

New Jersey Subdivision Annual Opioid Abatement Report 2023

September 29, 2023

PHILIP D. MURPHY
Governor

State of New Jersey
DEPARTMENT OF HUMAN SERVICES

SARAH ADELMAN
Commissioner

TAHESHA L. WAY
Lt. Governor

222 South Warren Street
P.O. Box 700
Trenton, NJ 08625

The State of New Jersey and its subdivisions will receive more than 1.1 billion dollars over the next two decades to combat the opioid epidemic through settlement agreements with several opioid manufacturers, distributors, and retailers. Approximately half of the settlement dollars will go directly to the State to administer and, after payment of litigation expenses, the remainder will be distributed directly to 262 eligible subdivisions (comprising 21 counties and eligible municipalities that have populations over 10,000 or that filed related lawsuits) by the Independent Trustee who is responsible for the release of the Opioid Settlement Funds.

Allowable uses of the Opioid Settlement Funds include:

- Treating opioid use disorder (OUD)
- Supporting people in treatment and recovery
- Providing connections to care
- Addressing the needs of justice involved persons
- Addressing the needs of pregnant or parenting people who use drugs and their families
- Preventing over-prescribing and ensuring appropriate prescribing and dispensing of opioids by health care professionals
- Preventing problematic misuse of opioids
- Preventing overdose deaths and harms through harm reduction strategies
- Other goals such as supporting first responders, training, and cross-system collaborative efforts, and/or research

The NJ Department of Human Services is pleased to present the first annual report outlining the use of these funds. The following report represents the investments made by New Jersey's 262 Subdivisions.

17. Can we post your risk assessment online?

18. Please tell us your overall rationale for prioritizing the use of the opioid abatement funds that you received (e.g., are you using a needs assessment, a strategic or other plan, or an epidemiological analysis)? **The County is discussing the process we will be following to develop short and long term uses for the opioid funding. Our county committee did recommend we initially fund a prevention program that would add a new service into the community. This committee included most of the substance abuse and mental health agencies in our community. The committee members also included are County Prosecutor, County Sheriff, local police, EMS, and the 7 towns who are eligible recipients of Opioid Settlement funds. However, the plan will drive the future program development and funding.**

Program 1

19. Program name/title: **Bridge Clinic Program**

Agency/funding recipient name: **Atlanticare**

Primary problem being addressed by this program: **Treatment of Opioid substance abuse**

Brief program description: **See below**

Program target population: **Opioid users**

Date this program was funded (please use M/D/Y): **3/1/2023**

Amount of funding for this program: **\$262,488.00 (allocated but not yet spent)**

Program launch date: **3/1/2023**

If program has started, how many clients have been seen as of 6/30/2023: **33**

What key performance indicators are you tracking to ensure success of the program? **1. What factor(s) make a person participate in treatment. 2. How many individuals complete treatment. 3. How important is case management.**

Please state this program's statement of impact: **The Bridge is a response to the high rate of overdose related deaths in the County and to provide a solution for the high volume of patients who are seen in Atlanticare's campuses whose underlying medial issue is substance abuse.**

How do you plan to measure or track success and impact of this program?

- 1. How many individuals agree to treatment.**
- 2. How many individuals complete treatment.**
- 3. How many individuals become stabilized in the community when treatment is completed.**

20. Primary Category (Please select the category that fits the primary focus of this program).
Treatment

21. The following are other categories that may apply (include all categories with the exception of the Primary category you chose above). **Overdose Prevention, Long-Term Resiliency, Recovery and Support**

22. Please choose the length of time of this program's duration: **1 year**

Other (please specify):

New Jersey 2023 Opioid Abatement Report

23. How often are you disbursing funds to this program? **Quarterly**

Other (please specify):

24. Rationale for Program

What is the reason for this program spending choice? **The County had 5 agencies submit programs for treatment. The County opioid committee reviewed the 5 proposals and selected the bridge program. The local hospital initiated an opioid intervention program at their emergency room. Staff were trained and the program was running 3 days/week for a few hours/days. The proposal reviewed by our local committee was enhanced to include 5 days/week. The hospital set aside beds in the hospital for patients who had drug problems. A case manager was assigned to each patient who consented to participate in a drug treatment program. Each patient is given medicine to ease their withdrawal and cravings.**

What outcomes or impact does the program aim to achieve? **To get these patients into a treatment program and then have a case manager follow them all the way through to reentry into the community. The case manager will work with them on education, job training, employment, etc. to stabilize that individual.**

What is the anticipated number of unduplicated clients this program will reach annually? **In the first 4 months of the program there were 33 individuals. The program is evolving to include patients not only in the emergency room, but accepting referrals from community partners.**

25. Do you have other programs you are funding and/or operating with opioid abatement funds? **Yes**

Program 2

19. Program name/title: **Hope1**

Agency/funding recipient name: **Atlantic County Sheriff**

Primary problem being addressed by this program: **Lack of Transportation for substance abusers to treatment**

Brief program description: **There was a clear recognition of the growing use of opioids in the Atlantic County Community. The County Sheriff's Office started a program called Hope One. It was created to provide direct services to any community member and would have the resources to obtain treatment services for residents who asked for assistance. The program works with the opioid committee members. While many residents need services, there are times the lack of transportation and/or the immediacy of transportation prevents access to treatment. The Hope1 project has developed a system that provides this transportation and utilizes its street outreach and hotline; Hope1 can provide the transportation timelier.**

Program target population: **Substance abusers**

Date this program was funded (please use M/D/Y): **3/1/2023**

Amount of funding for this program: **\$22,951.00 (allocated but not yet spent)**

Program launch date: **3/1/2023**

New Jersey 2023 Opioid Abatement Report

If program has started, how many clients have been seen as of 6/30/2023: **33**

What key performance indicators are you tracking to ensure success of the program? **When an individual has indicated they are ready to enter treatment, the transportation is provided immediately.**

Please state this program's statement of impact: **The program is designed to provide direct services for individuals suffering from substance use disorders. Transportation is the component that assists in providing immediate access once an individual commits to the services.**

How do you plan to measure or track success and impact of this program? **1. How many individuals get to treatment**

20. Primary Category (Please select the category that fits the primary focus of this program).
Treatment

21. The following are other categories that may apply (include all categories with the exception of the Primary category you chose above). **Overdose Prevention, Long-Term Resiliency, Treatment**

