The Honorable Philip D. Murphy
Governor, State of New Jersey
The State House
Trenton, NJ 08625

Dear Governor Murphy:

On behalf of the State Parole Board, I am pleased to submit our 2017 Annual Report. You will find within this report, a comprehensive overview of our agency's operation as well as statistical information. This report also highlights our many accomplishments within the past year, which demonstrates our continued efforts to being a national leader of paroling authorities.

On March 9, 2017 the State Parole Board achieved re-accreditation through the New Jersey State Association of Chiefs of Police. We are very proud of this accomplishment and will continue to strive to maintain compliance and to foster professional development in accordance with nationally recognized best practices.

The State Parole Board has collaborated with various agencies to enhance programs for supervised offenders. During FY 2017, the State Parole Board and the Department of Health - Division of Mental Health and Addiction Services joined together to expand treatment services into under-served areas throughout the state. Additionally, we have partnered with the Department of Transportation to develop an initiative whereby offenders who reside in contracted residential programs are hired and trained to work on highway details as temporary DOT employees. Upon successful completion of the temporary employment, the offenders may be able to apply for permanent positions with DOT, county, municipal or independent contractors.

Our commitment to public safety and offender reentry has never been greater. We will continue to work harder to keep New Jersey in the forefront in reducing recidivism and providing services for supervised offenders in order to support their successful reintegration into the community.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Samuel J. Plumeri, Jr.".

DIVISION OF RELEASE

The New Jersey Parole Act of 1979 (N.J.S.A. 30:4-123.45, et seq.) places with the State Parole Board the authority and responsibility of deciding which state and county inmates shall be granted release on parole and the special conditions of parole that will be imposed.

The Division of Release, operating out of Central Office, has offices in each state correctional facility. The primary function of the Division of Release is to evaluate and assess incarcerated adult offenders and determine their eligibility and appropriateness for parole release. The Division of Release prepares each case for consideration for the members of the Board by securing professional reports concerning an inmate's criminal history, including his/her current offense; their social, physical, educational, psychological progress to date; and their objective social and psychological risk and needs assessment.

An assigned hearing officer conducts the initial parole consideration hearing and a Board Panel renders the final decision.

VICTIM INPUT

The Victim Input Unit is committed to the privacy, safety and well-being of all victims of crime and encourages their participation in the parole process. Effective July 11, 1984, when an adult is convicted of a first or second degree crime, the County Prosecutor must notify the victim of that crime - or nearest relative of a murder victim - of their right to provide information to the State Parole Board before the offender's parole consideration. This notification is in writing and includes a form, which the victim should use to register their interest in providing information to the Board. Regardless of the degree of the crime, all victims have the right to participate in the parole process.

When a victim registers with the State Parole Board's Victim Input Unit, staff will confirm the victim's registration and monitor the offender's parole eligibility. This process aides us in contacting the victim in advance of the offender's parole eligibility. Prior to the time of eligibility, the victim will be contacted and invited to either submit a written statement, videotaped statement, or appear personally to provide a statement.

If the victim chooses to provide a statement in person, a hearing will be scheduled, and every effort will be made to accommodate the victim in scheduling. Most victim input hearings will take place at the State Parole Board's Central Office in Trenton, but in special situations - such as the victim is physically disabled - it may be possible to conduct the hearing elsewhere or via video teleconferencing.

REVOCATION

The Revocation Unit is responsible for conducting probable cause and final parole revocation hearings to determine if an offender has violated the terms and conditions of his or her parole. The Revocation Unit hearing officers make formal recommendations to members of the Board concerning parole violations. These recommendations include whether or not an offender should have their parole status revoked and be returned to prison or if the terms and conditions of their parole should be modified in some fashion.

LEGAL SUPPORT

The Legal Support Unit provides assistance to Board Members and agency staff thereby assuring that they function in accordance with statutory provisions and administrative regulations. The Legal Support Unit also assists the Board in the development and implementation of policies; the development and promulgation of amendments to the agency's administrative code; the pursuing of clarification of sentencing matters that have an impact on the Board's functions; the review and processing of complex cases; the review of the imposition of special conditions in the cases of certain offenders and the presentation of said cases to Board Members for review; and providing assistance to counsel assigned by the Division of Law to represent the State Parole Board in any legal matter involving the Board or agency staff.

