

**ROUTE 52 CAUSEWAY REPLACEMENT PROJECT
COMMUNITY PARTNERING TEAM
MEETING NO. 1 REPORT**

DATE: December 11, 2002
TIME: 10:00 a.m. - 3:30 p.m.
LOCATION: Music Pier
Ocean City, NJ

ATTENDEES: **Listed at the end of the report**

1. PURPOSE OF MEETING

To define the purpose, goals and structure of the Community Partnering Team (CPT); present the current project status and schedule; discuss existing conditions and proposed improvements; and identify community issues and interests. (Agenda and PowerPoint Presentation Slides attached)

2. MEETING SUMMARY

Martine Culbertson, facilitator for the CPT, welcomed everyone to the meeting. She then asked attendees to introduce themselves and state what organization or entity they represent. She introduced Dave Lambert, the NJDOT Project Manager to provide the program overview and direction for the project.

Project Overview:

Dave Lambert provided information on the history for the causeway replacement project along with the Purpose and Need for the project. He noted the important benefits resulting from the Bridge Replacement, such as improved safety, elimination of drawbridges, to elevating the structures so they will not flood and improve access for vehicles. (See slides 1 thru 7 of the attached presentation)

Community Partnering Team (CPT):

Martine then presented the agenda and the goals for the meeting as described above. She conducted a brief exercise to demonstrate the mechanism of working as a team to identify all issues and then through discussion come to agreement. She reviewed the CPT Handbook materials distributed to CPT members at the meeting and asked that they read the information and provide comments. This is a working handbook to assist the members with sharing project information with their constituents. Martine also explained the structure of the CPT and the various components that make up the team, their Roles and Responsibilities. Primarily, the Team is divide into Members, Invited Guests, Alternates and the Steering Committee.

Martine then asked members to develop a list of team agreements as a Team Charter or Goals for all team members to follow. They are listed as follows:

Goals:

- ¥ Clear communications by all partners
- ¥ Direct media questions to John Dourgarian, NJDOT Press Office (609-530-2124)
- ¥ Enhancing bay front entrance to Somers Point and 9th street gateway area of Ocean City
- ¥ Maintain Visitors Services in Ocean City
- ¥ Minimize Disruption to Businesses
- ¥ Preserve and Enhance Historic Features of both communities
- ¥ Enhance access to communities & businesses
- ¥ Safe access for all (pedestrian/bike/vehicle)
- ¥ Minimize tourism impacts
- ¥ Compatible aesthetic design consistent with community
- ¥ Enhance public waterfront access

Team Charter:

- ¥ People friendly causeway
- ¥ Complete on timely basis
- ¥ Minimize traffic disruption
- ¥ Maintain fishing access
- ¥ Causeway replacement is an enhancement to both communities
- ¥ Maintain quality of life for residents
- ¥ Maintain business access and circulation
- ¥ Follow environmental process and provide mitigation

Project Status and Schedule:

Mike Sidani, Project Manager from Michael Baker, Jr. then presented the project information starting by briefly discussing the environmental process that was followed which culminated in the approved Final Environmental Impact Statement (FETS) and the issuance of Record of Decision (ROD) by FNWA.

Mike then continued with a discussion on the causeway bridge elements to be replaced, the construction staging anticipated, and the project schedule. Construction of the first phase is estimated for 2005 and will continue in two other phases through 2008. (see slides 8 thru 23 of the attached presentation). Mike then introduced Marshall Robert of Baker to present the environmental process.

Proposed Improvements/Environmental Process:

Marshall explained that the environmental process is a continuation of the EIS mitigation from the earlier phase of this project. A question was raised regarding impact to the visitor center during construction. Marshall responded that the existing visitor will be impacted during the second phase of construction, and that the visitor center may have to be temporarily relocated into Ocean City until the new visitor center has been constructed.

There will be a website for the project to maintain communication with the public. This community partnering team will assist in developing the context sensitive design features. Community

Outreach and environmental mitigation master plan will be implemented. There is also a right-of-way process for property acquisition that will be on-going and the Coast Guard has its own process for approving the 55 foot vertical clearance of the two bridge structures. (see slides 24 thru 35 of the attached presentation)

Causeway Aesthetics:

Mike Sidani introduced Fred Gottemoller to present information on the project design aesthetics. Fred explained that the project aesthetics is "what you see". The causeway replacement project is a visual asset to Ocean City, Somers Point, and the Great Egg Harbor. The proposed bridge will be more transparent than the existing structures with fewer piers. The driver's visibility will be enhanced being at twice the height, one can see the ocean.