22. Please choose the length of time of this program's duration: **1 year**

Other (please specify):

23. How often are you disbursing funds to this program?

Other (please specify):

24. Rationale for Program

What is the reason for this program spending choice? **The Opioid committee saw a tremendous need that when an individual expressed a desire to enter treatment, many times the inability to get to the services was unavailable. The Hope1 program has provided a direct access to services through its transportation resource.**

What outcomes or impact does the program aim to achieve? **To provide immediate access to treatment when an individual has committed to enter a program.**

What is the anticipated number of unduplicated clients this program will reach annually? **100**

25. Do you have other programs you are funding and/or operating with opioid abatement funds? **No**

9. Of the total opioid abatement funds, what amount was spent on program administrative expenses?
\$0.00
10. Please share brief information on your subdivision's overarching goals and priorities to provide context for this program year's spending decisions.
Our initial goal for this program was to provide prevention and treatment information to the public. We have used the spent funds for prevention programs in our schools. We plan to use funds to fund our American Medicine Chest program which allows for the public to dispose of unwanted, expired or unused prescription drugs to prevent them from falling into the hands of those who would abuse them. We look to expand the program in the future.

18. Please tell us your overall rationale for prioritizing the use of the opioid abatement funds that you received (e.g., are you using a needs assessment, a strategic or other plan, or an epidemiological analysis)?

The plan to use these funds is still being developed but will prioritize community outreach and training. We have used some funds to teach drug prevention in our Cops in School Programs. We also have a Medicine Chest program which allows for the public to safely dispose of their unwanted, unused or expired household drugs to prevent them from falling into the hands of those who would abuse them. Funds would be allocated to assist with destruction costs of this program.

Program 1

19. Program name/title: **Cops in Schools Program**

Agency/funding recipient name: **Galloway Township Police Department**

Primary problem being addressed by this program: **The purpose of the CIS program is to create an ongoing working relationship with the Galloway Township Public School District's staff, creating an avenue for interaction and education with the district's school aged youth.**

Brief program description: **The goals of the CIS program are to:**

- (1) provide a valuable service to the Galloway Township Public Schools District and the community as a liaison between the school district and the police department,**
- (2) communicate with youth in a positive manner and dispel myths and misconceptions,**
- (3) educate youth by providing relevant and informative education programs concerning drug abuse and violence prevention, personal safety, civic education, tolerance and making good decisions;**

Our goals and priorities for this program focus on improving public awareness and education pertaining to opioid abuse. Specifically, we aim to expand awareness of opioid abuse, risks, and available treatment options through various public outreach efforts such as: educational programs about the risks of opioid abuse, training on naloxone administration, providing free naloxone kits to residents, increasing awareness of available and affordable treatment options, etc. We also aim to increase collaboration efforts with various community stakeholders. For example, working with The Center for Alcohol and Drug Resources to provide training on naloxone administration to the Fair Lawn Police Department, Fair Lawn Borough Staff, and Fair Lawn residents. In addition, we will prioritize supporting community-based organizations that provide peer and recovery support services for individuals suffering from opioid use disorder such as The Counseling Center at Fair Lawn.

Program 1

19. Program name/title: **Naloxone Emergency Kits for High Schools**

Agency/funding recipient name: **Burlington County High Schools (various)**

Primary problem being addressed by this program: **The launch of this program is in direct response to the ongoing opioid public health crisis that has taken over 14,000 lives in NJ over the past 5 years and more than 125 lives in Burlington County in 2022.**

Brief program description: **Install Naloxone Emergency Kits in high traffic areas throughout the schools. Train both students and staff on how to administer naloxone to save lives.**

Program target population: **High school students and staff**

Date this program was funded (please use M/D/Y): **Approved on 06/14/23, but not yet funded**

Amount of funding for this program: **\$11,305.89 (resolution 2023-00339); additional funding being considered up to \$50,000**

Program launch date: **07/01/23**

If program has started, how many clients have been seen as of 6/30/2023: **Not applicable as of 6/30/23**

What key performance indicators are you tracking to ensure success of the program? **Tracking number of high schools participating, the more the program is accepted indicates success. Other key performance indicators are the number of community residents trained in Narcan as well as the number of opioid overdose related deaths.**

Please state this program's statement of impact: **Free Narcan into the hands of community members to reduce overdose deaths in Burlington County**

How do you plan to measure or track success and impact of this program? **Use of naloxone and if it was able to prevent an overdose death. By tracking the number of times naloxone is used in these settings and whether it has prevented an overdose death. As the program continues, a decrease in the use of naloxone will indicate growth of community education in reducing opioid overdoses.**

20. Primary Category (Please select the category that fits the primary focus of this program). **Overdose Prevention**

New Jersey 2023 Opioid Abatement Report

21. The following are other categories that may apply (include all categories with the exception of the Primary category you chose above). **Harm Reduction, Prevention and Education, Recovery and Support**

22. Please choose the length of time of this program's duration: **1 year**

Other (please specify):

23. How often are you disbursing funds to this program? **Other (please specify)**

Other (please specify): **To be determined**

24. Rationale for Program

What is the reason for this program spending choice? **The reason for this program is a direct response to the ongoing opioid public health crisis. Increased awareness is necessary and having the proper resources, as well as knowing how to utilize the available resources is required in any crisis response**

What outcomes or impact does the program aim to achieve? **Further county education of community needs based on use of Narcan kits. Expanded access to naloxone can curb opioid deaths. Having Narcan in plain sight can reduce stigma to substance use disorder, and possibly open more people wanting to seek treatment. Youth of Burlington County will see a constant reminder of the harms associated with using opioids.**

What is the anticipated number of unduplicated clients this program will reach annually? **93,000 plus**

25. Do you have other programs you are funding and/or operating with opioid abatement funds? **Yes**

Program 2

19. Program name/title: **Outpatient Treatment for Opioid Substance Use Disorder**

Agency/funding recipient name: **To be determined (RFP 23-0035)**

Primary problem being addressed by this program: **Lack of private health insurance, or insurance that does not cover substance use disorder treatment. Most individuals cannot afford outpatient treatment out of pocket, especially if they lost employment due to their addiction. The inability to pay down payment and first month's rent for an Oxford/Sober Living Home during or after completing substance us disorder treatment.**

