9	What amount of unspent/uncommitted opioid abatement funds from any reporting year does your subdivision currently have on hand?	\$3,977,946.08
10	What were your subdivision's overarching goals and values in its use of opioid abatement funds during the current reporting period (7/1/2025 - 6/30/2026)?	Morris County's overarching goal this year was to provide funding to combat the opioid epidemic through treatment, prevention, and/or other strategies for its residents. The identified priorities for funded programs included recovery support services, medication assisted treatment, prevention/early intervention, transportation, outreach, and case management, harm reduction, funds for extended voluntary treatment stays, multilingual services, services for the aging population struggling with

		substance use disorder, recreational programs for youth, and housing.
11	Which official(s) were involved in deciding how to spend opioid abatement funds during the current reporting period (7/1/2025 - 6/30/2026)?	The opioid funding applications were reviewed by the Opioid Advisory Committee and recommendations were made to the Mental Health Substance Use Advisory Board (MHASAB). The MHASAB then votes on the recommendations and passes them to the Department of Human Services who then put them through resolution for final approval from the Board of County Commissioners.
12	Which resources did your subdivision use when deciding to spend opioid abatement funds during the current reporting period (7/1/2025 - 6/30/2026)?	The list of Opioid Remediation uses, as well as identified priorities from engaging with stakeholders informed the county's decision on the best way to utilize opioid abatement funds, our subdivision received this reporting year
	List all that apply, including, but not limited to, the following:	
	(1) Any evidence-based or evidence-informed practices or strategies;	

	(2) The "Schedule B" list of approved opioid remediation uses attached as Exhibit A to the January 28, 2022 "Memorandum of Agreement Between the State of New Jersey and Local Governments on Opioid Litigation Recoveries" to which your subdivision is a signatory; (3) A needs assessment; (4) A strategic plan; and/or (5) An epidemiological analysis;	
13	During the current reporting year (7/1/2025 - 6/30/2026), did your subdivision engage the public (e.g., through town hall meetings, online surveys, or other means of communicating with stakeholders) prior to deciding how to use the opioid abatement funds you received?	Yes
13a	If yes, provide details about your public engagement/input efforts.	Several committees, subcommittees, advisory boards, and stakeholders were asked to provide input in identifying priorities for opioid abatement funded programs. These groups included but were not limited to: Morris County Municipal Alliances, County Alliance Steering Subcommittee, Mental Health and Addiction Services Advisory Board, Youth Services Advisory Board, Advisory Council on Aging, Disabilities, & Veterans.
14	For how many years have settlement spending allocations already been decided?	1 - 2 years
15	Does your subdivision have a strategic plan regarding the use of opioid abatement funds?	No, but we plan to in the future

	If yes, choose "Yes" and upload/link to the strategic plan or summarize the plan in Question 15a	
16	Have you completed a Risk Assessment profile for demographic or geographic impact?	No, but we plan to in the future

	2026 Fiscal Program List	
1	What is the name/title of the program?	Community-Based Mentoring Program
2	List all agencies, organizations, or entities that received funding for this program.	Big Brothers Big Sisters of Coastal & Northern NJ
3	In which category or categories does each agency, organization, or entity that received funding for this program belong? Select all that apply.	Community Based Organizations/Non-Governmental Organizations

4	What is the primary problem being addressed by this program?	Mentoring for youth impacted by opioid use disorder
5	Briefly describe the program's purpose and key activities.	The Community-Based Mentoring Program will serve youth, ages 6-18, who are directly or indirectly impacted by opioid use disorder and other co-occurring disorders (e.g., a parent, sibling, or caregiver struggling with addiction). Youth will be matched one-to-one with a trained, caring mentor ("Big") who will provide consistent guidance, positive role modeling, and support. This mentoring relationship is reinforced by a trauma-informed, evidence-based case management model, which addresses Adverse Childhood Experiences (ACEs) and promotes resilience, educational success, and healthy decision-making. Community-based match activities will be arranged at mutually agreed-upon times, where the mentor picks up the child at the child's home for a free or low-cost activity out in the community. Case management services will be provided at the Big Brothers Big Sisters of Coastal & Northern New Jersey Morristown location. Activities will take place year-round.
6	What is the target population for this program?	Children and Young Adults - 0-13 (through 8th grade); Members of the General Public

8b.	Of the total amount, how much has been appropriated/encumbered but not yet spent?	\$10,000.00
9	How often is your subdivision disbursing funds to this program?	Quarterly
10	On what date was this program launched? (Use the format MM/DD/YYYY.)	1/1/2026
11	Choose the duration of the program from the list below.	1 year
12	What is the number of unduplicated individuals served by this program?	20
13	What is the intended impact of this program?	The intended impact of the program is to provide youth impacted by substance use or co-occurring disorder (family members, close friends, etc.) with one-on-one mentoring to demonstrate positive behaviors, ways of coping, healthy decision making, etc.
14	Which key performance indicators are you tracking to ensure success of the program? List all that apply, including, but not limited to, the following:	
	Number of participants served:	10
15	How frequently are you measuring the key performance indicators listed above?	Quarterly
16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	The program aims to match 20 youth who have been impacted by the opioid crisis with positive adult matches and provide one-on-one mentoring to create healthy relationships. This will be measured by regular check-ins with BBBS staff, surveys, youth/family interviews.
17	Primary Category (Please select the category that fits the primary focus of this program):	Wraparound and Connected Care Supports

18	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	Primary Prevention, Education, and Training
19	Select the "Schedule B" approved strategy or strategies that best match the primary focus of this program.	Connections to Care
20	Describe how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	This program will address how the impact of opioid use disorders in families impact the youth through one-on-one mentoring.
21	Identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	The County of Morris advertised Opioid Settlement funding available to the community through a Request for Applications (RFA). The advertisement was announced in the local paper (Daily Record), posted on the County website, and circulated to over 200 individuals representing various organizations. The RFA for 2026 funding was announced on June 18, 2025, with a due date of July 15, 2025. There was an application opening scheduled for 2:15 pm on July 15th that was open to the public. The applications were reviewed locally, and funding recommendations were put through resolution for adoption by the Board of County Commissioners.

20	Describe how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	The program will utilize evidence-informed strategies, including harm-reduction practices, screening and assessment, motivational engagement, peer and behavioral health support, case management, and referrals to medication-assisted treatment when appropriate. The program will also recognize that opioid use frequently occurs alongside mental health conditions and other substance use disorders. Coordinating these services helps address the underlying issues that may contribute to substance use rather than treating opioid use in isolation.
21	Identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	Ms. Wilson's House has been a longstanding resource in the community, providing support and services to 18 women. Due to a funding deficit that threatened the continued availability of these services, the decision was made to use opioid abatement funding to support the program. The program provides a safe and supportive environment for women who may be experiencing substance use, mental health, housing, and other challenges. Supporting Ms. Wilson's House helps maintain access to essential services while providing residents with stability, guidance, and connections to appropriate treatment and recovery resources. This support is consistent with an evidence-informed, community-based approach to addressing opioid use disorder and co-occurring substance use and mental health conditions. By maintaining a stable environment and connecting individuals with treatment,

		counseling, recovery services, and other community resources, the program helps reduce barriers to care and promotes long-term recovery and stability.
22	If you would like to provide any additional details about this program not already included above, you may do so here.	no, I think my provided answers are sufficient.
