8a.	Provide details regarding any administrative expenses spent during the current reporting period (7/1/2025 - 6/30/2026).	
9	What amount of unspent/uncommitted opioid abatement funds from any reporting year does your subdivision currently have on hand?	\$5,212,936.88

10	What were your subdivision's overarching goals and values in its use of opioid abatement funds during the current reporting period (7/1/2025 - 6/30/2026)?	2023–2024: In alignment with national opioid settlement requirements, the County established the Ocean County Opioid Advisory Council (OCOAC), adopted bylaws and a governance framework, and completed a community needs assessment and multi-year strategic plan. In 2024-2025, the County partnered with community organizations to implement prioritized services, engaged stakeholders, monitored programs, and reported progress and settlement fund use to the public. Services expanded to include Targeted Outreach and Engagement. In 2025-2026 the County continued to monitor service provision, community engagement and use of settlement funds. Community Needs Assessment was distributed in 2026 to identify needs and priorities for the upcoming development of a new multi-year strategic plan.
11	Which official(s) were involved in deciding how to spend opioid abatement funds during the current reporting period (7/1/2025 - 6/30/2026)?	During the current reporting period (7/1/2025–6/30/2026), the use of opioid abatement funds was guided by the Ocean County Opioid Advisory Council (OCOAC). The OCOAC provided guidance and recommendations regarding the appropriate use of opioid abatement funds. Contracted uses of opioid abatement funds were subject to approval by the Board of Commissioners. The Board of Commissioners therefore served as the approving authority for contracted expenditures during the reporting period. This process is outlined in the Strategic Plan which is available at: https://www.co.ocean.nj.us/OC/OCDHS/frmOpioidCouncil.aspx.
12	Which resources did your subdivision use when deciding to spend opioid abatement funds during the current reporting period (7/1/2025 - 6/30/2026)?	The Ocean County Opioid Advisory Council operates under a multi-year Strategic Plan developed through a comprehensive planning process. This included a community needs assessment, public input via surveys and forums, and analysis of key opioid-related data (e.g., treatment access, overdose deaths, arrests, and neonatal abstinence syndrome). Findings were aligned with evidence-based strategies, approved
	List all that apply, including, but not limited to, the following:	

	(1) Any evidence-based or evidence-informed practices or strategies;	opioid remediation uses, and existing service plans. Originally approved in 2023 and updated in June 2024 to reflect additional funding and evolving priorities, the Council continued to follow this Strategic Plan in guiding funding decisions during the current reporting year. The full Plan is available at: https://www.co.ocean.nj.us/OC/OCDHS/frmOpioidCouncil.aspx .
	(2) The "Schedule B" list of approved opioid remediation uses attached as Exhibit A to the January 28, 2022 "Memorandum of Agreement Between the State of New Jersey and Local Governments on Opioid Litigation Recoveries" to which your subdivision is a signatory;	
	(3) A needs assessment;	
	(4) A strategic plan; and/or	
	(5) An epidemiological analysis;	
13	During the current reporting year (7/1/2025 - 6/30/2026), did your subdivision engage the public (e.g., through town hall meetings, online surveys, or other means of communicating with stakeholders) prior to deciding how to use the opioid abatement funds you received?	Yes

13 a	If yes, provide details about your public engagement/input efforts.	The Ocean County Opioid Advisory Council(OCOAC) has engaged the public through ongoing outreach efforts to inform the planning and allocation of opioid settlement funds. Initial engagement included a countywide online needs assessment survey and three public forums in 2023 (two in-person, one virtual), where residents were invited to share input, complete surveys, and submit written testimony. A dedicated email address was also established to collect additional feedback. A thematic analysis of this input, along with participant information, was used to inform the Council's executive planning session. Current engagement efforts continue to build on and incorporate findings from these earlier activities. During this reporting period OCOAC held quarterly open public meetings, which include reports from agencies and funding recipients, along with opportunities for public input. Meeting minutes and program monitoring reports are shared on the OCOAC website.

