Pursuant to the authority granted to Christopher W. Gerold, Chief of the New Jersey Bureau of Securities ("Bureau Chief"), under the Uniform Securities Law (1997), N.J.S.A. 49:3-47 to -89 ("Securities Law") and certain regulations thereunder, and based upon documents and information obtained during the investigation by the New Jersey Bureau of Securities ("Bureau"), the Bureau Chief hereby finds that there is good cause and it is in the public interest to enter this Summary Cease and Desist Order ("Order") against BlockFi, Inc., BlockFi Lending, LLC, and BlockFi Trading, LLC.

The Bureau Chief makes the following findings of fact and conclusions of law:

**FINDINGS OF FACT**

1. BlockFi, Inc. ("BFI") is a financial services company that generates revenue through cryptocurrency trading, lending, and borrowing, as well as engaging in propriety trading. Since March 4, 2019, BFI, through its affiliates BlockFi Lending, LLC ("BlockFi") and BlockFi Trading, LLC ("Trading") has been, at least in part, funding its lending operations and proprietary trading through the sale of unregistered securities in the form of cryptocurrency interest-earning products.
accounts. BlockFi refers to these unregistered securities as its “Crypto Interest Account” or the “BlockFi Interest Account” (the “BIAs”).

2. BlockFi allows investors to purchase the BIAs by depositing certain eligible cryptocurrencies into accounts at BlockFi. BlockFi then pools these cryptocurrencies together to fund its lending operations and proprietary trading. In exchange for investing in the BIAs, investors are promised an attractive interest rate that is paid monthly in cryptocurrency. The BIAs are not protected by Securities Investor Protection Corporation (the “SIPC”) or insured by the Federal Deposit Insurance Corporation (the “FDIC”). The BIAs are subject to additional risk, compared to assets held at SIPC member broker-dealers, or assets held at banks and savings associations, almost all of which carry FDIC insurance. Nor are they registered with the Bureau or any other securities regulatory authority, or exempt from registration. Despite the additional risk, and lack of safeguards and regulatory oversight, as of March 31, 2021, BlockFi held the equivalent of $14.7 billion from the sale of these unregistered securities in violation of the Securities Law.

3. The Bureau Chief enters this Order to protect the investing public by halting the offer and sale of these unregistered securities. Nothing in this order shall preclude BlockFi, Trading, or BFI from paying interest on the existing BIAs or refunding principal to the BIA Investors consistent with the BIA Terms and BlockFi Terms and Conditions.

A. The Respondents

4. BFI is a Delaware corporation, incorporated on August 1, 2017, with offices at 201 Montgomery Street, Suite 263, Jersey City, New Jersey. On March 12, 2019, BFI filed as a foreign corporation with the State of New Jersey, Division of Revenue and Enterprise Services. BlockFi and Trading are wholly-owned subsidiaries of BFI.
5. BlockFi is a Delaware limited liability company formed on January 11, 2018, with offices at 201 Montgomery Street, Suite 263, Jersey City, New Jersey. On December 9, 2019, BlockFi filed as a foreign limited liability company with the State of New Jersey, Division of Revenue and Enterprise Services.

6. Trading is a Delaware limited liability company formed on May 28, 2019, with offices at 201 Montgomery Street, Suite 263, Jersey City, New Jersey. On May 29, 2019, Trading filed as a foreign limited liability company with the State of New Jersey, Division of Revenue and Enterprise Services.

7. BFI conducts its business on the internet, through a website accessible to the general public at https://www.blockfi.com/ (the “BFI Website”), which is also accessible through BFI’s own proprietary app via smartphone.

8. None of BFI, BlockFi or Trading is presently registered, nor have any of them ever been registered in any capacity with the Bureau.

B. The BlockFi BIA Securities

a. BlockFi BIAs

9. BlockFi offers and sells BIAs through individual and business accounts. Investors in these accounts (“BIA Investors”) deposit certain popular cryptocurrencies with BlockFi to purportedly earn “up to 7.5 APY.” The purported interest rates advertised by BlockFi are well in excess of the rates currently being offered by short-term investment grade fixed income securities or on bank savings accounts.

10. BlockFi offers the BIAs to anyone over the age of eighteen, except for residents of New York and certain foreign jurisdictions.

11. When an investor signs up with BlockFi, they check a box in which they certify that they (i) are 18 years or older and (ii) have read and accepted the “Terms & Conditions”,
“Interest Account Terms,” and “Privacy Policy,” which are available via hyperlinks. Links to these documents also appear in small font type at the bottom of each BFI Website page.

12. The BIA Interest Account Terms (“BIA Terms”) state that BlockFi does not require a minimum amount of cryptocurrency for deposit in a BIA, but reserves the right to institute a minimum deposit amount in the future.

13. BlockFi only accepts certain types of cryptocurrencies for deposit in a BIA. According to the BFI Website, BIAs can be opened by depositing eligible cryptocurrency with BlockFi’s affiliate, Trading, who then transfers the deposited cryptocurrency to BlockFi, or by sending a wire transfer to Trading to purchase eligible cryptocurrency, which Trading then immediately transfers to BlockFi.

14. According to the BFI Website, BlockFi uses Gemini Trust Company, LLC, a New York trust company; BitGo, an institutional digital asset custodian, as its primary digital asset custodians for the BIAs.

15. According to the BlockFi Interest Account Agreement for business accounts, corporate BIA Investors are offered a fixed interest rate on a certain minimum amount of digital currency deposits and then for any cryptocurrency deposited in the BIA in excess of the minimum amount, interest accrues at the interest rate “announced” by BlockFi pursuant to the BIA Terms. Despite the BIA Terms indicating that BlockFi does not require a minimum amount of cryptocurrency for deposit in the BIA, the BlockFi Interest Account Agreement for corporate accounts requires a certain minimum amount of digital currency deposits to be maintained in the account at all times until a stated maturity date.
16. BIA Investors with individual accounts earn a variable interest rate on their investment and may withdraw their digital assets at any time, subject to a maximum seven-day processing time specified by BlockFi.