Brief program description: **To provide Oxford House / Sober Living funding for individuals receiving treatment for opioid substance use disorder, transportation from the inpatient facility to the Oxford House, and indigent clients that don't qualify for Medicare.**

Program target population: **Any person 18 years of age or older struggling with opioid substance use disorder**

Date this program was funded (please use M/D/Y): **Approved on 06/14/23, but not yet funded**

Amount of funding for this program: **\$200,000 (resolution 2023-00341)**

New Jersey 2023 Opioid Abatement Report

Program launch date: **09/01/13**

If program has started, how many clients have been seen as of 6/30/2023: **Not applicable as of 06/30/23**

What key performance indicators are you tracking to ensure success of the program? **Successful movement through the Continuum of Care. (Continuum of Care refers to having a detailed plan for what services a person needs to help them stay sober after seeking residential treatment. This is a system where clients are guided and monitored overtime as they progress through all levels and intensities of care).**

Please state this program's statement of impact: **Connect individuals residing in Oxford / Sober Living homes to a Certified Peer Recovery Specialist (CPRS) at one of our two recovery centers located in Westampton and Burlington City**

How do you plan to measure or track success and impact of this program? **Outpatient treatment/transportation - through monthly expenditure reports from vendors; Oxford / Sober Living home - through monthly expenditure reports from vendor; and Recovery Centers through quarterly rosters from vendor**

20. Primary Category (Please select the category that fits the primary focus of this program). **Recovery and Support**

We are prioritizing evidenced-based programs in four main areas: Prevention/Education, Early Intervention, Treatment, and Recovery Supports.**
11. (This question is for counties only) Have you established an Advisory Committee to inform allocation of funds? **Yes**
12. Did your subdivision engage the public (e.g., town hall meeting, online survey, convened stakeholders) prior to deciding how to use the opioid abatement funds you received? **Yes**

New Jersey 2023 Opioid Abatement Report

13. Please describe your public engagement/input efforts? **Camden County convenes several boards and local health task forces which provide a platform for public engagement. As well, the Camden County Prosecutor's Office, the Camden County Police Department, the Camden County Department of Health & Human Services, and the Camden County Commissioners Addiction Awareness Task Force all share input received from members of the public who are impacted directly or indirectly by the opioid crisis in our communities. The opioid abatement programs funded by Camden County are borne out of many years of meetings and conversations with key informants. Those meetings included school superintendents, mental health and addiction professionals, law enforcement, persons in recovery, and the Local Advisory Committee on Alcohol and Drug Abuse.**

14. Does your county/subdivision have a strategic plan? **No, but plan to develop one in the future.**

15. Can we post your strategic plan online?

16. Have you completed a risk assessment profile for demographic or geographic impact? **No, but we plan to in the future.**

17. Can we post your risk assessment online?

18. Please tell us your overall rationale for prioritizing the use of the opioid abatement funds that you received (e.g., are you using a needs assessment, a strategic or other plan, or an epidemiological analysis)? **Based upon the focus groups that were generated as a requirement for the 2024-2027 Comprehensive Substance Abuse Plan and key other informant interviews (Jefferson Health with superintendents, Systems Review Board, Mental Health Board, PACADA/PAC, Partnership for Suicide Prevention, GIS Planning), several gaps in services were identified in four areas:**

Prevention/Education, Early Intervention, Treatment, and Recovery Supports. The rationale for service enhancements in the four identified areas was to fill these gaps. All of the funded programs were created as an identified response for each.

In the area of Prevention/Education, there was a gap in the schools (identified by superintendents) and understanding that there were students who were not aware of the implicit dangers of opioids. As well, prevention was lacking among senior high school students.

In the area of Early Intervention, there were gaps identified by law enforcement which related to the number of persons with mental health disorders and cooccurring disorders who were encountering the criminal justice system.

Treatment linkage in high drug traffic areas and throughout the shelter system was limited. In the area of Treatment, individuals attempting to access the Mental Health System of Care for Substance Use Disorder were not being adequately serviced.

In the area of Recovery Supports, there were gaps in high drug traffic areas for persons in recovery.

Program 1

19. Program name/title: **Peer Led Recovery Center (Camden City)**

Agency/funding recipient name: **Center for Family Services**

Primary problem being addressed by this program: **Recovery Support**

Brief program description: **This program provides additional hours for service delivery at the Recovery Center in Camden City. The Recovery Center is peer led and assists with wrap-around services for recovery support, including in-person and virtual support groups.**

Program target population: **All County residents**

New Jersey 2023 Opioid Abatement Report

Date this program was funded (please use M/D/Y): **3/1/2023**

Amount of funding for this program: **\$250,000.00**

Program launch date: **3/1/2023**

If program has started, how many clients have been seen as of 6/30/2023: **72**

What key performance indicators are you tracking to ensure success of the program? **The number of individuals who walk into the Recovery Center to inquire about services, the number who engage in services or resources, in addition to increasing collaboration among the Recovery Center and surrounding communities to promote services for those in need.**

Please state this program's statement of impact: **Community Peer Recovery Centers provide peer support recovery services to the community, including Naloxone training and kits, peer recovery coaching, social and recreational activities, support groups, and more.**

How do you plan to measure or track success and impact of this program? **Success will be measured by utilization. The expectation is that clients will see at least 8 people per day with the enhanced hours.**

20. Primary Category (Please select the category that fits the primary focus of this program). **Recovery and Support**

21. The following are other categories that may apply (include all categories with the exception of the Primary category you chose above). **Long-Term Resiliency**

22. Please choose the length of time of this program's duration: **Other (please specify)**

Other (please specify): **Ongoing**

23. How often are you disbursing funds to this program? **Other (please specify)**

Other (please specify): **Contracted for \$250,000.00 for the year. Funds are disbursed on a fee-for-service basis as services are rendered.**

24. Rationale for Program

What is the reason for this program spending choice? **This program was chosen for its ease of access to the target population and the high need for recovery supports in this area. There are many homeless persons with active Substance Use Disorder in this area.**

What outcomes or impact does the program aim to achieve? **Reduction of overdoses and overdose-related fatalities. Increased engagement and linkage to treatment.**

What is the anticipated number of unduplicated clients this program will reach annually? **400**

