| <b>Route 48, Layton Lake Dam</b> |                  |   |

This project will provide for the proposed improvements to this dam which is identified as a Class 2 rating. The improvements proposed for Laytons Lake Dam includes construction of a new bridge with a span of 40 ft and a 90 ft long ogee spillway with a low-level outlet for dewatering the lake and raising the roadway profile by about 1.0 feet. Storm drainage facilities will be reconstructed and upgraded and includes Manufactured Treatment Devices to address quality of stormwater released to Game Creek.

| <b>Route 130, Hollywood Avenue (CR 618)</b> |                   |   |

This project provides for safety and operational improvements to address problems caused by the severe acute angle of the intersection. A horizontal curve also causes sight distance problems for Rt. 130 northbound traffic. Local business driveways are believed to contribute to accidents. Scope of project to be determined.

|------------|--------------|-------------|---------------|
| SJTPO      | ROW          | NHPP        | \$500,000     |

|   |                         |   |
|---|-------------------------|---|
| <i>Program/Project Name</i>                               | <i>Item # 110, 110A</i> | <i>Project ID Numbers: 11414 / 114140</i> |
| <b>Route 130, Plant Street to High Hill Road (CR 662)</b> |                         |   |

The existing pavement is in poor condition within the project limits, exhibiting low to high severity fatigue cracking, deteriorated patches, potholes, raveling, rutting, bleeding, block cracking, transverse and longitudinal cracking, construction joint deterioration, and isolated shoving. The project will undergo pavement resurfacing within the entire length of the project. The project will identify and repair deficient pavement. The project has been identified as a reconstruction project.

Based on field testing, for the majority of the mainline and shoulders the proposed recommendation includes milling and paving and raising the roadway by 1 inch in some sections. There is also a short section (MP 0.84 to MP 1.09), which requires reconstruction.

The project will also include upgrade of all curb ramps & midblock cross walks that do not meet current ADA criteria.
