Baseline Document Change Announcement

ANNOUNCEMENT: BDC20D-02

DATE: October 2, 2020

SUBJECT: Removal of Rumble Strips
- **Addition of CD-610-5.2 to the 2016 Standard Construction Details, Roadway.**

REFERENCE: Removal of Rumble Strips
- **Revision to the 2019 Standard Specifications for Road and Bridge Construction, Subsection 610.04, and addition of new Subpart 610.03.09.**

BDC20S-11 dated October 2, 2020

Removal of Rumble Strips
- **Revision to Subsection 14.16 Quality Control Checklist of the 2015 Roadway Design Manual.**

BDC20MR-02 dated October 2, 2020

Construction detail CD-610-5.2 has been added to the 2016 Standard Construction Details, Roadway to create new stipulations for the removal of rumble strips during construction staging. The purpose is to create a smooth riding surface during lane shifts and temporary travel lanes. Consequently, Index Sheet No. 3 has been revised.

This revision must be read in conjunction with the referenced BDC Announcement.

Implementation Code R (ROUTINE)

Changes must be implemented in all applicable Department projects scheduled for Final Design Submission at least one month after the date of the BDC announcement. This will allow designers to make necessary plan, specifications, and estimate/proposal changes without requiring the need for addenda or postponement of advertisement or receipt of bids.