Our municipality remains committed to building a healthier, safer, and more resilient community through the strategic use of opioid abatement funds. Our priorities continue to include prevention, education, treatment, harm reduction, and recovery support, with an emphasis on evidence-based practices, equitable access to services, and measurable outcomes. We also continue to strengthen partnerships with schools, law enforcement, emergency services, healthcare providers, and community

		organizations to ensure resources address identified needs and support sustainable, long-term improvements in public health and community well-being.
11	Which official(s) were involved in deciding how to spend opioid abatement funds during the current reporting period (7/1/2025 - 6/30/2026)?	Township Administrator, Chief Financial Officer, Chief of Police, School Superintendent, School Substance Abuse Counselor and Municipal Alliance Director
12	Which resources did your subdivision use when deciding to spend opioid abatement funds during the current reporting period (7/1/2025 - 6/30/2026)?	The Township continues to use evidence-based and evidence-informed practices, Schedule B approved strategies, local and regional data, and stakeholder input when determining the use of opioid abatement funds. As part of this process, the Township undertook a community feasibility study to assess community need and demand, including an analysis of demographics and psychographics and the use of focus groups to better understand community priorities and barriers to services. The Township also conducted a community needs assessment to evaluate broader community needs through focus groups, stakeholder interviews, and analysis of demographic and public health data. This assessment examined existing health and social services,
	List all that apply, including, but not limited to, the following:	
	(1) Any evidence-based or evidence-informed practices or strategies;	
	(2) The "Schedule B" list of approved opioid remediation uses attached as Exhibit A to the January 28, 2022 "Memorandum of Agreement Between the State of New Jersey and Local Governments on Opioid Litigation Recoveries" to	

	which your subdivision is a signatory;	the needs of underserved and at-risk populations, gaps in available services, and existing community resources. The results will help identify service gaps, avoid duplication, establish priorities, and guide future opioid settlement funding toward programs and services that provide the greatest measurable community benefit.
	(3) A needs assessment;	
	(4) A strategic plan; and/or	
	(5) An epidemiological analysis;	
13	During the current reporting year (7/1/2025 - 6/30/2026), did your subdivision engage the public (e.g., through town hall meetings, online surveys, or other means of communicating with stakeholders) prior to deciding how to use the opioid abatement funds you received?	Yes

13a	If yes, provide details about your public engagement/input efforts.	The Township engaged residents, community leaders, service providers, and other stakeholders through a comprehensive community engagement and needs-assessment process to help identify current and emerging health, wellness, prevention, youth, family, and social-service needs within Lacey Township. In partnership and with assistance from DBD Group, the Township conducted a community-wide survey that generated 1,840 responses representing approximately 5,426 residents. The Township also conducted 19 individual stakeholder interviews with representatives from education, healthcare, nonprofit, civic, business, and other community sectors. These efforts were designed to identify gaps in existing services, critical social issues, underserved populations, and opportunities to improve health, wellness, prevention, and community connections. The Township further expanded its engagement through an invite-only Community Leader Forum held on April 22, 2026, which brought together approximately 60 community leaders and stakeholders. Participants reviewed the findings gathered through the surveys and interviews and participated in facilitated small-group discussions addressing community priorities, including youth development and activities, health and wellness, affordability and accessibility of services, social
-----	---	---

		isolation, and opportunities to better serve residents of all ages and abilities. The engagement process was then broadened to the general public through an open public forum/Special Township Committee Meeting on June 25, 2026, providing residents an additional opportunity to receive information, ask questions, and provide direct public input regarding identified community needs and potential programs and services. Information obtained through these public and stakeholder engagement efforts supplements the Township's ongoing collaboration with its Municipal Alliance, Board of Education, Police and EMS, healthcare providers, nonprofit organizations, and other community partners. The feedback assists the Township in evaluating prevention, behavioral health, substance-use, youth intervention, family support, wellness, and community-based service needs and will be considered when establishing priorities for the continued use of opioid settlement funds. This process helps ensure that future investments are responsive to documented community needs, address service gaps and underserved populations, avoid unnecessary duplication of existing resources, and provide measurable benefits to Lacey Township residents.
14	For how many years have settlement spending allocations already been decided?	1 - 2 years

15	Does your subdivision have a strategic plan regarding the use of opioid abatement funds?	No, but we plan to in the future
	If yes, choose "Yes" and upload/link to the strategic plan or summarize the plan in Question 15a	
16	Have you completed a Risk Assessment profile for demographic or geographic impact?	No, but we plan to in the future
17	Did your subdivision fund any programs using opioid abatement funds during the current reporting year (7/1/2025 - 6/30/2026)?	Yes
	A) For new programs, use the "Add Program" tab to report on each new program.	
	B) For previously-reported programs, use the "Update" tab in the 'Prior Fiscal Year Programs' section to provide updates on programs reported during prior fiscal years.	
	If you reported spending any opioid abatement funds during the current reporting year (7/1/2025 - 6/30/2026) in Question 6, you must answer the following questions for each program funded by opioid abatement funds.	
	2026 Fiscal Program List	
1	What is the name/title of the program?	Community Needs Assessment
2	List all agencies, organizations, or entities that received funding for this program.	DBD Group & Four Square Research