An offender may be eligible to obtain a Certificate of Good Conduct and/or a Certificate Suspending Certain Employment, Occupational Disabilities or Forfeitures to assist in obtaining public employment or employment involving licensure. The Legal Support Unit processes such

applications for presentation and consideration by the full Board. In addition, this Unit investigates and processes applications for medical parole for consideration by an Adult Panel.

JUVENILE

The Juvenile Unit operates within the Division of Release. The Unit is assigned two Panel Members who function as the Board's Juvenile Panel. The Juvenile Panel performs quarterly reviews for the juveniles incarcerated in secure and residential facilities managed by the New Jersey Juvenile Justice Commission.

For each juvenile entering a secure or residential facility, the Juvenile Panel conducts an initial review, establishes time goals, monitors and assesses the juvenile's overall progress and community suitability during routine follow-up review sessions. Based on these reviews, the Juvenile Panel may render one of the following decisions: continue confinement, defer release for review at a future date, refer the juvenile to the Adult Panel, have the juvenile serve the maximum sentence, or grant the juvenile release to parole supervision or Post Incarceration supervision.

The Juvenile Unit is also responsible for processing all revocation and rescission hearings for juvenile offenders.

COMMUNITY PROGRAMS

The Community Programs Division provides oversight to State Parole Board contracted community partners who, under existing contract agreements, provide residential and non-residential transitional rehabilitative programs to offenders under supervision. These programs include: Stages to Enhance Parolee Success (STEPS) Program, Reentry Substance Abuse Program (RESAP), Community Resource Centers (CRC), the Mutual Agreement Program (MAP) and specialized programs including the Program for Returning Offenders with Mental Illness Safely and Effectively (PROMISE) and the Parole Aftercare and Transitional Housing (PATH) Program. The programs are designed to promote public safety, reduce recidivism, and support the sustainable reintegration of parolees into society.

PAROLEE VOLUNTEER INITIATIVE

Regardless of current economic conditions, seeking entry into the employment marketplace can be a daunting task for individuals with a criminal background. In 2011, recognizing these realities, The State Parole Board established the Parolee Volunteer Initiative. The initiative consists of offenders under parole supervision volunteer-

ing their time in a variety of pro-social activities within their communities. Upon verification of the successful completion of volunteer activities, a certificate is provided to each offender. Many offenders have advised that the production of a certificate verifying the completion of volunteer service hours to a prospective employer as evidence of pro-social engagement has led to the securing of gainful employment. At the conclusion of FY 2017, approximately 800 offenders have successfully volunteered their time.

DEPARTMENT OF TRANSPORTATION INITIATIVE

During FY 2017 the Department of Transportation (DOT) and the State Parole Board developed an initiative whereby parolees in residential contracted community programs are trained and hired to work on highway road details as temporary DOT employees. Upon successful completion of temporary employment, parolees are able to apply for permanent positions at the DOT provided they qualify.

In addition, as a result of the training and experience they have received, they may also apply for positions with various county and municipal employers as well as independent contractors.

DIVISION OF PAROLE

The Division of Parole is one of New Jersey's largest police agencies. The community supervision of offenders is the responsibility of sworn parole officers. These highly trained law enforcement professionals not only monitor the whereabouts of offenders and hold them accountable; they work closely with family members, employers and treatment providers in order to encourage long-term positive behavior change. Parole officers are visible within the community, and participate in a multitude of law enforcement collaborations and community partnerships throughout the state. A number of parole officers serve as members of the FBI Joint Terrorism Task Force and/or the U.S. Marshals Service New York/New Jersey Regional Fugitive Task Force. All parole officers partner with local and state investigations as needed.

At the end of FY 2017, there were 15,602 offenders supervised by the Division of Parole.

The offenders supervised include:

- * Offenders released at the discretion of Board Panel;
- * Offenders released to serve a period of mandatory supervision under the No Early Release Act;
- * Sex offenders sentenced to community life time supervision under Megan's Law;
- * Court ordered conditional discharge cases released from the Special Treatment Unit; and
- * Tier III sex offenders subject to mandatory GPS monitoring.

