

Placemaking

Provide wide sidewalks with good lighting, shade, shelter, enclosure, transparency, places to sit and visual interest.

Anchoring

Foster strolling by creating places of interest at the ends of shopping streets.

Multi-user Parking

Provide convenient, well-marked parking suitable for varied users: behind shops, on-street, or structured where appropriate; always include parking for bicycles, sufficient handicapped spaces, and areas for truck deliveries.

Safe Connections

Provide safe pedestrian connections for shoppers from parking areas, transit stops and adjacent neighborhoods; provide effective, regularly spaced crossings of the shopping street itself.
