### TABLE OF CONTENTS

#### I. Planning
- A) CMP Amendments (page 3)
- B) Conformance (page 3)
- C) Special Planning Projects: (pages 3-5)
- D) Economic Monitoring (page 5)
- E) Permanent Land Protection (page 5)
- F) Other Planning Items (pages 5-6)
- G) Plan Review (page 7)

#### II. Development Applications
- A) Application Activity (pages7-8)
- B) Notable Development Applications (pages 8-10)
- C) Office of Administrative Law Matters (page 10)
- D) Violations (pages 10-15)
- E) Other Non-application Regulatory Programs Items (page 15)

#### III. Intergovernmental Memoranda of Agreement
- A) MOAs Under Review (pages 16-17)
- B) Other MOA Requests (page 17)

#### IV. Science
- A) Kirkwood-Cohansey Study (page 17)
- B) Environmental Monitoring (page 17)
- C) Other Science Projects (page 18)
- D) Other Science Office Items (page 18)

#### V. Litigation
- A) State Court Cases (page 19)
- B) Federal Court Cases (page 19)
- C) Other Litigation Matters (page 19)

#### VI. Legislation
- A) Notable Bills (page 19)

#### VII. Public Programs
- A) Communication (page 19)
- B) Publications (page 19)
- C) Events and Outreach (pages 19-20)
- D) Interpretive Program (page 20)

#### VIII. Information Management
- A) Geographic Information Systems (pages 20-21)
- B) Management Information Systems (page 21)

#### IX. Operations
- A) Facilities (page 22)
- B) Financial Management (page 22)
- C) Human Resources (page 22)

#### X. Pinelands Municipal Council
- A) Meetings (page 23)

#### Attachments #1 & #2 (pages 23-31)
I. PLANNING

A) CMP AMENDMENTS

A rule proposal was prepared for the Commission’s review and consideration at the June 13, 2013 meeting. The proposed amendments would extend the Alternate Design Treatment Systems Pilot Program and implement a variety of efficiency measures identified during the Plan Review process. The proposed amendments were reviewed by both the Plan Review and CMP Policy and Implementation Committees and were submitted to the Governor’s Policy Office for review and approval on 5/22/13. On 7/10/13, the Commission was notified that the proposed amendments were not approved. A revised version of the rule proposal, including amendments related to the removal of Cromaglass from the Alternate Design Treatment Systems Pilot Program, was subsequently prepared and resubmitted to the Governor’s office on 8/15/13. Authorization of the rule proposal will not occur until the Commission receives approval from the Governor’s Office. As of September 30, 2013, we have not received approval.

B) CONFORMANCE: Attachment #1 summarizes ongoing conformance items.
1. Ordinances/plans received this quarter: 31 (31 this FY; average FY=100)
2. Interpretations/consultations/assistance this quarter: 37 (37 this FY; average FY=150)
3. Status of municipal clustering/forestry responses:
   - **Ordinances not yet adopted:** Estell Manor and Port Republic
   - **PCF Reimbursement:** $20,554.49 to four municipalities (Berkeley, Hammonton, Medford, & Pemberton)
   - **Extensions Granted:** Estell Manor (9/30/13)
   - **Meetings Attended:** None

C) SPECIAL PLANNING PROJECTS

1. **Pine Barrens Byway:** On October 25, 2012, staff met with Tim Hart at the Ocean County Cultural and Heritage Commission offices in Toms River. Mr. Hart has agreed to become the lead person in running the byway operations. He drafted by-laws and a tentative budget for the organization. Mr. Hart has agreed to take over the reins of the day-to-day activities of the Association from the Commission staff. The Pine Barrens Byway Association held a meeting at the Tuckerton Seaport Museum on July 31, 2013. Tim Hart of the Seaport Museum and the Ocean County Cultural and Heritage Commission reported that the association has been incorporated and that he had acquired a corporate seal. The Commission subsequently reimbursed Mr. Hart for his out-of-pocket expenses relating to the incorporation fees and for joining the Center for Non-Profits. The members present at the meeting then decided to launch an effort to solicit $250.00 donations from each of the 16 municipalities and five counties through which the byway passes. The individuals involved in the effort have scheduled a meeting to coordinate the effort. Another byway association meeting will probably be held in November.

2. **Hammonton wastewater recharge project:** Commission staff issued a letter to Hammonton on December 3, 2012 requesting a status update and construction schedule for proposed drip irrigation infiltration enhancements. The letter also indicated that the Commission was establishing an escrow budget in order to permit the Commission to retain a water quality consultant. Staff met with Hammonton officials on January 18, 2013 to discuss methods Hammonton intended to pursue to address its continued stream discharge. Staff has prepared a timeline to trace the history of Hammonton’s treatment plant replacement, land application of wastewater operations and the ongoing stream discharge issue. There has been limited progress
made concerning Hammonton’s development of drip and surface irrigation facilities intended to
beneficially reuse wastewater and reduce or eliminate Hammonton’s continued stream discharges.
With regard to Hammonton’s application for such facilities, the last action was Regulatory
Program’s issuance of an incomplete application letter in August 2012. NJDEP issued a Draft
Discharge to Ground Water (DGW) Draft Permit on June 24, 2013. The draft permit includes
provisions for a wastewater drip irrigation system to maximize land application of wastewater and
ultimately eliminate routine wastewater discharges to Hammonton Creek. The implementation of
wastewater drip irrigation at the Boyer Avenue facilities wooded areas and athletic fields is a
critical component of Hammonton’s long-term wastewater management strategy to cease routine
stream discharges. With slow progress made by Hammonton in developing an acceptable long
term wastewater management plan, staff provided the Town with an urgent reminder that the
Commission needs a viable plan by December 10, 2013. The establishment of an escrow budget
in order to permit the Commission to retain a water quality consultant was put on hold. The Town
has not yet responded to the Commission’s incomplete new land disposal application letter from
August 2012.

4. College Master Plans:
Stockton: A draft of a proposed alternative permitting process MOA was presented to the P&I
Committee at its September 28, 2012 Committee meeting. A public hearing was held on the
proposed MOA in the evening on October 2, 2012 at the Galloway Township Municipal Building.
Written comment was received on the MOA until close of business on October 5th. The
Commission staff met with representatives of Stockton College at the College campus in
February, to discuss comments submitted concerning activities conducted at the campus without
prior Commission approval. At that meeting, it was agreed the Commission staff would
accompany a representative of Stockton and Stockton’s engineering consultant on a site
inspection to look at the areas where the commenter asserted violations had occurred.
Additionally, the Commission staff agreed to participate in Stockton’s annual training session for
its employees in order to review the requirements of the CMP. The Commission staff conducted a
site inspection on April 8, 2013 to review the areas of concern No new action as of September 30,
2013.

5. Roadside Maintenance: County efforts to implement the BMPs are at varying stages and
ongoing. The revised Permanent Vegetative Cover for Soil Stabilization standard, which contains
a new subsection for “Pinelands National Reserve Specifications”, was published in the NJ
Register on August 5, 2013. The State Soil Conservation Committee (SSCC) published the
standards and is seeking public comment on substantive revisions.

6. Landfill Closure:
   a. Comprehensive Study: With the approval of solar placement on the Stafford landfill,
   approximately $170,000 was to be made available for a Pinelands-wide comprehensive
   landfill study. The Commission has engaged USGS to perform a Rapid Assessment of
   Pinelands Area Landfills. USGS continues to review NJDEP data. USGS conducted
   supplemental landfill monitoring-well sampling at the Berkeley Township, Woodbine, and
   Weymouth landfills in December 2012. USGS provided a preliminary rapid landfill
   assessment presentation to staff in Mid-September. Staff is currently preparing USGS with
   feedback on the draft study and is developing policy recommendation for the study’s
   implementation.

   b. Individual Closures
   (1) Estell Manor Landfill: Staff, with the assistance of USGS, completed its review of
   the proposed Remedial Action Selection Report/Remedial Action Workplan and provided
comments to the City’s consultant on December 20, 2011. Most significantly, the consultant was requested to re-run data and transport modeling using model input values that are more consistent with USGS data for the K/C aquifer. At the consultant’s request, Staff and USGS held a second meeting with the City’s landfill consultant in August 2012 to provide technical guidance toward resolving report deficiencies. The Town’s consultant has advised that they have resumed work on the workplan and are preparing responses to the Commission’s review comments. A revised landfill assessment report has been received and is currently undergoing review by Commission staff and USGS. Response to Estell Manor’s landfill report will be timed to await completion of the USGS rapid landfill assessment project.

7. **Sprint Amendment**: In January 2013, Sprint submitted a proposed amendment for the Commission’s review. Sprint’s proposed amendment includes a total of 74 local communications facilities, only one of which is a new site. Sprint’s Plan was deemed complete for purposes of Commission review on August 27, 2013. A public hearing to receive testimony concerning the consistency of Sprint’s proposed amendment with the CMP was duly advertised, noticed and held on September 10, 2013. The Commission’s Policy & Implementation Committee is scheduled to review Sprint’s proposed amendment at its October 23rd meeting with the full Commission reviewing the same at its November 8th meeting.

**D) ECONOMIC MONITORING**

1. **Annual Report**: In July 2013, Larry Liggett presented the results of the 2010-2011 Long-Term Economic Monitoring report to the Pinelands Municipal Council. The 2010 – 2011 Municipal Fact Book was re-released in August 2013. Acquisition of data from Environmental Systems Research Institute (ESRI) is currently underway and it is anticipated that the 2013 report will be released in late 2013/early 2014.

