Each LPA is allowed only one TAP application.

The following are required for your application:
1. Resolutions of Support
2. Maintenance Commitment
3. Responsible Charge
4. Surface Transportation
5. Eligible Activities

If any of the below requirements are not met, the project is ineligible for funding and the application will not be considered.

Resolutions of Support:
Each application must include, as an attachment, an approved resolution of support from the governing body in which the project is to be located.
Resolutions of Support are required as they demonstrate compliance with federal regulations allowing an opportunity for public participation and community input. If they are not attached, then project will be considered ineligible. Resolution of support:

1. Must be dated within one year of the NJDOT application solicitation letter date.
2. Must refer to the project for which the funds are being sought.
3. Must provide evidence of board action adopting the Resolution of Support, which must include a signature and date of the action.
4. Unsigned resolutions of support will NOT be accepted.

In addition, if the agency(ies) with ownership of the public right-of-way where the project is proposed (the municipality or county) is different than applicant LPA, they must show support for the project in the form of a letter or an approved resolution. Use the box(es) below to attach letters/resolutions of support from the municipality(ies) and counties as necessary.

Maintenance Commitment:
Attach a maintenance commitment for this project.
The LPA must indicate and certify the continued ownership and maintenance by a local public agency for the useful life of the project. If the LPA does not have maintenance jurisdiction over the public right-of-way where the project is proposed, then a signed letter or a board approved resolution must be provided by the party having maintenance jurisdiction. The letter/resolution must be dated within one year of the NJDOT application solicitation letter date. Letters should be addressed to LPA.

Letters/Resolutions of Support:
1. Letters/Resolutions must be dated within one year of the NJDOT application solicitation letter date.
2. Letters/Resolutions must refer to the project for which the funds are being sought.
3. Letters/Resolutions must include a signature and date of the action.
4. Unsigned letters/resolutions will NOT be accepted.

Use the box(es) below to attach the letters/resolutions of support.

Responsible Charge:
Provide the name, title, and employer of the person who will be in responsible charge of the project.
The responsible charge is defined in 23 CFR 635.105(a)(4). Federal regulations require Local Public Agencies (LPAs) to provide a full-time employee to be in responsible charge of Federal-aid construction projects. The person in responsible charge of LPA administered projects does not have to be an engineer, but they must be a full-time employee of the LPA. Consultant Engineers providing engineering services or functioning as the LPA's engineer of record are not eligible to serve as the responsible charge.

Name, Title and Employer:

Surface Transportation:
Is the project related to surface transportation? *

Yes  No
If Yes, please explain below. If no, this application is ineligible.

Applications for projects that are not directly related to surface transportation will not be evaluated.

For a project to be eligible for Transportation Alternatives funds, it must relate to surface transportation and qualify as one of the seven eligible activities. Surface transportation includes transport both by land and water, Transport by water encompasses features such as canals, docks and piers connecting to ferry operations.

Eligible Activities:
Select the category that your project falls under. (For a detailed explanation of the categories, please refer to the Transportation Alternatives Handbook.) If you need to deselect a radio button, simply double-click it.

- 1. Design and construction of on-road and off-road trails facilities for pedestrians, bicyclists, and other nonmotorized forms of transportation
  - a. What group is the facility meant to service?  ○ Pedestrians  ○ Bicyclists
  - b. What is the length of the proposed facility? Data must be a decimal
- 2. Conversion and use of abandoned railroad corridors for trails for pedestrians, bicyclists, and other nonmotorized transportation users
- 3. Construction of scenic turnout, overlooks, and viewing areas
- 4. Historic preservation and rehabilitation of historic transportation facilities both land and water such as building structures and canals
- 5. Community improvement activities, specifically: streetscaping and corridor landscaping
- 6. Environmental mitigation to address stormwater management, control, and water pollution prevention or abatement related to highway construction or due to highway runoff
- 7. Reduce vehicle-caused wildlife mortality or to restore and maintain connectivity among terrestrial or aquatic habitats

PROJECT PROPOSAL

Instructions:

- Please answer the following questions by selecting Yes or No.
- A place has been provided for you to provide additional documentation for your answers. It is **STRONGLY** encouraged that you use this tool as projects with the strongest documentation of benefits are given greater consideration for funding. (For further explanation of these questions please refer to the Transportation Alternatives Handbook.)
- Please complete this page, then click SAVE.
- Required fields are marked with an *.
- After completing and saving this page, click **SAVEXNEXT** to continue.

Provide a detailed project description

Attach a map and/or plan showing the location of the project.
Project Location:

0 of 100

From:

0 of 100

0 of 100

Will the project affect user mode of transportation?

- Yes
- No

If Yes, please explain how the project will address the following:

- How the project connects community or regional activity centers such as businesses, schools, employment, libraries, shopping and recreation areas, and project utilizes existing infrastructure to promote the use of non-automotive modes through new facilities or improvements of existing networks.

Does the project provide regional or community benefits?

- Yes
- No

If Yes, please explain how the project supports the following:

- Project must provide regional or community benefits, project demonstrates the benefit to quality of life, community and environment, project demonstrates the extent to which the project links other transportation modes and increases access to community centers (schools, employment sites, recreation and shopping) and its visibility or impact on surrounding locations.

Does this project address safety and public health benefits?

- Yes
- No

If Yes, please explain how the project supports the following:

- LPA must provide safety or public health benefits or improvements, LPA demonstrates safety need, increases active transportation opportunities, and provides other public health benefits.

Is this project part of a state, regional or municipal transportation, land use or economic development plan?

- Yes
- No

If Yes, please explain and attach the relevant pages of the plan:

- Projects that are part of a state, regional or municipal transportation, land use or economic development plan will receive additional consideration in this category. At a minimum, projects should be consistent with and help to implement the goals of these plans.
