

The Office of Public Integrity and Accountability is interested in procuring Active Bystandership for Law Enforcement (ABLE) training and Integrating Communications Assessment and Tactics (ICAT) training. ABLE training will certify up to 180 New Jersey law enforcement officers to successfully intervene to prevent harm and to create a law enforcement culture that supports peer intervention. Supplemental technical assistance and support will also be required with the ABLE training. The ICAT training program will provide NJ law enforcement officers with the tools, skills and options they need to successfully and safely defuse a range of critical incidents.