**E) PERMANENT LAND PROTECTION**

1. **Pinelands Development Credit Program**: Six original LOIs were issued, allocating 11 rights with potential preservation of 125 acres; 1 severance occurred (2.00 PDCs [8 rights] protecting 84 acres in Lacey Township’s PAD) and 1 right sold for $6,000.00. The FY-2013 PDC Annual Report has been issued and posted on the Commission’s web site.

2. **Farmland Preservation program**: The State Agriculture Development Committee (SADC) has adopted resolutions granting final approval for purchase of easements from four Burlington County Pinelands farms (located in Shamong, Tabernacle, and Woodland Townships) with the potential to protect 1,201 acres and retire 159 rights. Two additional SADC projects have received the “green light” approval (proceeding to appraisal) and have the potential to protect 142 acres in Southampton Township and 38 acres in Galloway Township and retire 34 rights.

3. **Pinelands Conservation Fund**: As of September 30, 2013, the Commission has approved the allocation of $9.6 million to 34 projects in the Pinelands Area. Of these 34 projects, 31 have proceeded to closing, resulting in the permanent protection of 6,763 acres.

**F) OTHER PLANNING ITEMS**

1. **Water supply**:
   a. **K/C Planning**: An outreach/update meeting was held with Pinelands municipal officials in early July 2013. A group of staff working on the K/C study met with representatives
from USGS in July 2013 to discuss next steps and how USGS could continue to be involved. In September 2013, commission staff received a proposal from USGS to further study regional and local impacts to well pumping. In September 2013, staff also met with NJDEP, where Larry Liggett presented the Commission’s possible application of the K/C study results in water supply policy. The Scenario #2 Build-Out Analysis is complete as of September 2013, and work is currently underway on Scenario #1 and Scenario #3, both of which are expected to be complete by January 2014.

b. **State Water Supply Advisory Committee:** Presentations of environmental findings and the potential application of the K/C study results in a water supply policy were given to the Committee on September 20, 2013. The NJDEP’s new statewide Water supply plan is on hold to ensure consistency with the new State Strategic Plan.

2. **Cultural resources:** 17 (17 this fiscal year) cultural resource activities undertaken:
   - a. 8 (8) applications reviewed
   - b. 0 (0) forestry inquiries
   - c. 3 (3) surveys reviewed
   - d. 0 (1) CAFRA reviews
   - e. 0 (0) Preliminary Investigation
   - f. 4 (4) site coordination with other agencies/meetings & phone conferences
   - g. 0 (0) coordinated reviews w/SHPO
   - h. 2 (2) Municipal/consultant inquiries

The Commission is working with FEMA, the State Historic Preservation Office (HPO) and the NJ State Museum to scan Commission cultural resource survey inventory information and to coordinate attribute tables and means of access. The HPO scanned 1980 inventory maps in February. FEMA provided an intern who has completed digitizing most of the cultural resource surveys and information regarding Pinelands-Designated sites. *FEMA will be sending staff for a tour of the Pinelands in October. FEMA also notified the Commission of its intent to hold a joint meeting with several state agencies regarding the progress of digitizing their cultural resource inventories and developing database access.*

3. **DEP wastewater planning rules/County implementation:**

   - **County Plans:** Since mid-2012, staff has worked with staff from NJDEP and each of the seven Pinelands counties to coordinate the sewer service area (SSA)/future wastewater service area (FWSA) mapping for the Pinelands Area. The goal of the coordinated effort is to ensure that the counties’ SSA/FWSA mapping is fully consistent with the CMP and the April 2012 MOU between the Commission and NJDEP. While the process is not yet complete, significant progress has been made toward achieving this goal and all Pinelands counties have already presented versions of their maps for public hearing. Staff is currently working with DEP to correct mapping errors which occurred during the adoption process. *No new actions as of September 30, 2013.*

4. **Agricultural Advisory Committee:** Members were invited to a staff presentation and discussion of potential enhancements to the PDC Program on June 18, 2013. *No new action as of September 30, 2013.*
5. **Garden State Parkway Interchange 44:** The New Jersey Turnpike Authority has proposed an expansion including the addition of southbound access to GSP and a northbound exit from the GSP. Staff has determined that it is highly probable there will be negative secondary impacts from the expansion on the surrounding Rural Development Area. Atlantic County, which will address the impacts for the GSP, has been offered three alternatives:
   a. Accept the likelihood and “memorialize” the zoning for a 1 ½ mile area as was done at Exits 58 and 69;
   b. Purchase and deed restrict only the larger parcels in the 1 ½ mile area; or
   c. Provide us with funding (in escrow) to hire a consultant to investigate the scope of any secondary impacts. Then appropriately eliminate the impact other than an expression of “concern”.

The County is proceeding to limit secondary impacts. At its May 10, 2013 meeting, the Commission reviewed and discussed the County’s proposed methodology to address secondary impacts in closed session and, as a result of that discussion, approved the public development application for the improvements proposed for Interchange 44. *No new action as of September 30, 2013.*

**G) PLAN REVIEW**

1. The Plan Review Committee met once in July.
   - During the July, 12, 3013 meeting, staff made a presentation and the Committee discussed the issues it would like to address through a rule proposal regarding native Pinelands vegetation.

2. The Plan Review web page ([http://www.state.nj.us/pinelands/cmp/planreview/index.html](http://www.state.nj.us/pinelands/cmp/planreview/index.html)) is fully updated with scanned copies of written public comment and summarized verbal comments from public comment meetings. Committee meeting agendas and minutes are also available on the web page.

3. Staff submitted the first-round efficiency and alternate design septic system rule proposal for review by the Governor’s Authorities Unit on May 22, 2013. A revised version of the rule proposal was resubmitted on August 15, 2013 and is pending approval.

4. Staff continues to draft the Plan Review Report.

**II. DEVELOPMENT APPLICATIONS**

B) NOTABLE DEVELOPMENT APPLICATIONS

1. **Winzinger Mining Application, Woodland Township** (App. No. 1980-0062.001): On February 13, 2007, the Commission received an application proposing mining on a site in the Township. Upon completion of the application with the Commission, a Certificate of Filing for the proposed mining operation was issued. The Certificate of Filing noted that it has not been demonstrated that the proposed mining was consistent with the applicable threatened and endangered species standards and that it appeared the proposed mining constituted a new mine and was, therefore, not a permitted land use in the Pinelands Preservation Area. Subsequently, the Township approved the proposed mining application. The Commission staff then issued a letter indicating that the Township approval raised an issue with the standards of the Township land use ordinance and the CMP. That letter scheduled a Commission staff Public Hearing to review the issue. The Commission staff Public Hearing was held on January 29, 2013. The Commission staff prepared a “Staff Report on Public Hearing.” and the Commission voted to deny the application for resource extraction at the June 13, 2013 Commission meeting. On June 26, 2013, the Commission issued a letter indicating that the Woodland Township Land Development Board must revoke its approvals and deny the application for resource extraction. **On July 15, 2013, the Commission staff received a letter from the applicant’s attorney indicating that the applicant is appealing the Commission’s denial of the application for resource extraction to New Jersey Superior Court – Appellate Division.**

2. **Hamilton Mall, Hamilton Township** (App. No. 1985-0708.001): On October 23, 2008, the staff received an application for a proposed 138,227 square foot addition to the mall (Application No. 1985-0708.007). A Certificate of Filing requiring the development and implementation of a stormwater basin rehabilitation plan for five existing basins was issued. On April 26, 2012, the Commission staff issued a letter indicating that the final site plan approval for Phase 1 issued by the Atlantic County for the proposed development could take effect. On June 8, 2012, the Commission staff received a stormwater basin remediation plan approved by the Township Planning Board engineer. On July 19, 2012, the Commission staff issued a letter indicating that the submitted remediation plan fulfilled the requirement of the municipal approval. The required stormwater basin remediation is ongoing. On March 8, 2013, the Commission staff received an amended site plan approval issued by the Township Planning Board. That amended municipal approval allowed for the issuance of municipal certificates of occupancy for two restaurants while certain existing stormwater basins were being remediated. On March 28, 2013, the Commission staff issued a letter indicating that the amended site plan approval could take effect. On June 7, 2013, the Commission staff received another amended site plan approval issued by the Township Planning Board. That amended municipal approval allowed for the issuance of municipal Certificates of Occupancy for two junior anchor retail stores while certain existing stormwater basins were being

| Certificates of Filing issued for the last two quarters: | 34 | 57 |

| | MOA | 19 | 8 |
remediated. On June 19, 2013, the Commission staff issued a letter indicating that the amended site plan approval could take effect. No new action as of September 30, 2013.

