

April 2018

NJGUNStat Report *1st Quarter of 2018*

Top Source States for Crime Guns

This Quarter, 77% of crime guns recovered in NJ were originally purchased out of state.

NOTE: An additional 18 source states accounted for 37 other traces. The source state was identified in 542 traces.

The information on this map is based upon data from the ATF. It is preliminary and subject to further analysis. Not all recovered crime guns traces are complete at this time.
