Re: CAPE MAY POINT HAZARD MITIGATION PLAN

The County of Cape May was awarded a grant by the New Jersey State Police Office of Emergency Management to conduct a Hazard Mitigation Analysis for the County and each of its sixteen (16) political subdivisions to complete a Regional Hazardous Mitigation Plan.

Cape May Point currently has many of the components of a Hazard Mitigation Plan by virtue of its proactive initiatives utilizing New Jersey, FEMA and guidelines to make improvements in the Borough's infrastructure.

The Cape May County Plan is under way, the RFP will be going out in April, the public process during 2008 and 2009; and, the completion date for the Cape May County Hazard Mitigation Plan, by the grant requirement, is December 31, 2009.