3. **Ocean County (Robert Miller) Airport (App. No. 1985-0949.020):** Commission staff has been in discussions with the County regarding two issues at the Airport: an increase in the local population of sickle-leaved golden aster and the timing of tree clearing for a firebreak associated with the construction of the Reptile Habitat Management Areas. Staff has recently obtained information from the County that demonstrates that, although the number of Sickle-leaved golden aster plants located in the area of the proposed crosswind and parallel runway project has increased, implementation of that project does not alter the conclusion in the June 8, 2012 Memorandum of Agreement (MOA) that there will not be an irreversible adverse impact to the local population of Sickle-leaved golden aster at the airport. There is an extremely large and healthy population of Sickle-leaved golden aster at the airport that continues to flourish as a result of the establishment and maintenance of extensive grassland habitat there. With regard to the timing of tree clearing, the County was able to demonstrate that given that the clearing activities would not result in any soil disturbance, there was no threatened or endangered snake concerns regarding implementation of such clearing activities. Staff issued a letter dated February 15, 2013 indicating that the proposed development of a crosswind runway, parallel taxiway and associated site improvements was consistent with the MOA and development could proceed. Staff has been informed that the two Reptile Habitat Management Areas have been constructed and Northern pine snakes have been observed at some of the constructed hibernacula. Several Northern pine snakes have been caught and relocated away from the runway construction area as a result of the required snake monitoring, and the monitoring is ongoing. The applicant contacted the Commission with a proposal to remove the MOA-required snake exclusion fencing prior to completion of the crosswind runway. The MOA requires that the snake exclusion fencing be maintained until October 31 if construction activities are ongoing. After consultation with the Commission staff, the applicant withdrew their request to remove the snake exclusion fencing prior to October 31.

4. **Stafford Township, Ocean Acres/Rt. 72 Stormwater Basin (App. No. 1993-0732.012):** On October 3, 2012, the staff met with the Mayor and the Township Administrator to discuss the construction of a seven acre stormwater basin on the south side of Rt. 72. The purpose of the proposed basin was to address certain flooding issues associated with the Ocean Acres residential development on the north side of Rt. 72. The proposed stormwater basin on the south side of Rt.72 would be located in a Pinelands Forest Area and would not be a permitted land use. On March 7, 2013, the staff met with the Township Administrator, Township Engineer and the Township’s consultant to discuss the proposed stormwater basin and the requirements to address the threatened and endangered species standards. On April 1, 2013, an application for the proposed stormwater basin was submitted to the Commission. On May 30, 2013, the Commission issued a letter providing comments concerning the submitted threatened and endangered species protocol. On July 2, 2013, the Commission staff issued a letter requesting additional information to complete the application. On July 29, 2013, the applicant submitted additional information. On August 1, 2013, the Commission staff met with the Township and its consultant to discuss the application and potential need for the Commission to hire an independent Professional Engineer (P.E.) to review the proposed stormwater design. On September 19, 2013, the Commission staff issued a Request for Quotes from P.E.s for the review of the proposed stormwater design.

5. **Arawak Paving, Woodbine (App. No. 1990-1124.003):** On December 14, 2012, the staff received a request for a pre-application conference for a proposed asphalt plant on a 66 acre
A pre-application conference was held on January 8, 2013. On March 15, 2013, an application for a proposed asphalt plant and 1/3 of the overall application fee was submitted for Commission staff to review the threatened and endangered species protocol for the site. On April 15, 2013, staff sent a letter with comments about the submitted threatened and endangered species protocol for the site. That letter also indicated that should the applicant wish to complete an application for the proposed commercial use, the remainder of the application review fee must be submitted. No new action as of September 30, 2013.

6. **NJDEP, Martha’s Furnace Bridge Replacement (App. No. 2010-0055.001)** The Commission approved an application to replace the existing Martha’s Furnace bridge with a pedestrian bridge on September 14, 2012. Subsequent to the Commission’s approval, NJDEP advised the Commission staff that a population of threatened plant species was identified within the footprint of the existing/proposed bridge. Commission staff met with the applicant on May 28, 2013 to discuss the issue. By letter dated June 6, 2013, the Commission staff suggested an additional site inspection be completed by NJDEP to determine the full extent of the population. Additional information regarding the extent of the population was submitted to the Commission on July 1, 2013 and July 10, 2013. The Commission staff performed a site inspection of the project area on September 17, 2013.

C) OFFICE OF ADMINISTRATIVE LAW MATTERS

1. Monthly activity: 0

2. Pending OAL matters: None

D) VIOLATIONS

1. Quarterly activity: 10 reports received; 21 violation letters sent; 22 cases resolved.

2. Notable violations:

a. **Commercial Development, Maurice River Township** (App. No. 1991-1011.001 & .002): This violation concerns vegetation clearing and construction of buildings without application to the Commission. A Certificate of Filing was issued for the proposed development on February 1, 2012. By letter dated May 21, 2012, we responded to multiple submissions by the applicant regarding the application. On June 4, 2012, the Commission staff participated in a conference call with the Planning Board Attorney and the applicant’s representatives. On June 8, 2012, we received a letter from the applicant representatives requesting information regarding the application. On September 20, 2012, the Commission staff received notice that the Township Land Use Board approved the proposed development. Upon staff review of the municipal approval, we issued a letter on December 7, 2012 scheduling a Commission staff public hearing to review an issue raised by the concerned municipal approval. The issue concerns submission of proposed deed restriction of certain lands to meet the groundwater quality (septic dilution) standard. The applicant requested that the hearing date be rescheduled. At the applicant’s request, the public hearing to review an issue raised by the municipal approval was rescheduled to July 11, 2013. The applicant requested that the July 11, 2013 hearing date be rescheduled. We issued a letter on June 26, 2013, rescheduling the hearing date to October 9, 2013. No new action as of September 30, 2013.

d. Buena Vista Township (App No. 2009-0089.001): By letter to Buena Vista Township dated January 8, 2010, Commission staff indicated that an application is required for development that has occurred within the NJ Transit right-of-way and on municipally owned property. Information was submitted by the applicant on December 7, 2011 and December 15, 2011. On February 15, 2012, the staff issued a letter to the applicant requesting additional information to complete the application. On September 27, 2012, the staff met with the Township Administrator to discuss the information necessary to resolve this matter. On November 1, 2012, the applicant submitted information regarding the application. By letter dated January 2, 2013, the staff requested additional information. Staff met with the new municipal engineer on April 25, 2013 to discuss the items that must be submitted to resolve the violation and complete an application for development. No new action as of September 30, 2013.

e. Buena Vista Township (App. No. 2004-0319.001): The staff met with officials from Buena Vista Township on July 27, 2010, regarding the installation of stormwater management swales that were previously required for the installation of sidewalks along Route 40. That project was approved by the staff pursuant to the Memorandum of Agreement between Buena Vista Township and the Pinelands Commission (App. #2004-0319.001). On May 20, 2011, the staff issued a letter requesting certain information to demonstrate consistency with the CMP’s stormwater management standards. Additional stormwater information was received by the Commission on September 15, 2011, November 7, 2011, December 7, 2011 and December 15, 2011. On February 9, 2012, the Commission staff asked for clarification of the submitted stormwater management information. On September 27, 2012, the staff met with the Township Administrator to discuss the information necessary to resolve this matter. On November 1, 2012, the Township submitted information to address stormwater management. By letter dated December 31, 2012, the staff requested additional information regarding proposed stormwater management. Additional information was received by the Commission on March 18, 2013. Staff met with the municipal engineer on April 25, 2013 to discuss the items that must be submitted to resolve the violation and complete an application for development. No new action as of September 30, 2013.

f. Jackson Township, Municipal Firing Range (App. No. 2000-0630.002): On October 19, 2009 and November 5, 2009, the Commission received an application and information for the placement of a 1,200 square foot trailer at an existing municipal shooting range. Development had occurred on the site in violation of the application requirements of the Jackson Township land use ordinance and the CMP. On February 13, 2012, the Commission staff received a letter from the applicant inquiring as to the status of the application. On February 28, 2012, the staff issued a letter to the applicant advising that the information previously requested in a Commission June 24, 2010 letter remained necessary to complete the application. No new action as of September 30, 2013.
g. Barnegat Township, Commercial Use (App. No. 1988-1177.002): By letter dated February 1, 2012, we advised a property owner of an approximately 5 acre wetlands buffer clearing violation. Materials were being stockpiled in the wetlands buffer. By letter dated April 26, 2012, we summarized the agreements reached and asked the property owner to contact our office when wetlands were delineated. By letter dated June 15, 2012, we confirmed the wetlands mapping and suggested a course of action to resolve the violation. On September 19, 21 and 28, 2012 the applicant submitted information addressing the proposed resolution of the violation. That information is currently under review. By letter dated November 13, 2012, the Commission staff recommended revisions to the proposed restoration plan. On January 22, 2013, the Commission staff received information from the property owner’s consultant indicating that one material stockpile and a portion of another had been removed from the site and that a revised restoration plan would be submitted shortly. On March 26, 2013, the Commission staff issued a letter to the property owner requesting that a revised restoration plan be submitted within 14 days. On April 11 and 15, 2013, the Commission staff received information from the property owner’s consultant, including a revised restoration plan. On May 14, 2013, the Commission staff issued a letter to the property owner requesting further revisions to the restoration plan and the submission of additional information within 30 days to address the violation. On July 31, 2013 and August 2, 2013, the Commission staff received information from the property owner. On September 6, 2013, the Commission staff issued a letter to the property owner requiring further restoration plan revisions.

h. Barnegat Township, Offsite Commercial Advertising Signs (Billboards): On March 20, 2012, the Commission staff received an inquiry regarding four billboards along Route 72. The CMP requires that the four concerned billboards be removed. After a site inspection and a review of available information, it appears that four billboards had been removed by a party and then recently new billboard structures had been constructed in their place by a second party. By letter dated May 14, 2012, we wrote to all concerned parties and requested the removal of the four concerned billboards. On June 6, 2012, we received an application for “transferable billboard rights” for the four concerned billboards from one of the concerned parties. By letter dated November 16, 2012, the staff advised that, based on the review of all submitted information, the ownership of the previously existing billboards was in dispute. The letter further indicated that until the ownership dispute was resolved by the two concerned parties, the application for transferable billboard rights remained incomplete. That letter also indicated that the four recently constructed billboards must be removed. On November 28, 2012, the staff received a letter from one of the concerned parties withdrawing their application for the transferable billboard rights. By letter dated December 17, 2012, the staff responded indicating that although the application was considered withdrawn, the responsible party must still remove the four recently installed billboards. No new action as of September 30, 2013.

