Pulaski Skyway to be closed in both directions on Saturday New steel structures to be erected and deck panels to be installed

(Trenton) – New Jersey Department of Transportation (NJDOT) officials today are notifying motorists that the Pulaski Skyway will be closed in both directions on Saturday to erect steel structures, deck panels and perform general construction activities. The Department will continue to have weekend closures of the Pulaski Skyway on select weekends through the fall.

Between 6 a.m. and 4 p.m. Saturday, September 12, NJDOT's contractor, CCA Civil Inc. is scheduled to close the Pulaski Skyway southbound at the off-ramp to I-280/Route 7 and Route 1&9 southbound.

The full closure includes most on and off ramps, including the southbound on ramp from Tonnele Circle. The ramp from the Skyway to I-280/Route 7 and Route 1&9 southbound will remain open.

This closure on Saturday will allow the contractor to erect new steel and deck panels, as well other construction activities.

NJDOT has created a [video](#) that shows options for alternate routes to help motorists navigate the closures, which can be found on the [NJDOT YouTube channel](#).

The following detours will be in place:

Southbound Traffic (toward Newark):

Leaving the Holland Tunnel, motorists will have the following options:

- Stay to the far right and take the NJ Turnpike-Hudson County Extension to all destinations west and south, including I-78
- Stay to the left and follow signs for Route 139 West, then stay left to Route 1&9 Truck southbound towards Newark, Route 7 and I-280
- Motorists should avoid the ramp from Route 139/Covered Roadway that leads into the Tonnele Circle because of expected heavy congestion

Local Traffic for Jersey City:

- Stay to the middle to take Route 139 Upper Roadway and follow signs to Kennedy Boulevard/Jersey City, to best access many local Jersey City locations and other points north (Secaucus)

Northbound Traffic (toward Jersey City):

Northbound traffic will continue to utilize the same Skyway alternate routes that have been in effect since the northbound lanes were closed last year:

- NJ Turnpike-Hudson County Extension
- Route 1&9 Truck northbound
- Communipaw Avenue to access local Jersey City Locations

NJDOT created a project-specific website - www.pulaskiskyway.com - which contains a wealth of information about the Skyway and the project, and will be updated with relevant new information as work progresses. The Department is carefully coordinating the Pulaski Skyway project with other regional transportation infrastructure projects to minimize traffic congestion.

The Department has a project hotline telephone number, 973-776-7400, and email, Pulaski.Skyway@dot.nj.gov. Anyone who has questions, concerns, or suggestions is encouraged to contact the Project Outreach Team as work progresses.

NJDOT will be using Variable Message Signs to provide advance notification to motorists of traffic pattern changes associated with the work. Follow us on Twitter [@NJDOT_info](https://twitter.com/NJDOT_info) or the Pulaski Skyway project directly [@Skywayrehab](https://twitter.com/Skywayrehab) and visit www.511nj.org for travel advisories.
