

June 2018

# NJGUNStat Report *2nd Quarter of 2018*

## Top Source States for Crime Guns

This Quarter, 82% of crime guns recovered in NJ were originally purchased out of state.

NOTE: An additional 6 source states accounted for 16 other traces. The source state was identified in 982 traces.

The information on this map is based upon data from the ATF. It is preliminary and subject to further analysis. Not all recovered crime guns traces are complete at this time.
