	2026 Fiscal Program List	
1	What is the name/title of the program?	Transportation
2	List all agencies, organizations, or entities that received funding for this program.	Empowerment House, Rescue Mission of Trenton, Mercer Council on Alcoholism and Drug Abuse
3	In which category or categories does each agency, organization, or entity that received funding for this program belong? Select all that apply.	Community Based Organizations/Non-Governmental Organizations
4	What is the primary problem being addressed by this program?	lack of reliable transportation as a barrier to accessing and maintaining treatment and recovery services for individuals with opioid use disorder. Transportation challenges can result in missed appointments, interruptions in treatment, and difficulty accessing medication, counseling, and other essential support services, particularly for medically indigent and underserved individuals.
5	Briefly describe the program's purpose and key activities.	providing transportation assistance to individuals with opioid use disorder to access treatment, medication, counseling, recovery support, and other essential services. Services also include coordinating transportation needs, scheduling rides, and supporting reliable access to services to reduce missed appointments and interruptions in care.

6	What is the target population for this program?	Children and Young Adults - 19-24 (post-grad through college); Individuals experiencing Homelessness; Individuals in Recovery; Individuals in Treatment; Individuals involved with the Criminal Justice System
7	On what date was this program funded? (Use the format MM/DD/YYYY.)	1/1/2026
8	What is the total amount of funding for this program?	\$50,000.00
8a.	Of the total amount, how much has been spent (in the current reporting year)?	\$2,391.96
8b.	Of the total amount, how much has been appropriated/encumbered but not yet spent?	\$47,608.00
9	How often is your subdivision disbursing funds to this program?	Quarterly
10	On what date was this program launched? (Use the format MM/DD/YYYY.)	1/1/2026
11	Choose the duration of the program from the list below.	Others
11(a).	Choose the duration of the program from the list below. - Others	1 year contract with a 1 year option to extend
12	What is the number of unduplicated individuals served by this program?	40
13	What is the intended impact of this program?	The program is intended to help ensure that transportation challenges do not prevent individuals from accessing medications, counseling, recovery supports, and other essential services.
14	Which key performance indicators are you tracking to ensure success of the program? List all that apply, including, but not limited to, the following:	

	Number of participants served:	12
	Number of services provided/encounters:	68
15	How frequently are you measuring the key performance indicators listed above?	Quarterly
16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	Impact will be tracked through routine program monitoring and data collection, including two site visits annually, an annual needs assessment, and required statistical reports submitted with billing. Reports will document the number of individuals served and the types and levels of services provided. These data, along with information gathered through site visits and needs assessments, will be used to assess program reach, identify emerging needs.
17	Primary Category (Please select the category that fits the primary focus of this program):	Wraparound and Connected Care Supports
18	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	Diversion and Re-entry Support; Recovery Supports
19	Select the "Schedule B" approved strategy or strategies that best match the primary focus of this program.	Support People in Treatment and Recovery
20	Describe how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	Transportation assistance will support timely access to medications for OUD, counseling, treatment appointments, recovery supports, and other wraparound services. By improving continuity of care and reducing missed appointments, the program will help individuals remain engaged in treatment and connected to the services needed to support recovery.

21	Identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	The program was procured through a competitive Request for Proposals (RFP) process in accordance with Mercer County procurement requirements. The opportunity was made available to qualified providers, proposals were reviewed and evaluated based on established criteria, and an award was made to the selected provider. This procurement method was used to promote a fair and transparent selection process and to identify a qualified provider capable of delivering evidence-informed prevention education services to Mercer County residents and addressing the needs of underserved and medically indigent individuals.

	You will be required to answer specific questions about the expenditures below in order for your annual report to be considered complete.	
7	What amount of opioid abatement funds did your subdivision appropriate/encumber but not yet spend during the current reporting period (7/1/2025 - 6/30/2026)?	\$0.00
8	What amount of opioid abatement funds did your subdivision spend on administrative expenses during the current reporting period (7/1/2025 - 6/30/2026)?	\$0.00
	You must also provide details about administrative expenses in Question 8a below.	
8a.	Provide details regarding any administrative expenses spent during the current reporting period (7/1/2025 - 6/30/2026).	The Township did not expend administrative expenses during the current reporting period.
9	What amount of unspent/uncommitted opioid abatement funds from any reporting year does your subdivision currently have on hand?	\$30,725.25

