Housing Plan Element

Introduction

The New Jersey Municipal Land Use Law, N.J.S.A. 40:55D-1 to -136 ("MLUL") and the New Jersey Fair Housing Act, N.J.S.A. 52:27D-301 to -329 ("FHA") require every municipal planning board to adopt a Housing Plan Element to its Master Plan and further require the governing body of each municipality to adopt a Fair Share Plan. More specifically, the FHA and MLUL require municipalities to adopt a Housing Element that addresses the municipality's present and prospective housing needs, "with particular attention to low and moderate income housing." In accordance with the Fair Housing Act at N.J.S.A. 52:27D-310, a Housing Element shall contain at least the following: The MLUL and the NJFHA require every municipal planning board to adopt a housing plan element to its master plan.

1. An inventory of the municipality's housing stock by age, condition, purchase or rental value, occupancy characteristics, and type, including the number of units affordable to low and moderate income households and substandard housing capable of being rehabilitated, and in conducting this inventory the municipality shall have access, on a confidential basis for the sole purpose of conducting the inventory, to all necessary property tax assessment records and information in the assessor's office, including but not limited to the property record cards;
2. A projection of the municipality's housing stock, including the probable future construction of low and moderate income housing, for the next ten years, taking into account, but not necessarily limited to, construction permits issued, approvals of applications for development and probable residential development of lands;
3. An analysis of the municipality's demographic characteristics, including but not necessarily limited to, household size, income level and age;
4. An analysis of the existing and probable future employment characteristics of the municipality;
5. A determination of the municipality's present and prospective fair share for low and moderate income housing and its capacity to accommodate its present and prospective housing needs, including its fair share for low and moderate income housing; and
6. A consideration of the lands that are most appropriate for construction of low and moderate income housing and of the existing structures most appropriate for conversion to, or rehabilitation for, low and moderate income housing, including a consideration of lands of developers who have expressed a commitment to provide low and moderate income housing.

The preparation and submission of a Housing Element of a municipality's Master Plan, and a Fair Share Plan, is the first major step in the process for petitioning the New Jersey Courts for substantive certification.

Affordable Housing regulations define "Fair Share Plan" as follows:

"Fair Share Plan" means the plan that describes the mechanisms and the funding sources, if applicable, by which a municipality proposes to address its affordable housing

obligation as established in the housing element, includes the draft ordinances necessary to implement that plan, and addresses the requirements of N.J.A.C. 5:93-3.

This Housing Element and Fair Share Plan ("Plan") satisfies all of the applicable requirements set forth within the MLUL and FHA.

History of Township's Affordable Housing Obligation and Fair Share Plan

Lacey Township planned to meet its prior round obligation of 580 units with 258 credits through a Credits Without Controls Survey implemented in 1999; 32 rental credits for group home facilities, 80 units via the Seabreeze at Lacey, an age-restricted low to moderate income rental housing project 20 units of which will be carried over to the third round, 100 units plus 81 rental bonus credits from the Community Investment Strategies Family Rental Complex (only 70 of these units received approval); and 27 credits for municipally sponsored non-age restricted low income rental group homes. This plan included a total of 37 credits to be included towards the third round obligation.

Lacey petitioned COAH for substantive certification of its second round housing element and fair share plan on June 6, 2000. Second round interim substantive certification was valid until December 20, 2005, or one year after the effective date of the adoption of COAH's third round methodology and rules (December 20, 2004).

Following the adoption of the Third Round regulations, the Planning Board adopted a new Housing Element and Fair Share Plan in 2005. The plan was endorsed by the Township Committee and forwarded to COAH. The petition was received by COAH on December 29, 2008.

Prior to any action by COAH, the third round regulations were challenged. COAH revised its third round rules effective June 2, 2008 and again on October 20, 2008 to address the 2007 Appellate Division decision challenging the rules.

The revised third round rules, N.J.A.C. 5:96 and 5:97, as adopted in 2008 were challenged in an appeal entitled In the Matter of the Adoption of N.J.A.C. 5:96 and 5:97 by the New Jersey Council on Affordable Housing, 416 N.J. Super. 462 (App. Div. 2010). In its October 8, 2010 decision, the Appellate Division determined, among other things, that the growth share methodology was invalid and that COAH should adopt regulations utilizing methodologies similar to the ones utilized in the first and second rounds, i.e. 1987-1999.

The Township Committee approved its Affordable Housing Spending Plan on August 9, 2012 seeking to utilize its accumulated trust fund revenues for affordability assistance in the form of special needs housing. The Plan was forwarded to COAH; however, it never received approval.

Inventory of Housing Stock

Age of Housing Stock

The age of a community's housing stock is considered a means of determining its overall condition and identifying housing units in need of rehabilitation, especially those units constructed 50 or more years ago. Since 1930, the number of units built in Lacey has increased steadily. A major boom in housing development occurred from 1970 to 1989, which created 7,008 units or 56.1 percent of the total housing stock. Lacey continued to grow, but at a lesser rate than in the 70's and 80's, with 1,554 units built (12.4 percent of the total stock) between 1990 and 1999, and 1,017 units (8.1 percent) built between 2000 and March 2009. Given the age of its housing stock, many homes are in very favorable condition, with few in need of repairs and upgrades.

Condition of Housing Stock

In addition to age, other factors are taken into consideration to determine the quality and condition of a municipality's housing stock and whether units are substandard. 2015 ACS data is used to estimate the number of substandard housing units in Lacey using the following factors.

- Persons per room is an index of overcrowding. If 1.01 or more persons occupy one room than the unit is considered substandard.
- The adequacy of plumbing facilities is used to determine if a unit is substandard. Inadequate plumbing facilities are indicated by either a lack of exclusive use of plumbing facilities or incomplete plumbing facilities.
- The adequacy of kitchen facilities is also used to determine the quality of a unit and determine if it is substandard. Inadequate kitchen facilities are marked by shared use of a kitchen or the lack of a sink with piped water, a stove, or a refrigerator.

Not all of the Census indicators of substandard housing are available at the municipal level. Therefore, COAH developed a procedure in which it estimates the number of low- and moderate-income households in substandard housing within a Census region, and then estimates

the number of low- and moderate-income households in substandard housing at the municipal level based on Census indicators that are available at the municipal level. The procedure classifies a low- and moderate-income unit as substandard if it "fails" two of the Census indicators listed above. Once a Census regional total of substandard low- and moderate-income units has been calculated, the procedure assigns a share of this total to each municipality within the Census region based on the following Census indicators that are available at the municipal level:

Plumbing Facilities: Non-exclusive use of complete plumbing.

Persons per Room: More than 1.01 persons per room.

Age of Housing: Housing built in 1949 or earlier

Water or Sewer Problem: Deficiency in one or the other.

No Telephone: Absence of telephone in unit.

Nonstandard Heating Fuel: Use of coal, coke, or wood for heating, or no fuel.

COAH describes its approach for estimating the condition of low- and moderate-income housing in a municipality as follows:

It should be realized that any of these characteristics need not signal deficiency on their own. The unit must be occupied by a poor household; be more than 50 years old and contain a single deficiency; or be similarly occupied, by 50 years old or less, but contain an additional detrimental conditional, to signal deficiency. Even then, the unit may not be actually deficient, but there is a high probability that it will be subsequently lost from the housing stock.

This procedure for establishing housing deficiency: (1) is drawn from the literature of the field; (2) encompasses a broad array of physical insufficiency including such items as incomplete or inadequate kitchen and plumbing, crowding, inadequate heating fuels, and insufficient sewer and water resources; (3) ensures against erroneous inclusion of good units; and (4) provides a very high probability that the housing identified at least in relative terms, is clearly less than adequate.

The reason COAH used indicators of substandard housing is that the Census does not classify housing units as standard or substandard. Thus, the data presented below in Table 2, Housing Characteristics, is the data used to generate estimates for Lacey Township

Using the above indicators, the table below shows the number of substandard occupied housing units in Lacey Township.

Table 2 Housing Characteristics		
	Total	Percentage
Number of Persons per Room		
1.01 or more	21	0.2%

Lacking Complete Kitchen Facilities	115	1.1%
TOTAL OCCUPIED UNITS	10,918	100%
Source: 2015 American Community Survey 5-year Estimate		

Most of the Census indicators available at the municipal level indicate a sound housing stock. Less than 1 percent of the housing units in the Township are occupied by more than 1 person per room with a total of 39 or 0.4%. When considering kitchen equipment, 115 (1.1%) out of 10,918 housing units do not have complete kitchen facilities while 54 (0.5%) do not have plumbing facilities.

Purchase or Rental Value of Housing Stock

The median value of housing in Lacey Township was \$270,000 according to the 2015 ACS, slightly higher than the Ocean County median value of sales housing, which was \$262,700 in 2015. Table 3, below, shows the percentage of housing units in each value category.

Within the Township of Lacey, the median gross rent is \$1,313. Of the 1,007 occupied rental units listed by the 2015 ACS, 36.0 % of them (363) cost \$1,000 to \$1,499. Over 38.3 % of the rental units (386) cost \$1,500 or more. The total value of occupied units paying rent in Lacey Township is summarized in Table 4 below.

Occupancy Characteristics and Types of Housing Units

Between 2010 and 2015, the number of occupied housing units increased by 9.5 percent, and the number of vacant units simultaneously decreased by 15.7 percent. These changes indicate a healthy housing market in the Township. Homeowner vacancy rate increased slightly from 1.0 to 1.3 percent, and rental vacancy rates decreased significantly between 2010 and 2015, from 6.7 to 0.7 percent.

