Mission Statement

The New Jersey Racing Commission (“Commission”) regulates horse racing, pari-mutuel wagering, account wagering and exchange wagering in the State of New Jersey. The Commission is tasked with ensuring the integrity of the sport and the wagering thereupon through efficient oversight of all racing and wagering related entities and activities. The Commission also acts to promote the health and safety of the racing participants.

New Jersey Racing Commissioners

Pamela J. Clyne, LCSW, SAC

Chairman

Appointed 2012 - Present

Appointed as Chairman April 17, 2014

Pamela J. Clyne has served as the Chairman of the Racing Commission for the past four years. She has a Master’s Degree in Social Work from Rutgers University and is certified in several behavioral healthcare disciplines. One of the focuses of Chairman Clyne’s professional career has been the establishment and operation of an equine therapy practice. As a lifelong equine enthusiast, Chairman Clyne has been able to utilize both her love of horses and her expertise as a licensed clinical social worker to treat those suffering from a wide range of mental illnesses, including autism and post-traumatic stress disorder.

Currently, Chairman Clyne practices behavioral healthcare for veterans suffering from PTSD and children suffering from autism. Some of Chairman Clyne’s practices involve therapeutic horseback riding and equine assisted psychotherapy.

Formerly, Chairman Clyne was the Executive Director of Reindancer Therapeutic Riding Center where she worked with a group of individuals with a wide range of special needs.

Dr. Michael Arnone, DDS

Appointed 2013 - Present

Dr. Michael Arnone attended Seton Hall University and St. Francis College. He received his D.D.S. from Temple University School of Dentistry and continues to practice dentistry in Red Bank, NJ. Commissioner Arnone was a member of the New Jersey General Assembly from 1989 to 2004 and served as Mayor of Red Bank from 1978 to 1990. Commissioner Arnone has served on several other local government agencies and committees including service as a Commissioner of the Red Bank Fire and Police.

Dr. Arnone also served his country as a member of the United States Army from 1959-1961, achieving the rank of Captain.

John A. Hoffman

Appointed March 13, 2017 – Resigned December 28, 2018

John A. Hoffman is Chairman of the Board of Wilentz, Goldman & Spitzer P.A. and formerly served as the firm's managing partner and treasurer. Commissioner Hoffman is an esteemed member of the New Jersey legal and business communities and has practiced at Wilentz for more than 50 years.

Commissioner Hoffman has served as general counsel to Middlesex County College for more than 50 years and as special counsel to New Brunswick Housing Authority and New Brunswick Parking Authority in major redevelopment projects in the city since the 1970s. He has represented the Middlesex County Improvement Authority and Middlesex County in the acquisition of open space in the County, and the Middlesex County Utilities Authority for more than 30 years. He serves on the Board of Directors of New Jersey American Water Company and New York American Water Company. Commissioner Hoffman has represented major public utilities in regulatory proceedings for many years and served as co-chair of the Board of Public Utilities Transition Committee for former Governor James E. McGreevey.

Commissioner Hoffman serves on the Boards of Directors of RWJ/Barnabas and Robert Wood Johnson University Hospital. He served as Chairman of the Board of Robert Wood Johnson University Hospital from 2009-2012, and as Chairman of the Board of Trustees for Robert Wood Johnson University Hospital Foundation from 2001-2004. In 2012, Commissioner Hoffman was named Hospital and Healthcare System Trustee of the Year by the New Jersey Hospital Association. He served on the Board of Trustees, legal and executive committees for the University of Medicine and Dentistry of New Jersey from 2003-2009.

Commissioner Hoffman was appointed to the Commission on March 13, 2017 and resigned effective December 28, 2018.

Francis X. Keegan, Jr.

Appointed 2006 - Present

Francis X. Keegan, Jr., a lifelong horseman, was appointed to the Commission in 2006. Formerly, he was President of the Thoroughbred Breeders' Association of New Jersey, President of the New Jersey Thoroughbred Horsemen's Association and has held esteemed membership in many national and international horsemen's organizations, including the Thoroughbred Club of America, the Green Mountain Horse Association and the National Hunt Association. He was also a patron of the Monmouth County Hunt.

Commissioner Keegan has bred, owned and raced horses in New Jersey since 1963 and has been a successful consignor at numerous thoroughbred auction sales including those held in Saratoga, NY and Keeneland, KY.

Commissioner Keegan is a graduate of Seton Hall University and attended Fordham Law School. He also served as an infantry officer in the United States Army. Commissioner Keegan recently retired from his career as a Wealth Management Advisor and First-Vice President of Investments with UBS Financial Services, Inc. where he was employed for the past 51 years. In addition to his public service, Commissioner Keegan has served on the board of numerous banks, including Carteret S & L Bank of Commerce and Monmouth Community Bank.

Judith A. Nason
Acting Executive Director
Appointed July 18, 2018 - Present

On July 18, 2018, the New Jersey Racing Commission appointed Judith A. Nason to serve as Acting Executive Director. Ms. Nason served as Deputy Director of the Commission since November 2014 and, prior to that, as a Deputy Attorney General beginning in January 1993. As a Deputy Attorney General, Ms. Nason represented and provided legal advice to the Commission for 13 years.

