STATE OF NEW JERSEY
DEPARTMENT OF LAW & PUBLIC SAFETY
DIVISION OF CONSUMER AFFAIRS
BOARD OF MEDICAL EXAMINERS

IN THE MATTER OF THE SUSPENSION :
OR REVOCATION OF THE LICENSE OF: : Administrative Action
:
HARSHA SAHNI, M.D. :
License No.: 25MA05721500 : INTERIM CONSENT ORDER
:
TO PRACTICE MEDICINE AND SURGERY :
IN THE STATE OF NEW JERSEY :
:

This matter was opened to the New Jersey State Board of Medical Examiners ("Board") upon receipt of information that Harsha Sahni, M.D. ("Respondent"), a physician in the State of New Jersey, pled guilty in federal court on February 16, 2023 to an Information charging her with one count of Conspiracy to Conceal and Harbor Aliens and one count of Filing a Fraudulent Tax Return.

As part of her plea, Respondent agreed to pay Victim 1 \$397,605.37 and Victim 2 \$244,606.35. Additionally, she is paying

CERTIFIED TRUE COPY

for the treatment, including surgery, of a brain aneurysm suffered by Victim 1 up to \$200,000. Respondent will also pay restitution to the IRS for tax losses between 2013 and 2019, with that amount to be determined at her criminal sentencing. The criminal sentencing is currently scheduled for October 5, 2023.

Respondent pled guilty to conduct related to harboring two Indian nationals in her house from 2013 through 2021. The two women lived in Respondent's home as well as at the home of Respondent's relative. As part of her plea, Respondent admitted that she knew the women were aliens and she concealed them for private financial gain. She admitted to instructing both victims to tell immigration officials that they were members of her family and in the United States for tourism, which was false. Respondent kept both victims as housekeepers at a price less than they would have been paid if they were employed legally. Respondent did not pay taxes related to the victims' labor, despite them being household employees. Respondent provided the victims with food, clothing and housing but admitted that she caused both victims to believe they would be arrested and deported if they spoke to law enforcement. Respondent conspired to list fake names and addresses while sending money to India for Victim 1's labor and also provided a fake address to a hospital for Victim 1.

On August 31, 2023, the Attorney General filed a Verified Complaint against Respondent. An Order to Show Cause was entered the same day requiring her to appear before the Board on September 13, 2023 and show cause why an Order temporarily suspending her license should not be entered by the Board. It is alleged in the Attorney General's filing that Respondent's medical training and status as a physician not only helped perpetrate her crimes by allowing her to falsify documents but amplified her misconduct in handling Victim 1's serious medical conditions.

It is the position of the Attorney General of New Jersey that the allegations in the Verified Complaint, if proven, would demonstrate that Respondent has been convicted of a crime that has a direct or substantial relationship to the practice of medicine and the underlying acts are of a nature such that Respondent's licensure would be inconsistent with the public's health, safety, or welfare.

Further, if proven, the Attorney General's Complaint would demonstrate that Respondent engaged in the use or employment of dishonesty, fraud, deception, misrepresentation, false promise or false pretense in violation of N.J.S.A. 45:1-21(b); engaged in gross negligence or gross incompetence which damaged or endangered the life, health, welfare and safety of Victim 1 in violation of

N.J.S.A. 45:1-21(c); engaged in professional or occupational misconduct in violation of N.J.S.A 45:1-21(e), and failed to comply with the provisions of an act or regulation administered by the Board in violation of N.J.S.A. 45:1-21(h), namely the requirement to be of good moral character pursuant to N.J.S.A. 45:9-6.

It appearing that Respondent has read the content and terms of the within Interim Consent Order in their entirety and understands their meaning and effect and consents to be bound by same, upon receiving the advice of counsel; and it further appearing that Respondent wishes to enter into this agreement without making any admissions; and that Respondent is neither admitting nor denying any and all allegations in the Verified Complaint; and the Board finding this Order to be adequately protective of the public health, safety and welfare; and it appearing that good cause exists for the entry of the within Order;

IT IS, THEREFORE, ON THIS 12th DAY OF September, 2023,

ORDERED AND AGREED THAT:

1. Respondent, Harsha Sahni, M.D.'s license to practice medicine and surgery in the State of New Jersey is temporarily suspended, effective September 13, 2023.
2. The temporary suspension of Respondent's license shall

remain in effect until the conclusion of a plenary hearing on the Verified Complaint and further Order of this Board, or upon entry of a settlement acceptable to both parties and the Board.