In Lacey, there are a total of 12,486 housing units. The greatest majority (95.3 percent) are single-family detached units. Single-family attached units account for only 1.3 percent of the total units, while multi-family housing (20 or more units per structure) account for 1.3 percent. The majority of single-family attached and detached units are owner-occupied while most multi-family units are rentals. The full breakdown of housing units in Lacey Township is summarized in Table 5 below.

Units Affordable to Low and Moderate Income Households

Low-income households are defined as households that earn less than or equal to 50 percent of a regional median income. Moderate-income households earn more than 50 percent of regional median income, but less than 80 percent of regional median income.

In addition, COAH had developed a sliding scale for income limits, which defines low-and moderate-income limits based on household size. COAH has determined separate incomes for households from one (1) up to eight (8) persons per household.

Similarly, housing units are to be priced to be affordable to households who could reasonably be expected to live within the housing units. For example, the current COAH rules require that an efficiency unit be affordable to a household of one, (1) as shown below within Table 6, 2016 New Jersey Housing and Mortgage Financing Agency (NJHMFA) Income Limits for Ocean County.

Table 6 2016 NJHMFA Income Limits for Ocean County					
Median Income	\$63,700				
	1 Person	2 Person	3 Person	4 Person	5 Person
Moderate (80% of Median)	\$50,960	\$58,240	\$65,520	\$72,720	\$78,560
Low (50% of Median)	\$31,850	\$36,400	\$40,950	\$45,450	\$49,100
Very Low (30% of Median)	\$19,110	\$21,840	\$24,570	\$27,270	\$29,460

To be affordable, a household should not be paying more than 28 percent of its gross income on principal, interest, taxes and insurance, subsequent to a minimum down payment of 5 percent. A rental unit is affordable if the household is paying no more than 30 percent of its income on rent and utilities. The following tables display how many owners and renters are paying more than 30 percent of gross income on mortgages or rent.

Projected Housing Stock

According to New Jersey Department of Community Affairs, Lacey Township has issued building permits for a total of 1,438 for single family housing units, two to four family housing units, and mixed use housing units during the time period from 2000-2016. It should be noted that the 2016 data is only current through September of 2016.

Using New Jersey Department of Community Affairs demolition data for the same period, Lacey Township approved 304 demolition permits. This brings the total number of housing units added between the year 2000 and 2016 to 1,098. The building and demolition permit information is depicted within Table 9 below.

Lacey Township's Demographic Characteristics

Lacey Township has shown steady growth from 1950 to 2010, with population booms of varying degrees between 1960 and 1980. According to estimates provided by New Jersey's Department of Labor, Lacey Township's year 2010 population was 27,640, as shown below in Table 10. According to North Jersey Transportation Planning Authority (NJTPA) projections the Township will continue to grow through 2040. NJTPA's projections show a population percent change of 34.5% between 2010 and 2040. Population density is a measure of the number of people residing within a given land area. As the table shows, Lacey has a high population density given the amount of land area the Townships occupies. Table 10 below displays Lacey Township's population characteristics and projections

The median age in Lacey Township (44.2) is similar to the median age of Ocean County (42.8) as shown below in Table 11. It appears that there is a significant percentage of residents between the ages of 44 and 64, both within the Township, and within Ocean County as a whole. However, it should be noted that there is a significant difference between the numbers of residents within this age group in Lacey Township (30.5%) versus Ocean County (25.8%). According to the 2013 ACS, the average household size in Lacey Township is 2.71 persons. The average family size is 3.13 persons.

The 2015 ACS indicates that the median income of Lacey residents (\$83,519) is higher than the median income for Ocean County (\$61,994) and almost identical to that of the State (\$72,093). In addition, the per capita income of Lacey residents was \$33,665, slightly higher than the Ocean County per capita income of \$31,200, but lower than the per capita income for all New Jersey households of \$36,582. Furthermore, approximately 60.6 percent of Lacey households earned \$100,000 or less in 2015*. The corresponding percentage for Ocean County was only 63.4 percent. A distribution of households by income for Lacey Township and Ocean County is presented within Table 12 below.

Employment Characteristics

The 2015 ACS reports on work activity of residents 16 years and older. From this population, 676 of the 13,620 labor force population were self-employed. 22.5% or 3,064 of the work force population were government workers. The majority (72.2%) of Lacey Township residents work within the private sector, as shown below within Table 14.

An analysis of employment by economic sector indicates that Lacey workers were involved in a broad array of industries. The highest concentration of workers is within the educational and health services with 28.6 percent of the work force as shown below within Table 15.

The workforce occupation characteristics in Lacey Township were compared with that of Ocean County. As indicated in Table 16 the occupation characteristics of the Township's residents compare closely with that of the rest of the County. The Township maintained a slightly higher percentage in Education, Health, and Social services than that at the County level. The County and the Township were similar in several industries including Manufacturing, Retail Trade, and Information. Both the Township and County Occupational Characteristics are summarized within Table 16.

In addition, in order to understand what implications this employment data has for the Township and understand what the employment field and area trends are for Lacey Township and Ocean County, the New Jersey Department of Labor ("NJDOLE") has prepared projections, which analyze the expected increase or decrease in a particular employment sector by the year 2022. This data has been summarized and is illustrated within Table 17, on the following page.

FAIR SHARE PLAN

Introduction

This Fair Share Plan is broken up into three (3) sections. First the Plan will identify the Township's fair share obligation for all three (3) housing cycles and the basis for the determination. Second, the Plan will explain the limitations on how the Township may satisfy its remaining Cycle I/Cycle II responsibilities and how, within the confines of those limitations, the Township is satisfying that portion of its fair share attributable to the first two (2) housing cycles. Third, the plan will explain the limitations on how the Township may satisfy its remaining Cycle III responsibilities and how, within the confines of those limitations, the Township is satisfying that portion of its fair share attributable to the Third Round housing cycle.

Settlement Agreement

Lacey Township entered into a settlement agreement with the Fair Share Housing Center (FSHC) on October 13, 2016. The Agreement set forth the extent of the Township's Second and Third Round obligations and described the compliance plan components by which Lacey proposed to address the obligations. The Settlement Agreement is included in Appendix E.

Cumulative Fair Share Obligation

The total cumulative affordable housing obligation consists of three components: the rehabilitation share, prior cycle obligation and the Third Round component.

Vacant Land Adjustment

Given the Township's relative lack of vacant and developable land, the Township's ability to satisfy its Court-determined affordable housing obligation is limited. To demonstrate the lack of vacant, developable land in the Township, Lacey identified all vacant parcels currently within the Township and listed each parcel on the vacant land inventory table in accordance with N.J.A.C. 5:93-4.2(b), included in Appendix C. Mapping is also provided of vacant and both undevelopable and developable properties within the Township and includes a calculation of unconstrained, developable area for each property, taking into account the permitted exclusions in accordance with N.J.A.C. 5:93 as outlined below.

CME Associates analyzed the realistic development potential (RDP) of the remaining vacant lands within the Township in accordance with the provisions of Subchapter 4 of N.J.A.C. 5:93. This analysis revealed that Lacey Township has limited acreage to accommodate its new construction obligation. After following the procedures for undertaking a vacant land analysis outlined in N.J.A.C. 5:93, and assuming 6 units to each developable acre, Lacey Township's RDP, based on the Vacant Land Adjustment for the new construction obligation is 112 affordable units.

Rehabilitation Share

Lacey Township was assigned a 54 unit rehabilitation obligation. The Township will contract with an administrative agent to implement a Home Improvement Program (HIP). The affordable housing trust fund is expected to have sufficient funds to satisfy a portion of the remaining 54-unit Present Need. Additionally the Township participates in the Ocean County CDBG and HOME Housing Rehabilitation Programs. The purpose of these programs is to bring dwellings, including owner-occupied and rental units, up to local and state building codes. At least one major system must be replaced in order to participate in the programs. The Township intends to remain a participant in the County's program in order to satisfy a portion of its remaining rehabilitation obligation share. Lacey abides by a rehabilitation manual for this rehabilitation program which is available for inspection at the County Administration Building. The 23 units listed below have been rehabilitated through the County's program. Rehabilitation Documentation is included in Appendix F.

Credits without Controls

In the preparation of the 2005 and 2008 Housing Element and Fair Share Plans, the Township conducted the necessary survey and prepared the required documentation pursuant to N.J.A.C. 5:93-3.2, for the purposes of identifying affordable units eligible for crediting that were constructed between April 1, 1980 and December 15, 1986. COAH verified a total of 258 units that met this criteria. Therefore, Lacey Township requests 258 affordable housing credits towards the Prior Round Obligation.

Seabreeze at Lacey (Block 1901.23, Lot 28)

Seabreeze at Lacey is a low-moderate income age-restricted rental housing project that includes 100 affordable units of which 28 units will be carried over to the third round. Toll Brothers Developers built a senior development on Block 1901.23 Lot 28 on the Lacey Township tax map as part of this development. Toll Brothers partnered with an affordable housing developer named Community Investment Strategies Inc. (CIS) to construct a 100 unit affordable senior rental project on Lot 1, Block 1901.25 as shown on the official tax map. Toll Brothers sold CIS the site for \$1.00. The project has been constructed and occupied.

