The information in this report is based upon data from NJTace, submitted by arresting agencies. It is preliminary and subject to further analysis. Shooting-Hits are defined as incidents where an individual is struck by a projectile fired from a firearm and survives and where the intention was not to injure or harm oneself. Shooting-Murders are defined the same except the victim dies as a direct result of the gunshot wound(s).
The information in this report is based upon data from NJTrace, submitted by arresting agencies. It is preliminary and subject to further analysis. Shooting-Hits are defined as incidents where an individual is struck by a projectile fired from a firearm and survives and where the intention was not to injure or harm oneself. Shooting-Murders are defined the same except the victim dies as a direct result of the gunshot wound(s).

*Other represents any city with fewer than three (3) crime guns.
Weapon Breakdown by Manufacturer

This chart reflects the information provided to the New Jersey State Police through NJTrace, a statewide program that relies on local police departments to input data on guns used in the commission of a crime. This chart does not rely on any reports from the federal Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF). The information is preliminary and subject to further analysis.