Fred presented a sample bridge image in Clearwater Florida and then displayed a number of image(s) from Ocean City and Somers Point. The causeway aesthetics will provide a gateway to both communities.

Fred also discussed the aesthetic considerations where input will be solicited, such as Lighting, Color and Texture, Gateways and Landscaping. (see slides 36 thru 46 of the attached presentation)

Meeting Schedule:

Regarding the meeting schedule, Mike Sidani noted the need to work very actively over the next few months to resolve design issues. The final design will be presented to the public for comment in the spring at a Public Information Center meeting. There will be an additional meeting of the CPT to review the progress of each task force and to review the information to be presented at the Public Information Center. A project schedule will be provided for the CPT handbook. (see slides 47 thru 48 of the attached presentation)

Community Issues and Group Discussions:

Regarding community issues, Martine then asked members to provide issues, interests or concerns, which the team should take into consideration for the bridge replacement. The issues are listed on Attachment No. 1 of this report.

Martine then presented a number of topics for group discussion over lunch indicating that these groups may become task forces. The task forces will meet over the next few months to prioritize the issues and make recommendations to the Steering Committee for resolution and implementation. The CPT members were asked to break into seven discussion groups during lunch. The topics were: (1) Bicycle Pedestrian and Fishing Mobility, (2) Public Information/Awareness, (3) Traffic Management (4) Environmental Process and (5) Business Circulation and Access and (6) Causeway Aesthetics and the Ocean City Visitor's Center (combined due to number of people in group). Each group was asked to discuss the issues associated with the proposed replacement design and construction regarding their topic. After lunch, each group selected a presenter to share the results of their discussions, which are listed on Attachment No. 2.

To close, Martine asked members for any additional comments regarding the project, action items or feedback on today's meeting. The following feedback and closing comments were made:

FEEDBACK

- ¥ good
- ¥ went very well
- ¥ feel better about the project with shared information
- ¥ good process
- ¥ informative
- ¥ fine
- ¥ good to have both communities working together
- ¥ no problems to add
- ¥ missing players: Steve Hardegen, SPHO and Charlie Welch, DEP Land Use
- ¥ two thumbs up
- ¥ good information and dissemination
- ¥ good start
- ¥ pleased, happy to see everyone in agreement with importance of pedestrian movement
- ¥ very good
- ¥ very productive
- ¥ well run presentation
- ¥ looking forward to seeing the end result
- ¥ great response
- ¥ 1996 was the first discussion in Princeton and now it is real
- ¥ good large group to exchange issues, share info

ACTION ITEMS

1. Power Point handout
2. Project schedule milestones handout
3. Flow chart handout
4. Review stakeholders/members - contact info
5. Mtg. report and revised materials
6. Set dates for task forces - 3rd week in Jan.
7. Steering Committee meeting
8. Review handbooks and stakeholders

Dave Lambert thanked CPT members for their participation and continued support for the project. A meeting report will be distributed via mail and a memo will be issued to inform CPT members of the scheduling of task force meetings. Team members will also be notified of the next CPT meeting. The meeting was adjourned at 3:15 p.m.

3. ACTION ITEMS

- ¥ CPT Members review CPT Handbook materials with their constituents and contact Dave Lambert with any project questions or Martine Culbertson with CPT comments or needs.
- ¥ Project Study Team will review issues and comments from the meeting at next Steering Committee meeting.
- ¥ Martine Culbertson and Carol Beske will provide CPT meeting report, assist with CPT materials for the review and notify members of the next CPT meeting date.

