**Newburgh Road Bridge over Musconetcong River**

DB # NS9909                      UPC    058017    MILEPOST(S) N/A  
 COUNTY: Morris Warren    MUNICIPALITY: Washington Twp.    Mansfield Twp.

Built in 1908, the Newburgh Road Bridge over the Musconetcong River in Washington and Mansfield Townships in Morris and Warren Counties is functionally obsolete. The existing bridge is a two span structure. The bridge deck consists of simply supported multiple rolled steel stringers and is supported on stone masonry abutments and a mid-span pier. The bridge has inadequate deck geometry, inadequate turning radii, substandard lane widths, and has been prioritized as a high priority for in-depth scour evaluation. Morris County will replace the existing bridge with a bridge on a new alignment that meets current width, horizontal and vertical alignment, structure capacity, and safety standards.

**Route 46, Beaver Brook Bridge Replacement (WB)**

DB # 03304A                      UPC    078030                                      MILEPOST(S) 7.26  
 COUNTY: Warren    MUNICIPALITY: White Twp.

This project will replace the entirety of the Route 46 WB structure over Beaver Brook in White Township, Warren County. In addition to replacing the superstructure with a multi-beam system, improvements will include driving new piles, repairing the abutment seats and replacing the existing bearings.

**Route 80, Truck Weigh Station, Eastbound, Knowlton Township**

DB # 285A                      UPC    998500                                      MILEPOST(S) 1.55 - 2.75  
 COUNTY: Warren    MUNICIPALITY: Knowlton Twp.

This project will provide for the upgrade of the existing truck weigh station in Knowlton Township. Proposed improvements will provide upgraded weighing equipment (weigh-in-motion scale and automated internal directional signals, 70 foot long three-platform static scale, truck weight monitoring system and a closed-circuit television system) and support facilities that will enable New Jersey State Police to more effectively perform their duties in enforcing truck weight and safety regulations. Other improvements will include advanced warning signing as well as extending the acceleration/deceleration lanes on I-80. Only five truck parking spaces will be provided in order to contain the facility within existing right of way.
