

R. JEFFREY LANIGAN CPM PMP

PROJECT MANAGER/DIRECTOR OF PROJECT CONTROL
AND COMMUNITY OUTREACH TEAM LEADER

Summary Biography

Jeff is a Certified Project Manager (PMP) specializing in regulatory and transportation matters. He provides expert counsel to clients in such areas as: community outreach, highway access management, capital project permitting, context sensitive design, wireless communications, economic development and public involvement. Jeff’s prior career with the NJDOT affords him the ability to ensure that all NJDOT project work is done in accordance with the NJDOT Procedures Manual and the NJDOT Bridges and Structures Design Manual, with Complete Streets/ADA Compliance and the principals of a Context Sensitive Design (CSD).

Jeff presently serves as our Team Leader on a number of community outreach, public involvement projects for contractors performing NJDOT construction as well as NJDOT design consultants working through the NJDOT pipeline in both design and construction services.

Prior to joining the GluckShaw Group in 2000, Jeff retired from a distinguished 32 year career at the NJDOT where he held a number of increasingly responsible positions including senior management titles in specifications, design, permitting and public involvement.

Project Experience

ROUTE 495 REHABILITATION PROJECT | NORTH BERGEN, HUDSON COUNTY

NJ DEPARTMENT OF TRANSPORTATION **10/2016 - PRESENT**

Function as the Community Outreach Team Leader during Final Design and Construction phases for the NJDOT. This project is of a complex nature and involves multiple stakeholders from the public and private sectors, including the PANY&NJ, NJ Turnpike, NJ Transit and communities on both sides of the Hudson River and includes all modes of transportation disciplines. Critical to the project is maintaining and coordinating work activities to maintain the Exclusive Bus Lane into the mid-town bus terminal. Some of the communication methods used by our team to publicize the project in advance of construction include, but not limited to, outdoor advertising/billboards, toll booth placards, social media, public information centers, direct mailers, paid advertisements and

**PULASKI SKYWAY CONTRACT #2/ROUTE 139 | JERSEY CITY, HUDSON COUNTY
NJ DEPARTMENT OF TRANSPORTATION**

07/2012 – 05/2019

Functioned as the Community Outreach Team Leader during the final design phase and through construction managing on-site community outreach and responsible for the project hotline made available for constituents to report complaints and make inquiries. This project was of a complex nature (\$75M+) and involved multiple stakeholders from the public and private sectors including the PANY&NJ, NJ Turnpike and communities on both sides of the Hudson River and impacted all modes of transportation disciplines. This project rehabilitated the upper and lower roadways of Route 139 accessing downtown Jersey City and the Holland Tunnel. It stretches east to west along residential and commercial properties and was constructed around the clock therefore our team's efforts working with Ward residents, local officials and legislators have been critical to the success of this project.

**ROUTE 1&9T (25) ST. PAUL'S AVE VIADUCT REPLACEMENT | JERSEY CITY, HUDSON COUNTY
NJ DEPARTMENT OF TRANSPORTATION**

09/2006 – 12/2013

Functioned as the Community Outreach Team Leader providing Community Outreach for the NJDOT. The project replaced the Routes 1&9 Viaduct over St. Paul's Avenue with a new structure on a new alignment and built new approach roads to safely connect to Route 1&9T, Route 7, Pulaski Skyway, Route 139 and local streets in Jersey City. This project was of a complex nature (\$225M+) involving multiple stakeholders from the public and private sectors including the PANY&NJ, NJ Turnpike and bilingual communities on both sides of the Hudson River and including all modes of transportation disciplines (car, bus, rail, pedestrian). A particularly heavy concentration on community involvement and input was key to the success of this project. (**Reference:** *Steven Hochman, NJDOT Project Manager (retired)*)

**ROUTE 139 CONTRACTS NO. 1 & 2 | JERSEY CITY, HUDSON COUNTY
NJ DEPARTMENT OF TRANSPORTATION**

05/2005 – 07/2009

Functioned as the Community Outreach Team Leader overseeing a 3 person bilingual team providing Community Outreach for the NJDOT. This project was of a complex nature (\$75M+) rehabilitating the 12th and 14th Street Viaducts and involved multiple stakeholders from the public and private sectors including the PANY&NJ, NJ Turnpike and communities on both sides of the Hudson River including all modes of transportation disciplines. Outreach meetings were held with various Jersey City neighborhood associations, Lower Manhattan Construction Command Center, City of New York Department of Transportation and Lower Manhattan Community Boards.