25. Do you have other programs you are funding and/or operating with opioid abatement funds? **Yes**

Program 2

19. Program name/title: **Naloxbox Initiative**

New Jersey 2023 Opioid Abatement Report

Agency/funding recipient name: **Camden County Office of Mental Health & Addiction**

Primary problem being addressed by this program: **Overdose Prevention**

Brief program description: **This program provides Naloxboxes to schools, churches, courts, and social service organizations equipped with Narcan, plus training to respond to overdoses.**

Program target population: **School and other personnel**

Date this program was funded (please use M/D/Y): **November 2022**

Amount of funding for this program: **\$66,031.95**

Program launch date: **November 2022**

If program has started, how many clients have been seen as of 6/30/2023: **392 Camden County locations, including 233 schools, 33 county buildings, and 126 social settings**

What key performance indicators are you tracking to ensure success of the program? **The number of schools, social settings, and County buildings that install Naloxbox, as well as the number of locations that request Narcan replenishment due to use. Non-fatal and fatal overdoses are continuously tracked throughout Camden County.**

Please state this program's statement of impact: **This program increases public understanding of Opioid Use Disorder, decreases stigma, and provides vital life-saving instruction on how to respond to an opioid overdose using Narcan.**

How do you plan to measure or track success and impact of this program? **Distribution of Naloxboxes and number of individuals attending the trainings**

20. Primary Category (Please select the category that fits the primary focus of this program). **Overdose Prevention**

21. The following are other categories that may apply (include all categories with the exception of the Primary category you chose above). **Harm Reduction**

22. Please choose the length of time of this program's duration: **5+ years**

Other (please specify):

23. How often are you disbursing funds to this program? **Annually**

Other (please specify):

24. Rationale for Program

What is the reason for this program spending choice? **This program reduces stigma, provides education and awareness about opioid overdose, and increases the number of County residents who are able to respond to an opioid emergency.**

What outcomes or impact does the program aim to achieve? **Decreased stigma associated with persons with Opioid Use Disorder and fewer overdose fatalities in the County.**

New Jersey 2023 Opioid Abatement Report

What is the anticipated number of unduplicated clients this program will reach annually? **30-50**

25. Do you have other programs you are funding and/or operating with opioid abatement funds? **Yes**

Program 3

19. Program name/title: **Behavioral Health Clearances**

Agency/funding recipient name: **Oaks Integrated Care**

Primary problem being addressed by this program: **Treatment**

Brief program description: **Youth referred by schools for mental health and substance abuse concerns are diverted from ERs and evaluated by licensed clinicians in OPT settings.**

Program target population: **Youth in schools**

Date this program was funded (please use M/D/Y): **2/1/2023**

Amount of funding for this program: **\$125,000.00**

Program launch date: **2/1/2023**

If program has started, how many clients have been seen as of 6/30/2023: **0**

What key performance indicators are you tracking to ensure success of the program? **The number of individuals referred for clearance, the number admitted vs. cleared for return to school, with overall goal to decrease clearances in crisis and hospitals. Additionally, for those who are not admitted, the number of referrals and assisted hands-on linkages for those individuals (warm-hand offs), in addition to fewer number of referrals to crisis and/or return of individuals.**

Please state this program's statement of impact: **This program reduces wait times, ER visits, and turn-around time for return to school.**

How do you plan to measure or track success and impact of this program? **Number of program participants**

20. Primary Category (Please select the category that fits the primary focus of this program). **Treatment**

Program 5

19. Program name/title: **Project SAVE (Substance Abuse Visionary Effort) – Mental Health Navigator**

Agency/funding recipient name: **Genesis Counseling Center**

Primary problem being addressed by this program: **Diversion from incarceration**

Brief program description: **Persons with co-occurring mental health and Substance Use Disorder who are encountered by law enforcement are intervened in municipal court and provided linkage to appropriate care with follow-up.**

Program target population: **Adults with co-occurring mental health and substance abuse disorders referred to municipal court**

Date this program was funded (please use M/D/Y): **2/1/2023**

Amount of funding for this program: **\$150,000.00**

Program launch date: **2/1/2023**

If program has started, how many clients have been seen as of 6/30/2023: **56 enrolled from referrals through Court Staff (31), Police (13), and Self (12). Outreaches are phone calls and updates to Advocates for court (1,753). These numbers do not include the additional mental health participants who were enrolled prior to the start of the MH Navigator, which now they also assist.**

What key performance indicators are you tracking to ensure success of the program? **The number of referrals, the number of individuals contacted for initial greeting/program introduction, the number enrolled, the number who attend a mental health assessment, the number admitted in mental health treatment services, the number of follow-ups, and the number who complete number treatment services. Qualitative data that reflects the enhancement of participants' well-being is also tracked, which may include additional referrals for wrap-around services such as employment, identification documents, schooling, support groups, among other measures.**

New Jersey 2023 Opioid Abatement Report

Please state this program's statement of impact: **Project SAVE is a gateway to treatment program that provides early intervention at point of arrest for those individuals who have co-occurring Substance Use Disorder and mental health disorders. This program provides additional support, linkage, and referrals to desired care.**

Our subdivision has started an internal committee to review community outreach programs, our first meeting was June 29th 2023. We met to discuss where the funds can be used to benefit the direct community with regards to substance and mental health issues. We discussed trying to find programs that we weren't directly apart of already or already get for free such as Naloxone. Our main focus is how we can benefit the community of Bridgeton directly to ensure our citizens get the benefit of the funds.