3. Respondent shall immediately return her original New Jersey Medical License, any biennial registration cards, and CDS Registration to the New Jersey Board of Medical Examiners, P.O. Box 183, Trenton, New Jersey 08625-0183.

4. Respondent shall immediately send all of her remaining prescription blanks, along with a cover memorandum indicating that she will no longer be writing prescriptions and asking that her prescription blanks be destroyed pursuant to standard operating procedures to Dana Pulizzano, Drug Control Unit, P.O. Box 45045, Newark, NJ 07101.

5. Respondent shall immediately advise the Drug Enforcement Administration ("DEA") of this Order, specifically the Temporary Suspension of her medical license, and provide proof of said notification to the DEA to the Board within five days.

6. After the close of business on September 13, 2023 and until further Order of the Board, Respondent shall not enter the premises of her former medical practice during business hours when patients may be present.

7. After the close of business on September 13, 2023 and

until further Order of the Board, Respondent shall be precluded from managing, overseeing, supervising or influencing the practice of medicine or provision of healthcare activities, including by testifying as an expert witness or serving as a consultant expert, in the State of New Jersey.

8. After the close of business on September 13, 2023 and until further Order of the Board, Respondent shall cease and desist all patient contact at any location and the rendering of medical care, including the issuance of any prescriptions for, or dispensation of, medications of any kind, including but not limited to Controlled Dangerous Substances.

9. After the close of business on September 13, 2023 and until further Order of the Board, Respondent shall not charge, receive or share in any fee for professional services rendered by others. Respondent shall be permitted to collect accounts receivable with respect to professional services rendered prior to September 13, 2023.

10. Respondent shall comply with N.J.A.C. 13:35-6.5(h), the Board regulation for practice closure. On or before September 23, 2023, Respondent is to notify Antonia Winstead, Executive Director, State Board of Medical Examiners, 140 East Front Street, P.O. Box 183, Trenton, New Jersey 08625-0183 as to where her patient records

are secured, and how patients may obtain them.

12. The parties hereby stipulate that entry of this Interim Consent Order is without prejudice to further action, investigation, and prosecution by this Board, the Attorney General, the Drug Control Unit, the Director of the Division of Consumer Affairs or other law enforcement entities resulting from Respondent's conduct prior to the entry of this Interim Consent Order, including, but not limited to, any pending criminal matters and the allegations contained in the Verified Complaint filed with the Board on August 31, 2023. The Board shall retain jurisdiction to enforce the terms of this Interim Consent Order. Upon receipt of any reliable information indicating that Respondent has violated any term of this Interim Consent Order, the Board reserves the right to bring further disciplinary action.

13. The annexed "Directives Applicable to any Medical Board Licensee who is Disciplined or whose Surrender of Licensure or Cessation of Practice has been Ordered or agreed upon," is incorporated herein.

14. Respondent enters into this Interim Consent Order knowingly and voluntarily and acknowledges that there have been no other representations or agreements not stated in writing herein.

**DIRECTIVES APPLICABLE TO ANY MEDICAL BOARD LICENSEE
WHO IS DISCIPLINED OR WHOSE SURRENDER OF LICENSURE
OR CESSATION OF PRACTICE HAS BEEN ORDERED OR AGREED UPON**

APPROVED BY THE BOARD ON AUGUST 12, 2015

All licensees who are the subject of a disciplinary order or surrender or cessation order (herein after, "Order") of the Board shall provide the information required on the addendum to these directives. Failure to provide the information required may result in further disciplinary action for failing to cooperate with the Board, as required by N.J.A.C. 13:45C-1 et seq: Paragraphs 1 through 4 below shall apply when a licensee is suspended, revoked, has surrendered his or her license, or entered into an agreement to cease practice, with or without prejudice, whether on an interim or final basis. Paragraph 5 applies to licensees who are the subject of an order which, while permitting continued practice, contains probationary terms or monitoring requirement.

1. Document Return and Agency Notification

The licensee shall promptly forward to the Board office at Post Office Box 183, 140 East Front Street, 2nd floor, Trenton, New Jersey 08625-0183, the original license, current biennial registration and, if applicable, the original CDS registration. In addition, if the licensee holds a Drug Enforcement Agency (DEA) registration, he or she shall promptly advise the DEA of the licensure action. (With respect to suspensions of a finite term, at the conclusion of the term, the licensee may contact the Board office for the return of the documents previously surrendered to the Board. Prior to the resumption of any prescribing of controlled dangerous substances, the licensee shall petition the Director of Consumer Affairs for a return of the CDS registration if the basis for discipline involved CDS misconduct. In addition, at the conclusion of the term, the licensee should contact the DEA to advise of the resumption of practice and to ascertain the impact of that change upon his/her DEA registration.)