Toll Brothers agreed to provide a \$3.5 million subsidy toward the construction of the 100 affordable units. CIS was also approved for an HMFA permanent mortgage to partially finance the project. It also has a commitment for 4 Low Income Housing Tax Credit Funding. Lacey Township has approved the CIS project for a Payment In Lieu of Taxes. Due to age restricted affordable housing maximums, the Township is asking for 72 credits at this time and will use the other 28 units to partially satisfy its Third Round Obligation. Agreements between CIS and the Township of Lacey are included in Appendix I

Walters Project (Block 1837, Lots 3.01, 4.01, 8.03, and 8.04)

Block 1837.01 Lots 3.01 has frontage on Municipal Lane and Lot 4.01 has frontage on Municipal Lane and Calvin Street. Calvin Street will be built as part of the seventy unit development on Block 1837 Lot 8.05. Lot 8.03 fronts on Lacey Road and is immediately west of Lots 3.01 and 4.01. Lot 8.04 will have frontage on Calvin Street once it is constructed. The entire area (Block 1837 Lot 8.05 and Block 1837.01 Lots 3.01, 4.01, 8.03, and 8.04) is surrounded by undeveloped, wooded properties to the west and north. Northwest of the entire study area is a development known as Seabreeze at Lacey. East is Lacey Township Town Hall

and associated municipal properties. South of the entire study area is a bank at the corner of Municipal Lane and Lacey Road, and a small commercial development at the corner of Newark Avenue and Lacey Road. Phase One of this project is currently under construction and will include 70 units. It is expected to begin occupying units in spring of 2017. Phase Two is also under construction and will include 48 units. It is expected to be completed between summer and fall 2017. The Walters Project in total includes 14 very low income units in both phases.

The redevelopment plans for this project is included in Appendix H.

Allies Special Needs Housing

The Township has entered an agreement with Allies Inc, a developer of supportive housing to building a 60 bedroom special needs project. The Township will donate a 1.23 acre parcel on Old Shore Road and Route 9, identified on the tax map as Block 1002.01, Lot 1.01. This site is designated as State Planning Area 2 and is in the planned town center. Currently in the M1 (industrial zone), the Township proposes to allow affordable alternative living facilities as a permitted use. The estimated yield is 60 affordable bedrooms for developmentally disabled adults.

Supportive and Special Needs Housing

The Township is requesting is requesting credits for the facilities mentioned in the "Prior Round Compliance Mechanism Summary" chart above. All of the group homes are licensed and funded by the New Jersey Department of Human Services and are deed restricted in accordance with State requirements. All of the group homes are in sites owned, and not rented by the parent company. None of the facilities are age-restricted. Licenses for these group homes is included in Appendix J.

Third Round Obligation (1999-2025)

In his July, 2015 report, Dr. David Kinsey calculated that the Township's 1999-2025 New Construction Obligation is 969 units. The Township entered into a settlement agreement with the Fair Share Housing Center which reduced this number by 40% to result in a 581-unit obligation from 1999 to 2015. However, the Township of Lacey believes this number does not factor in the environmental and policy constraints that Township is faced with just as Pinelands regulations, CAFRA regulations, and wetland constraints.

Lacey Township has conducted an analysis of vacant parcels and has prepared an existing land use map, a map depicting vacant parcels, an inventory of vacant parcels as required by N.J.A.C. 5:93-4.2, which are attached herein as Appendix C. According to this analysis, the Township has a Realistic Development Potential of 112 units.

N.J.A.C. 5:93-4.2(g) permits a municipality to address its RDP through any activity permitted to be used to satisfy a municipality's new construction obligation outlined in N.J.A.C. 5:93-5. The mechanisms adopted by the Borough in accordance with N.J.A.C. 5:93-5 are specifically described in the sections below.

Unmet Need

In order to meet the 469 credit unmet need determined by the Vacant Land Adjustment, the Township of Lacey will adopt an Inclusionary Zoning Ordinance. This will be a Township-wide inclusionary overlay ordinance which will require an affordable housing set-aside in any multi-family development of five (5) or more units. The set-aside would be 15% for rental development and 20% for for-sale development. The overlay zone will cover all properties with frontage on US-9 and Lacey Road east of the Garden State Parkway. These corridors are currently developed with mostly commercial uses and have good access to employment and shopping via bus transit. Additionally, with the number of aging commercial sites, there is potential for redevelopment. The Ordinance is included within Appendix D.

Very Low Income Requirement

Lacey Township agrees to require 13% of all affordable units referenced in this compliance plan to be affordable to households earning 30% or less of the regional median income, with at least half of the very-low income units being available to families.

Summary of Third Round Compliance.

In summary, the Township of Lacey has addressed its Realistic Development Potential of 112 units through family and age-restricted rental projects. The remaining 469 credits of unmet need shall be met through the implementation of an Inclusionary Zoning Ordinance. The Township

plans to meet the low-income requirement of 13% by requiring all affordable units referenced in this compliance plan to be affordable to households earning 30% or less of the regional median income, with at least half of the very-low income units being available to families.

**Re: In the Matter of the Township of Lacey, County of Ocean, Docket No.
OCN-L-1912-15**

Dear Ms. Cipriani:

This letter memorializes the terms of an agreement reached between the Township of Lacey (the Township or "Lacey"), the declaratory judgment plaintiff, and Fair Share Housing Center (FSHC), a Supreme Court-designated interested party in this matter in accordance with In re N.J.A.C. 5:96 and 5:97, 221 N.J. 1, 30 (2015)(Mount Laurel IV) and, through this settlement, a defendant in this proceeding.

Background

Lacey filed the above-captioned matter on or about June 30, 2015 seeking a declaration of its compliance with the Mount Laurel doctrine and Fair Housing Act of 1985, N.J.S.A. 53:27D-301 et seq. in accordance with In re N.J.A.C. 5:96 and 5:97, supra. FSHC and the Township participated in consolidated proceedings in which fair share obligations in Ocean County municipalities were to be calculated. Prior to that proceeding reaching a conclusion, the Township and FSHC agreed to settle the litigation and to present that settlement to the trial court with jurisdiction over this matter to review.

Settlement terms

The Township and FSHC hereby agree to the following terms:

1. FSHC agrees that the Township, through the adoption of a Housing Element and Fair Share Plan ("the Plan") which incorporates and conforms with the provisions of this Agreement and the implementation of that Plan and this Agreement, satisfies its obligations under the Mount Laurel doctrine and Fair Housing Act of 1985, N.J.S.A. 53:27D-301 et seq., for the Prior Round (1987-1999) and Third Round (1999-2025).
2. At this time and at this particular point in the process resulting from the Supreme Court's Mount Laurel IV decision, when fair share obligations have yet to be definitively determined, it is appropriate for the parties to arrive at a settlement regarding a municipality's Third Round present and prospective need instead of doing so through plenary adjudication of the present and prospective need.
3. FSHC and Lacey hereby agree that Lacey's affordable housing obligations are as follows:

Prior Round Obligation (pursuant to N.J.A.C. 5:93)	580
Third Round (1999-2025) Prospective Need (per Kinsey Report, as adjusted through this settlement agreement)	581

4. The Township has contracted Community Grants and Planning for the administration and implementation of the Township's Home Improvement Program (HIP). The purpose of the program is to bring substandard housing up to code. The program is funded through the Township's Affordable Housing Trust Fund. This is sufficient to satisfy the Township's Present Need/rehabilitation obligation of 94 units.
5. As noted above, the Township has a Prior Round prospective need of 580 units, which is met through the following compliance mechanisms:

The RDP of 112, subtracted from the Third Round obligation of 581 units, results in an unmet need of 469 units, which the parties agree shall be addressed and is sufficiently addressed through adoption of an overlay zoning ordinance on designated areas of Route 9 and Lacey Road as attached hereto as Exh. B.

The Township shall also implement a municipal-wide requirement that any new multifamily development with 5 or more units will include a 15% rental/20% for-sale set-aside. The form of the Ordinance shall be finalized within 90 days of the Court's approval of this Settlement Agreement through collaboration between FSHC, Special Master Caton, and representatives of the Township.

- The Township agrees to require 13% of all units referenced in this plan, with the exception of units constructed as of July 1, 2008, and units subject to preliminary or final site plan approval before that date, to be very low income units, with half of the very low income units being available to families. The municipality will comply with those requirements as follows:

The Walters 100% Affordable Project includes a total of 14 very low income units in both phases. In addition, the overlay zoning ordinance and municipal-wide set-aside requirement referenced in paragraph 6 shall include requirements that 13 percent of all new affordable rental units are affordable to very-low-income people at 30 percent of median income.

For the review of very low income housing requirements required by N.J.S.A. 52:27D-329.1, within 30 days of the third anniversary of this agreement, and every third year thereafter, the Township will post on its municipal website, with a copy provided to Fair

8. The Township shall meet its Third Round Prospective Need in accordance with the following standards as agreed to by the Parties and reflected in the table in paragraph 6 above:
 - a. At least twenty-five percent of the Third Round Prospective Need shall be met through rental units, including at least half in rental units available to families. Third Round bonuses will be applied in accordance with N.J.A.C. 5:93-5.15(d).
 - b. At least 50 percent of the units addressing the Third Round Prospective Need shall be affordable to very-low-income and low-income households with the remainder affordable to moderate-income households.
 - c. At least half of the units addressing the Third Round Prospective Need in total must be available to families.
 - d. The Township agrees to comply with an age-restricted cap of 25% and to not request a waiver of that requirement.