Ms. Nason received a J.D. with Honors from Rutgers Law School-Newark in 1988. Thereafter, she clerked for Chief Justice Robert N. Wilentz of the New Jersey Supreme Court. Ms. Nason was then employed as an associate attorney in New York City with Kaye, Scholer, Fierman, Hays and Handler, specializing in corporate finance, and as a litigation associate in Newark, New Jersey with LeBoeuf, Lamb, Leiby and MacRae where she worked with the Honorable Frederick B. Lacey. Thereafter, Ms. Nason left private practice for a career in public service.

Frank Zanzuccki
Executive Director
Appointed 1992 – Retired June 30, 2018

Frank Zanzuccki received a B.S. Degree in Accounting from St. Francis College. He was the Chief Accountant for United Mine Workers of America from 1975-1978. He started his career with the New Jersey Racing Commission in 1978 and served in various positions before being appointed Executive Director in 1992.

Executive Director Zanzuccki is nationally recognized as a prominent member of the horse racing industry. In 1998, Director Zanzuccki was awarded the prestigious Len Foote Award in recognition of his outstanding contributions to the horse racing industry. He has also served on the Board of Directors of the Association of Racing Commissioners International (ARCI), becoming the first non-commissioner to be elected to this position. Executive Director Zanzuccki was subsequently elected as an officer of the ARCI and served as its chairman from April 2004 through April 2005. After 40 years of loyal and dedicated service to the New Jersey Racing Commission, Executive Director Zanzuccki retired on June 30, 2018.

Overview

Composition of Commission and Staff

In 2018, the State of New Jersey was one of the five largest racing jurisdictions in the United States when measured by wagering handle. In the calendar year of 2018, there were over 2000 races conducted in New Jersey and the total handle bet on New Jersey races amounted to approximately \$983 million. Horse racing is conducted at three racetracks in the State and wagers can be placed on horse races at the racetracks, the six operating off-track wagering facilities and the casino simulcast facility at the Borgata, as well as over the internet or via telephone. The New Jersey Racing Commission regulates horse racing and the wagers placed on the sport.

The Commission, which is a bi-partisan body created by statute, consists of a maximum of nine members. Commissioners are appointed by the Governor, by and with the advice and consent of the Senate, for a term of six years. One such member shall be designated by the Governor to serve as chairman.

Through its regulatory purpose, the Commission is tasked with maintaining the integrity of New Jersey's horse racing industry and acting to protect the health and safety of the racing participants. These aims are achieved through the promulgation and enforcement of regulations. The Commission, which is also charged with oversight of the wagering upon horse races in the State, employs staff members to oversee the calculation and distribution of wagering handles in order to ensure that such wagering is conducted fairly and without incident. Additional functions of the Commission include the issuance of permits and licenses allowing persons or entities to conduct horse racing-related activities.

The Commission has a full-time staff of dedicated employees charged with conducting its daily functions. The full-time staff includes investigators, race officials, financial analysts, veterinarians, executive staff and support personnel. In addition to the full-time employees, the Commission maintains a pool of per-diem employees to supplement staff as needed. Many of the part-time and seasonal employees only work on days when racing is conducted. The staff is led by Acting Executive Director Judith A. Nason who has served in that role since her appointment on July 18, 2018.

New Jersey Racetracks

New Jersey currently has three racetracks in operation and each has its own unique features and history. Monmouth Park is the only exclusive thoroughbred racetrack in the State and hosts the Haskell Invitational, an annual Grade 1 Stakes Race. The Meadowlands conducts both standardbred and thoroughbred racing at its state-of-the-art facility, opened in 2013. The Meadowlands has hosted the Hambletonian Stake, one of the most prestigious harness races in the world, every year since 1981. Freehold Raceway is the oldest and longest continuously operating racetrack in the United States, having been officially opened for operation in 1854, although races were conducted on the site starting in the mid-1830s.

Other Regulated Facilities

Legislation enacted in 2002 allows for the operation of up to fifteen off-track wagering facilities, which provide members of the wagering public additional locations to place bets and watch simulcast races. As of December 31, 2018, there are six off-track wagering facilities open for business in the State. They are located in Toms River, Woodbridge, Bayonne, Gloucester Township, Hillsborough and Egg Harbor Township. In addition to the off-track wagering facilities, patrons are able to place bets on simulcast races at the casino simulcast facility located at the Borgata Hotel and Casino, as well as on the internet and over the telephone by utilizing New Jersey's account wagering system or exchange wagering system.

Commissioners

During the calendar year of 2018, the following persons served on the Commission: Dr. Michael Arnone, Pamela Clyne, John A. Hoffman, and Francis X. Keegan, Jr. On April 17, 2014, Commissioner Pamela Clyne was designated chairman and has served in that capacity since that time. At year's end, there are three sitting Commissioners and six vacancies awaiting appointment.

2018 Budget

The Total Operating Budget for fiscal year 2018 was \$7,517,983. This represented a decrease of \$160,092, or (2.09%), from the total operating budget of fiscal year 2017 which was \$7,678,075. The decrease in budget for 2018 is partially attributed to a 1.5% decrease in fringe benefit rate. Also, the budget includes the annual assessment for the work and efforts of the Division of Law related to the sports wagering litigation in the amount of \$375,000.