18. Please tell us your overall rationale for prioritizing the use of the opioid abatement funds that you received (e.g., are you using a needs assessment, a strategic or other plan, or an epidemiological analysis)? **In 2016, upon the realization that the Robbinsville Police Department continually arrested the same suspects for addiction to opioids, the township recognized addiction as a disease and national epidemic. The Township of Robbinsville developed Community Addiction Recovery Effort (C.A.R.E.), providing resources, access to a Certified Recovery Coach and a pathway to recovery during the suspect's most receptive moment. C.A.R.E. is standard operating procedure followed by the Robbinsville Township Police Department when faced with suspects arrested in the Township of Robbinsville for the possession of, or under the influence of opioids. Robbinsville C.A.R.E. is of the belief that every crisis is a window of opportunity, and the key to the program's success is to take a leading role in the recovery process with immediate intervention.**

New Jersey 2023 Opioid Abatement Report

16. Have you completed a risk assessment profile for demographic or geographic impact? **No**

17. Can we post your risk assessment online?

18. Please tell us your overall rationale for prioritizing the use of the opioid abatement funds that you received (e.g., are you using a needs assessment, a strategic or other plan, or an epidemiological analysis)? **Our overall rationale for prioritizing the use of opioid abatement funds for primarily Prevention and Education is based on information provided in Evidence-Based Interventions for Preventing Substance Use Disorders in Adolescents, Child and Adolescent Psychiatric Clinics of North America, Volume 19, Issue 3, Kenneth Griffin PhD, MPH & Gilbert J. Botvin, PhD. As such, Prevention and Education efforts will focus on Risk and Protective Factors; social influence factors, developmental factors and the Multiple Levels of Influence. These include; individual factors, family factors as well as school and community factors.**

In regard to our prioritizing the use of these funds for Workforce Development, the current opioid epidemic highlights the need for and the shortage of mental health professionals trained in evidence-based treatment methods for persons with OUD and any co-occurring SUD/MH conditions as well as individuals presenting with issues such as PTSD or ACES who are at higher risk for developing a SUD. As such, our workforce development program will include trainings in evidence-based treatment methods such as Motivational Interviewing, Cognitive Behavioral Therapy, and trauma-informed treatment such as EMDR.

Program 1

19. Program name/title: **Matt Bellace, Ph.D, Motivational Speaker and Comedian**

Agency/funding recipient name: **Township of Ocean Department of Human Services**

Primary problem being addressed by this program: **Adolescent Risk Factors: i.e., stress, bullying, poor communication within family, misconceptions of use and impact of substances**

Brief program description: **This dynamic presentation focuses on three qualities that allow teens to be more resilient: Leaning on Positive People for Support, Coping with Emotions in a Healthy Way and Having the Confidence to Rise Above. Research suggests that teens with positive social support are less likely to bully or be bullied. In addition, resilient teens have been shown to cope better with emotions and are more confident when bouncing back from adversity.**

This program handles a sensitive topic with the perfect combination of stand-up comedy, interactive demonstrations and inspirational stories. We must all accept that life is full of stressful life events (e.g., bullying, failure, social rejection), but we all have a choice in determining our response to the stressors.

Parent Presentation: Recent research suggests that well-adjusted teenagers have stronger non-cognitive skills, such as self-control, grit and resilience. This program will focus on how parents can help foster those skills in a supportive environment without arguing.

Specifically, it will present techniques such as mindfulness meditation, effective communication and using natural highs as healthy coping mechanisms against stress, alcohol and other drug use and bullying behavior. The goal is to help improve the quality of life for both parents and their teens. The current research on adolescent brain development will be presented and time will be given for questions and answers. As a clinical psychologist and stand-up comedian, Dr. Bellace uses humor to convey his very powerful message – we need to support young people in both words and actions if we want them to make healthy choices for themselves.

Program target population: **High School Students, Intermediate School Students, and Parents**

New Jersey 2023 Opioid Abatement Report

Date this program was funded (please use M/D/Y): **11/1/23**

If program has started, how many clients have been seen as of 6/30/2023: **N/A**

What key performance indicators are you tracking to ensure success of the program? **Student and parent response**

Please state this program's statement of impact: **Increase stress management skills (e.g., meditation, reframing emotional pain) and the importance/benefit of seeking out an empathetic support network to students. Recent research suggests that well-adjusted teenagers have stronger non-cognitive skills, such as self-control, grit and resilience. This program will focus on how parents can help foster those skills in a supportive environment without arguing.**

Program 2

19. Program name/title: **Trauma, Addiction and Men: Create Connection, Increase Vulnerability and Improve Treatment Outcomes with the Male Client**

Agency/funding recipient name: **Township of Ocean Department of Human Services**

New Jersey 2023 Opioid Abatement Report

Primary problem being addressed by this program: **Trauma and Addiction in the male client**

Brief program description: **Don't be weak, don't ask for help, don't cry, don't show emotion. These damaging expectations of masculinity are ruining your sessions, causing many male clients to bottle up the shame of past traumas, struggle to be vulnerable and open in therapy, and labor to leave emotion numbing drugs behind. It can make therapeutic progress seem impossible and leave you frustrated, questioning your competence, and feeling powerless when nothing you try seems to work.**

Treat male clients with trauma and addiction issues more effectively than ever before. No matter your own gender, this essential recording will give you exactly what you need to:

- **Keep male clients from leaving treatment;**
- **Experience more productive sessions with men who struggle with "talk" therapy;**
- **Create greater openness in sessions with tips to overcome male shame and stigma;**
- **Add value to the clinical techniques you already use for trauma and addiction work;**
- **Experience new levels of therapeutic success with the guidance and tailored approaches you need to meet the needs of men in therapy.**

Program target population: **Mental Health professions working with Male clients with OUD or SUD/mental health**

Date this program was funded (please use M/D/Y): **10/18/23**

Amount of funding for this program: **\$7,500.00**

Program launch date: **10/18/23**

If program has started, how many clients have been seen as of 6/30/2023: **N/A**

What key performance indicators are you tracking to ensure success of the program? **Participants take a test at end**

Please state this program's statement of impact: **Enhance providers skills to work with male clients presenting with OUD, SUD/MH issues.**

How do you plan to measure or track success and impact of this program? **Survey**

What is the anticipated number of unduplicated clients this program will reach annually? **75 provides and all of their clients.**

25. Do you have other programs you are funding and/or operating with opioid abatement funds? **Yes**

Program 3

19. Program name/title: **2 Day Seminar: EMDR: A Rapid, Safe and proven Treatment for Trauma**

Agency/funding recipient name: **Township of Ocean Department of Human Services**

Primary problem being addressed by this program: **Lack of professional training in trauma for mental health and substance abuse providers**

Brief program description: **Clients dealing with trauma aren't always receptive to the therapeutic process. And using treatment techniques that repeatedly confront clients with the horrific details of the traumas that haunt them can cause them to be avoidant, reactionary, or completely withdrawn. It's painful for clients and clinician alike, and it doesn't feel like healing. Watch this 2-Day EMDR session and discover how this powerful, evidence-based treatment has helped thousands of clients safely and rapidly process their traumas without the need to focus on explicit details. You'll learn:**

- **How EMDR can be used to overcome avoidance in clients;**
- **How EMDR techniques can help clients resolve traumatic memories;**
- **When and with which clients EMDR should be used;**
- **How to emphasize safety during sessions;**
- **How the 8-phase model is used in treatment.**

Demonstrations and brief practice opportunities will give attendees an opportunity to see how EMDR is used and give them a chance to experience it themselves.