The Township also agrees to require any other entities, including developers or persons or companies retained to do affirmative marketing, to comply with this paragraph.
10. All units shall include the required bedroom distribution, be governed by controls on affordability and affirmatively marketed in conformance with the Uniform Housing Affordability Controls, N.J.A.C. 5:80-26.1 et. seq. or any successor regulation, with the exception that in lieu of 10 percent of affordable units in rental projects being required to be at 35 percent of median income, 13 percent of affordable units in such projects shall be required to be at 30 percent of median income, and all other applicable law. The parties agree that any funds deemed "committed" by the Court shall have the four-year time period for expenditure designated pursuant to N.J.S.A. 52:27D-329.2 and -329.3 begin to run with the entry of a final judgment approving this settlement in accordance with the provisions of In re Tp. Of Monroe, 442 N.J. Super. 565 (Law Div. 2015) (aff'd 442 N.J. Super. 563). On the first anniversary of the execution of this agreement, and every anniversary thereafter through the end of this agreement, the Township agrees to provide annual reporting of trust fund activity to the New Jersey Department of Community Affairs, Council on Affordable Housing, or Local Government Services, or other entity designated by the State of New Jersey, with a copy provided to Fair Share Housing Center and posted on the municipal website, using forms developed for this purpose by the New Jersey Department of Community Affairs, Council on Affordable Housing, or Local Government Services. The reporting shall include an accounting of all housing trust fund activity, including the source and amount of funds collected and the amount and purpose for which any funds have been expended.
12. On the first anniversary of the execution of this agreement, and every anniversary thereafter through the end of this agreement, the Township agrees to provide annual reporting of the status of all affordable housing activity within the municipality through posting on the municipal website with a copy of such posting provided to Fair Share Housing Center, using forms previously developed for this purpose by the Council on Affordable Housing or any other forms endorsed by the Special Master and FSHC.
13. The parties agree that if a decision of a court of competent jurisdiction in Ocean County, including but not limited to decisions of the Appellate Division or Supreme Court, or a determination by an administrative agency responsible for implementing the Fair Housing Act, or an action by the New Jersey Legislature, would result in a calculation of an obligation for the Township for the period 1999-2025 that would be lower by more than twenty (20%) percent than the total prospective Third Round need obligation established in this agreement, and if that calculation is memorialized in an unappealable final judgment, the Township may seek to amend the judgment in this matter to reduce its fair share obligation accordingly. Notwithstanding any such reduction, the Township shall be obligated to implement the fair share plan attached hereto, including by leaving in place any site specific zoning adopted or relied upon in connection with the Plan approved pursuant to this settlement agreement; taking all steps necessary to support the development of any 100% affordable developments referenced herein; maintaining all mechanisms to address unmet need; and otherwise fulfilling fully the fair share

obligations as established herein. The reduction of the Township's obligation below that established in this agreement does not provide a basis for seeking leave to amend this agreement or seeking leave to amend an order or judgment pursuant to R. 4:50-1. If the Township prevails in reducing its prospective need for the Third Round, the Township may carry over any resulting extra credits to future rounds in conformance with the then-applicable law.

14. FSHC is hereby deemed to have party status in this matter and to have intervened in this matter as a defendant without the need to file a motion to intervene or an answer or other pleading. The parties to this agreement agree to request the Court to enter an order declaring FSHC is an intervenor, but the absence of such an order shall not impact FSHC's rights.
15. This settlement agreement must be approved by the Court following a fairness hearing as required by Morris Cty. Fair Hous. Council v. Boonton Twp., 197 N.J. Super. 359, 367-69 (Law Div. 1984), aff'd o.b., 209 N.J. Super. 108 (App. Div. 1986); East/West Venture v. Borough of Fort Lee, 286 N.J. Super. 311, 328-29 (App. Div. 1996). The Township shall present its planner as a witness at this hearing. FSHC agrees not to challenge the attached Plan (Exh. A) at the fairness hearing. In the event the Court approves this proposed settlement, the parties contemplate the municipality will receive "the judicial equivalent of substantive certification and accompanying protection as provided under the FHA," as addressed in the Supreme Court's decision in In re N.J.A.C. 5:96 & 5:97, 221 N.J. 1, 36 (2015). The "accompanying protection" shall remain in effect through July 1, 2025, with a midpoint realistic opportunity review as of July 1, 2020 as required pursuant to N.J.S.A. 5227D-313 in which the Township will post on its municipal website, with a copy provided to Fair Share Housing Center, a status report as to its implementation of its Fair Share Plan and any comments as to whether any sites no longer present a realistic opportunity and should be replaced and whether any mechanisms to meet unmet need should be revised or supplemented. Any interested party may by motion request a hearing before the court regarding these issues.
16. If the settlement agreement is rejected by the Court at a fairness hearing it shall be null and void. As an essential term of this settlement, within 90 days of Court's approval of this Settlement Agreement, the Township shall adopt a final Housing Element and Fair Share Plan that incorporates the provisions of this Agreement, a final Spending Plan, and introduce ordinances providing for the amendment of the Township's Affordable Housing Ordinance and Zoning Ordinance to implement the terms of this settlement agreement and the zoning contemplated herein. If an appeal is filed of the Court's approval or rejection of the Settlement Agreement, the Parties agree to defend the Agreement on appeal, including in proceedings before the Superior Court, Appellate Division and New Jersey Supreme Court, and to continue to implement the terms of the Settlement Agreement if the Agreement is approved before the trial court unless and until an appeal of the trial court's approval is successful at which point, the Parties reserve their right to rescind any action taken in anticipation of the trial court's approval. All Parties shall have an obligation to fulfill the intent and purpose of this Agreement.

TOWNSHIP OF LACEY
CAUCUS MEETING MINUTES
March 25, 2004

STATEMENT: Adequate notice of this meeting has been given in accordance with the Open Public Meetings Act, pursuant to Public Laws of 1975. Said notice was advertised in the Times-Observer and Times-Beacon and was posted on the bulletin board showing the time and place of the meeting.

The meeting was called to order at 7:00 PM by Mayor Parker with a salute to the flag. Committee members present were Messrs. Parker, Dykoff, Quinn and Mrs. Dela Cruz.

Request to vacate a portion of Lakewood Avenue (Paper Street portion): The adjoining property owner is requesting the governing body to consider vacating the stub end portion of Lakewood Avenue. This portion of the street was not put in and the curbing runs along the curve in that area. The portion of Lakewood Avenue would go to both adjoining property owners. The interested property owner is also looking to acquire Block 1742, lot 17 from the Township as well. The governing body will visit the site and will discuss at the next meeting.

ATV's - Riding in unauthorized areas: There is a growing problem with the use of ATV's in the Pinelands area as well as the area behind Pheasant Run. The owners of these ATV's are riding them on the roadway in the Township to get the wooded area. The police do stop the individuals when they are caught on the roadways or in the illegal areas. The Park located in Chatsworth is having problems with the Pinelands Commission and it is a possibility that their license will not be renewed. Mr. Reid stated that we need to address this problem with the ATV's on the roadways. The public needs to report the matters immediately when it is happening and to try and figure out where the owners of the ATV's are at. The police will try and address this matter as best they can but they need the residents to report it and to indicate who the individuals are.

Towing Ordinance: Mr. Quinn stated that he is still reviewing the matter and would like more time to gather other ordinances to compare them to our proposed ordinance.

CDBG - Housing Rehabilitation Grant: The Township received \$60,000 from the CDBG for housing rehabilitation. The money will be used for hazard and safety repairs to those income qualified residents who are in the Designated Target Neighborhoods. The Township will administer the funds and the homeowners and contractor signs a contract with the Township and when the work is complete the contractor is then paid by the Township. Mr. Reid highlighted the DTN areas throughout the township. Again these are for residents that meet certain income criteria of low income levels.

Geese Control Program: The meeting that was scheduled for March 19th but due to the inclement weather it was postponed until April 16th. Mr. C. Parker will have an update for us after that meeting.

School Board Liaison Meeting: Mr. Quinn updated the governing body on the Liaison meeting with the Board of Education. Their budget hearing is scheduled for March 29th. There are 5,067 students enrolled in the system with an anticipated increase of 84 students for the next school session (2004-05). The cost per student ratio is \$9,125.00 which is still one of the lowest in the County. The Board of Education has examined their budget and made as many cuts as possible to keep the increase to a minimum. There are no hires planned in the budget. The Benefits have increased by \$791,700. There was no loss in state aid. The school is receiving approximately a 3% increase from the state in aid.

although the state is cutting a ½% to fund the pensions which the schools have not been required to pay over the past several years. The school has received no additional monies from the state for the increase in student population. The overall increase at this time is 12 cents to fund the school budget. As stated the hearing on the budget is March 29th.

D.O.T. Workshop Meeting: The D.O.T is holding public meetings on the Integrated Land Use and Transportation Plan Design Workshop. The meetings are scheduled for March 29th through April 1st, 2004 at Big Ed's Barbeque in Waretown. The focus of this meeting is on Route 9 from Ocean Township to Tuckerton. The purpose of this meeting is to provide an opportunity to understand the public's needs and to develop concepts for the future Route 9 corridor.

Fitness Room – Police Headquarters: Mr. Adams has advised Captain Nally that no upgrades to the Police Fitness Room can be done until the insurance company has had the opportunity to review the new equipment list. Also he advised Captain Nally that if the Township purchased any of the equipment it would have to be disposed of through auction. If the equipment was purchased with PBA funds or private funds, the PBA can dispose of the equipment in a manner they see fit. Once the insurance company advises us of their findings the upgrades can be done.

Fees- Community Development: Mr. D'Arienzo was present to discuss the proposal to increase various fees within his department. He stated that Lacey is significantly lower in various fees than the surrounding townships. The fees were last amended in 1994. As you can review from the enclosed fee schedule, Lacey is lower and in some instances does not even charge for various types of permits. Lacey only issues one permit and one fee for multi uses whereas, other towns charge for all the different uses when applying for a permit. This will also help generate additional revenue to help offset the costs of running the department and inspections. The governing body will further review the fees and discuss at the next meeting.

Property Donations: The owners of Block 2415, lots 18 and 19 and Block 2466, lots 26 and 27 are requesting to donate these parcels back to the township. A motion was made by Mr. Quinn, seconded by Mr. Reid for Mr. Gilmore to proceed with the donation process.

Lanoka Harbor EMS: The Lanoka Harbor EMS is in the process of purchasing a new ambulance and is requesting to trade-in the old ambulance. The old ambulance is owned by the Township and the Township would need to authorize the trade-in. The value they will be credited is \$12,500.00. Ms. Laureigh mentioned that the Police Department at one time was looking for an old ambulance and she would like the opportunity to see if they were still interested. If the Police Department does not need this ambulance, a resolution will be done authorizing the donation to the Lanoka Harbor Squad.

