Gloucester County Police Academy
1400 Tanyard Road
Sewell, NJ 08080

May 24, 2019
Ocean County Police Academy
659 Ocean Ave
Lakewood, NJ 08701

Hosted by Rutgers' CAIT, this free half-day course provides refresher training for law enforcement officers familiar with the NJTR-1 crash form.

Successful, proactive road safety improvement plans depend on the accuracy of data collected at crash scenes. Each year, the New Jersey Department of Transportation (NJDOT) collects approximately 300,000 crash reports from law enforcement agencies that can be uploaded into crash analysis systems like Crash Analysis Tool. However, many of these reports are submitted with incomplete or incorrect information, which can negatively impact the effectiveness of data-driven crash reduction efforts.

The course reviews common NJTR-1 errors for both passenger and commercial motor vehicle crashes and offers methods to improve the quality of data that safety colleagues rely on. Crash Analysis Tool software functions and the process of moving data from crash report to computer also will be discussed. All changes to the updated NJTR-1 will be addressed.

registration