For budgetary purposes, operational activities are broken down into four functional areas. The 2018 Fiscal Year Budget for each area is as follows (with the 2017 budget numbers in parenthesis):

Administrative/Regulatory:		\$2,221,429	(\$2,360,303)
Racing Operations:		\$4,459,018	(\$4,396,235)
Licensing:	\$1,401,231		(\$1,243,223)
Veterinarians:	\$1,097,502		(\$1,114,758)
Chemical Testing:	\$1,125,578		(\$1,179,920)
Officials:	\$ 834,707		(\$858,334)
Pari-Mutuels:		\$ 283,085	(\$318,403)
Investigations:		\$ 554,451	(\$603,134)
Total Operating Budget:		\$7,517,983	(\$7,678,075)

Racing Operations

Oversight of the races conducted in the State and of the racing participants is the responsibility of the racing operations staff members. This group includes executive staff, racing officials, licensing personnel, veterinary staff and administrative staff.

Thoroughbred Racing Officials

The persons who officiate thoroughbred races are known as racing stewards. The Commission employs a Chief State Steward of thoroughbred racing and several associate stewards to officiate the thoroughbred races at Monmouth Park and the Meadowlands. It is the responsibility of these stewards to watch every race from start to finish and ensure that all races are conducted according to the Commission's rules. However, the duties of the stewards extend well beyond the actual running of the races.

A few days prior to a race day, Commission stewards are responsible for verifying entries into each race and claims upon any of the entrants. On the morning of a race day, prior to any races being run, the stewards are in regular contact with trainers, owners and veterinarians to determine if any horses need to be scratched from that day's races. During each race, three stewards are present in the officiating booth at all times. Two stewards watch the race with binoculars while another studies the live video feeds. These three stewards work in concert to determine if a foul occurs during the race and, if a foul occurs, to determine the appropriate action to be taken.

The Commission has jurisdiction over all licensees and licensed tracks, farms and training facilities, as well as any location in the State where a racehorse is located. The stewards issue penalties and make judgments on all matters involving violations of the Commission's rules. When a violation of a Commission rule occurs, three stewards are empaneled to conduct a hearing at which the violator is present and has an opportunity to explain his or her side of the incident. At the conclusion of the hearing, the panel of stewards determines if a penalty is warranted.

Standardbred Racing Officials

The persons who officiate standardbred races are known as judges. The Commission employs a State Steward of standardbred racing, as well as two presiding judges and several associate judges to officiate standardbred races at Freehold Raceway and the Meadowlands. The job responsibilities of standardbred judges are similar to those of thoroughbred stewards, although there are some minor differences between the two industries. Judges verify the entries into each race and also pick the starting draw. Similar to the thoroughbred stewards, standardbred judges are in contact with the trainers, owners and veterinarians pre-race to determine if any horse must be scratched. Further, there are three judges in the officials' booth during each standardbred race who work together to view the race to ensure that no violations occur during a race and, should a

violation occur, confer amongst themselves as to the circumstances involving the violation and the appropriate action to be taken.

Judges are responsible for levying penalties upon licensees and other persons for violations of the Commission's rules. When a violation of one or more of the Commission's rules occurs, three judges are empaneled to conduct a hearing at which the violator is present and has an opportunity to explain his or her side of the incident. At the conclusion of the hearing, the panel of judges determines if a penalty is warranted.

Licensing Personnel

Every person involved in thoroughbred or standardbred racing in New Jersey must be licensed by the Commission. This includes, but is not limited to, owners, trainers, jockeys, drivers, veterinarians, exercise riders, and grooms. Further, all vendors, farms, stables and other entities involved in thoroughbred or standardbred racing in New Jersey, including racetrack employees, must be licensed as well.

The responsibilities of granting licenses, overseeing the licensing process and ensuring that all persons required to be licensed have been issued a license, are the responsibilities of the Commission's licensing staff. Licensing staff are present at each of the three racetracks during racing meets and are present year-round at the central office in Trenton.

In order to obtain a license, each prospective licensee must fill out an application, have his or her photo taken by a member of the Commission's licensing staff and be fingerprinted for a criminal background check. The application is then reviewed by staff and photo identification is given to the licensee. Each licensee is required to have photo identification on his or her person while on the grounds of a racetrack, farm, or other area under the jurisdiction of the Commission.

Certain licenses require approval of the State Steward, while others require the taking and passing of a written examination. It is the responsibility of the licensing staff to keep track of this process and maintain such records.

In the year 2018, 9,726 licenses were issued by the Commission. A breakdown of each individual license granted for both thoroughbred and standardbred racing is attached to this report. When submitting an application for a racing license, each applicant is required to submit a licensing fee, the amount of which is different for each respective class of license. In 2018, the total revenue, in the form of licensing fees, generated through the licensing process was \$393,430, representing a 4.12% decrease from the 2017 licensing revenue of \$410,325.

Veterinary Staff

The Commission employs veterinarians who operate under the supervision of the Chief State Veterinarian. It is the responsibility of the Commission's veterinarians to safeguard the health of racehorses in the State and to minimize the risk of any injury or harm that may befall human and equine race participants.

On race day, the Commission's veterinarians perform a pre-race examination of every horse that is entered to race. During this general exam, the veterinarians check each horse to determine if there are any indications of illness or lameness. To conduct the exam, a veterinarian will enter the stall and check the horse's physical condition and will also watch the horse jog to make certain there is no evidence of lameness or unsoundness in the horse's gait. Should any horse present illness or lameness, the veterinarian has the discretion to contact the stewards or judges and scratch the horse from racing that day. Should a veterinarian elect to scratch a horse, the horse is placed on a list maintained by the veterinary staff and cannot race until that horse undergoes a thorough evaluation by a Commission veterinarian and is determined to be free of illness or injury.