Township organizations: Mrs. Dela Cruz stated that she would like the governing body to consider inviting various township organizations to the caucus meeting and give them an opportunity to speak to inform the public of their organization and their events. She stated that some of our caucus sessions are very short and we have ample time to do such. Mayor Parker stated that this was a program done in the past and it could be consider again.

Redevelopment Plan Amendment September 2015

This Redevelopment Plan Amendment has been prepared for the purposes of including Block 1837.01 Lots 3.01, 4.01, 8.03, and 8.04, which have been found as an area in need of redevelopment by the Township of Lacey, into the previously prepared, "Redevelopment Plan: Block 1837, Lot 8.02 and Block 1837, Lot 9" prepared by JDM Planning Associates, LLC dated November 25, 2013. Therefore, the entire study area as amended includes Block 1837 Lot 8.05, Block 1837.01 Lots 3.01, 4.01, 8.03, and 8.04. This Redevelopment Plan Amendment will apply to the entire study area as amended by the Township Committee.

On July 10, 2013 the Lacey Township Committee adopted Resolution No. 2013-171, which authorized the Planning Board to conduct a preliminary investigation to determine whether the area identified as Block 1837, Lots 8.02 and 9 on the tax maps of the Township of Lacey is an "area in need of redevelopment" as outlined in the criteria set forth at N.J.S.A. 40:12A-1 et seq. (Local Redevelopment and Housing Law [LRHL]). It should be noted that Block 1837 Lots 8.02 and 9 have subsequently been re-subdivided into Block 1837 Lot 8.05.

A report dated August 6, 2013, and entitled "Redevelopment Study and Preliminary Investigation Report, Block 1837, Lot 8.02 and Block 1837, Lot 9, Township of Lacey, Ocean County, New Jersey", was subsequently prepared by John D. Maczuga, PP, AICP of the firm of JDM Planning Associates, LLC. The report concluded that Block 1837, Lot 8.02 and Block 1837, Lot 9 met several of the statutory criteria for designation as an area in need of redevelopment. Specifically, the report concluded that Block 1837, Lot 8.02 met the (a), (b), (c), (d), and (e) criteria of N.J.S.A. 40A:12A-5, while Block 1837, Lot 9 met the (c) criteria of N.J.S.A. 40A:12A-5. On September 9, 2013, the Lacey Township Planning Board held a public hearing and adopted an unnumbered resolution, which recommended to the Mayor and Township Committee the collective designation of Block 1837, Lot 8.02 and Block 1837, Lot 9 as an area in need of redevelopment.

The Township Committee subsequently adopted Resolution No. 2013-251 on September 12, 2013. This resolution designated Block 1837, Lot 8.02 and Block 1837, Lot 9 collectively and in their entirety, as an area in need of redevelopment and authorized the preparation of a redevelopment plan. As required by the LRHL, Resolution No. 2013-251 was filed for the review and approval of the Commissioner of the Department of Community Affairs on November 5, 2013. The Commissioner's approval was subsequently granted in a November 18, 2013 letter to the Mayor.

This Redevelopment Plan amendment has been prepared to codify the goals, objectives, and specific land use and development standards for the redevelopment of Block 1837 Lot 8.05 and Block 1837.01 Lots: 3.01, 4.01, 8.03, and 8.04.

Statutory Requirements

Per the LRHL, a redevelopment plan shall include an outline for the planning, development, and redevelopment of a designated redevelopment area that is sufficient to indicate:

- Its relationship to definite local objectives as to appropriate land uses, density of population, and improved traffic, public transportation, public utilities, recreational and community facilities, and other public improvements;
- Proposed land uses and building requirements;
- Adequate provision for the temporary and permanent relocation, as necessary, of residents in the project area;
- An identification of any property within the redevelopment area that is proposed to be acquired in accordance with the redevelopment plan;
- Any significant relationship of the redevelopment plan to: the master plans of adjacent municipalities; the master plan of the county within which the municipality is located; and, the State Development and Redevelopment

Plan, as adopted pursuant to the State Planning Act (P.L. 1985, c.398; C. 52:18A- 196 et al.).

The LHRL further requires that a redevelopment plan describe its relationship to pertinent municipal development regulations.

Additionally, the LHRL indicates that a redevelopment plan may include the provision of affordable housing in accordance with the New Jersey Fair Housing Act (P.L. 1985, c.222; C. 52:270-301 et al.), and the 2008 Housing Element and Fair Share Plan of the municipal Master Plan.

**Block 1837 Lot 8.05 and Block 1837.01, Lots: 3.01, 4.01, 8.03, and 8.04
Redevelopment Area**

The Block 1837 Lot 8.05 and Block 1837.01 Lots 3.01, 4.01, 8.03, and 8.04 Redevelopment Area, hereafter referred to as the "Redevelopment Area," contains approximately 18.64 acres. The boundaries of the redevelopment area are shown in Appendix A to show the redevelopment area.

Appendix B provides a 2012 aerial photograph of the redevelopment area and the zoning of surrounding properties. As shown in this photograph, the portion of the redevelopment area that is officially known as Block 1837 Lot 8.05 contains a former nursing home and rehabilitation facility, and associated parking areas, access drives, wooded areas, and a drainage basin. These facilities were abandoned in 2003, and Lacey Township subsequently purchased the property in 2009. The Township has entered into a contract to demolish the former nursing home and rehabilitation facility, and demolition has started. The portion of the redevelopment area that is officially known as Block 1837.01 Lots 3.01, 4.01, 8.03, and 8.04 is vacant, wooded, and owned by the Township of Lacey.

Overall Goal and Specific Objectives

The overall goal of the redevelopment plan is to promote and facilitate the redevelopment and reuse of the former nursing home site (Block 1837 Lot 8.05), coupled with the township-owned properties (Block 1837.01 Lots 3.01, 4.01, 8.03,

and 8.04) as a 100 percent affordable housing project to satisfy a substantial portion of the affordable housing obligation that has been mandated to the Township by the Council on Affordable Housing (COAH) in a manner that is consistent with the 2008 Housing Element and Fair Share Plan of the municipal Master Plan.

The construction of affordable housing in the redevelopment area will provide a substantial benefit to low- and moderate-income residents of Lacey Township as well as Ocean, Monmouth and Mercer counties (i.e., COAH Region 4) as a whole. The redevelopment of the site will also result in the removal of a contaminated and deteriorating facility that is located within close proximity to the municipal complex.

Specific Objectives

The specific objectives of the redevelopment plan amendment are the same as the original redevelopment plan and are as follows:

- To improve and upgrade the redevelopment area at this key location, which is in close proximity to the municipal complex, by creating a new residential community with improved building and site aesthetics;
- To promote a public-private partnership with a selected redeveloper to construct a 100 percent affordable, family, low- and moderate-income housing development that will assist in the diversification of the Township's housing stock, and provide new housing opportunities that are consistent with the provisions of the New Jersey Fair Housing Act;
- To implement the Township Master Plan's 2008 Housing Element and Fair Share Plan, wherein the redevelopment area is designated as part of a 100 percent affordable housing site for the construction of 100 family rental housing units, which will satisfy a substantial portion of Lacey's COAH- mandated prior round affordable housing obligation; and
- To provide design flexibility to promote the upgrading of the redevelopment area, and the elimination of unnecessary cost generating features that are not essential to protect the public welfare.

Land Use Plan

Relationship to Township Land Development Regulations

The standards contained in this redevelopment plan shall supersede the Township's existing regulations where specifically indicated, and including regulations for principal and accessory uses, bulk requirements, and design standards.

Where provisions of this redevelopment plan conflict with existing regulations, the provisions of this redevelopment plan shall apply. Where provisions of this redevelopment plan do not conflict, the Township's existing land development regulations shall apply. Development applications for the redevelopment area shall be reviewed and approved by the Planning Board. All existing regulations of Lacey Township shall apply to the redevelopment area, except as expressly modified or superseded herein.

Exceptions from Standards

Variances from the standards of the redevelopment plan or the Township's existing regulations may become necessary. Such variances, per N.J.S.A. 40:55D-70(c), may be granted by the Planning Board upon demonstration by the applicant that they will not substantially impair the goals and objectives of the redevelopment plan, and that they will not present a substantial detriment to the public health, safety or welfare.

As per N.J.S.A. 40:55D-70(d), a variance from the uses permitted in the redevelopment area shall be permitted only by means of an amendment of the redevelopment plan by the governing body, should the variance be considered to support the achievement of the overall goal and specific objectives of this redevelopment plan, and be consistent with the redeveloper agreement.

In the event that a provision of this redevelopment plan shall conflict with the redeveloper agreement, the redeveloper agreement shall apply.

On-Site and Off-Site Improvements

The extent of the redeveloper's responsibility for any installation or upgrade of infrastructure related to the redevelopment of the redevelopment area, or contribution thereto, shall, whether onsite or offsite, be subject to a redeveloper's agreement with Lacey Township or the relevant external agency or authority.

Redevelopment Area Standards

The following standards shall apply to the entire redevelopment area:

1. Permitted Uses: Multi-family residential dwellings at a density not to exceed ten (10) dwelling units per gross acre with a maximum of eight (8) dwelling units per building, and subject to the further provisions of this redevelopment plan.
2. Required Accessory Uses: Off-street parking per the requirements of the New Jersey Residential Site Improvement Standards (RSIS; N.J.A.C. 5:21 et al.), or as otherwise approved by the Planning Board.