10	What were your subdivision's overarching goals and values in its use of opioid abatement funds during the current reporting period (7/1/2025 - 6/30/2026)?	During the current reporting period, the Township's use of opioid abatement funds was guided by a set of overarching goals centered on prevention, early recognition, harm reduction, and sustained recovery support. The Township prioritized public education as a core value, focusing on helping residents understand how opioid addiction develops, the behavioral and physical signs that indicate emerging dependency, and practical strategies individuals and families can use to avoid misuse. This educational effort reflects the Township's commitment to transparency, community empowerment, and evidence-based prevention. The Township also emphasized post-treatment stability as a critical value. Recognizing that recovery is an ongoing process, the Township supported initiatives that help individuals avoid relapse, maintain continuity of care, and remain connected to supportive services. This approach reflects a broader commitment to long-term wellness, dignity, and reintegration for residents who have experienced opioid addiction.
11	Which official(s) were involved in deciding how to spend opioid abatement funds during the current reporting period (7/1/2025 - 6/30/2026)?	The Mayor, Administrator, and CFO were engaged in determining the allocation and expenditure of the opioid abatement funds.
12	Which resources did your subdivision use when deciding to spend opioid abatement funds during the current reporting period (7/1/2025 - 6/30/2026)?	The Township relied on the Schedule B list to determine how opioid abatement funds should be allocated during the reporting period. The Hopewell Valley Municipal Alliance led the community-facing portion of this assessment, reviewing local data, consulting with school and
	List all that apply, including, but not limited to, the following:	

	(1) Any evidence-based or evidence-informed practices or strategies; (2) The "Schedule B" list of approved opioid remediation uses attached as Exhibit A to the January 28, 2022 "Memorandum of Agreement Between the State of New Jersey and Local Governments on Opioid Litigation Recoveries" to which your subdivision is a signatory; (3) A needs assessment; (4) A strategic plan; and/or (5) An epidemiological analysis;	health partners, and evaluating trends in substance misuse within the region. Their findings showed a clear need for a comprehensive public education campaign focused on how opioid addiction develops, the early warning signs that families and caregivers should recognize, and practical steps residents can take to avoid misuse. The Alliance also identified the importance of communicating the dangers associated with counterfeit or illegally obtained pills, emphasizing that a single pill can be lethal. This conclusion supported the development of a targeted "One Pill Can Kill" awareness initiative aimed at both youth and adults.
13	During the current reporting year (7/1/2025 - 6/30/2026), did your subdivision engage the public (e.g., through town hall meetings, online surveys, or other means of communicating with stakeholders) prior to deciding how to use the opioid abatement funds you received?	No
14	For how many years have settlement spending allocations already been decided?	Other
14a.	Please specify other.	Hopewell Township uses a rolling decision process based on needs.
15	Does your subdivision have a strategic plan regarding the use of opioid abatement funds? If yes, choose "Yes" and upload/link to the strategic plan or summarize the plan in Question 15a	No
16	Have you completed a Risk Assessment profile for demographic or geographic impact?	No

17	Did your subdivision fund any programs using opioid abatement funds during the current reporting year (7/1/2025 - 6/30/2026)?	Yes
	A) For new programs, use the "Add Program" tab to report on each new program.	
	B) For previously-reported programs, use the "Update" tab in the 'Prior Fiscal Year Programs' section to provide updates on programs reported during prior fiscal years.	
	If you reported spending any opioid abatement funds during the current reporting year (7/1/2025 - 6/30/2026) in Question 6, you must answer the following questions for each program funded by opioid abatement funds.	
	2026 Fiscal Program List	
1	What is the name/title of the program?	One Pill Can Kill
2	List all agencies, organizations, or entities that received funding for this program.	Hopewell Valley Municipal Alliance
3	In which category or categories does each agency, organization, or entity that received funding for this program belong? Select all that apply.	County or Municipality (including Departments and Municipal Alliances)
4	What is the primary problem being addressed by this program?	Prescription opioid use and abuse
5	Briefly describe the program's purpose and key activities.	The Hopewell Valley Municipal alliance launched an advertisement campaign called One Pill Can Kill.
6	What is the target population for this program?	Children and Young Adults - 14-18 (high school aged)