i. Pemberton Township, Spring Lake Blvd. (App. No. 1995-1510.002): The staff received information and a letter from a member of the public on August 27, 2012 regarding the placement of asphalt millings along the shoulders of Spring Lake Boulevard. On September 28, 2012, the staff met with representatives of the Township to discuss this matter and the use of asphalt millings for other Township roads. By letter dated November 15, 2012, the staff advised the Township that according to NJDEP, the use of asphalt millings without a paved top surface is not generally appropriate. The staff letter asked the Township to advise the Commission staff how it intended to resolve the matter. No new action as of September 30, 2013.
j. Barnegat Township, Storm Damaged Vehicle Storage Area, (App. No.1985-00588.019): On November 26, 2012, the staff received the initial report that vehicles were being stored on a 112-acre parcel in the Township. By letter dated November 30, 2012, the staff advised the owner of the concerned parcel that the storage of vehicles on the parcel constituted a violation of the application and permitted use requirements of the Township land use ordinance and the CMP. On December 7, 2012, members of the Commission staff met on the site with representatives of the Township, the company that has leased the land to store the vehicles and the property owners. At the site meeting, it was represented by the leasing company that approximately 5,000 vehicles were present on the parcel. On December 7, 2012, the Commission staff also received a complaint filed on December 6, 2012 in Ocean County Superior Court by the Township. Thereafter, the company that leased the land agreed not to bring any additional vehicles onto the parcel while the interested parties discuss resolution of the matter. On January 18, 2013, the Commission staff attended a site meeting which confirmed that approximately 1,000 vehicles had been removed from the site. On February 7, 2013, the Commission staff issued a letter to the property owner detailing all pre-existing and current violations that remain on the site. On February 8, 2013, the Commission staff attended an Ocean County Superior Court hearing regarding the vehicle storage facility. On March 4, 2013, the Commission staff issued a letter to the Township attorney regarding the required restoration of the site following removal of all vehicles. On March 5, 2013, the Commission staff attended an Ocean County Superior Court hearing regarding restoration of the site following removal of all vehicles. Following that hearing, a Consent Order between the Township and the property owner was proposed to be issued regarding required restoration of the site. On March 18, 2013, the Commission staff received a copy of the signed Consent Order filed with the Court on March 11, 2013. On March 20, 2013, the Commission staff issued a letter to the property owner requiring the completion of an application to the Commission for the proposed site restoration. On May 22, 2013, the Commission staff received a copy of a letter from the attorney representing the insurance company advising that all vehicles have been removed from the parcel, all operations have ceased and that a Phase 1 Environmental Study would be performed on the parcel within 10 days. On June 7, 2013, the Commission staff issued a letter to the property owner requesting a copy of such study and, if no contamination is found, site restoration activities must be undertaken. On July 10, 2013, the Commission staff received a copy of an Environmental Study, that found no contamination on the parcel resulting from the temporary storage of motor vehicles. On September 3, 2013, the Commission staff issued a letter to the property owner acknowledging receipt of the Study and requiring that an application be submitted for the required site restoration. On September 23, 2013, the Commission staff received a copy of a letter from the Township Attorney to the attorney representing the property owner indicating that the property owner has not restored the property as required by the March 2013 Ocean County Superior Court Consent Order.

k. Various Development Berkeley Township (App. No. 1999-0481.001): On August 14, 2012 we received notice from NJDEP about a possible wetlands violation on this 28 acre parcel. Commission staff, along with NJDEP and Berkeley Township officials conducted a site inspection in November of 2012. Violations include constructing a single family dwelling without application, establishing a commercial tree processing business without application and development in wetlands and the required buffer to wetlands. A Commission violation letter was sent December 17, 2012 requesting a response by January 17, 2013. A follow-up site inspection on May 15, 2013 revealed some removal of mulch had occurred. No new action as of September 30, 2013.
l. Commercial Use Manchester Township (App. No. 1981-2039.002): On February 8, 2013, we received notice from Ocean County Health Department about the establishment of a commercial use on this 19-acre lot. A joint site inspection was conducted on February 15, 2013 with Ocean County representatives, a NJDEP representative and our staff. Violations observed included clearing of about three acres of upland and/or wetland buffer, establishment of a commercial landscaping yard onsite, storage of mulch and other vegetative waste in wetlands buffers and wetlands and placing fill in wetlands. On March 28, 2012, we sent a letter to the property owner advising of the need to address/resolve the concerned violation. On June 27, 2013, Manchester Township issued a Notice of Violation for non-permitted use, clearing and placement of fill. No new action as of September 30, 2013.

m. Barnegat Township (App. 2000-2700.002): This violation pertains to the clearing and grading of vegetation on approximately 8 acres of wetlands/wetlands buffers on a 9.49 acre lot located in Pinelands Preservation Area District. The concerned clearing occurred primarily in September 2009. The property owner indicated an intention of establishing a permitted agricultural use (blueberries) on the lot. Since September 2009, the Commission staff has written to the applicant multiple times attempting to obtain a time schedule for the establishment of the proposed blueberry agricultural use. To date, we have not obtained such a schedule. On April 25, 2013, the Township issued Municipal Court summonses to the property owner regarding this matter. The Municipal Court hearing was scheduled for May 14, 2013. The hearing was subsequently adjourned at the request of the property owner’s attorney and rescheduled for June 25, 2013. The Commission staff attended the municipal court hearing on June 25, 2013. The matter was continued because the property owner raised an issue regarding the “Right to Farm.” The matter will be before municipal court on August 20, 2013. The Commission staff attended the municipal court hearing on August 20, 2013. The matter was continued to September 24, 2013 in municipal court because of the applicant continuing to raise the “Right to Farm” issue. On September 9, 2013, the Commission staff issued a letter to the Ocean County Agricultural Development Board’s staff. The letter requested guidance from the Board with respect to the “Right to Farm” issue raised by the property owner. A response to the September 9, 2013 letter was not received prior to the September 24, 2013 municipal court date. The Commission staff attended the municipal court hearing on September 24, 2013. At the hearing, the Township Zoning Officer provided the Commission staff with copies of additional municipal violation summonses for other activities that had occurred on the property. The matter was continued to a November 12, 2013 Municipal Court hearing awaiting a written response from the Ocean County Agricultural Development Board.

n. Galloway Township (App. No. 1990-1168.004): This violation concerns the establishment of a commercial trucking business on a lot in the Preservation Area District. The lot was previously deed restricted due to the severance of PDCs. Commercial businesses are not permitted in the Preservation Area District or by the PDC deed restriction. After multiple letters to the property owner over five years, by letter dated June 20, 2013, we asked that the applicant either address the matter within 30 days or the Township should issue all appropriate municipal court summonses. On August 22, 2013, the Commission staff met with representatives of the New Jersey Attorney General’s Office to discuss the matter.

o. Waterford Township (Application No. 2013-0031.001): This violation concerns the expansion of an auto salvage business on a parcel in the Preservation Area District on
Chew Road. The auto salvage business existed in 1981. The area occupied by the business has significantly expanded over time and now occupies approximately 26 acres, part of which is in wetlands and the required buffer to wetlands. The staff issued its initial letter on March 14, 2013 and received a written response from the property owner on April 3, 2013. The staff issued a response to the property owner’s submission on June 19, 2013. Additional information was received on July 9, 2013 indicating that the property owner was coordinating with the Waterford Township zoning officer to bring the matter into compliance. Commission staff consulted with the Waterford Township zoning officer, who confirmed that some progress has been made. Commission staff issued a letter dated September 27, 2013 requesting a staff site inspection of the parcel.

E) OTHER NON-APPLICATION REGULATORY PROGRAMS ITEMS

1. Hamilton Stormwater Basins: In 2008 the Great Egg Harbor Watershed Association notified the Commission that several stormwater basins in Hamilton Township did not appear to be functioning as designed and was causing downstream flooding of nearby roads and streams.

   The Township approved a plan proposing the remediation of an existing basin serving a retail store (Walmart) in an existing shopping center. The remediation of the Walmart basin has been completed.

   The Township also approved a plan for the modification of existing basins serving an existing residential subdivision (Timber Glen Phases III & IV). Timber Glen has initiated remediation activities on its stormwater basins.

   The staff is working with an applicant on a proposed stormwater basin remediation plan for a shopping center known as Consumer Square.

   On September 14, 2011, the staff sent a letter to the owner of the Hamilton Commons shopping center requesting that the owners address remediation of failing stormwater basins on the parcel. On December 7 and 11, 2012, a representative of Hamilton Commons submitted stormwater information and requested guidance in formulating a proposed remediation plan for the Hamilton Commons basins. On January 18, 2013, the Commission staff issued a letter to a representative of the Hamilton Commons shopping center providing guidance regarding basin remediation. No new action as of September 30, 2013.