3	In which category or categories does each agency, organization, or entity that received funding for this program belong? Select all that apply.	Private/For-profit Organizations
4	What is the primary problem being addressed by this program?	The primary problem being addressed by this program is the need to accurately identify and evaluate the community's current opioid-related needs, service gaps, available resources, and barriers to prevention, treatment, recovery, and supportive services.
5	Briefly describe the program's purpose and key activities.	The program's purpose is to evaluate the community's opioid-related needs and determine how opioid settlement funds can be used most effectively. Key activities will include gathering and analyzing local data, identifying existing services and service gaps, obtaining input from community stakeholders, assessing unmet needs and barriers to care, and evaluating the feasibility of new or expanded prevention, treatment, recovery, and support programs.
6	What is the target population for this program?	Children and Young Adults - 0-13 (through 8th grade); Children and Young Adults - 14-18 (high school aged); Children and Young Adults - 19-24 (post-grad through college); Individuals experiencing Homelessness; Individuals in Recovery; Individuals in Treatment; Individuals involved with the Criminal Justice System; Individuals who Use Drugs; Members of the General Public; Pregnant and Parenting Individuals and their Families, including Babies

		with Neonatal Abstinence Syndrome
7	On what date was this program funded? (Use the format MM/DD/YYYY.)	8/14/2025
8	What is the total amount of funding for this program?	\$73,045.53
8a.	Of the total amount, how much has been spent (in the current reporting year)?	\$73,045.53
8b.	Of the total amount, how much has been appropriated/encumbered but not yet spent?	\$0.00
9	How often is your subdivision disbursing funds to this program?	Others
9(a).	How often is your subdivision disbursing funds to this program? - Others	funds were distributed upon completion of work, usually monthly
10	On what date was this program launched? (Use the format MM/DD/YYYY.)	8/14/2025
11	Choose the duration of the program from the list below.	One time only
12	What is the number of unduplicated individuals served by this program?	5426

13	What is the intended impact of this program?	The intended impact of this program is to provide Lacey Township with a clear, data-driven understanding of community needs related to opioid use, substance use, prevention, treatment, recovery, and supportive services. The findings will guide the effective use of opioid settlement funds, identify gaps in existing services, reduce duplication, support development of appropriate programs, and improve access to resources that promote prevention, recovery, and long-term community well-being.
14	Which key performance indicators are you tracking to ensure success of the program? List all that apply, including, but not limited to, the following:	
	Other:	Demonstrated use of study findings to prioritize future expenditures and ensure settlement funds address documented community needs.
15	How frequently are you measuring the key performance indicators listed above?	Quarterly
16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	The program aims to identify community needs, service gaps, and available resources to guide the effective use of opioid settlement funds. Impact will be measured through community participation, identified needs and recommendations, and the extent to which findings guide future programs, services, and funding decisions.
17	Primary Category (Please select the category that fits the primary focus of this program):	Primary Prevention, Education, and Training

18	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	None of the above
19	Select the "Schedule B" approved strategy or strategies that best match the primary focus of this program.	Leadership, Planning and Coordination
20	Describe how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	The program will use community data and stakeholder input to identify evidence-based and evidence-informed strategies for addressing opioid use disorder, co-occurring substance use disorders, and mental health conditions. Findings will guide future investments in prevention, treatment, recovery supports, behavioral health services, harm reduction, and coordinated referral pathways that reflect demonstrated community needs.
21	Identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	The Township issued a Request for Proposals (RFP) for the program. Proposals received were reviewed and evaluated in accordance with the New Jersey Local Public Contracts Law and applicable procurement requirements. Following the review process, the contract was awarded to the qualified respondent whose proposal was determined to best meet the Township's needs. The RFP process was used to ensure a fair, competitive, and transparent selection process for professional services.
22	If you would like to provide any additional details about this program not already included above, you may do so here.	