4. NEXT MEETING

Date: Task Force Meetings to be scheduled in third week of January 2003

Time: to be determined

Location: to be determined - Ocean City / Somers Point

5. LIST OF ATTENDEES

Name:	Representing:	Phone No.:
CPT MEMBERS AND INVITED GUESTS		
Chief Robert Blevin	Ocean City, Police Department	609-525-9100
Mark Benevento	Somers Point, Planning Board	609-601-8500
Michelle Berenato	Ocean City, Community Services	609-525-9297
Chris Betterelli	Leg.Aide, Asm. Nick Asselta	609-844-7377
Jim Boyer	Army Corp of Engineers	215-656-5826
Gus Bruno	Ocean City, Business Rep.	609-399-7968
Dan Campbell	Somers Mansion Historic Site	609-927-2212
Tim Chelius	SJTPO	856-794-1941
Joseph D'Abundo	Atlantic County Engineering	609-645-5898
Michael Datillo	Ocean City, Community Services	609-525-9297
Matthew Davidson	Ocean City, Mayor's Advisory Com.	609-814-1500
J. Ronald Deeney	Ocean City, Rep. for Richard Deaney	609-525-9324
Joann DelVescio	Ocean City, Chamber of Commerce	609-398-1412
Andrew Didun	Division of Fish & Wildlife	609-984-2413
Hon. John DiMaria	Somers Point, Mayor	609-927-9088x121
Mark Dransfield	Ocean City, Mayor's Advisory Com.	609-391-7992
Art Ford	Somers Point, Economic Dev. Commission	609-398-8166
Dale Foster	Cape May County Engineering	609-465-1035
Jay Gillian	Ocean City, Tourism	609-399-7082
Ron Grunstra	Ocean City, Mayor's Advisory Com.	609-398-5433
Robert Himmelstein	Somers Point, Business Rep.	609-927-4000
Andy Jernee	Ocean City, Planning Board	609-395-8521
Michele Jones	Ocean City, Public Information	609-525-9300
Mary Lou McDowell	Ocean City, Historic Rep.	609-399-3164
Dave Parker	City of Somers Point	609-927-6129
John Peterson	Atlantic County Planning	609-645-5898
Carlo Poppolezio	U.S. Dept, of Interior, Fish and Wildlife	609-646-9310
Dan Reilly	Somers Point, Councilperson	609-927-0224
John Reinoehl	Somers Point, Emregency Mgmt. Office	609-927-6814
Chuck Riebel, Jr.	Somers Point Business Association	609-601-8060
Roger Rinck	Ocean City, Public Works Engineering	609-525-9400
Dave Smith	NJDEP, Green Acres	609-984-0534
James Smith	Cape May County Planning	609-465-1085
David Swift	Ocean City, Councilperson	609-391-0190
Wes Swain	Somers Point, Administrator	609-927-9088x128

Greg Sykora	Somers Point, Planning Board	609-653-9968
John R. Walker	Somers Point & Ocean City Engineer	609-390-1927
Sgt. Richard Washart	Ocean City Police Department	609-525-9137

CPT MEMBERS-STEERING COMMITTEE AND PROJECT SUPPORT

Lourdes Castaneda	FHWA	609-637-4237
Dave Lambert	NJDOT, Div. of Project Mgmt.	609-530-4235
Nick Caiazza	NJDOT, Environmental Services	609-530-2991
Tony Marsella	NJDOT, Community Relations	609-530-6116
Mike Sidani	Michael Baker Jr., Inc.	609-734-7964
Marshall Robert	Michael Baker Jr., Inc.	609-734-7946
Timothy Lidiak	Michael Baker Jr., Inc.	215-568-0539
Sylvester Fryc	Michael Baker Jr., Inc.	609-734-7971
Fred Gottemoeller	Rosales Gottemoeller & Associates	301-490-6088
Carol Beske	ACT Engineers, Inc.	609-918-0200
Martine Culbertson	M. A. Culbertson, LLC	856-795-8485
Phyllis St. Onge	M. A. Culbertson, LLC	856-795-8485
Don Allen	NJDOT, ROW South	856-486-6748
Elise Bremer-Nei	NJDOT, Bike & Pedestrian Programs	609-530-2765
Phil Cyr	NJDOT, Landscape & Urban Design	609-530-5547
Scott Deeck	NJDOT, Scope Development	609-530-4579
David Earl	NJDOT, Landscape & Urban Design	609-530-5547
Doug Fadool	NJDOT, Value Engineering	609-530-8295
Ahmad Qureshi	NJDOT, E-Team	609-530-3716
Walter Sharpe	NJDOT, ROW South	856-486-6622