During each race, Commission veterinarians are positioned in the paddock area and along the racetrack in order to observe the horses as they run. Should an accident or injury occur, the veterinarians are immediately on hand to treat the horse and have the authority to order the horse removed by equine ambulance or euthanized, if necessary. In addition to observation of the races themselves, Commission veterinarians are responsible for taking post-race blood samples from selected horses which are then tested for the presence of any drugs or substances foreign to the natural horse. When not observing races, it is the responsibility of the veterinarians to maintain a presence in the stabling and paddock areas. The Commission has a veterinary office at each racetrack in the State.

The veterinarians are responsible for keeping apprised of any equine health issues that may be occurring in New Jersey and neighboring jurisdictions and report any issues to the executive staff as well as to the racing stewards and judges. The veterinarians also research national trends and standards in equine veterinary practice so that they may be informed of the treatments being used in the private sector.

Testing Procedures

As mentioned previously, Commission veterinarians are responsible for conducting post-race testing. Further, the veterinarians also conduct certain testing prior to the date of the race. Pursuant to the Commission's rules, the veterinarians may conduct out-of-competition testing in order to ascertain the presence of Erythropoietin, Epoprostenol and other blood doping agents.

In addition to the Commission veterinarians, the Commission employs several part-time animal health inspectors who work at the racetracks. After each race, some or all of the horses that competed in the race are sent to the detention barn to undergo post-race testing. The veterinarians and animal health inspectors procure blood and urine samples, respectively. The veterinarian or animal health inspector label and seal the samples they have procured and place the

samples into locked storage. The samples are then shipped to a laboratory, which is under contract with the Commission, to be tested for the presence of drugs and substances foreign to the natural horse. Throughout the year of 2018, Truesdail Laboratories in Irvine, California served as the testing laboratory.

In addition to equine testing, every person that may influence the outcome of a race is regularly tested for the presence of alcohol or drugs. This includes, but is not limited to, jockeys, trainers, drivers, grooms, and the Commission's own stewards and judges.

In the calendar year of 2018, the Commission tested 25,431 equine samples and 305 human samples. Due to the abundance of standardbred racing in New Jersey, the majority of equine samples, or 20,217 samples, were taken from standardbred horses, while 5,214 samples were taken from thoroughbred horses. In total, there have been 34 equine positives from standardbred horses and thoroughbred horses combined. There were also 3 human positives. A complete graphical breakdown of the total testing numbers and the specific drugs found is attached to this report.

Pari-Mutuel Wagering

The Commission is tasked with ensuring the integrity of the sport and the wagers made thereupon. Every wager placed in New Jersey is recorded and checked for accuracy and compliance with the Commission's rules. Commission staff oversees the calculation of financial information from these wagers to ensure proper distribution of funds. Staff also regulates all operational aspects of pari-mutuel wagering, account wagering and exchange wagering to best ensure the integrity of the wagering aspects of the sport. Under the direction of the Supervisor of Pari-mutuels, Commission accountants oversee the operation of the totalisator, a device that computes the incoming wagers on a particular race in real time, calculates the odds on each race and transmits those odds to the racetracks. This sophisticated computer system is housed at the Quantum Data Center East in Mt. Laurel, New Jersey ("Data Center"). The Commission's Supervisor of Pari-mutuels and staff are located at the Data Center in order to maintain a constant presence and to ensure that all of the systems are being operated according to the Commission's rules. Throughout 2018, Sportech Racing, LLC was the entity licensed to operate the Data Center.

The accounting staff is also responsible for calculating the breakdown of bets from each of the many wagering locations and modalities throughout the state and separating the shares of these wagers accordingly. Each type of wager has different statutory and regulatory requirements that determine which parties receive percentages of the total wagering handle. In very broad terms, wagers can be made on two types of races: live races and simulcast races. A wager on a live race must necessarily take place at the racetrack where the race is being held. All bets made on races occurring at racetracks other than where the better is located are considered simulcast wagers and are governed by the Simulcasting Racing Act, N.J.S.A. 5:5-110 et seq. All wagers made at an off-track wagering facility, or via the account wagering system are governed by the Off-Track and Account Wagering Act, N.J.S.A. 5:5-127 et seq. Wagers made via the exchange wagering system are governed by the Exchange Wagering Act, N.J.S.A. 5:5-168 et seq. Revenue is collected from the total handle amounts based upon a statutory scheme created for such purpose.

Live Wagering

Live pari-mutuel wagering can occur at any of the three racetracks on days when races are held. Live bets are taken at teller windows and self-service machines at the tracks and are most commonly redeemed at the tracks as well. Each of the three racetracks employ security personnel to safeguard all areas where money is being transacted or stored. As mentioned earlier, the Commission has staff members present at every racetrack during racing hours.

Simulcast Wagering

Simulcast wagering can occur at any of the three racetracks, six off-track wagering facilities or the Borgata Hotel and Casino. Simulcast wagering can also occur via the internet or telephone by utilizing the account wagering and exchange wagering systems. A New Jersey resident must be physically located within the State in order to have access to the account wagering and exchange wagering systems. Simulcasting conducted at the three racetracks is identified as

either interstate or intrastate simulcasting, depending on the location of the race being wagered upon.

Pari-Mutuel Handles

The Commission oversees the pari-mutuel system and maintains accounting records of every dollar wagered on horse racing in the State. A full statistical analysis of the wagers made at each racetrack, off-track wagering facility and casino simulcast facility, as well as each wager made using the account wagering and exchange wagering systems, are attached to this report.

