New Jersey Department of Transportation Projects

ROUTE/PROGRAM			Project ID No.	TIP No.
80	20	Paterson Interchange Improvements	93114B	93114B

I-80 at Route 20, interchange improvements

This project will provide operational improvements at this interchange that will consist of the elimination of redundant moves and current weaving problems by removing and/or replacing these moves within the interchange. Signing improvements will be made to support these modifications and bring sign panels up to current standards, in addition to the channelization and restriping along Market Street. The project does not include any new through travel lanes.