2. NJDEP Enduro Meeting: On November 13, 2012, the staff attended a meeting that the New Jersey State Parks Department convened at Batsto. Groups that require recreation permits for off-road events, including enduros, were also invited to attend. The purpose of the meeting was for NJDEP to introduce their new “pilot program” for enduros. NJDEP has mapped all potential roads/trails/fire cuts within Wharton State Forest and have pre-determined which trails, fire cuts and roads are acceptable to NJDEP for use in enduro events. Wharton plans to issue a five-year permit to all groups and to keep them on the pre-approved trails. NJDEP plans on implementing this procedure in all state forests once all roads and trails have been mapped. No new action as of September 30, 2013.

III. INTERGOVERNMENTAL MEMORANDA OF AGREEMENT
A) MOAs UNDER REVIEW

1. **Ancora Wastewater Conveyance MOA:** In 2007, the Commission entered into an MOA with the N.J. Department of Human Services (DHS) and the N.J. Department of Environmental Protection to resolve a longstanding wastewater problem at Ancora. The MOA allows the Ancora facility to abandon its onsite wastewater treatment system and connect to the Camden County Municipal Utilities sanitary sewer interceptor. To offset the loss of water from the surficial aquifer, the MOA required that an alternative water supply to the existing onsite Kirkwood-Cohansey wells will be developed. Ultimately, DHS decided to connect to the New Jersey American Water supply wells. It is the staff’s understanding that construction of the water main commenced on June 27, 2011. Because construction of the water main was behind schedule, information was received on August 24, 2011 regarding a proposed stormwater conveyance mitigation project as required by Item #14 of the MOA. On November 18, 2011, the staff issued a letter indicating that the proposed stormwater conveyance mitigation project met the requirements of the MOA and requested that the Pinelands Commission be advised when the project is complete. A meeting was held on November 27, 2012 between staff and DHS staff to discuss infiltration and phragmites issues that had arisen at the location of the proposed stormwater conveyance mitigation project. At the meeting, staff advised the applicant on how to resolve both issues. No new action as of September 30, 2013.

2. **County/Municipal Permit MOA:** At its July 9, 2010 meeting, the Commission approved a proposed MOA with the seven Pinelands Area counties. By letter dated August 5, 2010, the Commission staff sent the MOA to each of the seven Pinelands Area counties and requested that the counties sign and return the MOA to the Commission. The staff will now initiate work on pursuing adoption of the MOA by Pinelands Area municipalities. The staff is currently evaluating the most effective means to both implement the MOA with Pinelands municipalities and integrate the roadside management practices included in the seven county MOAs into the municipal MOAs. As of September 30, 2012, the Commission has received signed MOAs from Atlantic, Camden, Burlington, Gloucester and Ocean counties. No new action as of September 30, 2013.

3. **NJDOT:** The Commission received a request in November 2008 for a Permit Streamlining MOA. The staff asked NJDOT to identify the classes of projects that could potentially be subject of the MOA. Several meetings have been held. NJDOT was encouraged to prepare a draft MOA patterned after the existing County permitting MOAs that the Commission approved. On July 21, 2011, the NJDOT submitted a draft MOA. On February 15, 2012, the Commission staff met with representatives of NJDOT to discuss the proposed MOA. On June 4, 2012, the Commission received a revised draft MOA from the NJDOT. On October 31, 2012, the Commission staff met with NJDOT officials to provide comments concerning the proposed MOA. On December 21, 2012 the Commission staff received a revised draft MOA. The Commission staff has completed its review of the submitted draft MOA and will be meeting with NJDOT representatives to discuss necessary revisions. No new action as of September 30, 2013.

4. **NJDEP, Forestry:** The NJDEP is pursuing an MOA with the Commission to streamline review of forestry activities on public and private lands. At its September 10, 2010 meeting, the Commission voted to approve a proposed MOA. On October 13, 2010, the Commission staff attended a meeting with representatives of NJDEP. At that meeting, NJDEP expressed conceptual concerns with the Commission adopted MOA. On November 22, 2010, NJDEP
provided a significantly revised draft of the MOA to the Commission for review. On February 24, 2011 and March 23, 2011, the staff met with representatives of NJDEP to further discuss possible revisions to the MOA. On June 10, 2013, Commission staff met with NJDEP upper management and staff to further discuss forestry related issues. No new action as of September 30, 2013.

5. Proposed Memorandum of Agreement with the Board of Public Utilities - B.L. England Retrofit: An application to construct a natural gas pipeline that will go through a Forest Area has been under review since April 2012. Staff review determined that the project meets all CMP standards with the exception of the permitted use standards. In order to address this inconsistency, the Policy & Implementation Committee directed staff at its September 27, 2013 to develop an MOA with the Board of Public Utilities.

B) OTHER MOA REQUESTS

1. Stockton State College: See section I.C.4

IV. SCIENCE

A) KIRKWOOD-COHANSEY STUDY

1. Science, Planning, and Regulatory Programs staff met with USGS and NJGWS personnel to discuss information needed to proceed with Kirkwood-Cohansey water-supply planning and regulation.
2. Science staff reviewed a draft proposal submitted by the USGS to the Planning Office that would provide information needed for K-C water-supply planning.
3. Science, Planning, and Regulatory Programs staff met with New Jersey Future and Pinelands Preservation Alliance personnel to discuss their water-supply initiatives that stemmed from William Penn Foundation grants.

B) ENVIRONMENTAL MONITORING

1. Streamflow monitoring: The Monroe Township Municipal Utility Authority continued to provide the Commission with monthly effluent data.
2. Forest-Plot and Intermittent-Pond Monitoring: The July, August, and September rounds of forest-plot and pond water-level measurements were completed. Continuous water-level data were downloaded from the seven ponds with water-level data loggers.
3. Long-term anuran surveys: No new action.
4. Pinelands-wide water-quality monitoring: The August round of Pinelands-wide water-quality sampling was completed.
C) OTHER SCIENCE OFFICE PROJECTS

2. Forest Characterization Project: This project remains on hold due to low staffing levels.

3. Right-of-way Vegetation Monitoring: Plant surveys were completed for the third year in the 48 vegetation plots located within the managed ROWs.

4. Pond-vulnerability Study: Identification of land owners, site selection, and site reconnaissance continued through the quarter. Permission-request letters were also issued to landowners for select ponds. Delineation of pond perimeters was initiated. Staff continued to learn to identify dragonfly and damselfly adults in the field.

5. Created-wetland Study: The preliminary Pinelands-wide inventory of stormwater basins and excavated ponds was completed. Identification of land owners, site selection, and site reconnaissance was initiated. Permission-request letters were also issued to landowners for select excavated ponds. Delineation of excavated pond perimeters was initiated.

6. Pinelands Research Series: One presentation was given as part of the Commission Pinelands Research Series by Daryll Pope on “Simulation of baseflow depletion under three groundwater scenarios in the Great Egg Harbor and Mullica River Basins, New Jersey.”

D) OTHER SCIENCE OFFICE ITEMS

1. Technical assistance was provided to Regulatory Programs staff for potential restoration of an abandoned cranberry bog and to Communications staff for the Commission Annual Report and a Biosphere Reserve survey.

2. Science staff showed Joe Daraio, an engineering professor at Rowan University, and one of his students some potential streamflow monitoring sites in the Batsto and Mullica River watersheds.

3. Science staff and other Commission staff met with John Haas and Monmouth University scientists to discuss setting up a student internship program.

4. Science staff presented a summary of current research projects to the Science Advisory Committee and sought their input on the direction of future environmental-monitoring activities.

5. Science staff attended a meeting with USGS and other Commission staff regarding preliminary results of the Landfill Assessment study.

6. Science staff attended the annual Northeast Partners in Amphibian and Reptile Conservation (NEPARC) meeting and presented the results of a Commission study of the impacts of land use on water quality and native and non-native fish and anuran assemblages in stream impoundments.

7. The Commission hosted the September NJ Water Supply Advisory Council (WSAC) meeting where Science staff presented the methods and results of the five Kirkwood-Cohansey studies and Planning staff summarized the status of water-supply policy development.

8. Science staff attended an NJDEP lab-certification meeting and a NJ Water Monitoring Coordinating Council meeting.

9. A second peer review of a manuscript submitted for publication in the Journal of Herpetology was completed by Science staff.
V. LITIGATION

A) STATE COURT CASES

No new action as of September 30, 2013.

B) FEDERAL COURT

No new action as of September 30, 2013.

C) OTHER LITIGATION MATTERS OF INTEREST

No new action as of September 30, 2013.

VI. LEGISLATION

A) NOTABLE BILLS:

There are no new bills of import to discuss this quarter.

VII. PUBLIC PROGRAMS

A) COMMUNICATION

1. **Web site:** There were 20,012 views of the Commission’s web site in July, 17,849 views in August and 17,498 views in September.

2. **Press releases this quarter:** A press release was issued on August 13, 2013 to announce The Richard Stockton College of New Jersey as the host of the 25th annual Pinelands Short Course, which will be held on March 8, 2014.

3. **Inquiries this quarter:** A total of 41 media inquiries and 419 general inquiries were handled this quarter. Of the general inquiries, 300 inquiries came via e-mail, 108 came via telephone and 11 came by mail. Most of the inquiries pertained to Commission projects and South Jersey Gas’ proposed pipeline.

B) PUBLICATIONS

1. **Pinelander:** The Winter Pinelander, the Commission’s official newsletter, will be issued in January.

2. **Annual Report:** The 2012 Annual Report was written, designed and issued in August. The Commission voted to adopt a resolution to accept the report on August 9th. The report has been sent to the Commission’s repositories and posted on the website.

