**Content Note**

This series contains records related to medical organizations within the National Guard. The earliest records, for the Hospital and Ambulance Corps, end in 1900. In 1908, Detachments of Hospital Corps, later Sanitary Troops, were formed within each regiment, including Cavalry, Field Artillery and Signal Corps. These records are organized first by the organization, then by type of record and, finally, chronologically.

**NOTE:** These records have not been processed.
