You're invited to a pre-bid meeting!

Hosted by NJDOT, with Michael Baker International - design engineer for the Route 4 Hackensack River Bridge Replacement Project. The event will be on Sept 10 at NJDOT Headquarters. This meeting will provide a detailed overview of the bridge replacement design and schedule, project objectives, and opportunities to participate in the procurement process. Michael Baker International will introduce the project team, review key elements of the final design, and walk through the planned construction staging to maintain traffic throughout the project.

The meeting will also cover Disadvantaged Business Enterprise (DBE) program participation. NJDOT, r6catalyst, and MBI will present the DBE goal for the contract, outline the registration process and required qualification documentation, and describe potential opportunities for DBE involvement.

Attendees will be able to ask questions during a Q&A session.

Wednesday, September 10
1:30 pm - 3:30 pm

NJDOT Headquarters