C) EVENTS AND OUTREACH

1. **Pinelands Short Course:** In August, the Commission announced that The Richard Stockton College of New Jersey will host the 25th annual Pinelands Short Course. The
Commission finalized and signed an Event Agreement with the College, spelling out the responsibilities and roles that each entity will play in organizing and carrying out the Short Course. The College has mailed thousands of “Save the Date” postcards to past attendees.

2. **Local Officials Seminar:** The annual Pinelands Orientation for Newly Elected and Appointed Officials will be held in May 2014.

3. **Pinelands-themed World Water Monitoring Day event:** The annual Pinelands-themed World Water Monitoring Day event will be held at Batsto Lake on Friday, October 25 from 9 a.m. to 1:30 p.m. A record total of 345 students from seven schools will attend the event.

D) INTERPRETIVE PROGRAM

1. **PNR brochure:** Staff continued to track the distribution of the Pinelands National Reserve brochure.

2. **Exhibits in the Pinelands Technical Center:** Commission staff continues to search for grant opportunities to fund the fabrication and installation of Pinelands-themed exhibits in the Richard J. Sullivan Center. Letters of inquiry have been submitted to three different private foundations. Additional funding sources will be identified and pursued.

VIII. INFORMATION MANAGEMENT

A) GEOGRAPHIC INFORMATION SYSTEM

1. **System planning and development:**
   - The GIS office continued the ongoing work of reorganizing and consolidating data layers and creating metadata. This work is a long-term effort and will continue through the end of the fiscal year and beyond.

2. **Pinelands Data Layer Maintenance:** As part of the on-going operational requirement of keeping our GIS data current, the following layers were updated:

   **Zoning**
   - Manchester Ordinance 11-025 and other corrections
   - Lakehurst Ordinance 07-09 from 01/15/08. A quality assurance check of past work revealed that this update had not been completed.
   - Began work on updating zoning per Galloway Ordinance 1871-2013 Block 259 lots 17-27, Block 261.01 lots 1-3 from AG to TR

   **Parcel Layer / Lot Status Layer**
   Completed a pilot of the lot status update (identifying land as vacant, developed, etc.) by using Hamilton Township as the test case. It took 15 labor days to review 29,417 lots. The analysis involved matching the parcels to the State’s tax assessment database (approximately 95% of the lots matched) and verifying the balance of the lots using aerial photography.

3. **LOIs for PDCs:** Three applications were analyzed involving 40 lots, two of which required photo Interpretation.
4. Analysis / Map Products:

- Updated the Permanent Land Protection map
- Updated the map for the Pinelands Development Credit Bank Annual Report.
- Developed a presentation map regarding the proposed South Jersey Gas Pineline (Note: other maps were prepared by both Project Review and Planning Staff for this project)
- Began initial work on updating the main map for Utility Right of Way Maintenance program and developing a custom map of Atlantic City Electric spans in preparation for an October meeting.

B) MANAGEMENT INFORMATION SYSTEM

1. System planning and development:
   Pinelands Commission Information System (PCIS):

   - Fixed bug in PCIS regarding the Certificate of Filing advanced details table.
   - Modified the “condition lookup table” to include the specific customized language for each condition as opposed to a general description. The customized language is now being automatically copied into the Certificate of Filing.
   - Released new Certificate of Filing templates that allow the conditions containing the customized language mentioned above to be automatically copied into the Certificate of Filing.
   - Added new condition “bins” to the “condition lookup table”.
   - Released an update that automatically adds the appropriate Municipal and County Officials to the “carbon copies” area of the letter.
   - Programmed and released the new Pre-Application checklist and linked it to the appropriate screens in PCIS (e.g. checking “Yes” to the “Wetlands Present” question on the pre-application screen will automatically check “Yes” on the Wetlands screen.
   - Released code that automatically sends copies of the letters via email to the Municipal and County officials that are listed in the “carbon copy” area of the letter. The emails are sent when the document status is updated in PCIS to “letter sent”.

2. Database QA/QC:

   - Completed the work for the annual update of the Permanent Land Protection map.
   - Completed the work for the PDC Bank Annual Report.

3. Operations:

   - Finished upgrading an older Science Office workstation with a new operating system.
   - Continued to setup a “test” workstation with the newest Windows operating system (Windows 8) in order to test our custom programs and software in use.
   - Upgraded two workstations with more RAM and an updated operating system: one for the staff archeologist and one to be used in the Library for Pre-Application meetings.
   - Configured a workstation for the new employee who will be assisting with the T&E data.
   - Installed the new HP Color Laser Jet printer in Regulatory Programs and installed and tested the printer on all machines.
   - Physically installed the new server equipment (rack, file server, network attached storage, KVM switch (keyboard/video/mouse), tape backup unit and three uninterruptible power supplies.
   - Produced reports for the Regulatory Programs portion of Plan Review.
IX. OPERATIONS

A) FACILITIES

1. Maintenance:
   - Fenwick Manor – Contracted with the Department of Property Management and Construction to address recent settlement (sinking) of fireplace in southwest corner of building. The engineer investigated problem and determined that there is no danger to employees. Staff is waiting for the written report.

B) FINANCIAL MANAGEMENT

1. Application fees: FY 2014 budget amount $425,000; received through September $33,249.52.
2. Audit/Accounting: The Commission accepted the FY 2012 Audit Report containing no findings or recommendations at its September meeting. GMG Management Consulting hired by the U.S. Environmental Protection Agency performed an audit of our three EPA Grants. The final report has not yet been received.
4. Procurement: 2 RFQs were issued (Professional Engineer and meter sticks); no RFPs were issued.
5. Miscellaneous: The State’s insurance broker (Marsh USA Inc.) has begun the process to quote the Commission’s insurances policies that renew in November.

C) HUMAN RESOURCES: See Attachment #2 for employee notes.

1. Benefits: A representative from Aetna was at the Commission to review the various plans being offered during Open Enrollment for health insurance. A Deferred Compensation representative also held an informational session and one on one meetings with staff. The credit union, ABCO, conducted an informational session for staff.

2. Miscellaneous:
   a. Union negotiations with CWA continue.
   b. Review of the annual performance evaluation process is being finalized.
   c. The internal committee that was formed to listen and address staff’s concerns and issues is ongoing and has received positive feedback from staff.
   d. The efficiency study continues.
   e. Recruitment was ongoing for the part time position to digitize T & E data.
   f. The Flexible Summer Schedule Program for staff has ended.
   g. Required notices regarding the Affordable Care Act were sent to all staff.
   h. Six webinars were held for all staff on various topics. Human Resources viewed three that pertained to employment issues.
X. PINELANDS MUNICIPAL COUNCIL

A) MEETINGS

2. Upcoming meeting:  The Council is scheduled to meet on November 26, 2013 in Waterford Township.
<table>
<thead>
<tr>
<th>MUNICIPALITY</th>
<th>TOPIC</th>
</tr>
</thead>
<tbody>
<tr>
<td>Berlin Borough</td>
<td>1. An ordinance establishing a new zoning district, a very small portion of which is within the Pinelands-Area portion of the Borough, was received and reviewed by staff. The new R-5 Zone is intended to provide affordable housing opportunities within the Borough. A corresponding amendment to the Borough’s Housing Element and Fair Share Plan was also received and reviewed by staff. On June 6, 2013, a finding letter was issued determining that the ordinance and amended Housing Element and Fair Share Plan presented no substantial issues.</td>
</tr>
<tr>
<td>Buena Vista</td>
<td>1. Comar Redevelopment Area: met with Township redevelopment planner on 4/25/07 to discuss concept plans for new redevelopment area incorporating the Wilmad and Comar facilities (approximately 170 acres in the Rural Development Area). Copy of Redevelopment Plan received on 12/9/08; notice of adoption received 1/14/09. Issues identified with maximum permitted height and impervious coverage, given location of Redevelopment Area in a Rural Development Area. Township has requested and been granted several extensions of the Commission’s review period in order to adopt an amending ordinance. A meeting was held with the mayor to discuss this and other rezoning matters on May 5, 2009. Various information related to Comar was provided to the Township’s new planner in September 2010. Awaiting Township’s adoption of amendments to the Redevelopment Plan.</td>
</tr>
</tbody>
</table>
| Dennis        | 1. Clustering/forestry: Commission staff attended a joint meeting of the Planning Board and Township Committee on 3/22/12 to answer questions about the clustering amendments. Although it was expected that the Township would form a subcommittee to facilitate further discussions, this did not occur. In May 2013, staff learned that the Township was seeking plan endorsement from the State Planning Commission for its PNR area. With the help of the Office for Planning Advocacy, the Township now appears to be moving forward with adoption of its response to the clustering/forestry CMP amendments. Staff prepared a revised ordinance for the Township and engaged in numerous discussions with the Township Engineer and new Land Use Board solicitor. An extension through 7/15/13 was granted. The Township adopted its clustering/forestry ordinance on 7/15/13 and submitted it to the Commission for approval. The Township also submitted its new Master Plan and requested that the Commission certify the plan and ordinances for the entire municipality, including that portion in the PNR outside the Pinelands Area. A public hearing has been scheduled for 10/4/13.  
2. Zoning Map: Ordinance 2013-03, adopting a revised zoning map to implement planning area changes and center designations in the PNR, was received on 4/29/13. Comparison of the new zoning map and the Township’s previously certified zoning map revealed numerous (small) zoning and management area changes in the Pinelands Area. These changes were mapped and provided to the Township for its review. An adopted copy of Ordinance 2013-03 has been submitted to the Commission for approval. Additional information on the zoning changes was provided by the Township by memorandum dated 8/6/13. A public hearing has been scheduled for 10/4/13. |