Program target population: **Therapist working with clients who present with OUD, SUD/MH or risk factors towards addictions such as PTSD or ACES**

Date this program was funded (please use M/D/Y): **September 28 and September 29, 2023**

Amount of funding for this program: **\$16,750.00**

Program launch date: **September 28 and September 29, 2023**

If program has started, how many clients have been seen as of 6/30/2023: **N/A**

New Jersey 2023 Opioid Abatement Report

What key performance indicators are you tracking to ensure success of the program? **The objectives of the seminar are:**

- Describe the role of the autonomic nervous system in trauma symptomology;
- Articulate the clinical implications of the freeze response in trauma treatment.
- Characterize the potential neurobiological mechanisms of change in the EMDR approach.
- Demonstrate EMDR techniques can build dual awareness in clients to treat the avoidance that makes trauma treatment challenging.
- Demonstrate the 8 Phases of the EMDR protocol.
- Assess clients to determine the appropriateness and potential risks of using EMDR.
- Analyze resourcing strategies from EMDR to facilitate the processing of trauma.
- Utilize EMDR techniques to reinforce and activate positive neural networks.
- Modify EMDR to work with complex/developmental trauma to directly treat traumatic memories.
- Evaluate strategies to foster the critical connection between client and therapist in EMDR therapy.
- Articulate the research limitations and potential risks associated with EMDR.
- Establish the order of operations for attachment-based EMDR treatment to resolve relational trauma.

Please state this program's statement of impact: **Increased awareness of and availability of evidence-based treatment for OUD, SUD/MH**

How do you plan to measure or track success and impact of this program? **Survey**

10. Please share brief information on your subdivision's overarching goals and priorities to provide context for this program year's spending decisions.
Our goal is to reduce the impact of opioids, stimulants and other substances on individuals, families and our community by supporting comprehensive collaborative initiatives. Expanding our comprehensive programs in response to illicit opioid, stimulants or other substance abuse by expanding our outreach related to intervention to prevent people from developing opioid use disorder, including the funding of media campaigns and school-based prevention programs to prevent youth and other individuals from misusing prescription drugs.
Goals:
Prevent cases and addiction and misuse: Educating the community of all ages of opioid risks; increase family and youth knowledge of opioid risk and benefits; increase public safety knowledge of opioid risk and benefits.
Improve early identification & intervention of addiction: Improve identification of and provision of services to youth at high-risk for opioid addiction and their families. Expand access to services that support recovery. Provide overdose education to individuals of high risk for opioid overdoses and their families/friends. Utilize the Behavioral Health On-point program to contact with the high-risk community and provide support and information for recovery support services. Community outreach through on Municipal Alliance Program.

10. Please share brief information on your subdivision's overarching goals and priorities to provide context for this program year's spending decisions. **Ocean County's goals for 2023 were to establish an advisory body in compliance with the settlement, create bylaws to build a framework for the Council that will help ensure it meets its responsibilities, and execute a community needs assessment and strategic planning process, inclusive of public input, to inform the use of funds. It is the intention of the OCOAC to facilitate and enhance the delivery of Opioid Use Disorder (OUD), and subsequently Substance Use Disorder, services through collaborative relationships in the community and between local, county, state and federal agencies. The OCOAC seeks to utilize these relationships to identify high priority needs and improve access for target populations through its planning, coordinating, enhancing and implementation of initiatives at the county level. Ocean County's functional network of agencies and organizations are dedicated to delivering strong programs and services to the community and its most vulnerable residents.**
11. (This question is for counties only) Have you established an Advisory Committee to inform allocation of funds? **Yes, Ocean County established its Opioid Advisory Council (OCOAC) in early 2023 for the purposes of advising the Board of Commissioners and participating municipalities on the use of settlement funds.**

12. Did your subdivision engage the public (e.g., town hall meeting, online survey, convened stakeholders) prior to deciding how to use the opioid abatement funds you received? **Yes**

13. Please describe your public engagement/input efforts?

- **An online needs assessment survey was developed to seek broad input on the importance of the Approved Uses of settlement funds for the residents of Ocean County. Survey respondents were prompted to anonymously rate each category of Approved Uses and individual Approved Uses with respect to their opinion of its importance to be developed or expanded in Ocean County.**
- **A series of forums were held to facilitate public participation in the planning process. Two were in-person and one was conducted via WebEx. All attendees were given the opportunity to speak. Attendees were also invited to complete the survey and submit written testimony. A report and thematic analysis of the feedback gathered through the public forums and a list of participants was shared with the Council in preparation for its executive planning session.**
- **Written testimony was invited from the public alongside the announcements regarding the survey and public forums. A dedicated email address was created to receive the feedback: OCOAC@co.ocean.nj.us. A qualitative, thematic analysis of the feedback was shared with the Council in preparation for its executive planning session.**

18. Please tell us your overall rationale for prioritizing the use of the opioid abatement funds that you received (e.g., are you using a needs assessment, a strategic or other plan, or an epidemiological analysis)? **A wealth of information, data, and feedback were gathered in the development of a strategic Plan. A comprehensive community needs assessment process was undertaken to identify needed services and target groups, existing services and service availability, and priorities for resource development and funding. To inform the Council and provide context for the Plan, pertinent data points and trends, such as opioid use disorder treatment access, drug related deaths, drug related arrests, incidence of neonatal abstinence syndrome, and so forth were gathered. This background information was presented alongside the identified gaps, priorities for funding, and recommendations identified in other related plans and planning bodies, such as the Comprehensive Alcohol and Drug Abuse Services Plan and annual report of the Opioid Fatality Review Team. Information was cross referenced with the Approved Uses, needs assessment survey results, and forum feedback on funding priorities. The Council presented a Strategic Plan at its open public meeting on May 25, 2023. It was approved by the Board of Commissioners on August 2, 2023. The Plan is posted publicly as a file of interest on the Council's website: <https://www.co.ocean.nj.us/OC/OCDHS/frmOpioid Council.aspx>. Ocean County intends to subcontract the settlement funds to partner community based organizations that will carry out programming that fall within the priority uses identified in the Plan. An open competitive contracting process is slated for the fall of 2023 with services to begin January 1, 2024.**

