Route 42 and Atlantic City Expressway (ACE) widening

DBNUM: 25380 / UPC: 253800

To improve the overall traffic operations and general safety, the South Jersey Transportation Authority (SJTA) is advancing design of the widening of the Atlantic City Expressway (ACE). The project will add a third lane in each direction from milepost (MP) 31.6 (Interchange 31) to the western terminus at State Route 42 MP 44.2 (Interchange 44) in Washington Township, Gloucester County, and Gloucester and Winslow Township, Camden County. In coordination with the NJDOT, the SJTA will also be constructing the extension of an additional North bound lane between Exit 7 (Sicklerville Road) and Exit 7B (College Drive) on Route 42. The project will also replace the superstructure of the Sicklerville Road Overpass structure to increase the vertical clearance on Sicklerville Road. Upon the completion of this project, the entire ACE corridor will be a continuous third-lane section. The project will include the improvement of two mainline bridges over Route 42 and two mainline bridges over the Great Egg Harbor River, and the widening of the Rt 42 Bridge over Sicklerville Road.

The project will provide operational and safety improvements for future travelers while aiming to minimize environmental, right-of-way, and structural impacts.

COUNTY: Gloucester, Camden
