

13:69I-1.4 Classification of authorized locations

(a) (No change.)

(b) The activities permitted in each type of authorized location, subject to applicable laws, rules, and regulations, are as follows:

1. In a Type I location, a CHAB licensee shall be entitled to sell any alcoholic beverage by the glass or other open receptacle including, but not limited to, an original container, for on-premises consumption within a **casino hotel**, casino or casino simulcasting facility.

2. In a Type II location, a CHAB licensee shall be entitled to sell any alcoholic beverage by the glass or other open receptacle for on-premise[s] consumption [within a casino hotel but not in a casino or casino simulcasting facility, or from fixed locations outside a casino hotel, but on a casino hotel premises]. Examples of Type II locations include, without limitation, showrooms, cabarets, restaurants, meeting rooms, pubs and lounges. **An alcoholic beverage obtained from a Type II location may be consumed anywhere within the casino or within the casino hotel provided that:**

- i. **A patron is permitted to leave the premises with only one alcoholic beverage;**
- ii. **Prior to leaving the CHAB licensed premises of a Type II location the alcoholic beverage must be placed in a container which contains a logo or other markings unique to that location which signifies that it contains an alcoholic beverage;**
- iii. **A sample of the container in (b) 2. ii. above has been submitted to the Division five business days prior to initial use of the design;**
- iv. **A non-casino Type II location has written authorization to permit the consumption of the alcohol outside their location from the holder of the casino license; and**
- v. **The Type II location has internal controls for off premises consumption on file with the Division which shall contain at a minimum:**
 - a. **Procedures for verifying the age of the patron; and**
 - b. **Verifying the patron is not visibly intoxicated.**

3. - 5. (No change.)

(c) – (d) (No change.)
