₁The performance indicator does not reflect public safety positions, due to outstanding litigation. In November, 216 new lists were issued; of these, 53 (or 25%) were "backlog" or announcements older than six months. The cause of "backlog" announcements involved situations where announcements previously cancelled were resurrected following decisions of the Civil Service Commission. The turnaround time from job announcement to list issuance for the "backlog" lists increased from 142 days to 153 days.

₂There were 72 Open Competitive announcements with issue dates between November 1 and November 30, 2012, all of which were issued with OAS capability. Of the 1,751 applications for Open Competitive announcements received in November, 1,351 (or 58%) were sent using OAS.

₄The Call Center phone system received 5,197 calls in November. Of these, 1,650 (or 32%) were handled by Call Center staff. The decrease in time a caller spent in queue is due to the reduction calls to the Call Center, from 6,129 in October to 5,197 in November.

₇Pursuant to N.J.A.C. 4A: 4-4.2 and 4A: 4-4.8, the Certification Unit is responsible for the issuance and final disposition of all State and local government certifications. In November, 149 State and 251 local government certifications were issued.

₈The number of State Titles only includes those titles in the Executive branch of State Government. As of November 30, 2012, there are 475 titles assigned to the Judicial and Legislative Branches of State Government that the Civil Service Commission maintains on behalf of both branches; however, the authority over the consolidation and/or elimination of those titles rests with the branches themselves. In November, there were no titles consolidated or eliminated.

₉This is a one-time performance indicator for FY 2013. This action provides State and local agencies with the flexibility and timeliness needed to meet their staffing needs. The reallocations approved this month include titles for which the primary requirement is a license issued by the State of New Jersey. Currently, the Civil Service Commission does not typically administer written examinations for such titles since possession of the license establishes that the applicant has successfully met the requirements necessary to qualify for the title. Appointing authorities can easily verify State-issued licenses by the issuing agency.
