

**FY 2014 TRANSPORTATION CAPITAL PROGRAM  
New Jersey Department of Transportation Projects**

<i>Program/Project Name</i>	<i>Item # 73</i>	<i>Project ID Number: 01330A</i>
<b>Route 1, Southbound, Nassau Park Boulevard to Quaker Bridge Mall Overpass</b>		

This project resulted from a Congestion Management Study. Critical concerns are safety/efficiency in the separation of through and local traffic. Widening of Rt. 1 Southbound to 3 through lanes with a 2 lane Collector Distributor (CD) Road is proposed. Driveway access revisions are also included to minimize conflicts.

Operational and safety improvements are proposed in the southbound direction. Critical concerns include the safety/efficiency in the separation of the through and local traffic; safety of the weaving and merge operations on the CD roadway; density of roadside driveways and associated vehicle conflicts; and the inadequate or lack of acceleration/deceleration lanes at Quaker Bridge Mall ramps.

**COUNTY:** Mercer

**MUNICIPALITY:** Lawrence Twp West Windsor Twp

**MILEPOSTS:** 7.61 - 8.69
