New Jersey Department of Transportation Projects**

<b>PROGRAM/PROJECT NAME</b>	<b>Item # 218</b>	<b>Project ID Number</b>
<b>Route 40, Atlantic County, Drainage</b>		<b>08371</b>

NJDOT Operations reports multiple closures due to flooding in this area. Hydrology and hydraulics studies are needed to identify the stormwater drainage needs to reduce future flooding. The current stormwater pipes are inadequate to drain the stormwater causing flooding in the roadway. The past flood closure occurrences and daily vehicular traffic at this location results in a high probability that motorists will be significantly impacted during the next major storm event. The project ranks #14 of 200 in the Drainage Management System.