In 2018, the total live wagering handle was \$48,057,911. This represents a 13.46% increase from the total live wagering handle in 2017, which was \$42,355,111. Monmouth Park's total live handle in 2018 was \$23,586,906, representing an 11.13% increase from Monmouth's Park's 2017 live wagering handle of \$21,224,141. Thoroughbred racing at the Meadowlands' total live handle in 2018 was \$512,865 representing a 54.46% decrease from thoroughbred racing at The Meadowlands' 2017 live wagering handle of \$1,123,680. Harness racing at the Meadowlands' 2018 live wagering handle was \$18,431,590, representing a 13.48% increase from the Meadowlands' 2017 live wagering handle of \$16,241,888. Freehold Raceway's 2018 fall meet live wagering handle was \$2,274,649, representing a 30.74% increase from Freehold's 2017 fall meet live wagering handle of \$1,739,866. Freehold Raceway's 2018 spring meet live wagering handle was \$3,027,391, representing a 49.46% increase from Freehold's 2017 spring meet live wagering handle of \$2,025,536. The Far Hills Steeplechase Meet, held on October 20, 2018, generated a live wagering handle of \$244,511.

In 2018, the total intrastate simulcasting handle was \$9,146,867, representing a 0.56% increase from the 2017 intrastate wagering handle of \$9,095,493. In 2018, the total interstate simulcasting handle was \$223,319,649, representing a 4.10% decrease from the 2017 interstate wagering handle of \$232,852,330.

In 2018, the total off-track and account wagering handle was \$338,136,468, representing a 1.49% decrease from the 2017 total off-track and account wagering handle of \$343,235,243. Account wagering accounts for \$185,212,334 of the 2018 handle, an increase of 2.70% from the 2017 account wagering handle of \$180,335,921. Off-track wagering accounts for \$152,924,134 of the 2018 handle, a decrease of 6.01% from the 2017 off-track wagering handle of \$162,699,640. In 2018, Woodbridge remained the off-track wagering facility that generated the largest handle, while Egg Harbor was the facility that generated the lowest handle.

In 2018, the exchange wagering handle was \$12,371,257, representing a 1,530.89% increase from the 2017 exchange wagering handle of \$808,110.

In 2018, the casino simulcasting handle was \$31,244,719, representing a 4.42% decrease from the 2017 casino simulcasting handle of \$32,689,581.

Regulatory Affairs

Horse racing in New Jersey is a highly regulated activity. The Commission directly regulates the industry through the promulgation and enforcement of rules.

It is the responsibility of the executive staff to monitor and determine how best to regulate each area of the industry. Executive staff meets with the State Stewards, Presiding Judges, the Chief Veterinarian and the Chief Investigator to better understand what rules may need to be amended, created or repealed based on the current needs and trends of the industry. The executive staff is responsible for keeping abreast of the current rulemaking trends in other racing jurisdictions throughout North America in order to help New Jersey remain a leader in the international racing community.

Other than Commission-initiated rule changes, the executive staff also receives petitions for rulemaking from members of the industry or from members of the public. When such a petition for rulemaking is received it is the responsibility of the executive staff to research the request and determine whether the suggested rule should be considered. Additionally, the Legislature may adopt statutes requiring the Commission to promulgate rules.

The rule promulgation process can be lengthy and requires several levels of oversight, publication and approval. Upon a determination that a rule change should occur, executive staff drafts a proposal of the particular new rule(s), repeal(s) or rule amendment(s), a summary of the proposal, and statements explaining the impact of the proposal upon several key areas of State governance. After receiving approval from the Department of Law and Public Safety and the Governor's Office, the rule proposal is brought before the Commission at a public meeting. The commissioners then determine whether to publish the proposal in the New Jersey Register. Once a proposal is published in the Register, there is a 30 or 60 day public comment period. After the public comment period expires, the executive staff takes the necessary steps to adopt the rule, which requires additional approvals from the Department, Governor's Office and Commission. In 2018, several rule proposals and adoptions were completed and there are several more proposals currently in the process of adoption.

N.J.A.C. 13:70-12.1A and N.J.A.C. 13:71-14.2A, Exemption from claim, N.J.A.C. 13:70-12.20A and N.J.A.C. 13:71-14.17B, Voidable claims, N.J.A.C. 13:71-14.18, Scratched horse, and N.J.A.C. 13:71-4.1, Definitions, were proposed for amendment on March 5, 2018 via publication in the New Jersey Register. The proposed amendments clarified the conditions necessary for a horse to be exempted from claim. The amendments also eliminated the right of a claimant to void a claim for a positive drug test result should the claimant choose to race the horse prior to receiving the results of the drug test from the race in which the horse was claimed, a process that can take between seven and ten days. Further, the amendments altered the timeframe to void a claim on a horse that was "vanned off" to an hour from "off-time." A definition for "off-time" was added to the definitions section. These proposals were subsequently adopted on August 20, 2018 via publication in the New Jersey Register.

N.J.A.C. 13:70-14A.4, 14A.13, and 14A.14, and N.J.A.C. 13:71-23.4 and 23.15, Split sample testing procedures, were proposed for amendment on March 19, 2018 via publication in the New Jersey Register. The proposed amendments shortened the timeframe which owners and trainers have to request a split sample. These changes were made to reduce the effect of sample degradation between the time of the initial test and the time of the split sample test. Also, the proposed amendments alter the confirmation requirements in a split sample of one of the threshold medications.¹ These proposals were subsequently adopted on August 20, 2018 via publication in the New Jersey Register.