Permitted Accessory Uses:

- Recreational facilities for the use of project;
- Fences and walls;
- Signs; and,
- Other customary accessory uses and buildings that are clearly incidental and subordinate to the principal use and buildings.

Area, Yard and Building requirements:

- Minimum lot area: five (5) acres;
- Minimum lot width: two hundred (200) feet;
- Minimum lot depth: two hundred (200) feet;
- Minimum front yard setback: thirty (30) feet;

- Minimum rear yard setback: twenty-five (25) feet;
- Minimum side yard setback: twenty-five (25) feet;
- Maximum building height: thirty-five (35) feet and two (2) stories;
- Maximum building coverage: fifteen (15) percent;
- Maximum impervious coverage: forty (40) percent;
- Minimum unoccupied open space: twenty-five (25) percent;
- Minimum parking lot setback from Public Street: thirty-five (35) feet; and
- Minimum parking lot setback to property line: twenty (20) feet.

Other Requirements:

The following additional requirements shall apply to the entire redevelopment area:

- All units constructed in the redevelopment area shall be affordable family rental units, as defined pursuant to N.J.A.C. 5:97, with the exception of an onsite caretaker or superintendent unit.
- The project shall be developed and operated in accordance with the 2008 Housing Element and Fair Share Plan of the municipal Master Plan, and the requirements of N.J.A.C. 5:97 and N.J.A.C. 5:80-26.1et seq.
- The layout of the project shall substantially conform to the conceptual layout that is provided in Appendix C.
- The individual residential buildings shall be substantially consistent in design, appearance, and building materials with the typical architectural elevations of Appendix D.

Property Acquisition and Relocation

The redevelopment plan amendment does not envision the acquisition of any properties and there are no existing residential units within the redevelopment area. Consequently, the redevelopment plan amendment does not require the relocation of residents. This is a non-condemnation redevelopment plan.

Relationships to State, County and Local Plans

Lacey Township Plans

The redevelopment plan amendment is consistent with the specific recommendations of the 2008 Housing Element and Fair Share Plan of the Lacey Township Master Plan, and is designed to effectuate its goals and objectives.

In addition to the above, it is noted that the October 2012 Master Plan Reexamination Report makes the determination that the Land Use Element of the Lacey Township Master Plan should be updated in order to increase opportunities for the development of affordable family housing. This redevelopment plan amendment will help to meet local needs for affordable family housing.

Plans of Adjacent Municipalities

The redevelopment area is centrally located within Lacey Township. It is several miles from the nearest municipal boundary. Therefore, this redevelopment plan will not impact the planning efforts of any adjacent municipalities.

Ocean County Plans

The 2011 Ocean County Comprehensive Master Plan is non-regulatory (i.e., it serves only as a guide to municipalities). The 2011 Ocean County Comprehensive Master Plan contains no site-specific recommendations for the redevelopment area.

State Development and Redevelopment Plan

The redevelopment area is located in the Suburban Planning Area (PA-2) of the 2001 State Development and Redevelopment Plan (SDRP). The SDRP Policy Map also indicates that the redevelopment area is located within the Lacey-Forked River Planned Town Center. The policy objectives for PA-2 consistently support and encourage redevelopment as a planning tool,

particularly in instances where it promotes the provision of a full range of housing choices and the reuse of brownfield sites.

Administrative and Procedural Requirements

As circumstances may warrant and in accordance with applicable law, the Township Committee may amend, revise or modify this redevelopment plan amendment.

The provisions of this redevelopment plan amendment shall remain in effect for an unspecified period, and until such time as the overall goal and specific objectives of the redevelopment plan have been met, and the redevelopment area's need for redevelopment has ended.

SUPPLEMENTAL AMENDMENT
to the
REDEVELOPMENT STUDY AND
PRELIMINARY INVESTIGATION REPORT
BLOCK 1837 LOT 8.02 & BLOCK 1837 LOT 9

TOWNSHIP OF LACEY

OCEAN COUNTY, NEW JERSEY

Original Study - August 6, 2013

Supplemental Amendment - September 2015

Prepared by:

John Hess, PP, PE, CME

New Jersey Professional Planner License No. 3467

SUPPLEMENTAL AMENDMENT

September 2015

This Supplemental Amendment has been prepared for the purposes of reviewing and amending the previously prepared, "Redevelopment Study and Preliminary Investigation Report Block 1837, Lot 8.02 and Block 1837, Lot 9," dated August 6, 2013, and prepared by JDM Planning Associates, LLC. The August 2013 report will be further referenced as "The Original Study" in this Amendment. Subsequent to the adoption of "The Original Study" a major subdivision was filed with Ocean County which changed Block 1837 Lots 8.02 and 9 to Block 1837 Lot 8.05. The Original Study area block and lots will be further referenced as Block 1837 Lot 8.05 as it currently exists due to the major subdivision filed with Ocean County.

This Supplemental Amendment will specifically focus on analyzing Block 1837.01 Lots 3.01, 4.01, 8.03, and 8.04 with respect to the requirements of the State of New Jersey Local Redevelopment and Housing Law and formally add said properties into the original, "Redevelopment Study and Preliminary Investigation Report Block 1837, Lot 8.02 and Block 1837, Lot 9" if the amendment properties are found to be in need of redevelopment. It is important to note that this Supplemental Amendment will be a non-condemnation redevelopment study.

The main focus of the Original Study and Lacey Township's intent at that time was to redevelop Block 1837 Lot 8.05 as a 100% affordable housing project consisting of seventy units. The Original Study was undertaken by the Lacey Township Planning Board through the authorization from the Lacey Township Committee to conduct a preliminary investigation of the Original Study area. This action was memorialized through Resolution 2013-171, dated July 10, 2013. The preliminary investigation was completed by JDM Planning Associates, LLC and subsequently adopted by the Lacey Township Planning Board and Township Committee. JDM Planning Associates, LLC then prepared a Redevelopment Plan for the current Block 1837 Lot 8.05 on November 25, 2013. Subsequently, Ordinance 2013-34, which adopted the Redevelopment Plan was first introduced and passed on December 12, 2013. Ordinance 2013-34 was considered for second reading and final passage on December 30, 2013 which adopted the Redevelopment Plan under the State of New Jersey Local Redevelopment and Housing Law.

The following provides an overview of the previously prepared Original Study and any additions, observations, or notes relating to the potential addition of Block 1837.01 Lots 3.01, 4.01, 8.03, and 8.04 to the official study area boundary. It is imperative this Supplemental Amendment be reviewed in concert with The Original Study. The two documents are entirely interconnected and in part are the same. This amendment shall act as an extension of the Original Study.

I. Introduction (Page 1)

The text from the Introduction from The Original Analysis remains current and applicable to this Amendment. The only addition is that this Supplemental Amendment will be an extension of the Original Study and includes Block 1837.01 Lots 3.01, 4.01, 8.03, and 8.04 as part of the redevelopment study.

For the purposes of the this Supplemental Amendment, the revised study area now includes Block 1837.01 Lots 3.01, 4.01, 8.03, and 8.04 and encompasses approximately 8 acres of vacant land. All of the aforementioned lots are owned by Lacey Township.

II. Study Area Description (Page 1)

The noted Study Area Description as contained within The Original Study is mostly current and applicable to the Supplemental Amendment. The Supplemental Amendment parcels are adjacent to the Original Study area as can be seen on the map in Appendix A. Block 1837.01 Lots 3.01 has frontage on Municipal Lane and Lot 4.01 has frontage on Municipal Lane and Calvin Street. Calvin Street will be built as part of the seventy unit development on Block 1837 Lot 8.05. Lot 8.03 fronts on Lacey Road and is immediately west of Lots 3.01 and 4.01. Lot 8.04 will have frontage on Calvin Street once it is constructed. See the subdivision map in Appendix C for the location of Calvin Street. The entire study area (Block 1837 Lot 8.05 and Block 1837.01 Lots 3.01, 4.01, 8.03, and 8.04) is surrounded by undeveloped, wooded properties to the west and north. Northwest of the entire study area is a development known as Sea Breeze at Lacey. East is Lacey Township Town Hall and associated municipal properties. South of the entire study area is a bank at the corner of Municipal Lane and Lacey Road, and a small commercial development at the corner of Newark Avenue and Lacey Road.

The Original Study area is currently being developed and was approved for seventy affordable rental units. The parcels to be added to the Study Area, if found to be an area in need of redevelopment, are currently undeveloped and wooded. A review of the latest geographical data provided by the New Jersey Department of Environmental Protection and FEMA shows Block 1837.01 Lots 3.01, 4.01, 8.03, and 8.04 do not have any wetlands, streams, or flood hazard areas. Although Block 1837.01 Lots 3.01, 4.01, 8.03, and 8.04 don't contain any environmental constraints, it should be noted that the Landscape Project under NJDEP geographical data identifies the wooded areas as a potential habitat for endangered wildlife. However, it should be stressed that there is only "potential" that the wooded areas could serve as a habitat for endangered wildlife and does not confirm the presence of any threatened or endangered species.

Other notes include that Block 1837 Lot 10 is a known contaminated site with an underground storage tank. Block 1837 Lot 10 is outside the redevelopment study area and the underground storage tank will have no effect on the study area parcels. Also the entire study area is within the sewer service area.

III. Zoning (Page 3)

The zoning for the Original Study Area has been changed to the AH-10R Zone from the R0-150 Residential/Office Zone by Ordinance 14-06 adopted by the Township Committee on April 10, 2014. The change of zoning has allowed the development of seventy affordable

units. The current zoning of Block 1837.01 Lots 3.01, 4.01, 8.03, and 8.04 is the RO-150 Residential/Office Zone. The permitted uses and bulk standards for the RO-150 zone are outlined in the Original Study on pages four and five, and have not been changed. Therefore Block 1837.01 Lots 3.01, 4.01, 8.03, and 8.04 are currently zoned RO-150. The Supplemental Amendment parcels to be potentially added to the Original Study are undeveloped & wooded according to site photographs found in Appendix E. Therefore, there is no need to evaluate for conformance with existing zoning regulations. The current zoning of the study area parcels can be found on the map in Appendix B.

