## WHY BECOME PREQUALIFIED WITH NJDOT?

---

- To be eligible to bid as a prime contractor for Department projects
  - Prequalification only required to sub-contract if project specs require as such
- To be eligible to solicit as a prime consultant for Department technical proposals
  - Prequalification is not required to sub-consult
  - Cost basis approval is required for both prime and sub-consultants
- Jurisdictions of the State of New Jersey (e.g. counties and municipalities) require prequalification with the Department to be able to bid on their projects and solicit on their technical proposals.
- The Bureau of Equipment, Materials and Supplies does not prequalify vendors for the purchase of goods and services.

- **Grant Recipients**

**DISCOVER OUR FEDERALLY FUNDED PROGRAMS**

These programs encourage investment in those transportation projects that will yield the greatest mobility, have the least environmental impact and make the most cost-effective use of available resources.

- Local Lead Program**  
Funding for advancing road or bridge projects through final design, right-of-way, and/or construction.
- Transportation Enhancements**  
Funding to foster more livable communities, preserve and protect resources and to promote alternative modes of transportation.
- Safe Routes to School**  
Funding to facilitate projects that improve safety and reduce traffic, fuel consumption and air pollution in the vicinity of schools.
- Emergency Relief**  
Funding for the repair or reconstruction of Federal-aid highways and roads which have suffered serious damage as a result of natural disaster or a catastrophic failure.
- Transportation Alternatives**  
Funding for community based "non-traditional" projects that strengthen the cultural, aesthetic and environmental aspects of the nation's intermodal system.
- Local Safety / High Risk Rural Roads**  
Funding for projects designed to achieve a significant reduction in traffic fatalities and serious injuries on public roads.
