This application proposes construction of two parking lots containing a total of 50 parking spaces located on the above referenced 2,381 acre parcel in Egg Harbor Township. The parcel is owned by the Federal Aviation Administration (FAA).

On October 8, 2010, the Commission approved an application for the construction of a 66,000 square foot office building and 198 parking spaces on the above referenced parcel. The 66,000 square foot office building is currently under construction.

The two proposed parking lots will provide 50 additional parking spaces for the 66,000 square foot office building.

STANDARDS

The Commission staff has reviewed the proposed development for consistency with all standards of the Pinelands Comprehensive Management Plan (CMP). The following reviews the CMP standards that are relevant to this application:

Land Use (N.J.A.C. 7:50-5.29)

The Pinelands Protection Act designates the boundaries of the 938,000 acre Pinelands Area. Within the boundaries of the Pinelands Area, the Pinelands Protection Act also designates the 366,000 acre Pinelands Preservation Area and the 572,000 acre Pinelands Protection Area. The CMP then establishes Management Areas such as Regional Growth, Rural Development, Military and Federal Installation that overlay the entire Pinelands Area.

The parcel subject of this application is located in a Military and Federal Installation Management Area. The CMP permits any proposed use associated with the function of a federal installation in a Military and Federal Installation Management Area.
The applicant has indicated that the two proposed parking lots will provide additional parking to a 66,000 square foot office building currently under construction on the parcel. The two proposed parking lots and the 66,000 square foot office building are located within what is now known as the Stockton University National Aviation Research and Technology Park. The proposed development is located adjacent to the William J. Hughes Technical Center on lands leased from the FAA. The 66,000 square foot office building and the two proposed parking lots are associated with the function of the federal installation.

The CMP also requires that, where feasible, proposed development in a Military and Federal Installation Management Area shall be located in the Pinelands Protection Area portion of the Pinelands Area. The development proposed in this application meets this requirement.

As further required by the CMP, the proposed use will not require any development in a Forest Management Area or the Preservation Area District Management Area.

Vegetation Management Standards (N.J.A.C. 7:50-6.23 & 6.26)

The proposed development will be located within forested areas. Approximately 0.27 acres of forest will be cleared to accommodate the proposed development. The proposed clearing and soil disturbance is limited to that which is necessary to accommodate the development.

The Landscaping and Revegetation guidelines of the CMP recommend the use of grasses that are tolerant of droughty, nutrient poor conditions. The applicant proposes to utilize a seed mixture which meets that recommendation.

Stormwater Management Standards (N.J.A.C.7:50-6.84(a)6)

The applicant has demonstrated that the proposed development is consistent with the stormwater management standards contained in the CMP. To meet the stormwater management standards, the applicant will utilize an existing stormwater infiltration basin.

Cultural Resource Standards (N.J.A.C. 7:50-6.151)

The Commission staff reviewed the application for evidence of cultural resources on the parcel. Based upon the lack of potential for significant cultural resources, a cultural resource survey was not required.

PUBLIC COMMENT

The applicant has provided the requisite public notices. Legal notice to required land owners within 200 feet of the above referenced parcel was completed on December 21, 2018. Newspaper public notice was completed on December 21, 2018. The application was designated as complete on the Commission’s website on January 2, 2019. The Commission’s public comment period closed on February 8, 2019. No public comment was submitted to the Commission regarding this application.

CONDITIONS

1. Except as modified by the below conditions, the proposed development shall adhere to the plan, consisting of five sheets, prepared by Maser Consulting, and dated as follows:
2. Disposal of any construction debris or excess fill may only occur at an appropriately licensed facility.

3. Any proposed revegetation shall adhere to the "Vegetation" standards of the CMP. Where appropriate, the applicant is encouraged to utilize the following Pinelands native grasses for revegetation: Switch grass, Little bluestem and Broom-sedge.

4. Prior to any development, the applicant shall obtain any other necessary permits and approvals.

**CONCLUSION**

As the proposed development conforms to the standards set forth in N.J.A.C. 7:50-4.57, it is recommended that the Pinelands Commission **APPROVE** the proposed development subject to the above conditions.
The Pinelands Comprehensive Management Plan (N.J.A.C. 7:50-4.91) provides an interested party the right to appeal any determination made by the Executive Director to the Commission in accordance with N.J.A.C. 7:50-4.91. An interested party is someone who has a specific property interest sufficient to require a hearing on constitutional or statutory grounds. Only appeal requests submitted by someone meeting the definition of an interested party will be transmitted to the New Jersey Office of Administrative Law for a hearing. Any such appeal must be made in writing to the Commission and received at the Commission office no later than 4:00 PM on March 5, 2019 and include the following information:

1. the name and address of the person requesting the appeal;
2. the application number;
3. the date on which the determination to be appealed was made;
4. a brief statement of the basis for the appeal; and
5. a certificate of service (a notarized statement) indicating that service of the notice has been made, by certified mail, on the clerk of the county, municipal planning board and environmental commission with jurisdiction over the property which is subject of this decision.

Within 15 days following receipt of a notice of valid appeal, the Executive Director shall initiate the procedures for assignment of an Administrative Law Judge to preside at the hearing pursuant to the Administrative Procedures Act, N.J.S.A. 52:14B-1 et seq., and the procedures established by the Office of Administrative Law. The time, date and location of such hearing shall be designated by the Office of Administrative Law.
RESOLUTION OF THE NEW JERSEY PINELANDS COMMISSION

NO. PC4-19-

TITLE: To Approve the Pinelands Commission’s 2018 Annual Report

Commissioner Avery moves and Commissioner Lohr second the motion that:

WHEREAS, in September 2006, then Governor Corzine issued Executive Order #37; and

WHEREAS, Executive Order #37 called for the preparation and approval of a comprehensive report concerning the operations of each State authority; and

WHEREAS, the report shall set forth the significant actions of the Commission; and

WHEREAS, since the report is to be done on an annual basis and it includes much of the same information as the Commission’s Annual Report, which is required by the Pinelands Protection Act, the two reports have been combined every year since 2007 as a cost savings measure to eliminate waste and promote efficiency as called for in Executive Order #37; and

WHEREAS, pursuant to N.J.S.A. 13:18A-5h, no action authorized by the Commission shall have force or effect until ten (10) days, Saturdays, Sundays and public holidays excepted, after a copy of the minutes of the meeting of the Commission has been delivered to the Governor for review, unless prior to expiration of the review period the Governor shall approve same, in which case the action shall become effective upon such approval.

NOW, THEREFORE BE IT RESOLVED that the attached 2018 Annual Report be approved, submitted to the Governor’s Authorities Unit and posted on the Commission’s web site.