IV. Planning Context (Page 5)

The Planning Context section of the Original Study is still accurate and applicable to the Supplemental Amendment parcels Block 1837.01 Lots 3.01, 4.01, 8.03, and 8.04. This includes consistency with the Township Master Plan, Master Plan Re-examination, and the latest Housing Element and Fair Share Plan. The 2008 amended Housing Element and Fair Share Plan denotes the Original Study parcels and the Supplemental Amendment parcels to be zoned for 100% affordable housing. It should be noted that the 2008 Housing Element and Fair Share Plan uses the old block and lots that have now been changed subsequent to the filed Major Subdivision plat K3912 dated June 30, 2014.

V. Redevelopment Area Criteria (Page 6)

The noted Redevelopment Area Criteria as contained within The Original Study remains current and applicable to this Supplemental Amendment with one exception. On September 6, 2013, Chapter 159 was signed into law, deciding that a municipality's decision to reserve the power of eminent domain shall be moved to the very beginning of the redevelopment process. This changes the process by requiring a municipal governing body to indicate whether it is seeking a "Non-Condensation Redevelopment Area" or a "Condensation Redevelopment Area" when asking the local planning board to investigate an area as in need of redevelopment. The Original Study was a non-condemnation redevelopment area and the potential addition of Block 1837.01 Lots 3.01, 4.01, 8.03, & 8.04 will not require eminent domain or the relocation of any businesses or residents. Therefore, the Supplemental Amendment study area parcels will be a non-condemnation redevelopment area.

VI. Analysis (Page 8)

The analysis of the Original Study will stay the same and this section will only focus on the analysis of Block 1837.01 Lots 3.01, 4.01, 8.03, & 8.04.

This analysis of Block 1837.01 Lots 3.01, 4.01, 8.03, & 8.04 was performed using GIS data, property tax assessment data, official tax maps, and observations from a site visit conducted

on September 8, 2015. The analysis indicates that Block 1837.01 Lots 3.01, 4.01, 8.03, & 8.04 meets two redevelopment area criteria outlined in the Local Redevelopment and Housing Law (N.J.S.A. 40A:12A-5) and the identified parcels may be designated as in need of redevelopment by the Lacey Township Committee. The criteria that Block 1837.01 Lots 3.01, 4.01, 8.03, & 8.04 meet is as follows:

Criterion "c"

Land that is owned by the municipality, the county, a local housing authority, redevelopment agency, or redevelopment entity, or unimproved vacant land that has remained so for a period of ten years prior to adoption of the resolution, and that by reason of its location, remoteness, lack of means of access to developed sections or portions of the municipality, or topography, or nature of the soil, is not likely to be developed through the instrumentality of private capital.

- Block 1837.01 Lots 3.01, 4.01, 8.03, & 8.04 meets criterion C. Block 1837.01 Lots 3.01, 4.01, 8.03, & 8.04 have been vacant since the sale of the aforementioned parcels to Geriatric & Medical Services Inc. c/o Genesis in 1986 according to tax records. Additionally, the site visit photographs contained in Appendix E confirm the parcels are still indeed vacant. The parcels are municipally-owned, have been vacant for over ten years, and are unlikely to be developed for affordable housing without public intervention. This is due to the fact that the parcels are located in areas that have been designated for affordable housing, not subsidized by market housing through inclusionary development. 100 percent affordable housing communities must rely on public subsidies and therefore these properties are not likely to be developed through private capital.

Criterion "h"

The designation of the delineated area is consistent with smart growth planning principles adopted pursuant to law or regulation.

- Block 1837.01 Lots 3.01, 4.01, 8.03, & 8.04 meets criterion H. If the amendment study area parcels are to be designated as in need of redevelopment, it would lead to the development of affordable housing that would accomplish several smart growth planning principles. These smart growth principles include compact, clustered community design, range of housing choice and opportunity, distinctive and attractive communities offering a sense of place, and future development strengthened and directed to existing communities using existing infrastructure.

VII. Conclusion (Page 12)

The noted applicability of the Conclusion as contained in The Original Study remains current, unchanged, and applicable to Block 1837 Lot 8.05.

Supplemental Amendment Conclusion

Block 1837.01 Lots 3.01, 4.01, 8.03, & 8.04 fulfill the requirements of the Local Redevelopment and Housing Law for being designated as an area in need of redevelopment. Therefore the Lacey Township Planning Board is able to recommend that the Lacey Township Committee adopt a resolution determining that these properties in their entirety are an area in need of redevelopment. Additionally, Block 1837.01 Lots 3.01, 4.01, 8.03, & 8.04 can be added to the Original Study area as an amendment to "Redevelopment Study and Preliminary Investigation Report Block 1837, Lot 8.02 and Block 1837, Lot 9," dated August 6, 2013, and prepared by JDM Planning Associates, LLC. This Redevelopment Area will integrate a 100% affordable housing development to provide a range of housing options that are affordable in Lacey Township. It will promote the purpose of the Local Housing and Redevelopment Law and improve the living conditions of residents living in the redevelopment area by providing new affordable residential units within the amended Redevelopment Study Area.

TOWNSHIP OF LACEY
CAUCUS MEETING MINUTES
July 22, 2004

STATEMENT: Adequate notice of this meeting has been given in accordance with the Open Public Meetings Act, pursuant to Public Laws of 1975. Said notice was advertised in the Times-Observer and Times-Beacon and was posted on the bulletin board showing the time and place of the meeting.

The meeting was called to order at 7:00 PM by Deputy Mayor Quinn with a salute to the flag. Committee members present were Messrs. Reid, Dykoff and Mrs. Dela Cruz. Mayor Parker was absent.

Toll Brothers – Tax Abatement: Mr. Chris Walrath of Gluck, Walrath & Lanciano and Mrs. Barbara School of Community Investment Strategies (CIS) were present to discuss the Toll Brothers Project and the affordable apartments. CIS is the affordable housing developer that Toll Brothers has selected to construct and operate the 100 senior rental apartments at the Seabreeze site. CIS will be financing the project through, among other things, a mortgage loan from the New Jersey Housing and Mortgage Finance Agency. In order for the agency to consider CIS's application for financial assistance, the municipality must adopt a resolution of need. In addition, the Agency underwriting criteria and project economics are based upon a tax abatement from the Township. The Township would collect more per year in revenue than it would under the conventional taxation. Mrs. Schoor discussed the purpose of the tax abatement and the additional revenue that the Township would receive. The governing body questioned the abatement and under this the school would get no money so there is no actual tax savings. Mrs. Schoor stated the rents are 100% moderate income and not low income. The moderate rate is about \$883.00 per month for a one bedroom apartment. Deputy Mayor Quinn stated that he understands the certificate of need is necessary but the governing body needs to discuss this in further detail and have our professionals review the tax abatement. He is not comfortable with the fact the schools would not be getting their fair share of the tax dollar. Mr. Adams questioned if there is a minimum guarantee as to the amount of revenue the Township would receive. Mrs. Schoor stated a minimum guarantee can be worked into the agreement. The governing body will review this matter further.

Vacation of Carr Street: The adjoining property owner to the paper portion of Carr Street located on the west side of Manchester Avenue (Gille Park side) is requesting the Township to consider vacating the street to allow her additional property to meet the requirements of her building expansion and parking needs. This matter was forwarded to Director Parker for his review. He stated the entrance to Gille Park is not in the paper street right-of-way but the paper street does provide a buffer and also the walk path is on the paper street. Based on the recommendation of Director Parker, the governing body denied the request to vacate a portion of Carr Street. Ms. Laureigh will notify the adjoining property owner.

LHVFC – Parade and Picnic: The Lanoka Harbor Fire Company is holding a parade and picnic in honor of their new ladder truck. The parade and picnic is on Saturday, July 24th. The parade will begin at 12 noon from Lacey High School and head down to Lake Barnegat Drive North to Cedar Avenue to Hebrew Park. A picnic will follow the parade. All members of the public are invited.

State Aid Money: The Township has received money from the State budget. \$90,000 was received from the Homeland Security Police Assistance Aid Program. This aid must be used as direct property tax relief as an offset to the local spending. Additionally, the Township received \$71,818 of property tax relief as our share of the new Pinelands Property Tax Stabilization Aid program, established by the Highlands Water Protection and Planning Act. This aid provides direct property tax relief by supplementing local property tax resources. Mr. Adams stated he is awaiting the checks for this aid. Mr. Reid spoke of the money received and that the money for Homeland Security was based on population and it did not matter that this

township has a nuclear power plant within its borders. Other towns who have a larger population receive more money and have less of a threat in there areas.

Township Informational Signs: Mr. Quinn spoke of the idea of erecting a digitized sign on Haines and Manchester to help rid the area of other signs. The organizations would be able to advertise on the sign for their upcoming events. The Rotary Club has also indicated that they would like to contribute towards this project to help offset some of the costs. The corner of Manchester receives a lot of use with all types of signs and banners and with such a sign this would stop that. Mr. Dykoff suggested contacting Stafford Township to see how they handle the use of the digitized sign with the various organizations. Mr. Reid stated he is in favor of the sign but not exactly in favor of the location. For example, those that live in the southern part of the community may never travel to the area of Haines and Manchester. He suggested possibly at the corner of Route 9 and Lacey Road by the Community Hall. That location is more centrally located. Mrs. Dela Cruz is in favor of such a sign. Ms. Laureigh will contact Stafford Township to see how they handle use of the sign.