N.J.A.C. 13:70-14A.18 and N.J.A.C. 13:71-23.17, Shock wave therapy, and N.J.A.C. 13:70-14A.18A and N.J.A.C. 13:71-23.17A, Penalties for violating the shock wave therapy rules, were adopted on May 7, 2018 via publication in the New Jersey Register. The shock wave therapy rules proscribe the specific conditions required in order for shock wave therapy to be administered upon a racehorse. Any other such uses of shock wave therapy upon a racehorse in the State, or upon a horse entered to race in the State, is a violation of the Commission's rules.

Amendments to N.J.A.C. 13:70-14A.17 and N.J.A.C. 13:71-23.16, Anabolic steroids, were adopted on May 7, 2018 via publication in the New Jersey Register. The section was amended to alter the permissible thresholds for which naturally occurring anabolic steroids may exist in a racehorse. Also, the section was amended to allow for anabolic steroid testing on both blood and urine samples.

The New Jersey Horse Racing Injury Compensation Board ("Board"), an in, but not of, board of the Department of Law and Public Safety, re-adopted Chapter N.J.A.C. 13:73, with non-substantial changes, on May 21, 2018 via publication in the New Jersey Register.

N.J.A.C. 13:74-1.3, -2.1, -2.2, -2.3 and -6.11 were proposed for amendment on November 5, 2018 via publication in the New Jersey Register. These amendments were necessary technical and grammatical changes that resulted from the substantive changes simultaneously proposed to the progress benchmarks.

Existing N.J.A.C. 13:74-2.4, -2.5, -2.6, -2.7 and -2.8 were proposed for repeal and N.J.A.C. 13:74-2.4, -2.5 and -2.6 were newly proposed to replace the repealed sections on November 5, 2018 via publication in the New Jersey Register. These sections make up the progress benchmarks with which permit holders or horsemen's associations must comply in order to maintain their respective share of off-track wagering facilities. The progress benchmarks were in need of amendment due to the resolution of litigation in the District Court of New Jersey.

N.J.A.C. 13:74D, which was specially adopted pursuant to statute, was proposed for re-adoption with amendments on November 5, 2018 via publication in the New Jersey Register. This chapter governs the Commission's process for issuing sport wagering licenses to existing racetrack permit holders and to former racetracks.

¹ Certain medications are allowed to be present in racehorses so long as the levels of the medication are below a certain threshold. Such thresholds are established based upon each individual medication.

Investigative Staff

The Commission employs a staff of investigators to monitor the activities at the racetracks, off-track wagering facilities, the casino simulcast facility, farms, training facilities, and the Data Center.

Commission investigators are responsible for maintaining a presence at all areas over which the Commission has jurisdiction. Investigators regularly appear at licensed farms and training facilities to ensure that the licensees present are complying with the Commission's rules. Further, the Commission investigates incidents involving racehorses. Investigators are responsible for producing reports of any incident or rule violation discovered in the course of his or her duties. The investigative staff has the authority to access any area subject to the Commission's jurisdiction.

Violations

In 2018, there were 220 documented violations of the Commission's rules. For a full listing of the violations, please visit <http://www.nj.gov/oag/racing/njrulings.html> and enter the appropriate date range. When found in violation of the Commission's rules, the violators have the right to appeal. When an appeal is made, the Commission transmits the matter to the Office of Administrative Law ("OAL") for a hearing. The Commission currently has a number of matters pending before the OAL.

Sports Wagering

Following the favorable resolution in Governor Chris J. Christie, et al. v. NCAA, et al., 138 S. Ct. 1461, the Legislature authorized the licensure of sports wagering facilities in the State. The Commission is the body responsible for issuing the initial sports wagering license to the existing racetracks and former racetracks as defined by the statute. As of December 31, 2018, each of the three existing racetracks has been granted a license pursuant to a waiver to operate a sports wagering facility on racetrack grounds. The permit holders at the Meadowlands and Monmouth Park are currently operating sports wagering facilities. All three entities have applied for their initial sports wagering licenses and those applications are pending as of December 31, 2018.

New Jersey Horse Racing Injury Compensation Board

The New Jersey Horse Racing Injury Compensation Board is in, but not of, the Department of Law and Public Safety. The Board has no staff of its own and Commission staff is responsible for maintenance of the Board's files and promulgation of the Board's rules. Additionally, the Acting Executive Director of the Commission currently serves as the Commission's representative on the Board.

Regulated Entities

The entities whose actions are regulated by the Commission include, but are not limited to, the permit holders that operate the racetracks and conduct race meetings, the off-track wagering licensees that operate the off-wagering facilities, the licensees that operate the New Jersey account wagering and exchange wagering systems, and the casino simulcast licensee that operates the casino simulcast facility at the Borgata.

