DETECTIVE MATTHEW L. TARENTINO COMMUNITY POLICING GRANT

OVERVIEW

Community policing fosters relationships of collaboration, trust, and understanding between law enforcement agencies and their communities. Law enforcement agencies acting alone can rarely solve the difficult public safety problems facing their communities in today’s world. Only with meaningful public support and engagement can law enforcement agencies begin to confront these complex issues and effectively protect and serve their communities.

To aid police departments who wish to enhance and improve relationships with their communities through community policing, the New Jersey Office of the Attorney General is offering this grant program to fund multiple community policing projects across the State that will promote positive interactions between police and the people they serve.

This grant program is offered in honor of Detective Matthew L. Tarentino of the Summit Police Department. Detective Tarentino was a loved and respected member of his community and a role model for all. He was passionate about the Summit Police Department’s robust community outreach programs, particularly its D.A.R.E. program. As a testament to his immeasurable efforts and dedication, the Summit Police Department was a 2017 recipient of the Attorney General’s Outstanding Community Policing Award. To commemorate Detective Tarentino’s badge number, #121, the Attorney General is making $121,000 in State forfeiture funds available to support this grant program.

Another approach features an agency’s “ride along program” for clergy patrol members who join police officers in newly painted police cruisers to visit local business owners and residents at their homes, schools and hospitals. Additional community outreach programs include movie nights with police, pop-up barbecues, ice cream with a cop, pizza with a cop, coffee with a cop, shop with a cop, basketball with teens, and a swim meet for charity.

Educational programs feature anti-bullying, gang awareness, internet safety, senior fraud, distracted driving, substance abuse prevention, suicide prevention, pedestrian and bicycle safety, and a mock police academy. Leadership programs include demonstrations about how students can learn to de-escalate crisis situations, and participation in hands-on police programs including ride-alongs for age 18 plus, and citizen police academies.