	2026 Fiscal Program List	
1	What is the name/title of the program?	Cameras in High Risk areas
2	List all agencies, organizations, or entities that received funding for this program.	Lacey Township Vendor Gridless Power Corporation
3	In which category or categories does each agency, organization, or entity that received funding for this program belong? Select all that apply.	County or Municipality (including Departments and Municipal Alliances); Others
3(a).	In which category or categories does each agency, organization, or entity that received funding for this program belong? Select all that apply. - Others	Gridless Power Corporation for the equipment
4	What is the primary problem being addressed by this program?	Monitoring, surveillance of high risk areas & Narcan dispenser
5	Briefly describe the program's purpose and key activities.	Wireless camera systems will be installed at high-risk public locations — including park pavilions/entrances, community center common areas, and Narcan dispensing box sites — to support opioid overdose prevention, harm reduction, and rapid emergency response consistent with allowable opioid abatement uses.
6	What is the target population for this program?	Individuals experiencing Homelessness; Individuals in Recovery; Individuals in Treatment; Individuals involved with the Criminal Justice System; Individuals who Use Drugs; Members of the General Public
7	On what date was this program funded? (Use the format MM/DD/YYYY.)	8/25/2025
8	What is the total amount of funding for this program?	\$7,427.15

8a.	Of the total amount, how much has been spent (in the current reporting year)?	\$7,427.15
8b.	Of the total amount, how much has been appropriated/encumbered but not yet spent?	\$0.00
9	How often is your subdivision disbursing funds to this program?	One time only
10	On what date was this program launched? (Use the format MM/DD/YYYY.)	8/25/2025
11	Choose the duration of the program from the list below.	One time only
12	What is the number of unduplicated individuals served by this program?	500
13	What is the intended impact of this program?	Protecting naloxone box infrastructure so it stays stocked and functional. Linking to overdose mapping systems to identify hot spots. Monitoring areas with known drug activity (parks, public spaces) as a deterrent. Protecting harm-reduction supplies; Cameras can help staff or dispatch notice when someone is in visible distress near a park or public space, potentially triggering a quicker 911/EMS response to a suspected overdose. Footage or usage patterns (how often boxes are accessed, where overdoses cluster) can feed into needs assessments that many counties use to decide where to place future harm-reduction resources. Camera placement in parks as discouraging in-the-open drug use or sales, tying it to "community safety" rather than direct harm reduction.
14	Which key performance indicators are you tracking to ensure success of the program? List all that apply,	

	including, but not limited to, the following:	
	Number of harm reduction supplies distributed (e.g naloxone kits, drug disposal packets):	Naloxene kits 15
	Increased community awareness (please describe):	Community notification that we have a narcon box available to the public for use
15	How frequently are you measuring the key performance indicators listed above?	Monthly
16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	Restocking frequency and box "downtime" (how often boxes are found empty or damaged) — a fall in these would show improvement Number of incidents of vandalism or theft reported, before vs. after camera installation Number of documented overdose responses or 911 calls triggered by camera-observed incidents in monitored areas Footage-informed usage counts (if boxes have dispensing counters or the footage can log activity) Community/resident complaint volume regarding the monitored areas, tracked over time
17	Primary Category (Please select the category that fits the primary focus of this program):	Recovery Supports
18	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	Harm Reduction and Overdose Prevention; Primary Prevention, Education, and Training; Treatment

19	Select the "Schedule B" approved strategy or strategies that best match the primary focus of this program.	Treat Opioid Use Disorder (OUD), Support People in Treatment and Recovery, Address the Needs of Criminal Justice-Involved Persons, Appropriate Opioid Prescribing and Dispensing, Prevent Overdose Deaths and Other Harms (Harm Reduction), Research
20	Describe how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	The installation of security cameras at public parks and community centers, along with a publicly accessible Narcan distribution box, will support overdose prevention, harm reduction, and rapid emergency response. The Narcan box will provide low-barrier access to naloxone, an evidence-based medication proven to reverse opioid overdoses. The cameras will enhance situational awareness and help facilitate timely response by police, EMS, or other first responders when an overdose or behavioral health emergency occurs. Together, these measures will help reduce opioid-related harm and improve community safety.
21	Identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	Purchased the cameras through a state-contract vendor.
22	If you would like to provide any additional details about this program not already included above, you may do so here.

10	What were your subdivision's overarching goals and values in its use of opioid abatement funds during the current reporting period (7/1/2025 - 6/30/2026)?	The overall goals and values utilized in this reporting period was to prioritize the support of EMS ambulances. The EMS fleet was found to be requiring severe maintenance until the acquisition of three additional ambulances could be obtained. As an agency that responded close to 15,000 calls for service the fleet has shown great wear and tear. While delivery dates of the three new ambulances were delayed due to lead times put greater strain on the apparatus, with some over 200,000 miles. Thus, funding was needed to offset these

		costs. Opioid funding was utilized to keep ambulances in service and available for response to Opioid calls.
