

FY 2005 TRANSPORTATION CAPITAL PROGRAM

New Jersey Department of Transportation Projects

<i>ROUTE/PROGRAM</i>	<i>Project ID Number</i>
CR 623 Brass Castle Road Bridge over Pohatcong Creek	NS9905

This project includes the replacement of the existing deficient bridge with a new structure that meets current NJDOT design standards. The new bridge will have two travel lanes, shoulders and sidewalks.

COUNTY: Warren
MUNICIPALITY: Washington Twp.
MILEPOSTS: N/A
STRUCTURE NO.: 2102215
LEGISLATIVE DISTRICT: 23 SPONSOR: Warren County
PROGRAM CATEGORY: Bridge Preservation - Local Bridges

Item No.	MPO	Phase	Fund	Amount
196	NJTPA	DES	STP-NJ	\$165,000

<i>ROUTE/PROGRAM</i>	<i>Project ID Number</i>
46 Tributary to Delaware River	99305

The existing culvert and 42-inch pipe will be replaced with two new reinforced concrete, twin cell, frame culverts with integral wall footings and no bottom slab. The roadway improvements will include two 12-foot lanes, two new 10-foot shoulders and new inlets throughout the project. The new roadway will be built with an alignment shifted by 5 feet to 8 feet to the east.

274	NJTPA	CON	STATE	\$1,600,000

FY 2005 TRANSPORTATION CAPITAL PROGRAM

New Jersey Department of Transportation Projects

<i>ROUTE/PROGRAM</i>	<i>Project ID Number</i>
57 Corridor Scenic Preservation	97062A

This is an innovative pilot program to restore, preserve and enhance scenic beauty and to preserve mobility in the Route 57 corridor from Route 22 to Route 182. Funding may be used to acquire landscape parcels, scenic easements, or farmland preservation easements on land abutting or within the viewshed of Route 57, as well as to advance landscape, pedestrian safety and operational improvements within the towns and villages in the corridor. This program will benefit Smart Growth in the corridor.

This is a multi-year funded project under the provisions of Section 13 of P.L. 1995, c.108. Total right of way cost is \$10,000,000.

FY 2005 TRANSPORTATION CAPITAL PROGRAM

New Jersey Department of Transportation Projects

<i>ROUTE/PROGRAM</i>		<i>Project ID Number</i>
78	Truck Weigh Stations (eastbound and westbound) (6J 6K)	860

This project, which is approximately 1.6 miles in length, will provide state-of-the-art truck weigh and inspection facilities on both the eastbound and westbound directions of I-78. The project's limits are approximately milepost 5.7 to 7.3 and the total acreage will be approximately 60 acres. Components of the project include weigh-in-motion scales, static scales, internal weigh station roadways, a control building on the eastbound side and a scale house on the westbound side. Commercial vehicle inspection buildings will be provided on both sides. The project will include significant roadway and structural improvements also. Acceleration and deceleration lanes will be provided in both direction for the weigh stations. The entire length of the project will be resurfaced in both directions using a noise reducing pavement. The New Village Road bridge over I-78 will be replaced and shifted to improve the alignment of New Village Road. The new bridge will be similar to the existing bridge as it will carry one 12-foot lane and a 1-foot shoulder in each direction and provide a sidewalk on one side, however it will be longer to accommodate the acceleration/deceleration lanes on I-78. The I-78 mainline structures over the Musconetcong River will be widened and re-decked to accept the acceleration/deceleration lanes and the inside shoulder will be brought up to standards. There are no design exceptions in this project.

This is a multi-year funded project under the provisions of Section 13 of P.L. 1995, c.108. Total construction cost is \$42,800,000.