17. The variable interest rates for the individual account BlockFi BIA Investors are posted on the BFI Website. How interest is calculated and credited to BIAs is illustrated on the BFI Website and specified in the BIA Terms:
18. BlockFi states that the interest rates payable by BlockFi on BIAs are subject to change in BlockFi’s sole discretion and may change monthly. BlockFi’s current policy is to notify
BIA Investors of interest rate changes before they are implemented. BlockFi notes that changes are typically effective the first business day of the month.

19. BIA interest rates for deposits of certain cryptocurrencies are “tiered” depending upon the nature and amount of the cryptocurrency invested as explained on the BFI Website:

As you may know, the interest we are able to pay is based on the yield we’re able to generate. For all assets we currently have a tiered Interest Structure.

As an example, here’s how it would work across a few different scenarios:

- If you hold 1 BTC: 0.25 BTC would earn 4% APY, and the remaining 0.75 BTC would earn 1.5% APY.
- If you hold 25 BTC: 0.25 BTC would earn 4% APY, 4.75 BTC would earn 1.5% APY, and the remaining 20 BTC would earn 0.25% APY.
- If you hold 100 ETH: 5 ETH would earn 4% APY, 45 ETH would earn 1.5%, and the remaining 50 ETH would earn 0.25% APY.

20. BlockFi advertises that interest on the BIAs is paid to investors in cryptocurrency, is calculated on the daily balance method, and is credited to the BIA Investors’ accounts monthly.

21. The BFI Website advertises that the BIA “provides market-leading yields to crypto investors” and currently advertises an annual return of up to 7.5% on certain digital assets deposited in a BIA:
22. The BFI Website contains a page with a detailed presentation of the cryptocurrencies it accepts for investment into the BIA's and the corresponding interest rates offered for each type of cryptocurrency deposit:

23. The BFI Website advertises the BIA's as part of a long-term investment strategy for investors, claiming that a BIA “provides clients with the ability to earn more crypto while holding for long-term investments. Interest is paid monthly and compounds. This significantly increases the potential earnings of long-term account holders.”

24. The BFI Website includes a chart stating “BlockFi’s Interest Account works hardest for you as a long-term investment,” which claims to illustrate the projected effect of holding a BIA as a long-term investment:
b. **BlockFi’s Use of the BIA Funds**

25. The BlockFi BIA Terms provide that a BlockFi BIA Investor relinquishes control over the deposited cryptocurrency to BlockFi and BlockFi is free to use those assets as it sees fit, including commingling cryptocurrency with those of other BIA Investors, investing those assets in the market, and lending those assets to institutional and corporate borrowers. Without any control over the investments once deposited, the BIA Investors are passive investors.
26. Specifically, Section H, Paragraph 1 of the BIA Terms, “Consent to Utilize Assets” provides:

Except where prohibited or limited by applicable law, in consideration for the cryptocurrency earned on your account, you grant BlockFi the right, without further notice to you, to hold the cryptocurrency held in your account in BlockFi’s name or in another name, and to pledge, repledge, hypothecate, rehypothecate, sell, lend, or otherwise transfer, invest or use any amount of such cryptocurrency, separately or together with other property, with all attendant rights of ownership, and for any period of time and without retaining in BlockFi’s possession and/or control a like amount of cryptocurrency, and to use or invest such cryptocurrency at its own risk.

27. BlockFi then pools these cryptocurrencies together, where according to BlockFi, it (1) reserves a portion of the cryptocurrencies to meet investor withdrawal demands, (2) lends some or all of the balance to third parties, or (3) purchases equities, options, and futures for its own account. BlockFi uses the revenue from those activities to pay the BIA Investors the agreed-upon interest rate, and keeps the remainder for itself as profit.

28. BlockFi does not disclose to investors: (a) the amount of money devoted to each of these investment activities; (b) the nature and creditworthiness of the borrowers, as well as the identity of any borrowers to whom BlockFi has lent material amounts of cryptocurrency; (c) the terms and duration of the loans; (d) the types of equities, options, and futures it trades; or (e) the profits or losses derived from these activities.

c. The BIAs Are Unregistered Securities

29. The BFI Website claims that BFI is a “US regulated” entity, and that “[BlockFi] play[s] by the rules, to the benefit of [BlockFi] and [its] clients.” While certain of BlockFi’s loan products appear to be licensed under various state licensing requirements for money services businesses or money transmitters, the BlockFi BIAs are not currently registered with any federal
or state securities regulator, or exempt from registration – as required by law, even though the BIA are “securities” and subject to such requirements.

30. BlockFi fails to disclose to BIA Investors that its BIA product is not currently registered by federal or state securities regulatory authorities, even though the BIA is a “security” and should be registered as such.

31. Further, the BFI Website contains a “Disclosure and Complaints” page which states, “To File a complaint, please contact BlockFi’s Customer Service at https://blockfi.com/contact before contacting your jurisdiction with a complaint.” It then provides a list of state banking regulators and contact information including the New Jersey Department of Banking and Insurance. However, BlockFi fails to explain that the New Jersey Department of Banking and Insurance does not license the BIA, or that complaints should be filed with the New Jersey Bureau of Securities, because the BIA is a security.

**CONCLUSIONS OF LAW**

**BLOCKFI, TRADING AND BFI OFFERED AND SOLD UNREGISTERED SECURITIES**