**CPT MEETING NO. 1
REPORT ATTACHMENT NO. 1
COMMUNITY ISSUES**

- ☒ Contingency plans during construction
- ☒ Visitor center access — continual
- ☒ Reach consensus of both communities
- ☒ Info Center
- ☒ Scenic overlook
- ☒ Bike and walkover bridge
- ☒ Permitting required for fishing areas
- ☒ 14 items in Somers Point previously submitted
- ☒ Boat ramp
- ☒ Rest areas at bridge, bike/pedestrian amenities
- ☒ Left turns — businesses and Kennedy Park
- ☒ Parking issues in circle area
- ☒ Realign Braddock with MacArthur
- ☒ Shore road refinements
- ☒ Impact of flooding during construction
- ☒ Touch down points Impacts
- ☒ 9th St. corridor impacts (street elevation)
- ☒ Security — in fishing areas, walkways, visitor centers
- ☒ Traffic advisory — (VMS)
- ☒ Information to the public is consistent and timely
- ☒ Pedestrian safety
- ☒ Minimize dividing community in Somers Pt.
- ☒ Continuous bike/pedestrian paths through town/walking district
- ☒ Underground utilities on Rt. 52
- ☒ Aesthetic design should blend with historical elements
- ☒ Signage - directional point of interest
- ☒ Increase capacity at pkwy. Entrance
- ☒ Green acres and acquisition issues
- ☒ Multi-path use paths - how people make connections
- ☒ Functionality of info center
- ☒ Coordination with SID district on aesthetic
- ☒ Touch down area in Ocean City
- ☒ Outstanding process: people sensitivity, communication/feedback, and street impacts
- ☒ Traffic maintenance and management
- ☒ Maximum benefits of enhancements per money spent
- ☒ Evacuation during construction - emergency mgmt. plan
- ☒ Speeds of vehicles with wider lanes and visibility
- ☒ Pedestrian crossings - reconfiguration and traffic calming

- ¥ Pre and post construction impact residents
- ¥ Bridge railing design (visual impact/safety)
- ¥ Dredge spoils - re location
- ¥ Security on islands
- ¥ Sat/Sun a.m./p.m. construction traffic patterns
- ¥ Traffic movement at circle
- ¥ More facilities at visitor center
- ¥ Impacts on 34th St for additional traffic and Longport during construction
- ¥ Dissemination of information, public and private entities
- ¥ Construction impacts to foundations esp. historic structures
- ¥ Enhancement of site appearance
- ¥ Signage - directional and educational
- ¥ Lighting - aesthetics and function
- ¥ Environmental permitting process impact on schedule - seasonal limits
- ¥ 9th St. - major vision, traffic calming - concern for decreased curb
- ¥ Maximize facilities/services at Visitors Center
- ¥ Multiple use recreational access to fishing location
- ¥ Access/right of way adjustment to property north side Atlantic St.
- ¥ Enhance accessibility of historic site and historic society - Shore Rd. tie to historic bay district
- ¥ Ocean City gateway, 9th St., downtown coordination, lighting and pavement and streetscapes

**CPT MEETING NO. 1
REPORT ATTACHMENT NO. 2
GROUP DISCUSSIONS**

#1 Bike/Pedestrian Mobility Connections

- links
- safety issues
- to and from causeway
- to and from historic districts
- to and from 9th St. to other O.C. sites
- Visitor Center - parking/safety/bike/pedestrian/ fishing access

#2 Traffic Management

- staging, main protection plans
- tasks - alt. routes, emergency evacuation, speeds - limit ctl signs
- traffic calming, signage
- traffic advisory system - webcam, messages, website, em. towing
- coordination - maintenance plans - local and regional
- coordinate construction projects
- traffic signal and coordination
- bike traffic on O.C. 9th street

#3 Public Information/Awareness

- email list/use city --- channels
- update officials
- safety/lane closure/permits, environ. concerns
- newsletter to both communities
- PIC in both towns
- clear, consistent info to both communities
- constant communication even in quiet times
- website - resident user friendly

#4 Ocean City Visitor Center

- access to site
- bike/pedestrian in Ocean City eastbound side movement
- parking sites
- access by boat
- access during construction, when active
- services and functionality - info, restrooms, kiosks, recreational, facility limited, aesthetics
- tie into other task forces
- signage - pkwy - center - directional and services
- security
- permitting and approvals - sewer, flooding, location
- current visitor center closed, how to handle services

#5 Causeway Aesthetics

- how it will work
- views from car and bridge
- impact commercial & residential
- integrate lighting - bridge, roadway, recreational
- architecture of visitor center
- quality of life issue - community tie in