2. Practice Cessation

The licensee shall cease and desist from engaging in the practice of medicine in this State. This prohibition not only bars a licensee from rendering professional services, but also from providing an opinion as to professional practice or its application, or representing him/herself as being eligible to practice. (Although the licensee need not affirmatively advise patients or others of the revocation, suspension, surrender or cessation, the licensee must truthfully disclose his/her licensure status in response to inquiry.) The licensee subject to the order

is also prohibited from occupying, sharing or using office space in which another licensee provides health care services. The licensee subject to the order may contract for, accept payment from another licensee for rent at fair market value for office premises and/or equipment. In no case may the licensee subject to the order authorize, allow or condone the use of his/her provider number by any health care practice or any other licensee or health care provider. In situations where the licensee has been subject to the order for less than one year, the licensee may accept payment from another professional who is using his/her office during the period that the licensee is (suspended), subject to the order for the payment of salaries for office staff employed at the time of the Board action.

A licensee whose license has been revoked, suspended or subject to a surrender or cessation order for one (1) year or more must immediately take steps to remove signs and take affirmative action to stop advertisements by which his/her eligibility to practice is represented. The licensee must also take steps to remove his/her name from professional listings, telephone directories, professional stationery, or billings. If the licensee's name is utilized in a group practice title, it shall be deleted. Prescription pads bearing the licensee's name shall be destroyed. A destruction report form obtained from the Office of Drug Control (973-504-6558) must be filed. If no other licensee is providing services at the location, all medications must be removed and returned to the manufacturer, if possible, destroyed or safeguarded. (In situations where a license has been suspended for less than one year, prescription pads and medications need not be destroyed but must be secured in a locked place for safekeeping.)

3. Practice Income Prohibitions/Divestiture of Equity Interest in Professional Service Corporations and Limited Liability Companies

A licensee subject to the order shall not charge, receive or share in any fee for professional services rendered by him/herself or others while barred from engaging in the professional practice.¹ The licensee may be compensated for the reasonable value of services lawfully rendered and disbursements incurred on a patient's behalf prior to the effective date of the Board order.

¹This bar on the receipt of any fee for professional services is not applicable to cease and desist orders where there are no findings that would be a basis for Board action, such as those entered adjourning a hearing.

A licensee who is a shareholder in a professional service corporation organized to engage in the professional practice, whose license is revoked, surrendered or suspended or who is ordered to cease practice for a term of one (1) year or more shall be deemed to be disqualified from the practice within the meaning of the Professional Service Corporation Act. (N.J.S.A. 14A:17-11). A disqualified licensee shall divest him/herself of all financial interest in the professional service corporation pursuant to N.J.S.A. 14A:17-13(c). A disqualified licensee who is a member of a limited liability company organized pursuant to N.J.S.A. 42:1-44, shall also divest him/herself of all financial interest. Such divestiture of the licensee's interest in the limited liability company or professional service corporation shall occur within 90 days following the entry of the order rendering the licensee disqualified to participate in the applicable form of ownership. Upon divestiture, a licensee shall forward to the Board a copy of documentation forwarded to the Division of Revenue and Enterprise Services demonstrating that the interest has been terminated. If the licensee is the sole shareholder in a professional service corporation or sole member of the limited liability company, the corporation must be dissolved within 90 days of the licensee's disqualification unless it is lawfully transferred to another licensee and documentation of the valuation process and consideration paid is also provided to the Board.

4. Medical Records

If, as a result of the Board's action, a practice is closed or transferred to another location, the licensee shall ensure that (during the three (3) month period) immediately following the effective date of the disciplinary order, a message will be delivered to patients calling the former office premises, advising where records may be obtained. The message should inform patients of the names and telephone numbers of the licensee (or his/her attorney) assuming custody of the records. The same information shall also be disseminated by means of a notice to be published at least once per month for three (3) months in a newspaper of general circulation in the geographic vicinity in which the practice was conducted. If the licensee has a website, a notice shall be posted on the website as well.

At the end of the three month period, the licensee shall file with the Board the name and telephone number of the contact person who will have access to medical records of former patients. Any change in that individual or his/her telephone number shall be promptly reported to the Board. When a patient or his/her representative requests a copy of his/her medical record or asks that record be forwarded to another health care provider, the licensee shall promptly provide the record without charge to the patient.

