The Pinelands Development Credit Program

The Pinelands Development Credit program is a Transferable Development Rights program which encourages a shift of development away from important environmental and agricultural lands to other, more appropriate areas within the Pinelands.

Each year, the staff of the Pinelands Commission publishes a report summarizing key activity levels in the program. For more information on how the program works, please call or write the Pinelands Commission or the New Jersey Pinelands Development Credit (PDC) Bank or check their respective websites.

1. One transferable development right equals one-quarter Pinelands Development Credit (PDC).

2. The numbers of allocations are equivalent to the number of Letters of Interpretation (LOIs) issued by the Pinelands Commission relative to PDC allocations. Revised LOIs are not counted, except where increased allocations result from an increase in acres.

3. In cases where property owners received revised PDC allocations, the adjusted allocation is reflected in the total number of rights for the year in which the original allocation was made, except where increased allocations result from an increase in acres, which are reflected in the year that the revised allocation occurred.

4. In the 2002 Plan Review Report, it was estimated that there were approximately 18,000 total rights to be allocated.

1. One transferable development right equals one-quarter Pinelands Development Credit.

2. Numbers may not total due to rounding.

3. PDCs are normally allocated to land in the listed areas but may also be allocated in special cases to properties in other Pinelands Management Areas.

4. 1,001 rights purchased by NJPDC Bank in years 2000 through 2002 were retired through the Special PDC Purchase Program and are not available for use.

5. The State Agriculture Development Committee (SADC) and the Burlington County Board of Chosen Freeholders have protected additional lands through the Farmland Preservation Program (FPP) and retired the associated PDCs. Please see Table 2-A for more details

Notes: Corrections made as of 2/17/10

1. One transferable development right equals one-quarter Pinelands Development Credit.
2. Numbers may not total due to rounding. Acres listed are those from the LOI even though, in some cases, deed restriction describes "exceptions" and associated acreage where future dwelling units may occur.
4. No certificates are issued in association with these deed restrictions and PDCs are retired in accordance with amounts listed in LOI, whether or not they are multiples of 0.25 PDCs.
5. All rights are retired and not available for use.
6. These programs were initiated in 2003; not all deed restrictions were reported in the year in which they occurred
