## **Tomlin Station Road/CR 607 Bridge over I-295 to re-open tomorrow as bridge deck replacement project is complete**

**(Trenton)** – New Jersey Department of Transportation (NJDOT) officials today announced the completion and re-opening of the Tomlin Station Road/CR 607 Bridge over I-295 in Greenwich, Gloucester County.

The bridge, which has been closed and detoured since late February, will reopen by the end of the day tomorrow, Tuesday, August 4. The \$3 million federally-funded Tomlin Station Road/CR 607 Bridge over I-295 project completely replaced the bridge deck, which was in poor condition.

In addition to replacing the deck, the project also included curb work, new parapets and sidewalks, and guardrail improvements. This will provide a safer ride for motorists and reduces the need for future maintenance.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website [www.511nj.org](http://www.511nj.org) for real-time travel information and for NJDOT news follow us on Twitter [@NJDOT\\_info](https://twitter.com/NJDOT_info) or on the [NJDOT Facebook page](#).