The State Parole Board utilizes evidence based supervision strategies in order to meet the diverse needs of this population. After the offender completes the appropriate risk/needs assessments, the parole officer develops a case plan

agreement (CPA) with each offender to set short and long-term goals, then breaks them down into manageable tasks. Areas identified in the CPA include education, employment, substance abuse, mental health, housing/social assistance, and social adjustment. High-risk offenders receive more intensive supervision and additional services. Low-risk offenders receive less intensive supervision and services.

The Division of Parole is managed by a command staff consisting of a Director, Captains, Lieutenants, and Sergeants. Newly appointed supervisors participate in training programs designed to enhance their leadership competencies, provide them with the skills necessary to be effective managers, and lead a diverse workforce. These supervisors ensure that the mission of the agency is executed with a high degree of professionalism.

The Division of Parole consists of sixteen operational units statewide, of which ten are District Parole Offices (DPO). The remaining operational units include: the Community Programs Supervision Unit (CPSU), the Electronic Monitoring Unit (EMU), the Office of Interstate Services (OIS), the Special Operations Group (SOG), the Sex Offender Management Units (SOMU), and the Administration/Training Unit.

The Administrative/Training Unit oversees a formal and coordinated law enforcement training program to maintain skills in all areas of required expertise. During FY 2017, all officers were certi-

fied in the Homeland Security/FEMA course of Active Shooter Emergency Response and the course on the Prevention and Deterrence of Terrorist Acts.

The Investigation Management Office (IMO), under the direction of the Administrative/Training Unit, is responsible for processing all new criminal charges filed by the State Parole Board's law enforcement staff. The processing includes maintaining and forwarding as discovery the official investigation reports. In addition to processing all new charges, IMO handles all evidence control functions for any and all criminal related evidence. This includes, but is not limited to, transporting evidence to the State Police lab and conducting forensic searches of computers and other electronic data storage/transmittal devices. Lastly, IMO staff act as the coordinators of all fingerprint livescan machines.

During FY 2017, the State Parole Board attained Police Agency Re-Accreditation through the New Jersey State Association of Chiefs of Police (NJSACOP) Law Enforcement Accreditation Program (LEAP). On April 19, 2017 the Re-Accreditation Certificate was presented to the State Parole Board and is valid until 2020.

The State Parole Board looks forward to continuing to adhere to the practices and high standards that LEAP requires.

According to the NJSACOP: *Accreditation is a progress and time-proven method of assisting law enforcement agencies to calculate and improve their overall performance. Accredited status represents a significant professional achievement. Accreditation acknowledges the implementation of policies and procedures that are conceptually sound and operationally effective.*

DCJ TRAINING ACADEMY BASIC COURSE FOR INVESTIGATORS

At the end of 2011 the State Parole Board Executive Staff made the decision to initiate a new comprehensive hiring process for all new parole officer recruits. A major factor in this new process was to have all future recruit classes attend the DCJ Training Academy's Basic Course for Investigators in Sea Girt.

The DCJ Academy is a Police Training Commission certified academy that conducts a wide range of in-service and pre-service training

programs for the state's law enforcement and criminal justice communities, including state and county investigators, deputy attorney generals, assistant prosecutors, municipal and county police, police executives, arson investigators, parole, and corrections personnel.

The six-month Basic Course for Investigators covers general topics such as investigative procedures essential to the successful investigation, apprehension and prosecution of criminals. Basic firearms training and physical conditioning training are also conducted during this rigorous training academy course.

The first recruit class attended in 2012, and during FY 2017, 14 parole recruits graduated from the 16-2 academy class.

VETERAN OFFENDER REENTRY INITIATIVE

The Veteran Offender Reentry Initiative, launched in 2011, is an effort to recognize that veterans who have served our country are entitled to our respect and support. The purpose of the initiative is to ensure veteran offenders receive the benefits and services in which they are eligible for due to his or her prior military service.

The State Parole Board was a co-sponsor with the American Legion and New Jersey Department of Military and Veterans Affairs with the initiation of the Boots-To-Business program

developed by Syracuse University and conducted by the Small Business Administration. The first two-day workshop was conducted in Rochelle Park during FY 2016. Workshops conducted during FY 2017 include: Toms River, Northfield, Blackwood, Lincoln Park, Iselin, Neptune, Cape May Court House, and Wayne.