Permit Holders

The Commission is responsible for granting permits to allow persons or entities to conduct thoroughbred and standardbred racing in the State of New Jersey. Pursuant to N.J.S.A. 5:5-44, each permit must be renewed annually. Each entity that held a permit to conduct race meetings in 2018 submitted an application for a renewal of their respective permits for 2019. The New Jersey Thoroughbred Horsemen's Association ("NJTHA") submitted three applications to conduct race meetings. These included one application each for thoroughbred race meetings to be conducted at Monmouth Park and the Meadowlands. The third application requested a special permit for conducting a one-day steeplechase meeting in Far Hills, NJ. FR Park Racing, LP submitted two applications to conduct harness race meetings, both of which will take place at Freehold Raceway. New Meadowlands Racetrack, LLC submitted one application to conduct a harness race meeting at the Meadowlands. The Commission granted the renewal of all of the requested permits at the November 21, 2018 public meeting.

Off-Track Wagering Licensees

As of December 31, 2018, there are six operating off-track wagering facilities in New Jersey and it is the Commission's responsibility to license these facilities and the operators thereof. The operators of each of the off-track wagering facilities, other than the facility in Egg Harbor Township, applied for a renewal of their respective licenses for 2019. At its November 21, 2018 public meeting the Commission voted to grant each of these licensees a renewal of their respective off-track wagering licenses. The entity holding the license to operate the off-track wagering facility in Egg Harbor Township, which received an initial license on March 7, 2018, applied to extend its license until December 31, 2019. This request was granted at the Commission's November 21, 2018 public meeting.

Casino Simulcasting

The only casino licensed to conduct simulcasting of horse races is the Borgata Hotel Casino and Spa. The Commission renewed this license for 2019 at its November 21, 2018 public meeting and continues to jointly regulate wagering at the facility with the Division of Gaming Enforcement.

Account Wagering

The account wagering license is held by the New Jersey Sports and Exposition Authority. Darby Development, LLC manages the account wagering system and TVG provides the platform services necessary for operation. All three entities had their licenses renewed for 2019 at the Commission's November 21, 2018 public meeting.

Exchange Wagering

The exchange wagering license is held by the New Jersey Sports and Exposition Authority. Darby Development, LLC manages the exchange wagering system and Betfair US, LLC is the exchange services agent. All three entities had their licenses renewed for 2019 at the Commission's November 21, 2018 public meeting.

Totalisator

The totalisator for New Jersey horse racing wagers is operated by Sportech Racing, Inc. and is housed at Sportech's Quantum Data Center East, located in Mt. Laurel, New Jersey. Sportech Racing, Inc. had its license renewed for 2019 at the Commission's November 21, 2018 meeting.

Race Dates

The Commission is empowered to allocate race dates for the ensuing year to each of the permit holders. When allocating race dates, the Commission is directed by statute to consider the public interest, which consists of factors such as the protection of State revenues, providing for the continuity of racing and year-round racing to promote the racing industry and the employment the industry provides in the State, the recreational opportunity the presence of live horse racing provides members of the public in the areas where racetracks are located, and the maintenance of the State's competitive position in relation to neighboring racing jurisdictions.

The Commission must also consider N.J.S.A. 5:5-156(a), which requires that the thoroughbred permit holder at the Meadowlands and the permit holder at Monmouth Park shall, in the aggregate, schedule not fewer than 141 thoroughbred race dates in a calendar year. The statute also requires that the standardbred permit holder at the Meadowlands shall schedule no fewer than 151 standardbred race dates at the Meadowlands and that the permit holders at Freehold Raceway schedule no fewer than 192 standardbred race dates.

The statute provides the ability for each permit holder to schedule fewer dates if each permit holder is able to obtain written consent to do so from the relevant industry's horsemen's association. N.J.S.A. 5:5-156(a) allows the permit holder at Monmouth Park and the thoroughbred permit holder at the Meadowlands to schedule a minimum of 50 thoroughbred race dates in the aggregate if the permit holder receives written consent from the NJTHA. N.J.S.A. 5:5-156(b) allows the permit holder at the Meadowlands to schedule a minimum of 75 standardbred race dates if the permit holder receives written consent from the Standardbred Breeders' and Owners' Association of New Jersey ("SBOA"). Likewise, N.J.S.A. 5:5-156(a) allows the permit holders at Freehold Raceway to schedule a minimum of 75 standardbred race dates, in the aggregate, at Freehold Raceway if the permit holders receive written consent from the SBOA. In the year 2018, there was racing in the State of New Jersey at all three racetracks and a calendar of the 2018 race dates is attached to this report as part of the appendix.

Thoroughbred Horsemen's Association

The NJTHA conducted 52 days of racing at Monmouth Park between May 5 and September 9. The race dates included every Saturday and Sunday during this timeframe, Fridays during July and August, and Thursdays during August. Monmouth Park also offered live racing on Wednesday, July 4 and Monday, September 3. Monmouth Park did not offer racing on Friday, July 6 and Thursday, August 30.

The NJTHA raced four days at the Meadowlands, which consisted of the Fridays and Saturdays between September 14 and September 29. However, two of the scheduled days, September 14 and September 29, were cancelled due to inclement weather and were not rescheduled. The NJTHA also conducted a one-day steeplechase meet at Moorland Farms in Far Hills, NJ on October 20, 2018.

New Meadowlands Racetrack, LLC

New Meadowlands Racetrack, LLC conducted 87 days of racing at the Meadowlands between January 5 and August 4, as well as between October 12 and December 29. During the time period between January 5 and August 4, New Meadowlands Racetrack, LLC conducted races on Fridays and Saturdays. During the time period between October 12 and December 29, New Meadowlands Racetrack, LLC conducted races on Fridays and Saturdays for the months of October and November. It conducted races on Thursdays, Fridays and Saturdays in the month of December. Due to inclement weather, three racing days were cancelled and not rescheduled. These cancellations occurred on January 5 and 6, and March 2.