6. What amount of your opioid abatement funds did you transfer to the county?
7. Please tell us the full amount of opioid abatement funds you received as of 6/30/23. **\$309,112.48**
8. Please tell us the amount of opioid abatement funds you have expended (as of 6/30/23). **\$18,186.51**
9. Of the total opioid abatement funds, what amount was spent on program administrative expenses?
\$0.00
10. Please share brief information on your subdivision's overarching goals and priorities to provide context for this program year's spending decisions. **Our main goal is to prevent future opioid overdose deaths in Salem County through awareness, community engagement and harm reduction. Many individuals suffer in silence, without knowledge on what treatment, supports or information is available. By expanding our outreach efforts in the community, our County residents can be better equipped to avoid opioid overdose deaths.**
11. (This question is for counties only) Have you established an Advisory Committee to inform allocation of funds? **Yes**
12. Did your subdivision engage the public (e.g., town hall meeting, online survey, convened stakeholders) prior to deciding how to use the opioid abatement funds you received? **No, but plan to in the future.**

17. Can we post your risk assessment online?

18. Please tell us your overall rationale for prioritizing the use of the opioid abatement funds that you received (e.g., are you using a needs assessment, a strategic or other plan, or an epidemiological analysis)? **In a rural community like Salem County, it can be challenging to reach the targeted audience to share Opioid Use Disorder treatment resources, available recovery supports and harm reduction supplies. Through expanded outreach and meeting our residents where they are, we can spread greater awareness and reduce opioid overdose deaths.**

Program 1

19. Program name/title: **Expanded Community Outreach/ Engagement**

Agency/funding recipient name: **Salem County Department of Health & Human Services**

Primary problem being addressed by this program: **The primary problem being addressed is the lack of community knowledge around OUD treatment options, recovery supports, and harm reduction supplies.**

Brief program description: **Strategic community outreach by trained recovery coach to share OUD treatment options, recovery supports and harm reduction supplies. Locations of outreach chosen based on areas of high traffic and increased opioid overdoses.**

Program target population: **People who use drugs and their family members.**

Date this program was funded (please use M/D/Y): **01/01/2023**

Amount of funding for this program: **\$16,476.51**

Program launch date: **01/01/2023**

If program has started, how many clients have been seen as of 6/30/2023: **285 contacts made**

What key performance indicators are you tracking to ensure success of the program? **Number of contacts made, number of individuals that accept treatment, number of harm reduction supplies dispersed.**

Please state this program's statement of impact: **Meeting people who use drugs where they are, in the community, and offering options without stigma or judgment allow individuals to feel seen/heard and make educated decisions regarding their use and recovery.**

How do you plan to measure or track success and impact of this program? **We plan to measure or track the success and impact of this program by evaluating the number of Salem County residents that receive OUD treatment and by analyzing opioid overdose deaths in the coming years.**

20. Primary Category (Please select the category that fits the primary focus of this program). **Recovery and Support**

New Jersey 2023 Opioid Abatement Report

17. Can we post your risk assessment online?

18. Please tell us your overall rationale for prioritizing the use of the opioid abatement funds that you received (e.g., are you using a needs assessment, a strategic or other plan, or an epidemiological analysis)? **We are aware that we have a high population of residents who can be considered "at risk" due to favorable attitude towards drug use, high number of suicides, high number of students with learning disabilities, large population who are ESL and many families who work several jobs and children are left unsupervised at times. Our priority is to provide a way for residents to connect more with our police department by providing programs that gives them the opportunity to make connections with role models. We also want to be able to provide outlets where we can share information about opioid abuse so that the awareness of the dangers can be known.**

Program 1

19. Program name/title: **National Night Out - Community Connection**

Agency/funding recipient name: **4Imprint**

Primary problem being addressed by this program: **Residents not connecting with our local police department and using them as a resource if they need help with issues concerning drugs and opioid abuse.**

Brief program description: **We purchased Manville PD materials with their logo on it. We expanded our National Night Out this year to include games that involved getting to know our local police department better such as National Night Out Bingo where residents were asked to introduce themselves to an officer and find out which square on their bingo card matched them. We also had a dodgeball game where all children were asked to join and play against our local officers and first responders. All participants received a giveaway.**

Program target population: **All residents of all ages**

Date this program was funded (please use M/D/Y): **07/14/2023**

Amount of funding for this program: **\$3,528.96**

Program launch date: **August 1, 2023**

If program has started, how many clients have been seen as of 6/30/2023: **250 - 300 residents attended**

What key performance indicators are you tracking to ensure success of the program? **We are hoping to see more of an interest about the dangers of opioid abuse and for the public to be aware they can use our local PD as a resource if in need. The Manville PD will keep us informed on details.**

Please state this program's statement of impact: **With the expansion of our National Night Out / Police & Residents Connecting, it is our intent to provide more awareness about the dangers and to make sure they know they have a resource if they are in need.**

New Jersey 2023 Opioid Abatement Report

How do you plan to measure or track success and impact of this program? **We plan to keep in contact with the Manville Pd for reporting. We have a Manville PD representative who is part of our Manville Municipal Alliance & Youth Services Commission.**

Program 1

19. Program name/title: **Behavioral Health System Navigator (BHSN)**

Agency/funding recipient name: **Somerset County Department of Human Services**

Primary problem being addressed by this program: **Connection to care, system navigation**

Brief program description: **The Behavioral Health System Navigator serves as a point-of-contact for individuals who live or work in Somerset County in need of accessing an often-complex behavioral health system. The Navigator will help any resident or community partner by providing information, brief support, referral, consultation, and liaison services. If you or a loved one are seeking help with connecting to substance use and/or mental health treatment, or support**

Program target population: **County-wide**

Date this program was funded (please use M/D/Y): **10/25/2022**

Amount of funding for this program: **\$40,908.52 spent as of 6/30/2023 (98,000.00 encumbered)**

Program launch date: **10/22/2022**

If program has started, how many clients have been seen as of 6/30/2023: **As of 8/1/2023: 97 Mental Health related calls, and 34 Substance Use related calls (131 total and this number doesn't include calls with providers)**