7	On what date was this program funded? (Use the format MM/DD/YYYY.)	6/22/2026
8	What is the total amount of funding for this program?	\$3,336.20
8a.	Of the total amount, how much has been spent (in the current reporting year)?	\$3,336.20
8b.	Of the total amount, how much has been appropriated/encumbered but not yet spent?	\$0.00
9	How often is your subdivision disbursing funds to this program?	Others
9(a).	How often is your subdivision disbursing funds to this program? - Others	Three times per year.
10	On what date was this program launched? (Use the format MM/DD/YYYY.)	7/8/2025
11	Choose the duration of the program from the list below.	1 year
12	What is the number of unduplicated individuals served by this program?	21000
13	What is the intended impact of this program?	The purpose of the program was to educate students about the potential danger of a single opioid pill in causing death.
14	Which key performance indicators are you tracking to ensure success of the program? List all that apply, including, but not limited to, the following:	
	Number of participants served:	21000
15	How frequently are you measuring the key performance indicators listed above?	Annually
16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	The impact is to reduce opioid deaths. The impact is tracked through emergency response calls.
17	Primary Category (Please select the category that fits the primary focus of this program):	Primary Prevention, Education, and Training

18	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	Harm Reduction and Overdose Prevention
19	Select the "Schedule B" approved strategy or strategies that best match the primary focus of this program.	Prevent Overdose Deaths and Other Harms (Harm Reduction)
20	Describe how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	The One Pill Can Kill campaign is structured to address opioid use disorder and co-occurring substance use or mental health conditions by using evidence-informed public health strategies that emphasize awareness, early recognition, and harm reduction. The campaign communicates the dangers associated with counterfeit or illegally obtained pills, drawing on national data showing that fentanyl-contaminated pills are a leading driver of fatal overdoses. By presenting this information in accessible language, the campaign helps residents understand how opioid misuse often begins with experimentation or self-medication and can rapidly progress to dependence, particularly among individuals already managing anxiety, depression, trauma, or other behavioral health conditions.
21	Identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	The Hopewell Valley Municipal Alliance has used the vender in the past for ad campaigns.
22	If you would like to provide any additional details about this program not already included above, you may do so here.

11(a).	Choose the duration of the program from the list below. - Others	Two events

12	What is the number of unduplicated individuals served by this program?	21000
13	What is the intended impact of this program?	The primary goal of this program was to thoroughly educate students about the various dangers associated with opioid addiction, including its serious health and social consequences, in order to effectively prevent the onset of addiction. Additionally, the program aimed to offer comprehensive post-treatment support to aid in recovery and reduce the risk of relapse.
14	Which key performance indicators are you tracking to ensure success of the program? List all that apply, including, but not limited to, the following:	
	Number of participants served:	
15	How frequently are you measuring the key performance indicators listed above?	Semi-annually
16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	The intended impact of this program is to significantly reduce the prevalence of opioid addiction, decrease crime rates associated with substance use disorders, and lower the incidence of fatal and non-fatal opioid overdoses within our community. By implementing targeted interventions, the program aims to stabilize individuals, improve public safety, and foster a healthier community environment through evidence-based prevention, treatment, and harm reduction strategies.
17	Primary Category (Please select the category that fits the primary focus of this program):	Harm Reduction and Overdose Prevention
18	The following are other categories that may apply (include all categories)	Diversion and Re-entry Support; Primary Prevention, Education, and Training

	with the exception of the Primary category you chose above).	
19	Select the "Schedule B" approved strategy or strategies that best match the primary focus of this program.	Prevent Misuse of Opioids, Prevent Overdose Deaths and Other Harms (Harm Reduction)
20	Describe how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	The Township's lecture series is designed to address opioid use disorder and co-occurring substance use or mental health conditions through practices grounded in current research and nationally recognized prevention and treatment standards. Each lecture incorporates evidence-based or evidence-informed strategies that help residents understand the biological, psychological, and social factors that contribute to addiction. Presenters explain how OUD develops in the brain, how tolerance and dependence form, and why individuals with underlying mental health conditions such as anxiety, depression, or trauma-related disorders face elevated risk. This scientific framing helps reduce stigma by emphasizing that addiction is a chronic medical condition rather than a moral failing.
21	Identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	The Hopewell Valley Municipal Alliance selected the speaker carefully, leveraging his expertise based on previous successful collaborations.