5. Probation/Monitoring Conditions

With respect to any licensee who is the subject of any order imposing a probation or monitoring requirement or a stay of an active suspension, in whole or in part, which is conditioned upon compliance with a probation or monitoring requirement, the licensee shall fully cooperate with the Board and its designated representatives, including the Enforcement Bureau of the Division of Consumer Affairs, in ongoing monitoring of the licensee's status and practice. Such monitoring shall be at the expense of the disciplined practitioner.

(a) Monitoring of practice conditions may include, but is not limited to, inspection of the professional premises and equipment, and inspection and copying of patient records (confidentiality of patient identity shall be protected by the Board) to verify compliance with the Board Order and accepted standards of practice.

(b) Monitoring of status conditions for an impaired practitioner may include, but is not limited to, practitioner cooperation in providing releases permitting unrestricted access to records and other information to the extent permitted by law from any treatment facility, other treating practitioner, support group or other individual/facility involved in the education, treatment, monitoring or oversight of the practitioner, or maintained by a rehabilitation program for impaired practitioners. If bodily substance monitoring has been ordered, the practitioner shall fully cooperate by responding to a demand for breath, blood, urine or other sample in a timely manner and providing the designated sample.

6. Payment of Civil and Criminal Penalties and Costs.

With respect to any licensee who is the subject of any order imposing a civil penalty and/or costs, the licensee shall satisfy the payment obligations within the time period ordered by the Board or be subject to collection efforts or the filing of a certificate of debt. The Board shall not consider any application for reinstatement nor shall any appearance before a committee of the Board seeking reinstatement be scheduled until such time as the Board ordered payments are satisfied in full. (The Board at its discretion may grant installment payments for not more than a 24 months period.)

As to the satisfaction of criminal penalties and civil forfeitures, the Board will consider a reinstatement application so long as the licensee is current in his or her payment plans.

NOTICE OF REPORTING PRACTICES OF BOARD
REGARDING DISCIPLINARY ORDERS/ACTIONS

All Orders filed by the New Jersey State Board of Medical Examiners are "government records" as defined under the Open Public Records Act and are available for public inspection, copying or examination. See N.J.S.A. 47:1A-1, et seq., N.J.S.A. 52:14B-3(3). Should any inquiry be made to the Board concerning the status of a licensee who has been the subject of a Board Order, the inquirer will be informed of the existence of the Order and a copy will be provided on request. Unless sealed or otherwise confidential, all documents filed in public actions taken against licensees, to include documents filed or introduced into evidence in evidentiary hearings, proceedings on motions or other applications conducted as public hearings, and the transcripts of any such proceedings, are "government records" available for public inspection, copying or examination.

Pursuant to N.J.S.A. 45:9-22, a description of any final board disciplinary action taken within the most recent ten years is included on the New Jersey Health Care Profile maintained by the Division of Consumer Affairs for all licensed physicians. Links to copies of Orders described thereon are also available on the Profile website. See <http://www.njdoctorlist.com>.

Copies of disciplinary Orders entered by the Board are additionally posted and available for inspection or download on the Board of Medical Examiners' website.
See <http://www.njconsumeraffairs.gov/bme>.

Pursuant to federal law, the Board is required to report to the National Practitioner Data Bank (the "NPDB") certain adverse licensure actions taken against licensees related to professional competence or conduct, generally including the revocation or suspension of a license; reprimand; censure; and/or probation. Additionally, any negative action or finding by the Board that, under New Jersey law, is publicly available information is reportable to the NPDB, to include, without limitation, limitations on scope of practice and final adverse actions that occur in conjunction with settlements in which no finding of liability has been made. Additional information regarding the specific actions which the Board is required to report to the National Practitioner Data Bank can be found in the NPDB Guidebook issued by the U.S. Department of Health and Human Services in April 2015. See <http://www.npdb.hrsa.gov/resources/npdbguidebook.pdf>.

Pursuant to N.J.S.A.45:9-19.13, in any case in which the Board refuses to issue, suspends, revokes or otherwise places conditions on a license or permit, the Board is required to notify each licensed health care facility and health maintenance organization with which a licensee is affiliated and every other board licensee in this state with whom he or she is directly associated in private medical practice.

In accordance with an agreement with the Federation of State Medical Boards of the United States, a list of all disciplinary orders entered by the Board is provided to the Federation on a monthly basis.

From time to time, the Press Office of the Division of Consumer Affairs may issue press releases including information regarding public actions taken by the Board.

Nothing herein is intended in any way to limit the Board, the Division of Consumer Affairs or the Attorney General from disclosing any public document.
