

Project Narrative

The program narrative must specifically describe the manner in which Coverdell grant funds will be used to carry out the State plan to improve the quality and/or timeliness of forensic science or medical examiner/coroner's office services cover current operations. (Reduction of forensic analysis backlogs is considered an improvement in timeliness of services.) If grant funds are requested for projects to address the challenges to the State's forensic science laboratories posed by the opioid abuse crisis, the program narrative should describe the challenges posed and how the requested funds would help to address them.

Include Agency Background and Mission; Problem Statement/Needs Assessment; Goals, Objectives and Activities; Partnership/Collaboration/Coordination of Services; Project Management and Staff; Program Evaluation. If agency received prior funding under the Paul Coverdell Subaward Program, please describe activities completed. Use as many pages as necessary to describe your proposal in detail.