10	What were your subdivision's overarching goals and values in its use of opioid abatement funds during the current reporting period (7/1/2025 - 6/30/2026)?	Princeton's overarching goals and values emphasize equity, public health, and community resilience. In alignment with these principles, this year's opioid settlement spending decisions focus on prevention, education, leadership, and youth wellness. The Municipality prioritizes strategies that address root causes of substance use, reduce stigma, and support vulnerable populations. By investing in programming and collaborative efforts with local stakeholders, Princeton aims to build a healthier, more informed

		community equipped to prevent and respond to the impacts of the opioid crisis.
11	Which official(s) were involved in deciding how to spend opioid abatement funds during the current reporting period (7/1/2025 - 6/30/2026)?	community stakeholders—elected official, municipal staff, nonprofits, healthcare providers, schools, the local police department, youth and residents with lived experience (PADA)
12	Which resources did your subdivision use when deciding to spend opioid abatement funds during the current reporting period (7/1/2025 - 6/30/2026)?	The stakeholder collaborative strategically decided to use Princeton's Opioid Settlement Funds on approved programming focused on youth drug prevention and wellness after analyzing local trends, including increased reports of youth mental health challenges and early exposure to substance use. Through data sharing and community input, the group identified a need to invest in upstream prevention strategies that build resilience and promote healthy coping skills among young people. As a result, the funds were directed toward leadership, prevention and wellness-focused programming designed to address risk factors and support long-term youth well-being.

9	What amount of unspent/uncommitted opioid abatement funds from any reporting year does your subdivision currently have on hand?	\$3,460,711.48

10	What were your subdivision's overarching goals and values in its use of opioid abatement funds during the current reporting period (7/1/2025 - 6/30/2026)?	The OORT program initially focused on assisting the unhoused population, sex workers, panhandlers, and individuals arrested for possession charges. These services continue to be offered, and the program has expanded to include participation in various recovery events in Mercer County, such as Overdose Awareness Night and International Overdose Awareness Day. The Trenton Police Department is committed to fostering strong and trustworthy relationships within the community. Our direct OORT outreach efforts have been refined and focused during the past year, to put the vast majority of our efforts into direct mobile harm reduction through weekly mobile Street Meet efforts (as opposed to large scale partnered monthly outreach events). The large-scale partnered outreach events held in past years were not always accessible or heavily attended by our target population of participants stuck in the cycle of SUD and homelessness. In many cases, they became general Trenton Community events versus targeted harm reduction and recovery support events. For this reason weekly (or multiple per week) direct Street Meet outreaches and targeted follow-ups have been the primary point of contact with participants during this year. We also conducted a traditional large scale outreach, and another single partnered large-scale outreach at the Rescue Mission of Trenton this year, which was able to draw heavy OORT participant attendance. Additionally, we
----	---	---

		conducted mobile “mini outreaches” directly in hot spots throughout the year as follow ups to regular Street Meets activity. By shifting to a nearly 100% mobile outreach, we were able to ensure that every single encounter was directly with a target program participant directly in the hot-spot areas of Trenton. Our team has continued to improve the impact of our weekly outreaches throughout the year, by customizing the types and quantities of items distributed to participants (e.g. emphasis on hot weather safety/hydration in warmer months, and emphasis on cold weather preparedness, safety and comfort during winter months). By varying the seasonal distribution items along with the core set of distributed “care packages” and basic clothing, we are helping our participants stay as safe and comfortable as possible until they are ready to seek assistance from our peer recovery specialists for treatment referrals. This is the very essence of Harm Reduction. In the world of Harm Reduction, adaptability and flexibility are two key success factors. Our program focuses on four main goals: · Reach individuals where they are via mobile program · Help meet their basic needs while actively using · Show genuine concern and build trust · Instill hope for recovery and facilitate treatment when they are ready
11	Which official(s) were involved in deciding how to spend opioid abatement funds during the current reporting period (7/1/2025 - 6/30/2026)?	City Administration, Governing Body, Police Administration

	Increased community awareness (please describe):	Increased visibility in the neighborhoods
	Number of referrals to treatment	60
	Other:	Transport to Treatment - 35 Sober Living Referrals - 8 Peer recovery Coaching - 47 Treatment follow-up - 285 Wound Care - 148
5	Is there anything else you would like to share or highlight regarding the progress and impact of this program? :	Yes
	5a) If yes, please explain:	Trenton's "Opioid Outreach Response Team" has shifted away from the "carrot and stick" incarceration-to-treatment method and has utilized a "meet-people-where-they-are" method to build trust in the community. We have found that it takes 3+ interactions in the same neighborhood to gain credibility. We also have people in recovery on the mobile unit so we also have added "credible messengers" to gain community confidence. It has increased referrals to treatment, and long term success rates. We have continued to add community partners and have a contracted nurse to handle wound care, which helps us track participants. Now, instead of us

		having to "look for people", our SUD population now looks for us.