</table>
| Egg Harbor City    | 1. Request for review of constraints in Easterly portion of Pinelands Town. Letter sent 5/7/07 on likely wetlands buffer requirements; suggested City file applications for development for specific parcels to confirm requirements. Pursuant to City’s request, a proposal to establish wetlands buffers by ordinance is under review.  
2. Development of airfield in Forest Area: request received from City on 2/24/11 to examine feasibility of use of lake area “airfield” by state police, including development of buildings and parking areas. Options discussed by staff. Response provided to the City on 3/8/11 indicating that unless the City is able to document the existence and use of airport facilities on the parcel in question in 1981, the use is not permitted in a Pinelands Forest Area. Request for management area change (40 acres from Forest to Pinelands Town) received on 4/21/11. Response provided 6/14/11, indicating that the proposed management area change is inappropriate. Meeting held with City representatives on 11/2/11 to discuss several potential sites for a new or expanded airfield. Staff is awaiting more detailed information from the City, including the required acreage for the facility.  
3. Recreation complex: request for change in management area designations received 4/14/11. City is proposing to redesignate 30 acres from Forest to Pinelands Town along Philadelphia Avenue. Offsetting management area change also proposed. Response provided 6/14/11, indicating that staff would support the proposed redesignation, with exact boundaries of offset area still to be determined. |
| Egg Harbor Township | 1. Affordable housing: draft ordinance implementing the 20% set aside required in A-500 received 7/16/09. Meeting held with Township representatives on 9/24/09 to discuss implications for PDC program and density. Township will provide a list of affordable housing projects under consideration so that staff can prepare options (densities; required PDC %’s; ordinance amendments) for the Township’s review. This information from Township was received on 10/27/09. Court master requested meeting with staff and the Township be held by 4/1/11; no date scheduled as yet. New draft of affordable housing ordinance received 9/19/11; comments and suggested revisions provided 9/29/11. Copy of Ordinance 37-2011 received on 12/7/11, with notice of public hearing and second reading on 12/20/11. The ordinance requires a 20% affordable housing set aside for all residential development, as well as the use of PDCs for 25% of all market rate units. Email sent to the Township on 12/7 indicating concerns with the lack of revisions to existing density and PDC provisions in the municipal code. Copy of adopted ordinance (37-2011) received on 12/29/11. Finding letter sent 1/20/12. Public hearing held 2/22/12. The Commission conditionally certified the ordinance on 4/13/12. The Township’s response to the conditions, in the form of Ordinance 22-2012, was received on 7/9/12. No substantial issue finding letter sent 7/20/12. The Builders League of South Jersey has challenged the Township’s adoption of Ordinance 37-2011. The Township subsequently adopted Ordinance 4-2013, repealing Ordinances 37-2011 and 22-2012. A no substantial issue finding letter was sent on 3/11/13. As a result, the Township’s previously certified zoning plan has been reinstated. A meeting to discuss affordable housing and PDC issues with the Township, the Builders League of South Jersey and the court appointed master (Phil Caton) was held on 4/16/13. Data on vacant land was subsequently provided to the Township. A second meeting was scheduled for 6/25/13 but was later canceled by the Township. **No action since April of 2013.** |
| Estell Manor       | 1. Clustering: Staff met with the Mayor and several City representatives in early May 2013 to discuss the clustering amendments. The City has drafted a master plan amendment and received a fourth extension through 9/30/13. Maps showing vacant lands in the Forest Area were provided to the City in response to several questions at the May meeting. |
| Galloway           | 1. Redevelopment designation for White Horse Pike Corridor Phase II, Pomona Road - Determination of Need report received on 1/6/11.  
2. Management area redesignations: met with Township Planner in June 2011 to discuss extension of sewer to recreation areas now in RDA, along with other adjustments from RDA to RGA and APA to PT. Reviewed proposals for sewer |

<td></td>
<td>extension in late February/early March 2012. Received draft map changes for APA to PT rezonings on 3/15/12. Comments provided to the Township 3/23/12. The Township adopted Ordinance 1871-2013, making minor adjustments to the APA/PT boundary, on 6/25/13. The Commission received a copy of the ordinance on 7/8/13, held a public hearing on 8/14/13 and certified the ordinance on 9/13/13.</td>
</tr>
<tr>
<td></td>
<td>3. Industrial Zone: A draft ordinance revising the standards for planned residential development in the Industrial Zone was received on 3/28/13. No changes in density or PDC requirements are proposed. A second draft ordinance related to general development plans was also received. Comments were provided to the Township on 4/1/13.</td>
</tr>
<tr>
<td>Hammonton</td>
<td>1. In lieu recreation fees: ordinance adopted in August 2006 but not submitted to Commission until 1/22/07. $5,000 per lot fee under review; awaiting supporting analysis from Town. Town has since indicated it will be making additional revisions to the ordinance. Provided Town with sample ordinances of other municipalities to use in developing a new ordinance 3/23/07. Multiple extensions requested by the Town and granted, most recently through 10/29/08.Awaiting adoption of revised ordinance.</td>
</tr>
<tr>
<td></td>
<td>2. Expansions of Pinelands Town/sewer service area: met with Town representatives on 2/26/13 to begin discussions of the possible expansion of the Pinelands Town boundary to include the airport and Residentially developed areas currently in the APA.</td>
</tr>
<tr>
<td></td>
<td>3. Airport: In July of 2011, staff drafted suggested ordinance language to address permitted use issues related to a proposal for expansion of the Hammonton Municipal Airport. Included in the ordinance language were revisions to permitted uses and development standards in the AP/CLI (Airport Light Industrial) Zone and a recommended reduction in the size of the AP/CLI Zone. A copy of Ordinance 011-2013, rezoning lands from the AP/CLI Zone to the AP Zone, was received on 6/7/13. In response to the staff’s concerns, Ordinance 011-2013 was amended to include revisions to the permitted uses and development standards applicable to the AP/CLI Zone. The amended ordinance was adopted on 7/22/13 and submitted to the Commission for certification. A public hearing was held on 9/4/13. The P&amp;I Committee recommended certification of the ordinance on 9/27/13.</td>
</tr>

</table>
| Jackson      | 1. Master Plan: Planning Board is beginning its reexamining the Township Master Plan. New consultant hired; meeting held with Commission staff on 7/31/08 to discuss project status and possible impacts of Navy Lakehurst on the Township’s Regional Growth Area. As of 10/31/08, staff is still awaiting more detailed information from the Township on approved projects within the Regional Growth Area, as well as rezoning proposals for the RGA, RDA and Pinelands Village of Legler. Draft Land Use Plan maps received 12/30/08. Meeting with Township representatives on master plan and EIA management area changes held on 12/31/08. Airplane noise incompatibilities in RGA noted. Discussion of noise impacts and possible zoning changes to be scheduled upon the Township’s completion of its response to the May 2006 CMP amendments (stormwater). The Township made a presentation to the P&I Committee on 4/24/09. The Committee asked for additional information and consideration of other options which staff will pursue. The Township’s draft master plan was received on May 22, 2009. A revised draft master plan was received on 7/22/09. An adopted master plan was received on 8/31/09. Finding letter sent 9/29/09. A meeting with Township representatives was scheduled for November 4, 2009 but was postponed at the Township’s request. After several attempts to reschedule that meeting failed, staff sent a letter to the Township in April 2010, which comprehensively addressed the Township’s 2009 Master Plan. After learning that the Township’s Planning Board may be in the process of reviewing ordinances intended to implement the 2009 Master Plan, staff requested the opportunity to review and comment upon the same prior to their adoption. The Township never responded to staff’s request to be permitted to comment prior to adoption; instead, the Township adopted a series of implementing ordinances in November. Staff requested a copy of the Township’s Zoning Map as revised by the implementing ordinances but never
received one. A letter determining that, without a revised Zoning Map, the implementing ordinances were incomplete for purposes of the Commission’s review was issued on December 1, 2010. Two meetings with Township representatives were held, the first on December 22, 2010 and the second on February 8, 2011. Subsequently, three Finding Letters were sent to the Township. One of which determined that nine of the Township’s implementing ordinances presented no issues with respect to CMP standards; another determined that six of the Township’s implementing ordinances presented no substantial issue with respect to CMP standards; and, the third determined that a single Township ordinance, which eliminated all conditional uses, including PDC use and higher density residential development, within the RG-2 and RG-3 Regional Growth Zones, presented a substantial issue with respect to CMP standards. Subsequently, the Township was granted several extensions of the Commission’s review period for the final ordinance mentioned. The Township indicated it intended to adopt an ordinance that would designate all, or most of, the RG-2 and RG-3 Regional Growth Zones as commercial zoning districts, which would include a PDC-use obligation. Staff provided the Township with a model ordinance establishing a nonresidential PDC program for the lands formerly within the RG-2 and RG-3 Zones. The Township was granted a final extension through June 29, 2012 in order to allow it to adopt an ordinance substantially similar to the model ordinance provided by staff. A meeting with Township officials took place April 4th to discuss proposed changes the Township wished to make to the model ordinance the Commission sent to it in November 2011. The Township’s proposed changes were determined by staff to be inconsistent with the CMP and incompatible with existing and expected conditions at the Joint Base. Another meeting with Township officials took place May 9, 2013. The Township’s failure to adopt an ordinance (applicable to the RG-2 and RG-3 Zones) that is consistent with the CMP standards was discussed at length. The Township submitted an ordinance for Commission review on May 30th. On June 11th, staff provided the Township with suggested changes to the Township’s ordinance.

