Notice of Availability and Award of Funds

Federal Fiscal Year (FFY) 2021 Victims of Crime Act Grant Program

Take notice that in compliance with the Federal Victims of Crime Act (VOCA) of 1984, 34 U.S.C. §§ 20101, et seq., the Department of Law and Public Safety (Department) announces the availability and award of the following non-competitive subawards funded by FFY21 VOCA program funds:

Non- Competitive Victim Assistance Grants **\$8,508,469**

Under this program, \$8,508,469 in continuation grant funding may be offered and awarded to the to the following non-profit victim services agencies. Continuation funding will be limited to those subrecipients who were funded under the FY21 VOCA VAG Competitive Program, and who have met the goals and objectives of the program, successfully expended federal funds, met all reporting requirements in a timely manner, and any other factors that DLPS may take into consideration.

Funding is provided for services to all victims of crime, is on a reimbursement basis only, and is contingent upon subrecipient application submission, compliance with grant conditions, and satisfactory performance of services. The funding is for a 12-month period from September 1, 2024 through August 31, 2025. Applicants may only apply for up to the maximum federal funding amount listed below. Grant period extensions will not be permitted.

A 20 percent match, cash or in-kind, is required by all applicants. For example, a \$137,500 award requires a \$34,375 match for a total project cost of \$171,875.

If you are unable to fulfill the match requirement, the Federal Office for Victims of Crime (OVC) may grant a full or partial waiver on a case-by-case basis. To be considered, submit a match waiver request justification letter as part of your application package (refer to Program Guidelines); your inability to meet the full match amount will not negatively impact the strength of your overall application.

The Office of the Attorney General reserves the right to decline any and all applications for funding and to award grants in amounts that may be other than requested. The Federal Funding Accountability and Transparency Act (FFATA) of 2006 requires agencies to register with the System for Award Management (SAM), formerly the Central Contractor Registration (CCR), to receive a Unique Entity ID (UEI), for all entities applying for a federal award or subaward. The details of subrecipient or recipient obligations regarding “System for Award Management and Universal Identifier Requirements” are posted on the Office of Justice Programs web site at <http://www.ojp.gov/funding/explore/sam>, and are incorporated by reference here.

Applicants without a current UEI will be considered ineligible. Successful applicants will be required to complete a FFATA form upon award.

Award notification will be made on or about September 6, 2024.

Please note that funding allocations and individual subaward amounts are subject to change. Subrecipients shall recognize and agree that both the initial provision of funding and the continuation of such funding under a grant agreement is expressly dependent upon the availability to the Department of funds appropriated by the State or Federal legislature from State and/or Federal revenue or such other funding sources as may be applicable. A failure of the Department to make any payment under a grant agreement or to observe and perform any

condition on its part to be performed under a grant agreement as a result of the failure of the State or Federal legislature to appropriate funds shall not in any manner constitute a breach of a grant agreement by the Department or an event of default under a grant agreement because of the absence of available funding appropriations. In addition, future funding shall not be anticipated from the Department beyond the duration of the award period set forth in a grant agreement and in no event shall a grant agreement be construed as a commitment by the Department to expend funds beyond the termination date set forth in a grant agreement.