In continuation of an initiative established in 2014, the State Parole Board Veterans Initiative continued to work closely with the Gloucester County Prosecutor's Office and Gloucester County Department of Corrections to assist veterans arrested by Gloucester County law enforcement. The goal of the initiative is to intervene with veteran offenders after their initial arrest by providing referrals to veteran service agencies, thereby reducing future recidivism with respect to the veteran offender population. This successful initiative was utilized during FY 2017 as a guide for the establishment of statewide Veterans initiatives in all 21 County Prosecutors Offices pursuant to recent legislation.

Lastly, the Veteran Offender Reentry Initiative continues to operate a statewide veteran offender hotline service (609-777-0181) offering referral and assistance to any veteran involved in the criminal justice system. Offenders under the supervision of the State Parole Board, probationers, pretrial offenders, county, state, and federal inmates have all received service referrals via the hotline. Requests for assistance were received for temporary and permanent housing, legal assistance, United States Veterans Administration access, probation and parole supervision issues, and veterans benefit questions. Since its inception the hotline has become a valuable resource to the veteran offender population.

POLICY and PLANNING UNIT

The Policy and Planning Unit provides research on best practices in parole supervision, conducts program evaluations, recidivism analyses, and manages federal grant initiatives. Additionally, the Policy and Planning Unit provides assistance with the coordination of the agency's Internship Program.

FEDERAL GRANT INITIATIVES

During FY 2017 the Policy and Planning Unit submitted a grant proposal to the Bureau of Justice Assistance, Office of Justice Programs (OJP) for the Swift Certain and Fair Sanctions Program: Replicating the Concepts Behind Project HOPE for \$600,000. The grant program would focus resources on combatting the opioid crisis which disproportionately affects neighborhoods in Ocean County. The proposal included collaboration with the New Jersey Reentry Corporation (NJRC) led by former Governor James McGreevey to provide licensed clinical staff to support case management for parolees with an opioid addiction and a substance abuse history. The grant proposal was accepted and funding was received in October, 2017.

The agency continues to lead the Second Chance Act Union County Reentry demonstration program which was funded in the previous fiscal year for three years, ending September 2018 for \$932,805. The State Parole Board and the county of Union developed collaborations with stakeholders to provide housing, employment and mental health services to support medium to high risk parolees returning to their communities in Union County. The grant program began recruitment and case management pre through post release for

parolees of medium to high risk returning after serving prison terms. Housing, employment and mental health services are being provided through service providers participating in the demonstration program.

INTERNSHIP PROGRAM

The State Parole Board Internship Program (IP) seeks to provide meaningful work-learning experiences to qualified individuals currently attending area colleges and universities as well as graduates entering the job market that will benefit both the individuals and the State Parole Board. The IP provides approved interns with the opportunity to put theory into practice while gaining an understanding of the State Parole Board and exploring potential career options. The IP benefits the agency by providing talented, enthusiastic individuals who bring new knowledge and skills to the agency. The IP committee oversees both the application and placement processes, as well as, attendance at career and internship fairs around the state to facilitate recruitment of interns from the state's colleges and universities.

Policy and Planning Unit staff along with representatives from the Division of Parole continue to attend Student Career Fairs throughout the state at colleges including: The College of New Jersey, Kean University, Mercer County College, Monmouth University, New Jersey City University, Rowan University, Rutgers University – Camden, Warren County and Burlington County College. Applications for the internship program were received from a variety of different universities and colleges with large portions coming from Rutgers University, Kean University, Monmouth University, Fairleigh Dickinson University and William Paterson University.

Spring 2017 Interns (From left to right): Janna Symone Williams (Berkeley College), Melissa Eang (Rutgers University), Lauren Fekete (Florida Southern College), and Raykena Brown (Kean University).

At the end of each semester students who complete the IP are recognized at the State Parole Board's monthly meeting and presented with completion certificates memorializing their accomplishment.

LOOKING FORWARD

The State Parole Board plans on procuring a state of the art Use of Force Simulator to enhance officer training. The Use of Force Simulator goes a step beyond firearms simulators in that officers are trained to use their best judgment when it comes to using force appropriately and to enable training in the de-escalation of situations without the use of force. Additionally, use of force simulation allows for many more practice trials than would occur ordinarily and the training can be individually tailored to meet instructional purposes. Use of force simulation allows the trainee to commit errors in a safe environment and then transfer that learning to real world applications. The goal is to increase the number of preventative actions taken by officers while decreasing the number of force incidents.
