended December 31, 2019. The remaining balance of the Settlement Amount as of March 31, 2024, is included within other current liabilities and other liabilities in the consolidated balance sheets.