FR Park Racing, LP

FR Park Racing, LP, conducted races over the course of two meets at Freehold Raceway in 2018, the first occurred between January 4 and May 26, and the second occurred between August 24 and December 29. The first meet consisted of 46 racing days, which were raced on Thursdays, Fridays and Saturdays during January and February, and only Fridays and Saturdays during March, April and May. There was also live racing on Monday, February 19 and the track did not offer racing on Thursday, February 22. Due to inclement weather, four racing days were cancelled and were not rescheduled. These cancellations occurred on January 4, 5, 6, and March 2. The second meet consisted of 39 racing days, and was comprised of the Fridays and Saturdays during that timeframe. There was also live racing on Thursday, December 27. Racing was cancelled on September 3 due to the unavailability of racehorses.

Far Hills Special Steeplechase Meet

In 2018, legal parimutuel wagering took place, for the first time, on the special steeplechase meet held at Moorland Farm in Far Hills, New Jersey on October 20, 2018. Although the Far Hills Race Meeting has conducted the steeplechase meet for 98 years at this location, the 2018 meet was held pursuant to N.J.S.A. 5:5-38.2, which authorized the Commission to issue a special steeplechase permit to the New Jersey Thoroughbred Horsemen's Association. The issuance of the special steeplechase permit authorized legal parimutuel wagering to be conducted onsite in Far Hills. The permit also authorized the simulcasting of the steeplechase races to racetracks and other sites within and outside of New Jersey where parimutuel wagering also took place. The special steeplechase permit caused the race meet to fall, for the first time, within the regulatory authority of the Commission which licensed the race participants, conducted drug testing, and provided officials, veterinarians, investigators and other staff.

2019 Race Dates

The Commission at its November 21, 2018 public meeting allotted the following race dates to each permit holder for the year 2019.

The NJTHA was allotted 56 race dates at Monmouth Park, 20 race dates at the Meadowlands and 1 race date at Moorland Farms. A calendar of the proposed race dates is attached. The NJTHA has subsequently requested amendment of the dates previously allocated. Such request was considered and approved at the Commission's March 20, 2019 public meeting.

New Meadowlands Racetrack, LLC was allotted 90 race dates at the Meadowlands. A calendar of the proposed race dates is attached. New Meadowlands Racetrack, LLC indicated that it may need to seek modification of the 90-day calendar at some point because it is unsure of the thoroughbred permit holder's plans for 2019.

FR Park Racing, LP plans to race two meets at Freehold Raceway and was allotted 40 race dates for the first meet and 36 race dates for the second meet. A calendar of the proposed race dates is attached.

Horsemen's Consent

The NJTHA has received written consent from the respective horsemen's association, which is the NJTHA, to run fewer than the minimum dates required pursuant to N.J.S.A. 5:5-156.

The SBOA has given written consent to both FR Park Racing, LP and New Meadowlands Racetrack, LLC to allow each permit holder to run fewer than the minimum dates required pursuant to N.J.S.A. 5:5-156.

Contact Information

Racetracks

Each of the operating racetracks in New Jersey, along with their addresses and important contact information, is listed below.

Freehold Raceway

130 Park Avenue
Freehold, NJ 07728
(732) 462-3800
www.freeholdraceway.com

Freehold Raceway is owned by Pennwood Racing, Inc. and operated by FR Park Racing, LP.

The Meadowlands

1 Racetrack Drive
East Rutherford, NJ 07073
(201) 843-2446
www.thebigm.com

The Meadowlands is operated by New Meadowlands Racetrack, LLC.

Monmouth Park

175 Oceanport Avenue
Oceanport, NJ 07757
(732) 222-5100
www.monmouthpark.com

Monmouth Park is operated by Darby Development, LLC.

Off-Track Wagering Facilities

Each of the operating off-track wagering facilities in New Jersey, along with their addresses and important contact information, is listed below.

Favorites at Toms River

1071 Highway 37 West
Toms River, NJ 08755
(732) 240-1210

Freehold Raceway Off-Track, LLC is the license holder for Favorites at Toms River.

Favorites at Woodbridge

3 Lafayette Rd.
Fords, NJ 08863
(732) 512-5000

The New Jersey Thoroughbred Horsemen's Association is the license holder for Favorites at Woodbridge.

Winners Bayonne

400 Route 440 North
Bayonne, NJ 07002
(201) 437-5780

New Meadowlands Racetrack, LLC is the license holder for Winners Bayonne.

Favorites at Gloucester Township

1300 Blackwood-Clementon Rd.
Clementon, NJ 08021
(856) 441-4253

Freehold Raceway Off-Track, LLC is the license holder for Favorites at Gloucester Township.

Favorites at Hillsborough

150 Route 206
Hillsborough, NJ 08844
(908) 722-1415

The New Jersey Thoroughbred Horsemen's Association is the license holder for Favorites at Hillsborough.

Favorites at Egg Harbor

Chickie & Pete's
6055 Black Horse Pike
Egg Harbor Township, NJ 08234
(609) 804-6240

ACRA Turf Club, LLC is the license holder for Favorites at Egg Harbor Township.

Casino Simulcast Facility

Below is the contact information of the Borgata, which houses the State's only casino simulcast facility.

Borgata Hotel Casino and Spa