#6 Circulation and Access

- Pedestrian friendly
- Proper signage
- slow speeds
- circulation routes to get to sites
- pedestrian safety, access to bay historic area
- gateway: Bay Avenue access - better pedestrian and circulation
- left turn access to business and left turn Rt. 9
- access convenient during after construction
- reconfigure Braddock Ave.
- parking area expansion
- circulation to and from G.S.P. - routine - evacuation

#7 Environmental Process

- follow the rules, know the rules
- know agency and rules
- maintain waterfront access
- impacts during construction
- dredging and dredge disposal
- focus on alt. analysis - audio, min., mitigate
- confirm fixed bridge — Army Corps (dredge), Coast Guard (navigation)
- maintain historic preservation

**CPT MEETING NO. 1
REPORT ATTACHMENT NO. 3
CPT TASK FORCES - LIST OF POTENTIAL MEMBERS**

Environmental Process Task Force

<u>Name:</u>	<u>Representing:</u>	<u>Phone:</u>
Linda Bonenberger	U.S, Coast Guard	757-398-6227
Dr. James Boyer	Army Corp of Engineers, Dept. of Army	215-656-5826
Dan Campbell	Somers Mansion Historic Site	609-927-2212
Andrew Didun	Division of Fish & Wildlife	609-984-2413
Michael Datillo	City of Ocean City, Community Services	609-525-9297
Steve Hardegen	NJ DEP, State Historic Preservation Off.	609-984-0141
Dale Foster	Cape May County Engineering	609-465-1035
Don Kirchhoffer	NJ Conservation Foundation	609-268-2226
Ken Koschek	NJ DEP, Office of Program Coordination	609-292-2662
Mary Lou McDowell	Mayor's Advisory Committee, Hist. Rep.	609-399-3164
Anita Riportella	National Marine Fisheries Service	732-872-3116
Eric Schradling (Carlo Poppolezio)	US Dept. of Interior, Fish & Wildlife	609-646-9310
Dave Smith	NJ DEP, Green Acres Program	609-984-0534
Charlie Welch	NJDEP, Land Use	609-292-8262
Kit Wright	Mayor's Advisory Committee, Env. Rep.	609-252-9444
Nick Caiazza	NJDOT, Div. of Project Mgmt.	609-530-2991
Ahmad Qureshi	NJDOT, E-Team	609-530-3716
Marshall Robert (Chairperson)	Michael Baker Jr., Inc.	609-734-7946
Mike Conaboy	Michael Baker Jr., Inc.	609-734-7922
Anne Magliaro	Amy Greene Environmental Firm	908-788-9676
Carol Beske (Facilitator)	ACT Engineers, Inc.	609-918-0200

Public Information/Awareness Task Force

<u>Name:</u>	<u>Representing:</u>	<u>Phone:</u>
Michele Berenato	Ocean City, Public Relations	609-525-9297
Jay Gillian	Ocean City Tourism	609-399-7082
Michele Jones	Ocean City, Public Information	609-525-9300
Joann DelVescio	Ocean City Chamber of Commerce	609-399-1412
Mark Dransfield	Mayor's Advisory Committee on Rt. 52	610-667-2866
Toni Morris-Klein	Atlantic County Chbr. of Commerce	609-646-2214
Robert Patterson	Cape May County Chbr. of Commerce	609-465-7181
Wes Swain	Somers Point Administrator	609-927-9088
Charles Riebel, Jr.	Somers Point Chamber of Commerce	609-601-8060
Robert Himmelstein	Surfside Casual Furniture	609-927-4000
Tony Marsella	NJDOT, Community Relations	609-530-6116
Bill Felix (Chairperson)	Michael Baker Jr., Inc.	609-734-7903
Carol Beske (Facilitator)	ACT Engineers, Inc.	609-918-0200

Causeway Aesthetics / Visitor Center Task Force

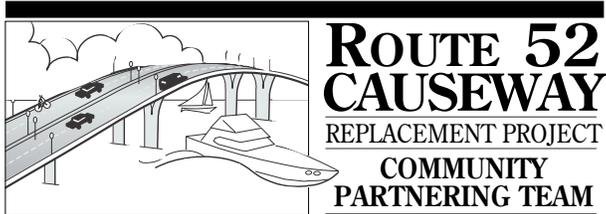

<u>Name:</u>	<u>Representing:</u>	<u>Phone:</u>