A meeting with Township officials took place April 4th to discuss proposed changes the Township wished to make to the model ordinance the Commission sent to it in November 2011. The Township’s proposed changes were determined by staff to be inconsistent with the CMP and incompatible with existing and expected conditions at the Joint Base. Another meeting with Township officials took place May 9, 2013. The Township’s failure to adopt an ordinance (applicable to the RG-2 and RG-3 Zones) that is consistent with the CMP standards was discussed at length. The Township submitted an ordinance for Commission review on May 30th. On June 11th, staff provided the Township with suggested changes to the Township’s ordinance. A response from the Township was received on 8/1/13 and is under review.

<td>1. Clustering/density transfer: Staff has researched and drafted comments regarding the Township’s proposal to implement cluster development or a density transfer plan to facilitate limited amount of development in the area. Maps and receiving area recommendations (including elimination of one or more existing receiving areas, expansion of others) were provided to the Township in May, 2006. Discussed with new Township Administrator and resent maps and recommendations mid-November. Draft master plan amendment received 11/21/06. Adopted master plan received 1/29/07. Draft ordinance received 11/21/2007; comments provided 12/6/07. Letter from PPA/Herpetological Associates raising issues received 12/13/07. Met with Township on 5/7/10 to discuss FA density transfer program, designation of new receiving areas and mandatory clustering. Draft ordinance, including FA/PT rezonings, received 6/22/10. Comments/questions provided to the Township re: zoning map revisions. Revised clustering/density transfer ordinance provided to the Township on 3/7/11, along with suggested revisions to zoning map changes. Adopted master plan amendment and Ordinance 11-025 received on 12/16/11 and 12/13/11, respectively. Finding letter sent 1/5/12. Public hearing held 2/1/12. Preparation of resolution and report to the Commission delayed while Township adopts an additional amendment to correct minimum lot size requirements for clustering in the Forest Area as specified in Ordinance 11-025. Correcting ordinance (12-015) adopted and received on 7/26/12. Public hearing held 9/10/12. The P&amp;I Committee discussed the ordinance and the Executive Director’s recommendation for certification on 10/26/12. Action by the full Commission was postponed.</td>

<td>pending resolution of an issue concerning the boundary between the Preservation and Forest Areas. Commission staff met to discuss the issue with representatives of Manchester Township and the property owner on 11/29/12, and then with representatives of PPA on 12/19/12. Another meeting with Ocean County, Manchester Township and the property owner was held on 6/5/13. The Commission certified the master plan and ordinance amendments on 8/9/13.</td>
</tr>
<tr>
<td></td>
<td>2. Township initiated discussion of expanding affordable housing opportunities in Beckerville Village. Met with Township and applicant 12/6/06 to discuss zoning and water quality issues. Draft ordinance received on 11/21/07 which would add age-restricted affordable apartments as a permitted use in Beckerville at a density of 5 units per acre. Response sent to Township 12/6/07 reiterating that water quality/wastewater treatment issues must be addressed first. Issue raised again by Township on 2/15/11; staff reiterated the need for a solution to the wastewater issue before proceeding with any zoning changes for Beckerville. Master plan amendment adopted on 12/5/11 recommends creation of new BVMF (Beckerville Village Multi-Family) Zone. No implementing ordinance has been adopted or provided for review. In response to an inquiry from the Township and the applicant (Homes for All), staff requested that the applicant provide details on any proposed wastewater solution. Received draft ordinance permitting density of 5 units per acre on Homes for All parcel on 9/28/12. Response to Township provided on 10/12/12, outlining issues with the lack of a wastewater solution and the number of new units that would be permitted in Beckerville.</td>

<tr>
<td>Medford</td>
<td>1. Revisions to Route 70 Smart Growth Redevelopment Plan/Medford Crossings South: Ordinance 2007-16 received 6/28/07. Township proposed to eliminate PDC obligation at Medford Crossings South redevelopment project by exempting affordable units. Staff advised Township representatives on 7/24/07 that affordable units could be exempted from PDC obligation only if such an exemption were coupled with a mandatory minimum percentage of PDC use for the 292 market rate units in the project. Township requested and was granted several extensions of the Commission’s review period (most recently through 11/1/08) to provide an opportunity for further discussion of PDC issues and resolution of various litigation issues. No response to staff’s requests for status since that time. On 3/14/11, staff learned that the Township is now in discussions with a new redeveloper for the site and is again proposing the adoption of revisions to the Redevelopment Plan which would significantly reduce or entirely eliminate any obligation for PDC use. The Township was again advised that such an ordinance would be inconsistent with the CMP and could not be recommended for certification. Discussions held with Township Solicitor on 3/21/11 and 3/22/11 and information provided re: PDC sales prices on 3/22/11.</td>
</tr>
<tr>
<td>Monroe</td>
<td>1. Rezoning proposal: Township forwarded copies of a proposal it received involving redesignation of lands from APA to RGA on 5/10/12. Comments provided to the Township; unlikely they will pursue the management area changes. A meeting with the Township and a representative of the property owner was held on 2/5/13.</td>
</tr>
<tr>
<td></td>
<td>2. Redevelopment Plan: In January 2013, the Commission received Township Ordinance O:31-2012, which amends its Acme Shopping Center Redevelopment Plan for a third time. Upon review, staff became concerned with the amendment’s negative effects on the expected number of residential dwelling units and PDC use within the Redevelopment Area. In June, staff met with the Township to discuss staff’s concerns with the Township’s proposed revisions to the Redevelopment Plan. Subsequently, the Township requested, and received, an extension of the Commission’s review period for Ordinance O:31-2012. The Township is considering other possible revisions to the Redevelopment Plan, which are consistent with the CMP, including the expansion of the Redevelopment Area along the Black Horse Pike.</td>

</table>
| Ocean        | 1. Landfill Redevelopment Plan – adopted ordinance (2011-1) received on 2/28/11. Redevelopment Plan allows for solar energy facilities to be developed at the Southern Ocean Landfill site, within a Pinelands Forest Area. Extension requested by the Township until such time as the Commission adopts the recently proposed solar facility amendments to the CMP. Extension granted on 3/15/11. Requested status update from the Township; municipality indicated it would be requesting an additional extension. Extension of Commission’s review period granted through 4/16/13.  
2. Solar facilities ordinance (2010-8) received 1/20/11. Finding letter issued on 2/22/11, indicating ordinance was not consistent with the CMP because it permitted solar facilities as a principal use in the Preservation and Forest Areas. Township requested and was granted an extension of the Commission’s review period until 7/15/11 in order to provide an opportunity for adoption of amendments. Township has since repealed Ordinance 2010-8. |
| Pemberton    | 1. Browns Mills Redevelopment/Revitalization Study: Township has received a grant and hired a consultant. Meeting with consultant held 2/1/08. Maps and other information on parcels, wetlands buffers and projects subsequently provided to consultant. Draft of conceptual site plan for Browns Mills redevelopment received 7/21/09. Draft of Browns Mills Strategic Revitalization and Redevelopment Study received 4/8/10. Draft of Ordinance 5-2010, adopting amendments to the 1995 Browns Mills Town Center Redevelopment Plan, received 4/19/10. Copy of 1995 Browns Mills Redevelopment Plan and adopting ordinance (8-1995) requested 4/19/10 and received 4/22/10. All documents under review. Staff met with the Township’s planners on 5/19/10 to discuss the 1995 Redevelopment Plan, recent amendments and additional plans for the revitalization of Browns Mills. Meeting held with the Township, at Mayor’s request, on 4/14/11. Received notice that Browns Mills Revitalization Plan was adopted by the Township earlier this year; awaiting receipt of adopted ordinance. Adopted ordinance (12-2011) received on 12/19/11 and under review. A meeting with Township representatives was held on 5/9/13 to discuss the analysis of residential development potential that would need to be completed. That analysis is underway.  
2. 2009 Master Plan: draft of new master plan received 6/9/09. Meeting held with planning consultants on 6/18/09 to review proposed zoning and management area changes and affordable housing issues. Drafts of implementing ordinances received, including rezonings and management area changes within the Pinelands area, on 11/10/09. Draft of amended zoning map received 12/9/09 and under review. Adopted ordinances received 1/15/10. Adopted Master Plan received 2/25/10. More detail on rezoning boundaries requested and received 3/22/10. List of issues identified for the Township and under discussion. Met with Township Planner on 3/8/12 to discuss clustering amendments as well as zoning changes and master plan. Received response to Master Plan/zoning map issues on 6/13/12. Township also indicated an interest in an additional FA-APA zoning change. Advised municipality that progress would need to be made on clustering ordinance before review of other zoning changes could commence. The Township then proceeded with adoption of its response to the CMP clustering and forestry amendments. A meeting with Township representatives was held on 5/9/13 to discuss resolution of various issues related to the prior zoning map and master plan. Additional information was requested on the potential FA-APA zoning change. |
<p>| South Toms River | 1. Original certification: Model ordinance language provided to the Borough on 8/16/12. Draft master plan received 8/26/12. Comments provided 9/13/12. Borough Council adopted a resolution confirming its intent to seek Commission |</p>