One-day Social Affairs Permits: The Lacey Elks Lodge is requesting three one-day Social Affairs Permits – August 21, September 4 and September 25. Also the Local Republican Club is hold a fundraiser on August 7th which requires a one-day social affairs permit. A motion was made Mr. Reid, seconded by Mrs. Dela Cruz to authorize the Chief and Clerk to execute the applications. Motion carried.

Resolution #04-235: A resolution authorizing the convening of an executive session in accordance with the Open Public Meetings Act was passed on a motion by Mr. Reid, seconded by Mrs. Dela Cruz. Motion carried.

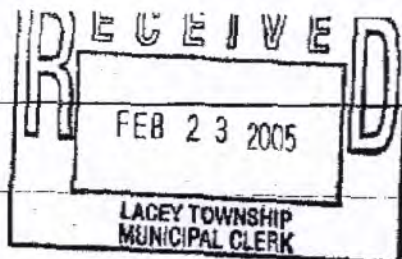

There being no further business, the meeting was adjourned at 7:20 PM on a motion by Mr. Reid, seconded by Mrs. Dela Cruz. Motion carried.

EXHIBIT B

AGREEMENT FOR PAYMENT IN LIEU OF TAXES

THIS AGREEMENT, made this 10th day of **February, 2005**, between the **TOWNSHIP OF LACEY**, a municipal corporation of the County of Ocean and State of New Jersey having its principal offices located at 818 W. Lacey Road, Forked River, New Jersey, 08731 (hereinafter the "Municipality") and **COMMUNITY INVESTMENT STRATEGIES, INC.**, a corporation of the State of New Jersey, having its principal office at 201 Crosswicks Street, Bordentown, New Jersey, 08505 (hereinafter the "Sponsor"), and

WITNESSETH

In consideration of the mutual covenants herein contained and for other good and valuable consideration, it is mutually covenanted and agreed as follows:

1. This Agreement is made pursuant to the authority contained in Section 37 of the New Jersey Housing and Mortgage Finance Agency Law of 1983 (N.J.S.A.55:14K 1 et seq.) (hereinafter "HMFA Law") and a Resolution of the Governing Body of the Township of Lacey dated February 10, 2005 (the "Resolution") and with the approval of the New Jersey Housing and Mortgage Finance Agency (hereinafter the "Agency"), as required by N.J.S.A. 55:14K-37.

2. The Project is or will be situated on that parcel of land designated as Block Lot 1901.25, Lot 1 as shown on the Official Assessment Map of the Township of Lacey and more commonly referred to as Lacey, New Jersey.

3. As of the date the Sponsor executes a first mortgage upon the Project in favor of the Agency (hereinafter referred to as the "Agency Mortgage"), the land and improvements comprising the Project shall be exempt from real property taxes, provided that the Sponsor shall make payments in lieu of taxes to the Municipality as provided hereinafter. The exemption of the Project from real property taxation and the sponsor's obligation to make payments in lieu of taxes shall not extend beyond the date on which the Agency Mortgage is paid in full, which according to the HMFA Law, may not exceed fifty (50) years.

4. (a) For projects receiving construction and permanent financing from the Agency, the Sponsor shall make payment to the Municipality of an annual service charge in lieu of taxes in such amounts as follows:

(1) From the date of the execution of the Agency Mortgage until the date of substantial completion of the Project, the Sponsor shall make payment to the Municipality in an

amount equal to \$4,800.00 (pursuant to the HMFA Law, the amount of taxes due on the property for the year preceding the recording of the Agency Mortgage). As used herein, "Substantial Completion" means the date upon which the Municipality issues the Certificate of Occupancy for all units in the Project.

(2) (a) From the date of Substantial Completion of the Project and for the remaining term of the NJHMFA Mortgage, the Sponsor shall make payment to the Municipality in an amount equal to 9.87 percent of Project Revenues, but not less than the amount of \$90,000 a year.

(b) For Projects receiving permanent financing only from the Agency, the Sponsor shall make payment to the Municipality in an amount equal to 9.87 percent of Project Revenues, from the date of the Agency Mortgage and for the remaining term of the Agency Mortgage.

(c) As used herein, "Project Revenues" means the total annual gross rental or carrying charge or other income of the Sponsor from the Project less the costs of utilities furnished by the Project, which shall include the costs of gas, electric, heating fuel, water supplied, and sewerage charges, if any. Project Revenues shall not include any rental subsidy contributions received from any federal or state program.

(d) The amount of payment in lieu of taxes to be paid pursuant to paragraphs (a) or (b) and (c) above is calculated in Exhibit "A" attached hereto. It is expressly understood and agreed that the revenue projections provided to the Municipality as set forth in Exhibit "A" and as part of the Sponsor's application for an agreement for payments in lieu of taxes are estimates only. The actual payments in lieu of taxes to be paid by the Sponsor shall be determined pursuant to Section 5 below.

5. (a) Payments by the Sponsor shall be made on a quarterly basis in accordance with bills issued by the Tax Collector of the Municipality in the same manner and on the same dates as real estate taxes are paid to the Municipality and shall be based upon Project Revenues of the previous quarter. No later than three (3) months following the end of the first fiscal year of operation after (i) the date of Substantial Completion (for projects receiving construction and permanent financing) or (ii) the date of the Agency Mortgage (for projects receiving permanent financing only) and each year thereafter that this Agreement remains in effect, the Sponsor shall submit to the Municipality a certified, audited financial statement of the operation of the Project (the "Audit"), setting forth the Project Revenues and the total payments in lieu of taxes due to the Municipality calculated at 9.87 percent of Project Revenues as set forth in the Audit (the "Audit

Amount"). The Sponsor simultaneously shall pay the difference, if any, between (i) the Audit Amount and (ii) payments made by the Sponsor to the Municipality for the preceding fiscal year.

The Municipality may accept any such payment without prejudice to its right to challenge the amount due. In the event that the payments made by the Sponsor for any fiscal year shall exceed the Audit Amount for such fiscal year, the Municipality shall credit the amount of such excess to the account of the Sponsor.

(b) All payments pursuant to this Agreement shall be in lieu of taxes and the municipality shall have all the rights and remedies of tax enforcement granted to the Municipalities by law just as if said payments constituted regular tax obligations on real property within the Municipality. If, however, the Municipality disputes the total amount of the annual payment in lieu of taxes due it, based upon the Audit, it may apply to the Superior Court, Chancery Division for an accounting of the service charge due the Municipality, in accordance with this Agreement and HMFA Law. Any such action must be commenced within one year of the receipt of the Audit by the Municipality.

(c) In the event of any delinquency in the aforesaid payments, the Municipality shall give notice to the Sponsor and NJHMFA in the manner set forth in 9 (a) below, prior to any legal action being taken.

6. The tax exemption provided herein shall apply only so long as the Sponsor or its successors and assigns and the Project remain subject to the provisions of the HMFA Law and Regulations made thereunder and the supervision of the Agency, but in no event longer than the term of the Agency Mortgage. In the event of (a) a sale, transfer or conveyance of the Project by the Sponsor or (b) a change in the organizational structure of the Sponsor, this Agreement shall be assigned to the Sponsor's successor and shall continue in full force and effect so long as the successor entity qualifies under the HMFA Law or any other state law applicable at the time of the assignment of this Agreement and assumes the Agency Mortgage. This Agreement may be assigned without additional approval of the Municipality.

7. Upon any termination of such tax exemption, whether by affirmative action of the Sponsor, its successors and assigns, or by virtue of the provisions of the HMFA Law, or any other applicable state law, the Project shall be taxed as omitted property in accordance with the law.

8. The Sponsor, its successors and assigns shall, upon request, permit inspection of property, equipment, buildings and other facilities of the Project and also documents and papers representatives duly authorized by the Municipality. Any such inspection, examination or audit

shall be made during reasonable hours of the business day in the presence of an officer or agent of the Sponsor or its successors and assigns.

9. Any notice or communication sent by either party to the other hereunder shall be sent by certified mail, return receipt requested, addressed as follows:

(a) When sent by the Municipality to the Sponsor, it shall be addressed to Community Investment Strategies, Inc., 201 Crosswicks Street, Bordentown, New Jersey 08505 or to such other address as the Sponsor may hereafter designate in writing; and a copy of said notice or communication by the Municipality to the Sponsor shall be sent by the Municipality to the New Jersey Housing and Mortgage Finance Agency, 637 South Clinton Avenue, PO Box 18550, Trenton, New Jersey 08650-2085.

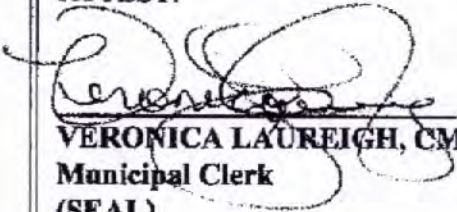

(b) When sent by the Sponsor to the Municipality, it shall be addressed to the Township of Lacey, Municipal Building, 818 W. Lacey Road, Forked River, NJ 08731 or to such other address as the Municipality may designate in writing; and a copy of said notice or communication by the Sponsor to the Municipality shall be sent by the Sponsor to the New Jersey Housing and Mortgage Finance Agency, 637 South Clinton Avenue, PO Box 18550, Trenton, New Jersey 08650-2085.

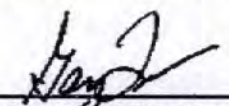

10. In the event of a breach of this Agreement by either of the parties hereto or a dispute arising between the parties in reference to the terms and provisions as set forth herein, either party may apply to the Superior Court, Chancery Division, to settle and resolve set dispute in such fashion as will tend to accomplish the purposes of the HMFA Law.

IN WITNESS WHEREOF, they have executed this Agreement.
