

# New Jersey Open Dialogue with Experts

## Opioid Education Podcast Series

Presented by: Rowan University School of Osteopathic Medicine | New Jersey Office of the Attorney General

Join us for a recorded video podcast interview series consisting of 18 podcasts that will feature experts in their respective fields.

This series will provide standardized, comprehensive, easily accessible, evidence-based education on the best practices and current laws regarding opioids for professionals throughout the state.

**CME and CEU Credits Available.**