What key performance indicators are you tracking to ensure success of the program? **If a client is connected to treatment or support services, follow-up calls, community contacts, number of calls per month**

Please state this program's statement of impact: **More residents who engage in treatment or support services, reduction in recidivism, increase in consumer knowledge of services available to them, warm-hand off**

How do you plan to measure or track success and impact of this program? **Collect data from calls received and outgoing, collect data from resources engaged, treatment admissions, overdose data, naloxone data**

20. Primary Category (Please select the category that fits the primary focus of this program). **Long-Term Resiliency**

Other (please specify): **Ongoing**

23. How often are you disbursing funds to this program? **Quarterly**

Other (please specify):

24. Rationale for Program

What is the reason for this program spending choice? **Across needs assessments, one of the most identified barriers to treatment is navigating the complex behavioral health system. Although state warmlines and hotlines are helpful, data and research have shown that a local navigator, with roots in the community can be more effective.**

What outcomes or impact does the program aim to achieve? **More residents who engage in treatment or support services, reduction in recidivism, increase in consumer knowledge of services available to them, warm-hand off**

What is the anticipated number of unduplicated clients this program will reach annually? **150**

25. Do you have other programs you are funding and/or operating with opioid abatement funds? **Yes**

Program 2

19. Program name/title: **Peer Recovery Pop-Up**

Agency/funding recipient name: **Community in Crisis**

Primary problem being addressed by this program: **The Peer Recovery Pop Up will be open to all individuals at all stages of recovery, from those making the initial steps to those sustaining recovery. Family members and friends directly and indirectly affected will also find resources and support at the PRPU.**

Brief program description: **Implement Peer Recovery Pop Up (PRPU) locations throughout Somerset County bringing recovery services directly to underserved communities. Peer Recovery Pop Ups are a temporary resource site without walls, offered on a monthly basis at predetermined locations. The PRPUs will serve to supplement Somerset County's Community Peer Recovery Center. They will be set up and implemented within a highly visible, well-trafficked location, thereby removing barriers, such as transportation, lack of insurance, and stigma, and enhancing community access. Local representation helps to build community trust and nurture a willingness to access recovery services.**

New Jersey 2023 Opioid Abatement Report

Program target population: **Provide resources to those towns in Somerset County with the highest incidence of fatal overdoses in 2021, as reported by the Drug Monitoring Initiative (DMI): Bound Brook/South Bound Brook (7) Somerset (6), Hillsborough (3) and Manville (3), as well as the least underserved areas by recovery support services. These communities have greater BIPOC populations, lower socioeconomic demographics, and greater health disparities than the County average.**

Date this program was funded (please use M/D/Y): **03/1/2023**

Amount of funding for this program: **\$0.00 spent as of 6/30/2023; (30,000.00 encumbered)**

Other (please specify):

23. How often are you disbursing funds to this program? **Annually**

Other (please specify):

24. Rationale for Program

What is the reason for this program spending choice? **The Peer Recovery Pop Up is a supportive, substance-free, safe, and non-judgmental community-based environment where individuals can access peer support, information on substance use treatment, recovery support services and connections to other community resources. The key ingredient to the PRPUs is bringing support and services to the individual in their own familiar environment, meeting them exactly where they are. The activities are led by a Certified Peer Recovery Specialist (CPRS) and volunteers with lived experience of substance-use disorders, co-occurring mental health conditions and multiple pathways to recovery.**

19. Program name/title: **Somerset County HELPS**

Agency/funding recipient name: **Somerset County Department of Human Services**

Primary problem being addressed by this program: **In-community substance use disorder education, harm reduction, and resource navigation**

Brief program description: **The county will introduce the "Somerset HELPS" van, which will function as a mobile human services hub, bringing needed information, resources, and services directly to families and communities throughout Somerset County. It will also be a mobile food pantry and offer free books and giveaways. Bilingual social workers and other professionals will be available to provide information, resources, and referrals to services and assistance with applications to safety-net programs.**

Program target population: **Low-income residents, aging, substance use across the lifespan**

Date this program was funded (please use M/D/Y): **05/01/2023**

Amount of funding for this program: **\$0.00 spent as of 6/30/2023 (\$11,583.70 encumbered)**

Program launch date: **05/19/2023**

What is the reason for this program spending choice? **In 2019, 145 of the SC residents admitted to treatment were recorded as homeless (518 recorded as unemployed); in 2020 it was 134 (448 were unemployed) (NJSAMS)**

New Jersey 2023 Opioid Abatement Report

What outcomes or impact does the program aim to achieve? **“The transition from active addiction into lasting recovery is often a difficult and emotionally trying journey for many people with a substance-use disorder. NIDA (2018) indicated that the relapse rates for substance-use disorders is approximately 40-60%, and that relapses could signify the necessity to reexamine a person’s course of treatment, as relapses can be very dangerous and, in many instances, deadly. The first 12 months of this transitional period prior to the onset of sustained full remission, sometimes referred to as early recovery, is a crucial period during which people contend with raw core clinical issues such as family history, unresolved trauma, grief and loss, emotional immaturity, low frustration tolerance, and other factors that make them susceptible to relapse. However, it is determined that individuals with more ‘social capital’ are more likely to show improved outcomes for short term remission. Therefore, recovery houses are uniquely qualified to assist individuals in all phases of recovery, especially those in early recovery, by furnishing social capital and recovery supports” (SAMHSA, 2018)”**

10. Please share brief information on your subdivision's overarching goals and priorities to provide context for this program year's spending decisions.
This year as we waited for further guidance from the state and county, our subdivision focused on gathering information from other departments, community organizations and administration in order to begin the planning process of establishing meaningful and effective programs. The goal is to increase awareness and education with a strong focus on the youth population using evidenced based prevention programs. In addition, we are also exploring various evidenced based treatment programs.

- Many factors contribute to deciding what gaps are most worth filling and how funding is allocated. Therefore, based on National and State statistics and research we suggest prioritizing programs that would most reduce opioid-related harms. We recommend 3 areas of future focus towards**
- (1) - Prevention,**
 - (2) - Treatment with expanding access to evidence-based methods such as medication-assisted therapy (MAT) and**
 - (3) - Expanding access to and use of naloxone.**
