Notice of Availability of Funds

Safe and Secure Communities Grant Program

Take notice that, in compliance with N.J.S.A. 52:14-34.4, the Office of the Attorney General (OAG) announces the availability of continuation funding for the following grant program:

a. Name of program:

2023 State Fiscal Year (SFY) Safe and Secure Communities Grant Program (Safe & Secure Grant Program).

b. Purpose:

The Safe & Secure Grant Program is designed to provide eligible municipalities with state funding to support the salary of law enforcement personnel to address crime in a community-oriented manner. N.J.S.A. 52:17B-159 et seq. The Department of Law and Public Safety, through OAG, administers the Safe & Secure Grant Program. N.J.A.C. 13:79-3.1 et seq.

c. Amount of money in the fund:

Funding for the Safe and Secure grant program is derived from fines imposed upon

criminal convictions. Approximately \$4,008,515 is available for distribution in the SFY 2023 funding cycle.

d. Organizations which may apply for funding under this program:

Statutory threshold to participate in the Safe & Secure Grant Program is limited to municipalities that have a police department or force wherein the number of violent and nonviolent crimes per police officer exceeded 70 percent of the Statewide average of municipalities with a municipal police department or force, as reported in the 1991 Uniform Crime Report published by the Division of State Police. N.J.S.A. 52:17B-161.

Further, these municipalities must have applied for, and received, an initial Safe & Secure personnel award letter within the first two program years following August 2, 1993, even if the municipality did not immediately accept its initial grant award. N.J.A.C. 13:79-1.3.

e. Qualifications needed by an applicant to be considered for funding:

The Safe & Secure Grant Program requires a municipality to increase the number of law enforcement personnel through the use of grant funds, and then maintain that total number of law enforcement personnel – also known as a complement. A municipality may not participate in the Safe & Secure Grant Program if it reduces the total number of law enforcement personnel below its baseline regular complement (before those added with grant funds).

1. Eligible municipalities must pay all fringe benefit costs associated with the personnel hired, as well as all costs in excess of the grant award.

2. As a condition of the grant, a municipality agrees that it will not reduce its baseline regular complement of police officers and other law enforcement personnel (as of December 31, 1993 or as reported in the 1993 UCR).

3. A reduction in the complement of officers below a department's full complement (those added with grant funds) will result in a proportionate reduction or total loss of the grant award.

A failure of the Department to make any payment under a grant agreement or to observe and perform any condition on its part to be performed under a grant agreement as a result of the failure of the State or Federal Legislature to appropriate funds shall not in any manner constitute a breach of a grant agreement by the

Department or an event of default under a grant agreement and the Department shall not be held liable for any breach of a grant agreement because of the absence of available funding appropriations. In addition, future funding may not be anticipated from the Department beyond the duration of the award period set forth in a grant agreement and in no event shall a grant agreement be construed as a commitment by the Department to expend funds beyond the termination date set in a grant agreement.
